Realize LIVE

The Digital Transformation Conference

Hosted by Siemens, Realize LIVE is designed for professionals in **engineering, manufacturing, product lifecycle management, design, and IT/software administration.**

It provides an opportunity for **users, industry experts, and partners** to **network, share insights, and learn about the latest trends, technologies, and best practices.**

It's where your digital transformation gets real. Fast.

There are several session types to choose from

Technical ⟵ ⟶ Strategic

Product demos	**Tips and tricks**	**Case studies**	**Industry talks**	**Thought leadership**
Showcase your methods for achieving optimal use of a specific Siemens technology.	Present practical advice, best practices, and technical insights on the Siemens portfolio.	Focus on a challenge you encountered, how you addressed it, and the results you achieved.	Explore how you addressed a trend or challenge unique to your industry.	Cross-industry discussions that offer insightful perspectives on topics such as sustainability, future of mobility, and AI.

Featured portfolio:

- Capital
- Digital logistics
- Digital Manufacturing
  Opcenter, Tecnomatix, NX CAM
