

Gas and Electricity (Consumer Complaints Handling Standards) Regulations 2008

April to June 2026 performance

In 2008, Ofgem introduced new complaint handling standards in line with the Gas and Electricity (Consumer Complaints Handling Standards) Regulations 2008.

Utility Warehouse aims for the highest standards in customer service. However, there may be occasions when our customers may wish to complain (the industry regulator calls these “an expression of dissatisfaction”). Some examples of customer complaints could be:

- Not understanding a letter that we have sent to them
- Asking for information on submitting a meter reading
- Querying direct debit payments

We aim to resolve any complaint to the customer’s full satisfaction the first time it is raised with us. Delays to complaint resolution generally occur when the complaint requires investigation in more detail or more information is required from another party in order to ensure that the complaint is dealt with to the standard that our customers expect.

Between 01 April 2026 and 30 June 2026 we received 33,161 expressions of dissatisfaction from our domestic customers.

Top reasons for customer complaints:

Customer service	38.45%
Billing	35.39%
Smart meter installation	6.21%
Payments	4.36%
Debt and debt related issues	2.74%

April to June 2026:

Number of complaints opened	33,161
Number of complaints opened per 100,000 customers	1,875
Number of complaints resolved	22,613
Number of complaints resolved per 100,000 customers	1,524
% of complaints resolved < day+1	83.89%
% of complaints resolved within 8 weeks	99.63%
