Product Information

- Tariff is only available to new (and existing) customers who are taking a three or four service bundle.
- Tariff prices track the Government's price cap at a set discount, so the applicable prices customers pay may change each time the price cap is updated.
- Customers must continue to take a three or four service bundle until the end of the tracker term – if they cancel any services, they will automatically be transferred to the cheapest available tracker tariff of the same version number they are eligible to receive and if none is available they may be transferred to the cheapest available standard variable tariff they are eligible for at that time.
- There is an early termination fee on this tariff – if a customer chooses to move to an alternative tariff we offer or they decide to move their energy services to another supplier within the tracker term, we reserve the right to charge a fee of £75 (inc. VAT) per fuel.
- Prices are excluding VAT.
- Tracker end date 30 June 2027.
