

Monday		
	Bodensee	Schliersee
3:00 - 3:30 p.m.	Digital Manufacturing Keynote Zvi Feuer	
3:45 - 4:15 p.m.	Digital Manufacturing Keynote Zvi Feuer	
4:30 - 5:00 p.m.	An Efficient Simulation-Based Multi-Criteria Optimization Approach for Rolling Production Smoothing of a European Food Manufacturer Felix Kamhuber	Running Opcenter Execution on AWS to improve accessibility, scalability, ease of deployment, and connected factory Emad Mankbadi
Tuesday		
	Bodensee	Schliersee
10:30 - 11:00 a.m.	Zollner Elektronik - Utilize digital twin advantages in manufacturing planning Matthias Fischer	Vorwerk - IT/OT Convergence Dr. Björn Krückhans
11:15 - 11:45 a.m.	BSH's Journey into the Industrial Metaverse - Unleashing the Power of Process Simulate VR Christian Hergt	Vorwerk - IT/OT Convergence Dr. Björn Krückhans
12:00 - 12:30 p.m.	Magna's Next Generation for BIW Production Planning of Complete Vehicles Nina Zilavec	Ariane Group - How to launch a new space rocket using Digital Manufacturing tools Thomas Rougelot
2:00 - 2:30 p.m.	Unleashing the Power of Optimize My Plant: Revolutionizing Production Simulation at Siemens DI Lars Schreiber	Siemens Product Strategy Update for Manufacturing Operations Management (Opcenter) Tobias Lange
2:45 - 3:15 p.m.	Optime Subsea - ETO Maintain to manufacture powered by service lifecycle management John Pastor	
3:45 - 4:15 p.m.		From IT to OT at Pratt & Whitney– Seamless Tool Management process from Teamcenter MRL in the top floor to TDM from TDM Systems in the shop floor Ralf Stetter
4:30 - 5:00 p.m.		Make the best part faster, first time. Milling optimization solutions for Siemens NX CAM Richard Nevill
Wednesday		
	Bodensee	Schliersee
10:30 - 11:00 a.m.	Siemens Part Manufacturing Keynote: Make Parts, Not Files Armin Gruenewald	Daimler Truck
11:15 - 11:45 a.m.	Teamcenter Quality Katrin Leyh	Beiersdorf - A digital journey in R&D Annette Hamann
12:00 - 12:30 p.m.	SIEMENS NX CAM MBD/FBM Herwig Riess	Ariane Group - How to launch a new space rocket using Digital Manufacturing tools Thomas Rougelot
2:00 - 2:30 p.m.	Cut - Measure - Cut   Autonomous logic-based part programs with Renishaw Inspection Plus in NX CAM for the NC code of the future Paul Maxted	Siemens Product Strategy Update for Manufacturing Operations Management (Opcenter) Tobias Lange
2:45 - 3:15 p.m.	CNC Manufacturing – How leveraging the True Digital Twin will directly impact your bottom line Florian Kuehlwetter	PLM meets Sustainable Supply Chain Volker Albrecht
3:45 - 4:15 p.m.	Replace legacy DNC solution to move Leah Kight	From IT to OT at Pratt & Whitney– Seamless Ralf Stetter
4:30 - 5:00 p.m.	What's new with NX CAM On-Machine Speaker Name	Make the best part faster, first time. Milling Richard Nevill

**Please note:** Agenda can change up until event.
