About

Realize LIVE is Siemens' digital transformation conference.

It's where technical users, industry leaders, and partners come together to accelerate innovation and efficiency through learning, connection and problem-solving.

At the conference, you will:

Improve your proficiency with the tools you use, thanks to best practices and technical support.

Optimize your solutions and discover ways to advance innovation.

Connect with technical experts and industry leaders

//

I would recommend Realize LIVE to anyone who wants to stay ahead of what's coming in the future, stay informed about current developments, network with key peers, and gain valuable exposure to the industry."

What you will do

Attend breakouts

Learn foundational to advanced topics, guided by experts who will clarify key concepts and functionalities.

Visit the Solutions Center

Access Siemens product experts, engage with customer exhibits, and connect with the right partners and vendors to optimize your solutions.

Connect with colleagues

Visit the Connection Lounge to connect, collaborate, and foster a thriving community.

Celebrate customer success

Experience live, in-person entertainment August 5th.

What you will gain

Technical expertise

60 days of complimentary access to Siemens Xcelerator Academy. Inclusive of:

- A robust library of on-demand Siemens Software trainings
- Siemens Xcelerator Certification, a voucher to take a product certification within 180 days of issue
- Software trials, an opportunity to try products from the Siemens Xcelerator portfolio

Industry insights

Explore dedicated areas where you can hear from leaders across industries about topics critical to your business:

- Knowledge theater

Professional connections

Network with over 1,300+ engineering peers, partners, and Siemens experts in various dedicated areas:

- Solutions Center
- Ask the experts

Who you will meet

Solutions experts

Interact with Siemens experts in the dedicated “Ask the Experts” area and breakouts to have your most pressing technical questions answered.

Thought leaders

Engage in meaningful conversations on the latest industry trends and challenges in the Industry Lounges.

Partners

Find the right partners and vendors to optimize your tech stack.

Peers

Visit the Connection Lounge, Community Hub, or any nightly reception (welcome reception, partner reception, closing celebration) for dedicated time to collaborate with your peers.
