Is Transitioning to HealthEquity

Hello,

We're reaching out with a quick reminder about an important update to your CareFirst BlueCross BlueShield (CareFirst) [Health Savings Account (HSA) / Flexible Spending Account (FSA) / Health Reimbursement Arrangement (HRA) / Dependent Care FSA], currently administered by Further.

On September 1, 2026, your account will transition from Further to HealthEquity. We're confident this change will bring you a personalized approach to maximizing your healthcare benefits, easy account management, and dedicated, 24/7 member support.

What You Need to Know

Account Access: You'll soon receive instructions from HealthEquity on how to access and manage your account through the HealthEquity portal.

New Debit Card: If applicable, you'll receive a new HealthEquity Visa® Card* in the mail. Watch your mailbox for this important delivery.

Action Needed: Please log in to the Carefirst portal by Further before the transition date to verify that your email, mailing address, and other personal details are accurate.

HSA Blackout Period (HSA Members Only): Approximately 10 calendar days before the transition, your HSA will enter a temporary blackout period to securely transfer your funds. If you need to pay for a qualified medical expense during that time, here are two options:

- **Option 1:** Pay out of pocket and submit a reimbursement after the blackout period. [Click here](#) for more information.
- **Option 2:** Make a post-tax contribution to your HealthEquity HSA. [Follow these steps](#) for more information.
