

# WINIX Ultimate 5-stage air-purifier

Your solution for a cleaner, healthier indoor climate

WINIX - World leaders in the manufacture of high quality air-purifiers

This advanced air-purifier includes PlasmaWave™ Technology, Nano-Silver Mesh bacterial protection, auto 'set & forget' settings, 'smart' dust and odour sensors, replacement filter indicator, suited to effective cleaning within bedrooms and lounge-rooms

## benefits

The Winix air purifier will improve the air quality in the home, office or medical premises by cleaning out the airborne pollutants like mould spores, dust and dust mite (faeces), pollens, smoke, pet dander, odours, harmful chemicals & gases and importantly viruses and bacteria.

While this cleaner air brings relief to asthma sufferers and anyone affected by respiratory issues, anyone can benefit from using the Winix air-purifier to protect themselves from the harmful effects of polluted indoor air.

Breathe easier, sleep better, feel rested and more refreshed.

## features

- **5-stages of air filtration**
- Recommended for room sizes up to 26m<sup>2</sup> / maximum up to 65m<sup>2</sup>
- Lightweight and easy to move from room to room
- PlasmaWave™ technology - neutralises pollutants with positive and negative ions (no harmful ozone)
- Certified H13 Hospital-grade True HEPA filter - captures 99.97% of airborne pollutants as small as 0.3 microns
- Activated carbon filter - captures chemical vapours (80% of airborne VOCs within 60 minutes) as well as offensive odours
- 'Nano-mesh' antibacterial shield - neutralises viruses & bacteria on contact
- Certified clean air delivery rates
- Energy efficient as low as 0.2 cents/hour to operate
- Low noise levels
- Dust sensor – monitors dust & other particles and automatically controls these levels
- Odour sensor – monitors odours & gases and automatically controls these levels
- Auto mode smart sensor – monitors & allows 'set & forget' air quality control
- Light sensor – automatically activates 'Sleep Mode' at night-time, dimming the panel lights to ensure quiet energy efficient operation
- Timer settings – allows operation to user's preferences
- 4 fan speeds - flexibility of manual adjustment
- 'Turbo' fan speed allows increased air circulation to clean pollutants very quickly
- Replace filter indicator – provides warning when air filters require replacement
- Replacement air filters – reliable availability at 'value for money' prices
- **full 2 year domestic replacement warranty / 6 month non-domestic warranty**

## WINIX True HEPA air-purifier micron scale

## not all air-purifiers are created equal

The WINIX True HEPA Air Purifier with PlasmaWave™ Technology effectively removes particles **as small as 0.3 microns (µm)** with 99.97% efficiency.

### hospital-grade true HEPA filtration

Captures 99.97% of airborne pollutants, pet dander and allergens as small as 0.3 microns

### PlasmaWave™

Attacks pollutants at a molecular level to neutralize viruses, bacteria, chemical vapours & harmful gases without producing harmful ozone

### carbon-filter

Activated Carbon Filter formulated to capture hazardous household chemicals (VOCs) & offensive household odours (includes Nano Silver Anti-bacterial Shield to neutralize germs & viruses)

### air-quality /smart-sensors

Automatically adjusts settings to suit changing indoor environment

### pre-filter

Washable anti-bacterial pre-filter extends life of HEPA Filter by capturing larger airborne particles

### remote control

Control the operation of your purifier from across the room

### AHAM certified

Association of Home Appliance Manufacturers certified recommended room sizes, as well as the Clean Air Delivery Rate (CADR) suited to effectively reduce pollutants such as smoke, pollen & dust

### H13 certified

Hospital-grade True HEPA Filter certification confirming H13 level purification removing 99.97% of airborne pollutants, allergens, viruses & bacteria as small as 0.3 microns

## Detailed Specifications

### Model Information

Model	AUS-9500
Product Name	Winix Ultimate 5-Stage Air Purifier
Room Size (AHAM rating)	Suitable for a large room – 26 sq m (33m <sup>2</sup> )
Maximum Room Size (2x airflow rate/hr)	65 sq m (80m <sup>2</sup> )
AHAM CADR (Clean Air Delivery Rate) scores	183/182/194 (Smoke/Dust/Pollen)
Replacement Filters	Cartridge Filter

### Feature Information

5-Stage Air Cleaning	<ol style="list-style-type: none"> <li>1. Washable anti-bacterial pre-filter</li> <li>2. True H13 Hospital-grade HEPA filter - 99.97% @ 0.3 microns</li> <li>3. Nano Silver anti-bacterial mesh shield</li> <li>4. Washable activated carbon filter</li> <li>5. PlasmaWave™ technology</li> </ol>
PlasmaWave™ Technology	✓
True HEPA Efficiency 99.97% Hospital grade (H13 Certified)	✓
Anti-Bacterial Nano Silver Mesh	✓
Washable Activated Carbon Filter (advanced odour & chemical control)	✓
Washable Anti-bacterial Pre-filter	✓
Energy Star Qualified (USA/Europe)	✓
Dust Sensor	✓
Odour Sensor	✓
Light Sensor	✓
Sleep Mode	✓
Auto Mode	✓
Off Timer Settings	1, 4, 8 hr

## Detailed Specifications (continued)

### Feature Information

Replace Filter Indicator	✓
Number of Fan Speeds	4
Remote Control	✓
Control Type	Digital display
Colour (Body/Front)	White/Silver

### Technical Specifications

Unit Dimensions L x W x H (cms)	42 x 25 x 55
Unit Weight	8.5 kg
Packaged Dimensions L x W x H (cms)	48 x 32 x 62
Packaged Weight	10 kg
Voltage	220-240V – 50Hz/60Hz
Power Cord	3 pin/200 cms
Wattage (Low/High)	6/70
Air Intake	Front
Air Out Vent	Top
Air Flow (Low/Medium/High/Turbo) m3/hr	80/156/210/313
Sound Level – Low/Med/High/Turbo (dBA)	36.2/43.9/47.9/61.8

### Certifications and Partnership

H13 Hospital-grade True HEPA Filter	✓
PRISM Analytical Technologies VOC Air Quality Testing	✓ Captures 80% of airborne VOCs within 60 minutes (98,000ng/L to 20,000ng/L)
ERAC (Australian Electrical Safety Standards)	✓
QEC Global (Australian Electrical Safety) Compliant	✓
UL/CUL Listed	✓
CARB (Cal, USA) Compliant	✓
AHAM (Assoc. of Home Appliance Manufacturers)	✓
Drexel University Plasma Institute Research partners	✓

### Warranty Information

Warranty (domestic)	2 Years
Warranty (non-domestic)	6 months

All Ausclimate model-types undergo stringent, comprehensive legislative and regulatory testing by independent govt. accredited bodies to ensure our products meet the highest Australian industry standards possible.
