

Gas and Electricity (Consumer Complaints Handling Standards) Regulations 2008

January to March 2025 performance

In 2008, Ofgem introduced new complaint handling standards in line with the Gas and Electricity (Consumer Complaints Handling Standards) Regulations 2008.

Utility Warehouse aims for the highest standards in customer service. However, there may be occasions when our customers may wish to complain (the industry regulator calls these “an expression of dissatisfaction”). Some examples of customer complaints could be:

- Not understanding a letter that we have sent to them
- Asking for information on submitting a meter reading
- Querying direct debit payments

We aim to resolve any complaint to the customer’s full satisfaction the first time it is raised with us. Between 01 January 2025 and 31 March 2025 we received 32,305 expressions of dissatisfaction from our domestic customers, of which 23,406 (84.49%) were resolved within one working day and 4,297 (15.51%) could not be resolved on the same day or the next working day after being received.

Delays to complaint resolution generally occur when the complaint requires investigation in more detail or more information is required from another party in order to ensure that the complaint is dealt with to the standard that our customers expect.

Top reasons for customer complaints:

Customer service	35.10%
Billing	34.23%
Smart meter installation	10.11%
Sales and marketing	3.20%
Payment issues	3.00%

January to March 2025:

Number of complaints opened	32,305
Number of complaints opened per 100,000 customers	1,894
Number of complaints resolved	23,406
Number of complaints resolved per 100,000 customers	1,624
% of complaints resolved < day+1	84.49%
% of complaints resolved within 8 weeks	99.73%
