

Accessing Regulatory Documents via the Website

Please note: The [Products](#) section of the main Entec website contains regulatory documents for the full portfolio of products, while the customer portal contains regulatory documents for your purchased products only (My Products). The instructions below are for accessing documents for all products on the main Entec website.

Accessing Regulatory Documents for a Specific Product

Use the **search bar** and/or **filters** to find the product, then click the **product name**.

The screenshot shows a search results page with a search bar at the top containing the text "Search for producers, brands, polymer types". Below the search bar are navigation links for "Products (2105)", "Brands (149)", and "Case studies (25)". A "Filters" sidebar on the left lists categories like Polymer Group, Polymer Type, Filler, Feature, Quality, Brand, Producer, Technology, Market, and Country. The main content area displays a grid of product cards. One card for "Fortron ICE 504L Celanese" is highlighted with a red box. Red arrows point to the search bar, the product name, and the filters sidebar.

Scroll down on the product detail page to the **Related Documents** section. Use the **search bar** and **filters** or the **Document Type drop-downs** to find available documents.

The screenshot shows the "Related Documents" section. At the top right is a "Request missing documents" button. Below it is a search bar with the text "Search by description or sub category" and a "Hide filters 1" button. There are also "Categories" and "Language" dropdown menus. A "Datashets" document type dropdown menu is expanded. Below this, a table titled "Approvals & regulatory" lists documents. Red arrows point to the search bar and filters, the document type dropdown menu, and the table of available documents.

Document Title	Sub Category	Issue Date	Language
Enflex & Ezprene TSCA PBTs Statement	Absence	Jul 31, 2021	en
Enflex V Series nonFR-- PFAS (Iss. 02.17.2025)	Absence	Feb 16, 2025	en

Downloading and Sharing Regulatory Documents

Follow the Accessing Regulatory Documents instructions above to find the document you want. To download a document, click the **Document Name link** or the **Download icon**. To copy a link to the document for sharing, click the **Share icon**. You may be prompted to log in for the icons to appear.

Data sheets

TDS	Sub Category: TDS	Technical Data Sheet	English	Unit for Measure: Imperial	
Crystaladd SDS	Sub Category: MSDS	Issue Date: Jan 02, 2019	Language: en	Login to download	

Approvals & regulatory

Crystaladd HM-237E Natural-- TCSA, REACH SVHC, ASBESTOS (Iss. 07.23.2025)	Sub Category: Absence	Issue Date: Jul 22, 2025	Language: en	Login to download	
EU POP-RMA GRADES (Iss. 2/11/2026)	Sub Category: Absence	Issue Date: Feb 10, 2026	Language: en	Login to download	

Please note:

- **Downloading:** Only Technical Data Sheets (TDS) can be downloaded without logging in.
- **Sharing:** You must be logged in to share links to documents. The recipient must be a registered portal user to view/download the shared documents, with the exception of Technical Data Sheets (TDS).

Shared document links will open the Product Details page.

- The recipient of the link will need to scroll down to the **Related Documents** section for a list of **Shared with you** documents.
- If they are not logged in, they need to click the **Login to Download button** and sign in. When logged in, a download icon will appear. No login is required for Technical Data Sheets (TDS).

Request Missing Documents

If the document you are looking for is not available, click the **Request Missing Documents** button and submit the request form. **Note:** You must be logged into the customer portal to request missing documents. Click the Login button in the top right corner of the page to sign in.

Entec’s Regulatory team will email you when the requested document is ready. The process can typically take between 10-14 days because the supplier often needs to create the document before it can be shared with us.
