Customer will only use APIs identified as "published" in the Documentation, and as described in it to support the authorized use of Offerings.

6.4. Restrictions applicability

The restrictions set out in this Section 6 do not apply to the extent they conflict with mandatory law.

7. No-Charge Offerings and Previews

- a. Siemens provides No-Charge Offerings and Previews "as is" and without warranty, indemnity, support, or other commitments. This does not apply if liability is based on the Product Liability Act ("Produkthaftungsgesetz"), intent, gross negligence, non-compliance with an assumed guarantee, or fraudulent concealment of a defect. Previews are not ready for production use, and Customer uses any Previews at its risk and discretion.
- b. Siemens may change, limit, suspend, or terminate any Previews at any time.

- c. security risks that cannot be resolved in a commercially reasonable manner.

11.2. Material degradation of Cloud Services

If any material degradation or discontinuation of Cloud Services happens in accordance with Section 11.1:

If the Order is terminated or the Cloud Services discontinued without available substitute Cloud Services, Siemens will refund any prepayment for the applicable Offering on a pro-rata basis for the remainder of the Subscription Term.

12. Use of messaging services

Customer may use Cloud Services to send emails or other messages to users and third parties and is solely responsible for such messages and their content.

Messages may be blocked, delayed, or prevented from being delivered by destination servers and other reasons outside of Siemens' control. Siemens does not warrant that messages will reach their intended destination in a given timeframe.

13. Third-Party Content

Any contractual relationship regarding Third-Party Content:

- a. is only between Customer and the relevant third-party vendor; and

Siemens will have no responsibility for Third-Party Content or Customer's use of it.

14. Acceptable Use Policy and indemnity

- a. be responsible for:
 - Customer Content, including the management, transfer, use, accuracy, and quality of Customer Content and how Customer acquires such Customer Content;
 - taking appropriate steps to protect, delete, and retrieve Customer Content, including by keeping backup copies;
- b. confirm the geographic area in which Customer Content will be stored, which may be outside the country where Customer is located; and

Data

16. Security and data privacy

Each party will comply with applicable data privacy laws governing the protection of personal data.

Where Siemens acts as Customer's processor of personal data provided by Customer, the Data Privacy Terms available at <https://www.siemens.com/dpt> (including the technical and organizational measures described in them) apply to the use of the relevant Offering and are part of the Agreement.

17. Systems Information

17.1. Use of Systems Information

Siemens, its Affiliates, and their subcontractors may use Systems Information to support, maintain, monitor, operate, and improve their products and services or enforce their rights, provided that any Systems Information derived from Customer Content may only be used to improve products and services when aggregated with other information so that the original Customer Content is not identifiable.

17.2. Confidentiality

Systems Information is Siemens Confidential Information. Siemens may disclose Systems Information to a Siemens-authorized partner only to the extent reasonably required for such partner to fulfil its support obligations to Customer.

Renewals, suspension, and termination

18. Subscription renewals

18.1. Renewal

If indicated in the Order or agreed by the parties in an electronic system made available by Siemens, the Subscription Term for the applicable paid Offering will automatically renew for successive Subscription Terms.

Any renewed Subscription Term will be the same length as the preceding term or 12 months (whichever is longer).

18.3. Price upon renewal

20. Termination

20.1. Mutual termination rights

Neither party will terminate an Order for convenience during the applicable Subscription Term.

Either party may only terminate with immediate effect an Order for an Offering during its applicable Subscription Term for good cause. Good cause exists particularly, if:
