### Brainstorm Space:

*All projects and new ideas can benefit from some brainstorming and planning before the production phase. Use this worksheet to help get your ideas down on paper and draw them out on the back. Write out a pro/con list of each design idea before you choose one!*

### Write

*What will your ride have? Is it going to loop? Drop? Swing? What will make people line up for this ride in the amusement park? Write any ideas you have down to help you organize your plans.*

**DRAW**

*What will your ride look like? It doesn't need to be perfect, but get as many of your ideas in your head down onto the page to share with your group!*

**DETAILS**

*Include some of the details of your ride you want to feature. Use extra blank paper if you need more space!*
