

WESTFIELD GROUP SECURITYHOLDERS

HOW TO DETERMINE YOUR COST BASE IN SCENTRE GROUP STAPLED SECURITIES AND WESTFIELD CORPORATION STAPLED SECURITIES

THIS FACT SHEET HAS BEEN PREPARED AS GENERAL GUIDANCE TO ASSIST FORMER WESTFIELD GROUP (**WDC**) SECURITYHOLDERS DETERMINE THEIR CAPITAL GAINS TAX (**CGT**) COST BASE IN SCENTRE GROUP STAPLED SECURITIES (**SCG SECURITIES**) AND WESTFIELD CORPORATION STAPLED SECURITIES (**WFD SECURITIES**) FOLLOWING THE RESTRUCTURE OF WESTFIELD GROUP AND THE MERGER OF WESTFIELD GROUP'S AUSTRALIAN AND NEW ZEALAND BUSINESS WITH WESTFIELD RETAIL TRUST TO FORM WESTFIELD CORPORATION AND SCENTRE GROUP (**RESTRUCTURE AND MERGER**). THE RESTRUCTURE AND MERGER WAS IMPLEMENTED ON 30 JUNE 2014.

Scentre Group Limited (formerly Westfield Holdings Limited) ABN 66 001 671 496
Scentre Management Limited (formerly Westfield Management Limited)
ABN 41 001 670 579 AFS Licence 230329 as responsible entity of Scentre Group Trust 1
(formerly Westfield Trust) ARSN 090 849 746
Westfield America Management Limited ABN 66 072 780 619 AFS Licence 230324

The information provided in this fact sheet is not financial product advice or taxation advice. It is general information only and has been prepared without taking into account your financial circumstances, investment objectives or particular needs. To obtain advice, you should consult your taxation or other financial adviser.

This fact sheet does not apply for WDC securityholders who:

- Acquired, or are taken to have acquired, their WHL Shares or WT Units prior to 20 September 1985 (pre-CGT assets); and/or*
- Do not choose demerger roll-over relief.*

If these circumstances apply to you, you should consult your taxation or other financial adviser.

Each former WDC securityholder who participated in the Restructure and Merger received 1,246 SCG Securities and 1,000 WFD Securities for each 1,000 WDC stapled securities they previously held.

A SCG Security comprises four separate assets for CGT purposes – one unit in Scentre Group Trust 1 (formerly Westfield Trust) (**WT**), one unit in Scentre Group Trust 2 (formerly Westfield Retail Trust 1) (**WRT1**), one unit in Scentre Group Trust 3 (formerly Westfield Retail Trust 2) (**WRT2**), and one share in Scentre Group Limited (formerly Westfield Holdings Limited) (**WHL**). For ease of reference in this fact sheet the former names of the entities have been used.

For CGT purposes each of the four separate assets has its own cost base.

A WFD Security comprises three separate assets for CGT purposes – one unit in Westfield America Trust (**WAT**), one unit in WFD Trust (**WFDT**) and one share in Westfield Corporation Limited (**WCL**).

For CGT purposes each of the three separate assets has its own cost base.

WHERE TO FIND FURTHER INFORMATION

Details of the Australian tax implications for WDC securityholders who participated in the Restructure and Merger are available from the following sources:

1. The Australian Taxation Office (**ATO**) will issue a Class Ruling in respect of the Restructure and Merger. The Class Ruling will be available on the ATO website www.ato.gov.au, the Scentre Group website www.scentregroup.com and the Westfield Corporation website www.westfieldcorp.com once issued.
2. Section 12 – “Australian Taxation Letter” of the Securityholder Booklet dated 14 April 2014 in relation to the Restructure and Merger.

SUMMARY OF THE RESTRUCTURE AND MERGER STEPS

A summary of the Restructure and Merger steps and their Australian tax impact is set out below:

Step	Australian tax outcomes
WHL distributed the shares in WCL to WDC Securityholders on the basis of one WCL Share for each Original WHL Share held (WCL Demerger).	<p>The WCL Demerger qualifies for demerger roll-over relief under Division 125 of the Tax Act.</p> <p>Your cost base in Original WHL Shares immediately before the WCL Demerger is split between Original WHL Shares and WCL shares with:</p> <ul style="list-style-type: none">– The cost base of an Original WHL Share after the WCL Demerger being 26.3% of the cost base of that Original WHL Share before the WCL Demerger; and– The cost base of a WCL Share being 73.7% of the cost base of the corresponding Original WHL Share before the WCL Demerger.
WT distributed the units in WFDT to WDC Securityholders on the basis of one WFDT unit for each Original WT unit held (WFDT Distribution).	<p>This step does not have any practical tax consequences.</p>
The WCL Shares and WFDT Units were stapled to the Original WHL Shares, Original WT Units and WAT Units.	<p>This step does not have any tax consequences.</p>
WT transferred assets to WFDT (WFDT Asset Transfer).	<p>The WFDT Asset Transfer qualifies for roll-over relief under Subdivision 126-G of the Tax Act.</p> <p>Your cost base in Original WT Units immediately before the WFDT Asset Transfer is split between Original WT Units and WFDT Units with:</p> <ul style="list-style-type: none">– The cost base of an Original WT Unit after the WFDT Asset Transfer being 46.7% of the cost base of that Original WT Unit immediately before the WFDT Asset Transfer; and– The cost base of a WFDT Unit being 53.3% of the cost base of the corresponding Original WT Unit immediately before the WFDT Asset Transfer.
<p>The WHL Shares and WT Units were destapled from the WCL Shares, WFDT Units and WAT Units.</p> <p>This resulted in the formation of Westfield Corporation.</p>	<p>This step does not have any tax consequences.</p>
Each Original WHL Share was converted into 1.246 Converted WHL Shares in line with the Merger Ratio (Capital Conversion).	<p>This is not a taxable event, but you are required to spread the cost base you have in your Original WHL Shares (after the adjustment for the WCL Demerger as outlined above) across the larger number of Converted WHL Shares that you hold after the Capital Conversion.</p>
Each Original WT Unit was converted into 1.246 Converted WT Units in line with the Merger Ratio (also Capital Conversion).	<p>This is not a taxable event, but you are required to spread the cost base you have in your Original WT Units (after the adjustment for the WFDT Asset Transfer as outlined above) across the larger number of Converted WT Units that you hold after the Capital Conversion.</p>
<p>WT made a capital distribution of \$0.0011 per Converted WT Unit which was applied to acquire:</p> <ul style="list-style-type: none">– one WRT1 Unit for \$0.001; and– one WRT2 Unit for \$0.0001, <p>for each Converted WT Unit held</p> <p>(WT Stapling Distribution).</p>	<p>The WT Stapling Distribution reduces your cost base per Converted WT Unit (as determined after the Capital Conversion).</p> <p>If the cost base in your Converted WT Units is nil or is less than the WT Stapling Distribution, you will make a capital gain that may be eligible for the CGT discount.</p> <p>The cost base of each WRT1 Unit is \$0.001.</p> <p>The cost base of each WRT2 Unit is \$0.0001.</p>
Converted WT Units and Converted WHL Shares were stapled to the WRT1 Units and WRT2 Units to form the Scentre Group.	<p>This step does not have any tax consequences.</p>

THE CGT COST BASE POSITION

The method to determine the cost base for each of the components of the SCG Securities and WFD Securities that you hold as a consequence of implementation of the Restructure and Merger is set out below:

Scentre Group Securities

WHL Shares	<p>The cost base of a Converted WHL Share is determined as follows (note, the cost base may be nil):</p> <ul style="list-style-type: none">– Determine the cost base of each Original WHL Share immediately before the Restructure and Merger.– The cost base of each Original WHL Share immediately after the WCL Demerger is 26.3% of the cost base of the Original WHL Share immediately before the WCL Demerger.– The Cost of the Original WHL Share after the adjustment for the WCL Demerger (as outlined above) is spread over the Converted WHL Shares to determine the cost base of the Converted WHL Shares that the Original WHL Shares were converted into pursuant to the Capital Conversion.
------------	--

The date of acquisition of the Converted WHL Shares is the same as the date of acquisition of the corresponding Original WHL Shares.

WT Units	<p>The cost base for a Converted WT Unit is determined as follows (note, the cost base may be nil):</p> <ul style="list-style-type: none">– Determine the cost base of each Original WT Unit taking into account tax deferred distributions received before the time of the Restructure and Merger.– The cost base of each Original WT Unit immediately after the WFDT Asset Transfer is 46.7% of the cost base of the Original WT Unit immediately before the WFDT Asset Transfer.
----------	--

If the cost base of an Original WT Unit is nil then the cost base of the Converted WT Unit will be nil.

- The cost base of the Original WT Units after the adjustment for the WFDT Asset Transfer (as outlined above) is spread over the Converted WT Units to determine the cost base of the Converted WT Units that the Original WT Units were converted into pursuant to the Capital Conversion.
- The cost base of the Converted WT Units is reduced by \$0.0011 per Converted WT Unit in respect of the WT Stapling Distribution.

The date of acquisition of the Converted WT units is the same as the date of acquisition of the corresponding Original WT units.

WRT1 Units	<p>The cost base of each WRT1 Unit is \$0.001.</p> <p>The date of acquisition of the WRT1 Units is 30 June 2014.</p>
------------	--

WRT2 Units	<p>The cost base of each WRT2 Unit is \$0.0001.</p> <p>The date of acquisition of the WRT2 Units is 30 June 2014.</p>
------------	---

Westfield Corporation Securities

WAT Units	<p>There is no change to the cost base of WAT Units as part of the Restructure and Merger.</p> <p>There is no change to the date of acquisition of WAT Units.</p>
WCL Shares	<p>The cost base of a WCL Share immediately after the WCL Demerger is 73.7% of the cost base of the corresponding Original WHL Share immediately before the WCL Demerger.</p> <p>The date of acquisition of a WCL Share is the same as the date of acquisition of the corresponding Original WHL Share.</p>

WFDT Units	<p>The cost base of a WFDT Unit immediately after the WFDT Asset Transfer is 53.3% of the cost base of the corresponding Original WT Unit immediately before the WFDT Asset Transfer.</p> <p>The date of acquisition of a WFDT Unit is the same as the date of acquisition of the corresponding Original WT Unit.</p>
