This document does not constitute financial product or investment advice, and, in particular, it is not intended to influence you in making a decision in relation to financial products including Scentre Group Stapled Securities. You should obtain professional advice before taking any action in relation to this document, for example from your accountant, taxation or other professional adviser.

About this Guide

This 2018 Tax Return Guide ("Guide") has been prepared to assist Australian resident individual securityholders to complete their 2018 Australian income tax return. This Guide provides general information only. Accordingly, this Guide should not be relied upon as taxation advice. Each securityholder's particular circumstances are different and we recommend you contact your accountant, taxation or other professional adviser for specific advice.

This Tax Return Guide has two sections:

Section 1 Provides information to assist Australian resident individual securityholders complete their 2018 Australian income tax return.

Section 2 Provides general Australian capital gains tax (CGT) information including information on how to determine your CGT cost base.

Section 1 Important Information for Australian Resident Individual Securityholders Completing a 2018 Tax Return

General information - Scentre Group

Scentre Group is a stapled group that comprises the following four entities:

- Scentre Group Limited ("SGL")
- Scentre Group Trust 1 ("SGT1")
- Scentre Group Trust 2 ("SGT2")
- Scentre Group Trust 3 ("SGT3")

Distributions from Scentre Group may comprise dividends paid by SGL and distributions from SGT1, SGT2 (collectively referred to as the Trusts) and SGT3. Distributions paid by SGT 3 are treated as dividends for taxation purposes (and are referred to as dividends in this Guide).

Under Australian tax law, securityholders include in their assessable income their proportionate share of the taxable income (including any net capital gains) of the Trusts and any dividends paid by SGL and SGT3.

A securityholder's proportionate share of the taxable income (including any net capital gains) of each of the Trusts for an income year may be more than or less than the cash distributions paid by each of the Trusts in respect of that income year. Usually the proportionate share of the taxable income for an income year is less than the cash distributions paid in respect of that year.

Steps To Complete Your Tax Return

2018 distributions

The 2018 Tax Statement and Tax Summary cover the distributions made by Scentre Group that should be included in your 2018 Tax Return. These distributions are:

- Scentre Group distribution of 10.86 cents per security paid on 31 August 2017.
- Scentre Group distribution of 10.87 cents per security paid on 28 February 2018.

The distribution paid on 28 February 2018 included a fully franked dividend of 2.35 cents per security paid by SGL. No dividends were paid as part of the Scentre Group distribution paid on 31 August 2017. In addition, SGT3 did not pay any dividends during the year.

Please note that the year-end of the Trusts for taxation purposes is 31 December. Accordingly, the distribution for the six months ended 30 June 2018 (as an interim distribution for the calendar year to 31 December 2018) that is to be paid in August 2018 should be included in your 2019 Tax Return. Dividends paid by SGL and by SGT3 are taxable in the income year in which they are paid.

General information – 2018 income tax return

The information set out below in this Tax Return Guide has been prepared to assist Australian resident individual Scentre Group securityholders to complete their 2018 Tax Return. It does not apply to company, trust or superannuation fund securityholders.

If you are an individual lodging an Australian Tax Return Question 11 of your Tax Return and Questions 13, 18 and 20 of your Tax Return (Supplementary Section) should be completed. The information on your 2018 Tax Statement and the notes in this Tax Return Guide will help you to answer these questions. You should also refer to the Australian Taxation Office ("ATO") publication "Individual tax return instructions 2018" which is available on the ATO website.

If you are using myTax the distribution information should be pre-filled for you by the Australian Taxation Office. However, you should check the pre-fill information against your 2018 Tax Statement and use the information on the 2018 Tax Statement if there are any differences.

Please note that any other income or capital gains which you have derived should be added to the relevant amounts you have received from Scentre Group and the total income for each category should be included in your Tax Return. In addition, if you have realised any capital losses during the year or have carry forward capital losses from prior years you will also need to take these into account.

You must report all of the assessable amounts in your Tax Return. The tax deferred amounts of the distributions from SGT1 and SGT2 are generally not assessable for income tax purposes. They will however reduce the capital gains tax ("CGT") cost base of your units. If your cost base is reduced to nil you will have a capital gain to the extent that the sum of the tax deferred amounts exceed your cost base. Any such capital gains should be included in your tax return.

For the 2018 year, the distributions from SGT1 and SGT2 include CGT concession amounts that are neither assessable income nor tax deferred amounts. These amounts do not reduce the CGT cost base of your units.

Please refer to your Scentre Group 2018 Tax Summary and 2018 Tax Statement.

Question 11 – Dividends

You should include at this question the franked amount and the franking credit amount of the fully franked dividends paid by SGL.

There was no TFN withholding tax deducted from these amounts.

Question 13 – Partnerships and Trusts – Tax Return (Supplementary Section)

You should include at this question the Australian interest income amount and the other Australian taxable income amount of your distributions from the Trusts. Collectively these amounts are referred to as "Share of net income from trusts".

You should also include at this question the franked distribution amount included in the distribution from SGT1 and the related franking credits.

Any TFN withholding tax deducted from your distributions from the Trusts should also be included at this question.

Question 18 – Capital Gains – Tax Return (Supplementary Section)

You should include at this question the total capital gain and the net capital gain amount of the distributions from the Trusts.

General information

The assessable amount of your distribution for the 2018 income year includes discounted capital gains. The Trusts have elected to apply the "discount method" to determine the amount of the net capital gain to include in their taxable income. Accordingly, you may also be able to apply the discount method in respect of these gains (shown as "Capital Gains – discount method (50%)" on your Tax Summary).

Tax Return Disclosures

You should answer "YES" at Label 18G on your Tax Return.

You should follow the steps in the instructions to Question 18 as set out in the ATO publication "Individual tax return instructions 2018" to determine the amount of the net capital gain to include in your Tax Return.

If you require any general information or guidance on the calculation of capital gains including details of the "discount method", you should consult the following Australian Tax Office publications: "Personal Investor's Guide to Capital Gains Tax"; or "Guide to Capital Gains Tax". Alternatively, you should consult your professional tax adviser.

Question 20 – Foreign Source Income – Tax Return (Supplementary Section)

You should include at this question the assessable foreign source income amount of the distributions from the Trusts.

Follow the steps in the instructions to Question 20 as set out in the ATO publication "Individual tax return instructions 2018" to calculate the amount of other net foreign source income you should include in your Tax Return.

There are no foreign income tax offsets (previously called foreign tax credits) attributable to this assessable foreign source income.

Section 2 Capital Gains Tax Information

General Capital Gains Tax (CGT) matters

Each Scentre Group stapled security comprises four separate assets for Australian CGT purposes, being:

- One SGL share,
- One SGT1 unit,
- One SGT 2 unit, and
- One SGT3 unit.

Although Scentre Group stapled securities can only be traded together as one security (ASX code: SCG), for Australian tax purposes the securities are treated as separate assets.

For CGT purposes you need to apportion the cost of each component of the stapled security and the proceeds on sale of each component of the stapled security over the separate assets that make up the stapled security. This apportionment should be done on a reasonable basis.

One possible method of apportionment is on the basis of the relative Net Tangible Assets (NTA) of the individual entities.

Set out below are the relative NTAs of the entities that comprise Scentre Group from 30 June 2014.

Date	Scentre Group Limited	Scentre Group Trust 1	Scentre Group Trust 2	Scentre Group Trust 3	Scentre Group Total
30 Jun 14	3.94%	33.34%	62.72%	0.00%	100%
31 Dec 14	4.33%	34.07%	61.49%	0.11%	100%
30 Jun 15	3.74%	34.39%	61.74%	0.13%	100%
31 Dec 15	4.17%	34.83%	60.87%	0.13%	100%
30 Jun 16	4.42%	35.56%	59.89%	0.13%	100%
31 Dec 16	4.33%	36.48%	59.06%	0.13%	100%
31 Jun 17	3.76%	36.90%	59.26%	0.08%	100%
31 Dec 17	3.67%	38.01%	58.24%	0.08%	100%

Details of the relative NTAs since Scentre Group was formed in June 2014 are also available at: www.scentregroup.com/investors/Securityholder-Information/taxation-information.

Cost base of Scentre Group stapled securities

If you acquired Scentre Group stapled securities on market your cost base will generally be the amount paid to acquire the securities (apportioned between the separate assets that comprise the Scentre Group stapled security on a reasonable basis).

If you acquired your Scentre Group stapled securities through the Westfield Group and Westfield Retail Trust restructure transaction in 2014 information on how to determine the cost base of your securities is available from the following sources that can be accessed on the Scentre Group website:

- The Westfield Group factsheet in relation to how to determine your cost base in Scentre Group and Westfield Corporation stapled securities;
- The WRT factsheet in relation to how to determine your cost base in Scentre Group stapled securities; and
- The Australian Taxation Office Class Rulings (CR 2014/77 and CR 2014/78).

CGT implications of the tax deferred amount of distributions

The tax deferred amount of distributions made by the Trusts will reduce your cost base in the units of the Trusts. This reduction will apply in calculating any capital gain or capital loss on disposal of the units for CGT purposes. In addition, you make a capital gain (even if you do not sell your stapled securities) if the sum of the tax deferred amounts received exceeds the cost base of the units at the end of the income year. Any such capital gains should be included in your tax return.

The publications "Guide to Capital Gains Tax" or "Personal Investor's Guide to Capital Gains Tax" which are available from the Australian Taxation Office provide details of the calculations required.

Taxation component schedules showing the tax deferred amounts of distributions made by the Trusts are available at: www.scentregroup.com/investors/Securityholder-Information/taxation-information.

CGT concession amount

The CGT concession amount represents the non-assessable CGT discount amount that has been included in the distributions from the Trusts. This amount is not included in your assessable income or in your Tax Return or Tax Return (Supplementary Section). The CGT concession amount does not form part of your Tax Deferred Amount of distributions from the Trusts. Therefore it will not reduce your cost base in the units of the Trusts.

Securityholders who have disposed of securities during the 2018 income year

If you have disposed of any of your Scentre Group stapled securities during the 2018 income year, you may have made a capital gain or loss. You should obtain a copy of the publication "Personal Investor's Guide to Capital Gains Tax" or alternatively, "Guide to Capital Gains Tax" which are available from the Australian Taxation Office and/or consult your accountant, taxation, or other professional adviser. Any such capital gain or capital loss should be accounted for in your tax return.

Enquiries

For further information regarding the taxation aspects of your investment in Scentre Group we recommend contacting your accountant, taxation or other professional adviser for specific advice.
