# INTERIOR LIGHTING

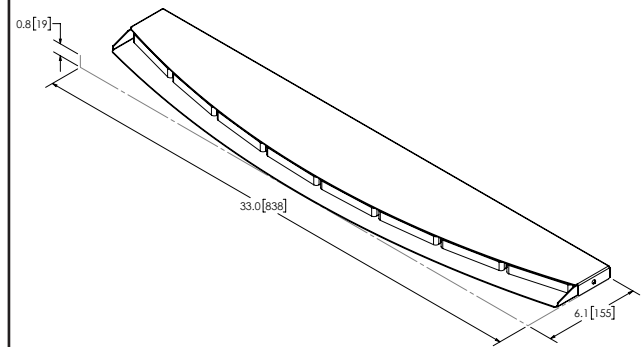

## THIN WINGMAN™ - MATRIX® ENABLED

### Rear Window Mounted Interior Light

The Thin WingMan™ Series is powered by Torus™ LED technology and features a simple universal curve design allowing it to fit on most rear decks. When inactive, it is virtually undetectable from the outside of the vehicle. When active, its gaskets eliminate distracting flash back. Choose between three different lengths. Each unit comes with universal L brackets, a central controller and a five-year warranty.

|                |  |
|----------------|--|
| VOLTS   AMPS   | 12-24V   6.8A  |
| DIMS           | 0.9" H x 33.0" W x 6.2" D   20mm H x 447mm W x 122mm D   |
