

Gas and Electricity (Consumer Complaints Handling Standards) Regulations 2008

In 2008, Ofgem introduced new complaint handling standards in line with the Gas and Electricity (Consumer Complaints Handling Standards) Regulations 2008.

The Utility Warehouse aims for the highest standards in customer service. However, there may be occasions when our customers may wish to complain.

We aim to resolve any complaint to the customer's full satisfaction the first time it is raised with us.

Between 1 October 2017 and 30 September 2018, we received 12,959 expressions of dissatisfaction from our domestic customers, which could not be resolved on the same day or the next working day after being received. Delays to complaint resolution generally occur when the complaint requires investigation in more detail or more information is required from another party in order to ensure that the complaint is dealt with to the standard that our customers expect.

If you need to complain to the Utility Warehouse, you can find details of how to do so here:

<https://www.utilitywarehouse.co.uk/complaints/energy>

You can find further information on the Consumer Complaints Handling Standards here:
