

We generate customer value by combining the right technology partners with our versatile SIMATIC system

SIMATIC Field Technology Partner Program

We are looking for...

Technology Partners
to complement our offering

Provision, combination or integration of Siemens technologies with the SIMATIC portfolio to create customer value and strengthen our Siemens offering.

... use the power of SIMATIC to boost your business!

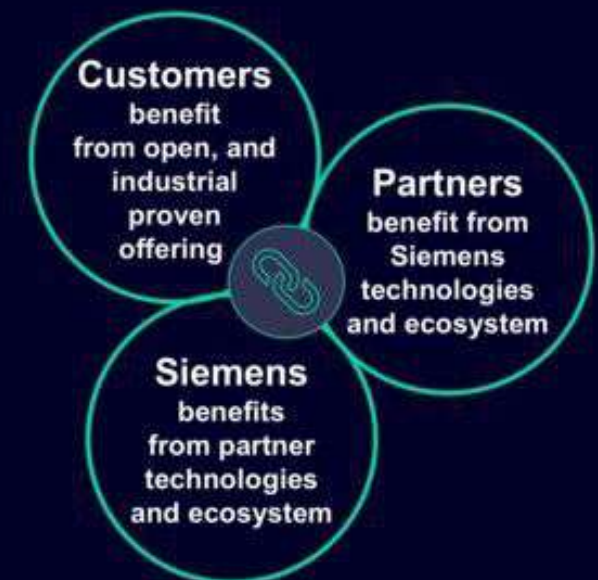

To combine through...

Working together with partners **on an equal footing** and doing joint sales and marketing activities.

To generate value...

Goal: maximize customer value within our ecosystem through targeted technology partnerships.
