1. TISAX Label

The ENX Association supports with TISAX (Trusted Information Security Assessment Exchange) on behalf of VDA the common acceptance of Information Security Assessments in the automotive industry. The TISAX Assessments are conducted by accredited audit providers that demonstrate their qualification at regular intervals. TISAX and TISAX results are not intended for the general public.

Siemens Industry Software (SISW) has taken extensive measures to protect [sensitive and/or confidential] information. SISW, adheres to the requirements of the questionnaire for information security of the German Association of the Automotive Industry (VDA ISA).
Assessment results are available through the ENX Portal:

https://www.enx.com/en-US/TISAX/faqs/#exchange

Please see instructions on how to gain access to the ENX Portal at:

2. TISAX Shared Results search

The following link below allows you to seach for TISAX results and labels released by the TISAX community.

https://portal.enx.com/en-US/myenxportal/published-shared-results/

Please select the TAB "SHARED ASSESSMENT RESULTS" at the top of the page and enter "Siemens" or the specific Siemens subsidiary you seek in the seach field. Select your preferred TISAX label and a pop-up windows will show the specific details of that assessment.
