

Monday

	Oceanside B	Oceanside C	Oceanside D	Oceanside F	Oceanside G
1:30 - 2:15 p.m.	You did what?? Teamcenter Integration for Creo in Active Workspace: Trials and Triumphs Applied Materials	You did what?? Teamcenter Integration for Creo in Active Workspace: Trials and Triumphs Northrop Grumman	Augment your expectations, not your battery Enervenue	Daimler Truck: Supercharging sustainability while driving profitable growth Siemens	Extending the concept of reuse - Automated tech pubs in the digital thread Siemens
2:15 - 3:00 p.m.	Honeywell Aerospace Journey with Teamcenter Supplier Collaboration Honeywell Aerospace	Active Integration - Introducing the Future of Digital Collaboration Siemens	Product Configurator Implementation at Caterpillar Caterpillar Inc	Engineering and NX Automation with Rulestream: A "no client install" solution. Ingersoll Rand	How to Bulletproof your Workflow Templates PLMartens Solutions

Tuesday

	Oceanside B	Oceanside C	Oceanside D	Oceanside F	Oceanside G
10:30 - 11:15 a.m.	Teamcenter Keynote: PLM of the Future Oceanside C				
11:45 a.m. - 12:30 p.m.	The Meta Reality Labs Journey from Oracle Agile to Teamcenter Accenture	How to implement Teamcenter module-based on Agile approach Bombardier	Cloud leading with Teamcenter X Siemens	ENERCON - Building a digital thread for Design, Engineering and Manufacturing via BOM alignment (automation) process ENERCON	Impactful Insights and Predictive Analytics through Teamcenter Reporting and Analytics eQ Technologic
2:00 - 2:45 p.m.	Digital Twin Visualization in the Industrial Metaverse Siemens	Teamcenter 11 to 14 application and infrastructure upgrade: a case study at Johnson and Johnson Vision Care GE Aerospace	PLM Automation at GE Aerospace GE Aerospace	Enterprise BOM at Gulfstream Gulfstream Aerospace	Impactful Insights and Predictive Analytics through Teamcenter Reporting and Analytics PLM Nordic
3:15 - 4:00 p.m.	The Industrial Metaverse for Energy, Chemicals and Infrastructure Siemens	The Council of Elrond for PLM - One Ring to Rule Them All? Northrop Grumman	Integrating Generative AI into PLM Deloitte Consulting	Optimizing the Change Management module in Active Workspace AppliedCAX	What's new in MBSE Siemens
4:30 - 5:15 p.m.	Empower your frontline workforce with Augmented Reality Siemens	AI-powered productivity and collaboration Applied Materials	Logistics Support: Data Management – service lifecycle management for GEIA-0007 Intermountain Aerospace	Bionic Breakthroughs: Empowering Innovation with Teamcenter PROLIM	Enabling Polarion-MBSE-Teamcenter integration to establish digital continuity HCL Tech

Wednesday

	Oceanside B	Oceanside C	Oceanside D	Oceanside F	Oceanside G	Oceanside E
10:30 - 11:15 a.m.	Green efficiency: accelerating engineering change management with design - BOM alignment ENERCON	PLM Journey, from requirements to certification Bombardier	Design and safety compliance enhancements for Applied Materials Applied Materials	Delivering value through optimized Teamcenter integration SAP	Teamcenter Active Workspace Visualization and DMU of Any BOM, Any Configuration, Fast Siemens	Xpedition and NX printed circuit board (PCB) development via Teamcenter Siemens
11:45 a.m. - 12:30 p.m.	Teamcenter Q&A with Senior Vice President LCS and IES - Frances Evans Oceanside C					
2:00 - 2:45 p.m.	Teamcenter AI and Large Language Models Siemens	Deployment Center - Lessons Learned and Best Practices Gulfstream Aerospace	Teamcenter 11 to 14 application and infrastructure Upgrade: A Case Study at Johnson and Johnson Vision Care Johnson & Johnson	OneSubsea Digitalization Journey OneSubsea	What's New in Teamcenter Structure, BOM and Configurator Siemens	Continuous delivery using Azure DevOps Northrop Grumman
3:15 - 4:00 p.m.	Implementation and migration to MultiCAD JT Applied Materials	Continuous Release is possible for your company (Fact or Fiction) Northrop Grumman	Value-driven Digital Threads in healthcare Siemens Healthineers	Creating transparency, minimizing risks: How Leica Geosystems maintains control over material and export compliance requirements in their supply chain Nexpirit GmbH	Green by Design: Optimizing Product Costs and Carbon Footprint in Development Siemens	Geolus - a tool to improve reuse and reduce labor and material costs Collins Aerospace
4:30 - 5:15 p.m.	Structural Integrity Management on critical mining assets Vale	Airborne and ground vehicle test planning and execution Intermountain Aerospace	What's new in Active Workspace's user interface to Teamcenter Siemens	Teamcenter Change Management overview with introduction of Merge and Revert advancement to fuel the process agility! Siemens	Advice from the front-lines: Systems Engineering (verb) your MBSE implementation INCOSE
