Home phone usage charges

All call prices shown are pence per minute; chargeable calls are subject to call set-up fee of 25p except where otherwise stated.

UK calls	Weekdays (7am-7pm)	All other times
UW customers (landlines or mobiles)	Free	Free
UK local / national numbers (01, 02 and 03)	19p	19p
UK mobile numbers	19p	19p
Access charge for 084, 087, 09 and 118 numbers (replaces the call set-up fee)	15p	15p
Channel Islands and Isle of Man	6.5p	3.5p
Personal numbers (070)	5p	5p

- To benefit from free calls to other UW customers on their landline or mobile numbers, a customer must be making the call using our Home Phone service (includes Internet Phone), and the number being called must be connected to us.
- Calls to numbers beginning 08, 09 or 118 (excluding 0800 and 0808) made using our Home Phone service (eg. 0845/0870/09XXX) will be charged by adding the service charge set by the organisation you are calling, to our published access charge for these types of calls. The access charge will be calculated on a 'per second' basis subject to a minimum of one minute per call, rounded up to the nearest whole penny. The access charge replaces our standard call set up fee for these calls.
- Chargeable calls with a duration of less than three seconds are subject to a minimum call charge of 4.8p; with the exception of calls to numbers beginning 08, 09 and 118, the duration of other chargeable calls is rounded up to the nearest whole minute, charged at the 'per minute' rate for that type of call, the call set-up fee of 25p is then added, and then the ex VAT price of each call is rounded up to the nearest whole penny.
- 'Free Calls to other members' (other UW customers) and our Call Discount Options are not available to business users and are subject to a maximum of 200 different numbers being called in any calendar month; any excess will be charged at 8p per minute. If we have reason to believe a customer is using any Call Discount Option or inclusive call allowance, partly or wholly for business purposes, for accessing the internet or a data service, we reserve the right to withdraw this benefit from the customer. Any individual free call (except 0500/0800/0808) is subject to a maximum duration of 75 minutes, after which a charge of 1.5p per minute will apply.
- Calls using a Textphone have a 30% discount applied for deaf/speech impaired members using services such as Relay UK.
- Calls to the Channel Islands and the Isle of Man are not included in any free or inclusive call allowances.
- You can see the listing for all usage charges [here](#).
