Welcome to HealthEquity.

HealthEquity

This way to remarkable

We're excited to show how we can help you plan for a healthy future.

Hello Client,

It's time to transition your HSA to our HealthEquity portal.

As a result of the acquisition of Further by HealthEquity, your Health Savings Account (HSA) will be transitioned to the HealthEquity portal on [Transition Date].

No action is required on your part for the transition to take effect.

For a complete breakdown of your transition, visit your [member transition website](#).

As your new benefits partner, we're here to help you plan for a healthy future by building your physical and financial wellness.

We're confident that HealthEquity will accomplish this transition successfully because of:

- **Our track record:** We've accomplished similar updates before among the 14 million+ members we serve.
- **Our unwavering commitment:** We're dedicated to the health and financial security of members like you.
- **Our service:** We strive to deliver you an experience that's remarkable in every way, every day.

After the transition to the HealthEquity HSA portal:

- Your monthly administration fee will remain the same.
- You will receive a HealthEquity Visa® Card¹ and your Further card will be suspended.
- If you have an investment account, your funds will transfer in kind.
- Access to historical records on the Further member portal will continue until September 2026.

Blackout Period

To facilitate the transition of your HSA, there will be a "blackout period" during which you will not be able to access your HSA cash funds, use your Further debit card, or make any changes to your investments.

This period will begin on [Member Blackout Period Start Date], and continue until [Transition Date].

If you have investments held in your HSA during the blackout period, you will be unable to direct or diversify those investments on the Further portal.

If you have a Schwab Health Savings Brokerage Account², access to your Schwab brokerage account will be uninterrupted during the blackout period. Following the blackout, integrated access to your brokerage account will become available directly from the HealthEquity member portal. Your Schwab brokerage account will now be restricted from new investments in limited partnerships, foreign stocks, debt securities, options, and select mutual funds. If you are currently invested in a restricted offering, you may continue to hold these assets. However, you will not be able to make additional buys after the transition to the HealthEquity program.

Important Dates You Need to Know

Whether or not you are planning to use your HSA balance soon, we encourage you to carefully consider how this blackout period may affect your financial plan. To make investment changes before the blackout period starts, log on to the Further portal, select your account and then click "Visit Investment Site" to access your investment account.

Impact on Your HSA Investment Funds

If you have an investment account, your HSA assets that are invested in funds on the Further portal will be transferred to the HealthEquity portal.³

[Please click here for a complete listing of Continuing Funds, Freeing Funds, and Closed to New Investment Funds.](#)

Due to the transition, if you do not currently have an investment account on Further, you will be unable to open an investment account in the Further portal. Once the transition is completed, and you have reached your minimum investment threshold on the HealthEquity, you will be eligible to open an investment account.

Investment Fees

[Click here for a complete breakdown of investment fees and notices.](#)

What if I do not want my HSA to transition to the HealthEquity HSA portal?

If you do not want your HSA to transition from the Further portal to the HealthEquity portal, you must liquidate your HSA or we must receive a transfer request form for your HSA at least 15 calendar days before your transition date using either of the following options:

1. To close your account, call Further customer support at 800.859.2144 OR
2. Provide us with a written transfer request from a new custodian or trustee to transfer your HSA.

The request must be submitted on the new custodian's HSA transfer form. Please send the transfer request to:

HealthEquity HSA Investment Notice

We have some important information about your HealthEquity HSA.

Dear LISA,

We are following up with the investment terms applicable to your Health Savings Account (HSA), which is scheduled to transfer from the Further HSA portal to the HealthEquity HSA portal on Transition Date.

In addition, 60 days after your transition, the Schwab Government Money Investor Shares (SNXX) fund will no longer be available on the HealthEquity HSA portal, and any remaining SNXX shares in your investment account at that time will be liquidated, with the resulting proceeds placed into your default HSA cash option.

For a complete breakdown of what this means for your account, [please click here](#).

Blackout Period

To facilitate the transition of your HSA, there will be a "blackout period" during which you will not be able to access your HSA cash funds, use your Further debit card, or make any changes to your investments.

This period will begin on 9 calendar days before transition date and will continue until Transition Date.

If you are holding investments in your HSA during the blackout period, you will be unable to direct or diversify those investments on the Further portal.

Whether or not you are planning to use your HSA balance soon, we encourage you to carefully consider how this blackout period may affect your financial plan. To make investment changes before the blackout period starts, log on to the Further portal, select your account and click "Visit Investment Site" to access your investment account.

If you have a Schwab Health Savings Brokerage Account¹, access to your Schwab brokerage account will be uninterrupted during the blackout period. Following the blackout, integrated access to your brokerage account will become available directly from the HealthEquity member portal.

Impact on Your HSA Investment Funds

If you have an investment account, your HSA assets that are invested in funds on the Further portal will be transferred to the HealthEquity portal.

For a complete listing of the impact on Continuing Funds, Freezing Funds, and Legacy Funds, [please click here](#).

Investment Fees

Investments on the HealthEquity portal will be subject to investment fees (expense ratios) charged by the mutual funds, plus a monthly investment administration fee equal to 0.03% of your average daily investment balance (capped at \$10.00 per month). In addition, if you subscribe to use Advisor, a web-based robo-advisory service powered by HealthEquity Advisors, LLC, you will be charged a separate monthly fee equal to 0.05% of your average daily advised balance (capped at \$15.00 per month).³ If you were previously billed in advance for certain investment fees, following the transition to the HealthEquity HSA portal, your HealthEquity HSA default cash option will be credited with the pro rata portion of any excess fees previously billed.

NOTICE: Important information about your Further HSA Plan Change program

HealthEquity

We have some good news

Here's some important information regarding your Further Plan Change program.

Dear Elise,

We are following up with the investment terms applicable to your Health Savings Account (HSA), which is scheduled to be transferred from the Further HSA portal to the HealthEquity HSA portal on Transition Date.

You have been identified as a participant in Further's Plan Change program, which allowed you to move to the HSA plan type of your choice (with corresponding interest rates and administrative fees). Upon your transition, you will be automatically moved back to your employer's default interest option.

While HealthEquity does not offer a Buy Up Program, we do provide a similar offering known as Enhanced Rates.¹

Once transferred, your HSA will be automatically entered in the Enhanced Rate offering which most closely matches your previous interest rate offering from Further with the nearest Enhanced Rate interest tier available from HealthEquity.

No action is required by you at this time.

While HealthEquity does not offer a Plan Change program, HealthEquity does offer two cash placement options to further optimize your HSA cash balances, Basic or Enhanced.^{1,2}

Our Enhanced Rates option offers potentially higher interest rates compared to our Basic Rates option.³ For a complete breakdown of potential interest rate schedule for the Enhanced Rate option, please refer to your member transition website.

Once transferred to the HealthEquity member portal, you can select your cash option preferences with either our Enhanced Rate or Basic Rate offerings as soon as you have your portal credentials.

Keep an eye on your mailbox for a new HealthEquity Visa[®] Card and Card Package, which will grant you access to the HealthEquity member portal.⁴

After you log in, go to "Interest Rates" on the right side of the page. From the "Interest Rates" page, you will be able to select your preferred rate option. You may change your preferred rate option at any time and at no cost.

As soon as your account has completed the transition to HealthEquity, you can visit your member portal to view or change your new HSA interest rate.

Thank you for your patience as we continue to make your transition to HealthEquity a pleasant one. If you have any questions, do not hesitate to reach out.

Sincerely,
The HealthEquity Member Services team

Blackout Period

To facilitate the transition of your HSA, there will be a "blackout period" during which you will not be able to access your HSA cash funds, use your Further debit card, or make any changes to your investments.

This period will begin on [HSA Blackout Period Start Date] and will continue until [Transition Due Date].

If you have investments held in your HSA during the blackout period, you will be unable to direct or diversify those investments on the Further portal.

- [HSA Blackout Period Start Date]:** Start of the blackout period. Any investments remaining in your Further HSA will be subject to market conditions.
- [Balance Transfer Date]:** Account balances and investment holdings are transferred to HealthEquity.
- [Transition Due Date]:** Blackout period ends. All HSA funds and investments will be available through the HealthEquity portal.

Whether or not you are planning to use your HSA balance soon, we encourage you to carefully consider how this blackout period may affect your financial plan. To make investment changes before the blackout period starts, log on to the Further portal, select your account and click 'Visit Investment Site' to access your investment account.

Thank you in advance for your help in making this transition to HealthEquity a smooth one.

Hello Member,

We are following up regarding the recent communication you received about the transition of your Health Savings Accounts (HSAs) from the Further HSA portal to the HealthEquity HSA portal.

You have been identified as having an existing HSA on the HealthEquity HSA portal.

As part of the transition to the HealthEquity HSA portal, your accounts will be consolidated into your existing HSA at HealthEquity, and we will use the most current information we have for your HSA.

In addition, the transition to the HealthEquity HSA portal requires that you update your beneficiary designation. When you log in to the HealthEquity portal for the first time after the transition of your HSA is complete on [Transition Date], we encourage you to review your HealthEquity account to ensure the information is accurate and to update the beneficiary designation for your HSA.

Will I receive a new HealthEquity Visa® Health Account Card?*

If you have an open HSA at HealthEquity with an active HSA debit card, your existing card will continue to work, and you will not receive a new HSA debit card. If your HealthEquity HSA was closed, your account will be reopened, and you should receive a new HSA debit card in the mail the [HSA Card Mailing Date].

How do I order a replacement HSA debit card or additional cards for my dependents?

You may order a replacement HSA debit card, or additional cards for your dependents, by logging in to the HealthEquity member portal or by contacting Member Services at 844.351.6856.

Are there any tax consequences as a result of the merging of my accounts?

No. While HSAs are tax-advantaged accounts, there should be no tax implications due to the merging of your accounts.²

Will my transaction history be transferred to HealthEquity?

Your 2024 transaction history will be imported into the HealthEquity system within a couple of weeks following the [Transition Date] conversion. For the years prior to the 2024 tax year, we encourage you to download any account history information from your Further HSA portal.

Who will send me tax statements?

HealthEquity will provide the current year tax reporting information for any activity incurred in the calendar year.

If you have any questions about your account, please reach out.

We're always here to help.

Sincerely,
HealthEquity Member Services
