

Timo Nentwich

Executive Vice President and Head of Finance

Follow on LinkedIn

Background

Timo Nentwich is executive vice president and head of finance for Siemens Digital Industries Software, a business unit of Siemens Digital Industries. In this role, Timo is responsible for directing the company's financial management, including controlling, purchasing, finance, information technology, internal audit, and strategic planning.

Timo joined Siemens Digital Industries Software in 2020 and has more than 20 years of Siemens financial experience. Most recently, Timo was CFO of the Rail Infrastructure business unit in Siemens Mobility in Berlin. Timo joined Siemens in a trainee program and has since held roles of increasing responsibility in logistics, sales and operations, and finance in Africa, Australia, Europe and North America.

Timo earned a Master of Business Administration from Open University Business School in Great Britain.

Timo and his wife live in Texas with their son.

About Siemens Digital Industries Software

Siemens Digital Industries Software helps organizations of all sizes digitally transform using software, hardware and services from the Siemens Xcelerator business platform. Siemens' software and the comprehensive digital twin enable companies to optimize their design, engineering and manufacturing processes to turn today's ideas into the sustainable products of the future. From chips to entire systems, from product to process, across all industries.
