Eryn Devola

Vice President, Sustainability, Siemens Digital Industries

Follow on LinkedIn

Background

Eryn Devola is the Vice President of Sustainability for Siemens Digital Industries, where she leads the Sustainability horizontal market to manage the strategy for profitable sustainability for Siemens and our customers. Eryn has been part of the Siemens team since 2012, most recently as the North America Director of Sales for Siemens Large Drive Applications. Her career includes roles of increasing responsibility across quality, plant management, operations, and sales.

She has long had a passion for sustainable product development and production. Eryn completed an NFS Fellowship focused on Environmentally Conscious Manufacturing and has applied the knowledge she gained there to many roles in her career. Eryn has a bachelor's and master's in mechanical engineering from Michigan Technology University, and an MBA from the University of Louisville.
