SIEMENS

Mike Ellow

CEO, Siemens EDA

Background

Mike Ellow is CEO, Siemens EDA, Siemens Digital Industries Software, a business unit of Siemens Digital Industries. He leads Siemens EDA (formerly Mentor Graphics) Research and Development as well as EDA Global Sales. Ellow has led Siemens EDA Sales since August 2014 and Siemens EDA ICS R&D since 2023. He brings 30 years of executive sales and technical management experience, along with a proven track record of building strong sales and engineering teams while delivering positive, predictable results. These results are built on a foundation of focusing on customer success.

Ellow joined Mentor Graphics in March 2014 as part of the company's acquisition of Berkeley Design Automation, where he was Vice President of Worldwide Sales. Prior to that, he held various positions at Cadence Design Systems, overseeing sales in North America, Europe, and India, culminating in the role of Corporate Vice President, North American Sales. Prior to Cadence, he held management, marketing, and engineering positions in a number of different industries. He started his career as an electrical engineer at Hughes Aircraft.

Ellow has a BSEE from Lehigh University, an MSEE from the University of Southern California, and an MBA from California State University, Fullerton.

About Siemens Digital Industries Software

Siemens Digital Industries Software helps organizations of all sizes digitally transform using software, hardware and services from the Siemens Xcelerator business platform. Siemens' software and the comprehensive digital twin enable companies to optimize their design, engineering and manufacturing processes to turn today's ideas into the sustainable products of the future. From chips to entire systems, from product to process, across all industries.
