

A. ADDENDUM DATA PROTECTION

- a. The personal data of the signatories provided in this Contract will be treated with the purpose of formalizing the mercantile relation between their represented and to execute the Contract in which the interested parties are part or for the application at request of these of pre-contractual measures. The data, for this purpose, will be kept as long as the Contract, which will form part of the history of contracts signed by the parties, remains in force, until the right of retention of the data for the exercise of legal actions ceases or until the legal obligations to maintain the data cease in order to prevent money laundering and the financing of terrorism.
- b. The parties recognise that, by signing this Contract, the provider is legitimated by Portuguese law and by its own legitimate interest in carrying out direct marketing actions, to send, even by electronic means, to the acquirer commercial communications relating to products or services of its own company that are similar to those initially contracted. The acquirer, through those responsible for each of its areas, will be the recipient of these communications. The acquirer knows that the contact details of the acquirer, which are exclusively professionals who have published on its website, those provided through this Contract, those incorporated in the vCards of its employees and those delivered by them to the lender, may be used by the lender for this purpose. Personal data will be kept in the system indefinitely for this purpose as long as the interested party does not request its deletion.
- c. For the above purposes, the personal data will not be used to make automated individual decisions and will not be disclosed to third parties except, as far as necessary, to financial institutions, the State Tax Administration Agency (Autoridade Tributária e Aduaneira) or other subjects in compliance with a legal obligation. If the contractual relationship so requires, some Siemens Group companies may have access, with possible international transfers, to your data. These will be protected under the Group's Binding Corporate Rules, as explained in Siemens' extended data protection information (<http://sie.ag/2CwUFR9>).
- d. The signatories may write to Siemens, S.A. to exercise their rights of access, rectification, deletion, limitation or opposition to the processing, as well as, where possible, portability of their data. The letter should be sent to "Siemens S.A., Compliance Department, Rua Irmãos Siemens n.º 1 e 1 A, 2720-093 Amadora, Portugal", or to the Data Protection Officer of Siemens via e-mail (complianceoffice.pt@siemens.com). The signatories have the right to file a complaint with the corresponding Portuguese Data Protection Authority (Comissão Nacional de Proteção de Dados).

☐ By ticking this box or, as the case may be, by expressly indicating it by equivalent means, I permit Siemens to send to the company I represent, in particular to the e-mail addresses of those responsible for its areas, information that it considers may be of interest to it on products or services offered by or through Siemens Group companies falling within classes 6, 7, 9, 10, 11, 12, 36, 37, 38, 42 of the Nice Classification (<http://tramites2.oepm.es/clinmar/inicio.action>).
