Subject: Are HPC, AI, & ML Resources Getting Costly?

Preview: Book A Free Demo of the Research Accelerator Portal!

Hi [Name],

As an award-winning Google Cloud partner, Improving has helped public sector departments and agencies overcome slow, costly on-prem HPC and AI/ML systems. Our Research Accelerator Portal on Google Cloud streamlines access to secure, scalable computing resources—so you can:

- Provision secure research environments in under an hour
- Lower total cost of ownership—up to 40% savings
- Scale instantly, no hardware headaches
- Automate approvals and budget controls

Join leaders like CAMH and OICR who are accelerating research with Improving.

2. Follow-Up Email

Subject: Accelerate & Streamline Access To HPC, AI, & ML Resources

Preview: Review the attached case study and discover how Improving accelerates research.

Hi [Name],

I hope you've been doing well!

We wanted to check in to see what your thoughts were on streamlining and accelerating HPC, AI, & ML resources with our Research Accelerator Portal. On premise HPC solutions, which can be quite costly and time-consuming to access, manage, and provision, also hinder research innovation and productivity.

How We're Transforming Public Sector Research

Please feel free to review the attached case study showing how a leading defense research agency that we worked with transformed their approach to scientific research with our portal:

-  Fast access—setup in hours, not days
-  Scales as research grows
-  Lower, predictable costs
-  Easy for any researcher to use
- Immediate resource availability

Thank you,
