“For me drawing is therapeutic, It’s my self-care. I don’t feel whole or complete if I’m not being creative. Ever since I was a little girl I remember drawing being like a superpower. Even though I grew up in a house filled with chaos, if I was drawing I was able to block out the noise and be at peace.”

Artist's Statement

This gif shows my ritual of me
and my family hiking and my

I used lines intentionally in my
gif to: i used kinda squiggly
lines to show my brother
panicking to catch up.
