

Monday						
	Oceanside B	Oceanside C	Oceanside D	Oceanside F	Oceanside G	
1:30 - 2:15 p.m.	MBSE Production Pilot for Applied Materials  Applied Materials	You did what?? Teamcenter Integration for Creo in Active Workspace: Trials and Triumphs  Northrop Grumman	Empower your frontline workforce with Augmented Reality  Siemens	Advice from the frontlines: Systems Engineering (verb) your MBSE implementation  INCOSE	Extending the concept of reuse - automated tech pubs in the digital thread  Siemens	
2:45 - 3:30 p.m.	Product Configurator implementation  Caterpillar	Automotive Teamcenter X at lightning speed!  Workhorse	Active Integration - Introducing the Future of Digital Collaboration  Siemens	Engineering and NX Automation with Rulestream: A "no client install" solution.  Ingersoll Rand	How to Bulletproof your Workflow Templates  PLMartens Solutions	
Tuesday						
	Oceanside B	Oceanside C	Oceanside D	Oceanside F	Oceanside G	
10:30 - 11:15 a.m.	Teamcenter Keynote: PLM of the Future Oceanside C					
11:45 a.m. - 12:30 p.m.	The Meta Reality Labs Journey from Oracle Agile to Teamcenter  Accenture and Meta	How to implement Teamcenter module-based on Agile approach  Bombardier	Cloud leading with Teamcenter X  Siemens	ENERCON - Building a digital thread for Design, Engineering and Manufacturing via BOM alignment (automation) process  ENERCON	Impactful Insights and Predictive Analytics through Teamcenter Reporting and Analytics  eQ Technologic	
2:00 - 2:45 p.m.	Honeywell Aerospace Journey with Teamcenter Supplier Collaboration  Honeywell Aerospace	Teamcenter 11 to 14 application and infrastructure Upgrade: A Case Study at Johnson and Johnson Vision Care  Johnson & Johnson	PLM Automation at GE Aerospace  GE Aerospace	Bionic Breakthroughs: Empowering Innovation with Teamcenter  PROLIM	How does Teamcenter classification play a vital role in handling vast amounts of industry data?  PLM Nordic	
3:15 - 4:00 p.m.	Digital Twin Visualization in the Industrial Metaverse  Siemens	Supercharging sustainability while driving profitable growth  Daimler Truck	Integrating Generative AI into PLM  Deloitte Consulting	Enterprise BOM at Gulfstream  Gulfstream Aerospace	What's new in Teamcenter System Lifecycle Management  Siemens	
4:30 - 5:15 p.m.	Xpedition and NX printed circuit board (PCB) development via Teamcenter  Siemens	Augment your expectations, not your battery  Enervenue	Logistics Support Data Management - service lifecycle management for GEIA-0007  Intermountain Aerospace	Optimizing the Change Management module in Active Workspace  AppliedCAX	Enabling Polarion-MBSE- Teamcenter integration to establish digital continuity  HCL Tech	
Wednesday						
	Oceanside B	Oceanside C	Oceanside D	Oceanside F	Oceanside G	Oceanside E
10:30 - 11:15 a.m.	Green efficiency: accelerating engineering change management with design - BOM alignment  ENERCON	PLM Journey, from requirements to certification  Bombardier	Design and safety compliance enhancements for Applied Materials  Applied Materials	Delivering value through optimized Teamcenter integration  SAP	Teamcenter Active Workspace Visualization and DMU of Any BOM, Any Configuration, Fast  Siemens	
11:45 a.m. - 12:30 p.m.	Teamcenter Q&A with Senior Vice President LCS and IES - Frances Evans Oceanside C					
2:00 - 2:45 p.m.	Teamcenter AI and Large Language Models  Siemens	Deployment Center - Lessons Learned and Best Practices  Gulfstream Aerospace	The Council of Elrond for PLM - One Ring to Rule Them All?  Northrop Grumman	OneSubsea Digitalization Journey  OneSubsea	What's New in Teamcenter Structure , BOM and Configurator  Siemens	Continuous delivery using Azure DevOps  Northrop Grumman
3:15 - 4:00 p.m.	Implementation and migration to MultiCAD JT  Applied Materials	Continuous Release is possible for your company (Fact or Fiction)  Northrop Grumman	Value-driven Digital Threads in Healthcare  Siemens Healthineers	Creating transparency, minimizing risks: How Leica Geosystems maintains control over material and export compliance requirements in their supply chain  Nexpirit GmbH	Green by Design: Optimizing Product Costs and Carbon Footprint in Development  Siemens	Geolus - a tool to improve reuse and reduce labor and material costs  Collins Aerospace
4:30 - 5:15 p.m.		Airborne and ground vehicle test planning and execution  Intermountain Aerospace	What's new in Active Workspace's user interface to Teamcenter  Siemens	Teamcenter Change Management overview with introduction of Merge and Revert advancement to fuel the process agility!  Siemens
