End User License Agreement

IMPORTANT – READ CAREFULLY: This End-User License Agreement (“EULA”) is a legal agreement between You (either an individual, a legal entity or any affiliated companies or other entities) and Siemens Industry, Inc. as the licensor, (“Licensor” or “Siemens”). This EULA authorizes You to use the Licensed Software, specified in Clause 1 below, under the terms and conditions set forth below. Read this EULA carefully before installing or using the Licensed Software. Use of the Licensed Software is only permitted in connection with this EULA.

By pressing the "ACCEPT" button at the bottom of this page or otherwise installing, copying, and/or using the Licensed Software you acknowledge that you have (1) read and understood this EULA as well as each of the third party licenses, Open Source Software licenses and additional terms set forth in the “Other Component Agreement Readme” identified below (“Additional Terms”); and (2) agree to be bound by all of the terms and conditions of this EULA and such Additional Terms. You further agree that if Siemens or any licensor of Siemens is required to engage in any proceeding, legal or otherwise, to enforce their rights under this EULA, Siemens and/or its licensor shall be entitled to recover from You, in addition to any other sums due, reasonable attorney’s fees, costs and disbursements. Furthermore you confirm that you have the power to make such a declaration also for your company. If you do not agree to all the terms and conditions of this EULA, press the "Reject" button at the bottom of this page and the installation process will not proceed as you are not otherwise entitled to install or use the Licensed Software.

This EULA governs any updates, releases, revisions, or enhancements to the Licensed Software.

1. **LICENSED SOFTWARE.** As used in this EULA, the term “Licensed Software” means (i) the components which make up the Siemens Launch Pad Application in any release of the foregoing, and (ii) any related media, printed materials, and “online” or electronic documentation. The Licensed Software is provided as installable software for a personal computer of Licensee for use for use as a client application to access the BACnet Field Panel Web Server in the Field Panel.

2. **INTELLECTUAL PROPERTY RIGHTS NOTICE.** The Licensed Software and all rights, without limitation including proprietary rights therein, are owned by Siemens, their licensors or affiliates and are protected by international treaty provisions and all applicable national laws. The structure, organization, and code of the Licensed Software are the valuable trade secrets and confidential information of Siemens, their licensors or affiliates. Except as expressly and unambiguously provided herein, You do not possess, and Siemens does not grant to You, any express or implied rights (whether by implication, estoppel or other legal theory) in or to any such intellectual property rights and all such rights are retained by Siemens, its licensors or affiliates. You must reproduce and include the copyright notices with any permitted copies You make of the Licensed Software.

3. **LICENSE GRANT AND USE RESTRICTIONS.** The Licensed Software is not sold to You. Siemens only grants to You in this EULA a non-transferable, non-exclusive license to use the Licensed Software in object code provided You comply with all terms and conditions of this EULA.

4. **LIMITATIONS ON LICENSE.** You may not copy, distribute, or make derivative works of the Licensed Software except as follows: (a) You are entitled to access, upload, install and execute the BACnet Field Panel Web Client Application of the Licensed Software on a computer owned by You ("Computer ") and to use or interact with the remaining Licensed Software embedded in the Field Panel through the use of the BACnet Field Panel Web Client Application. You are only permitted to access the BACnet Field Panel Web Client Application embedded in the Field Panel for upload to the Computer by submitting a web request via a web browser on the Computer to the web address of the Field Panel. The Field Panel's web address is supplied with the related documentation for the Licensed Software. (b) After installation of the BACnet Field Panel Web Client Application of the Licensed Software on the Field Panel in compliance with the EULA, You may only keep a single copy of the uploaded BACnet Field Panel Web Client Application on storage medium employed in or used with the Computer. If the BACnet Field Panel Web Client Application is erased from or damaged on the storage medium, You may upload another copy of the BACnet Field Panel Web Client Application from the original location. Unless specifically stated otherwise in this EULA, You may under no other circumstances make copies of the Licensed Software or of the printed materials which are enclosed with the Licensed Software. Any other copies You make of the Licensed Software are in violation of this EULA. (c) You may not use, modify, or transfer the right to use the Licensed Software other than together with the accompanying hardware or copy the Licensed Software except as expressly provided in this EULA. (d) You may not sublicense, rent or lease the Licensed Software. (e) You may not or direct any third party to, reverse engineer, decompile, or disassemble the Licensed Software programs except and only to the extent that such activity is expressly permitted by applicable law notwithstanding this limitation. (f) You (or any third party at your direction) also shall not (i) modify or create a derivative work of the Licensed Software, or (ii) extract any individual parts except when and only to the extent that such activity is expressly permitted by applicable law notwithstanding this limitation. (g) This EULA does not grant You any rights whatsoever in relation to the trademarks or service marks of Siemens, Siemens AG or either's affiliates.

5. **NO OTHER OBLIGATIONS; RESERVATION OF RIGHTS.** This EULA creates no obligations on the part of Siemens other than as specifically set forth herein. Licensor reserve all rights not expressly granted to You in this EULA.

6. **ADDITIONAL SOFTWARE / COMPONENT LICENSES.** This EULA applies to updates or supplements to the original Licensed Software provided by Licensor or Siemens, unless Licensor or Siemens provides other terms along with the update or supplement. The Licensed Software may contain certain Open Source Software (OSS) components and/or other Third Party components (each, a "Component") that include a separate end user license agreement (a "Component Agreement") as set forth in the "Other Component Agreement Readme" identified below. The terms of any Component Agreement are herein incorporated by reference to this EULA. In the event that you receive the terms and conditions stipulated by the relevant third party licensor in A Component Agreement together with the Licensed Software, such terms and conditions shall apply with respect to the third party licensor's liability towards you. Siemens own liability to you is governed by this EULA. In the event of any inconsistencies between this EULA and any Component Agreement, the terms of this EULA shall control except the license conditions of the respective OSS shall prevail over this EULA with respect to the OSS . If the license conditions of the OSS require the distribution of the source code of such OSS, Siemens

shall provide such source code upon request against payment of the shipping and handling charges.

7. MISUSE OF THE LICENSED SOFTWARE OR DATA GENERATED BY THE LICENSED SOFTWARE IS STRICTLY PROHIBITED BY LICENSOR, MAY VIOLATE U.S. AND OTHER LAWS AND MAY SUBJECT YOU TO SUBSTANTIAL LIABILITY. You are solely responsible for any misuse of the Licensed Software under this EULA and for any liability or damage related in any way to your use of the Licensed Software in violation of this EULA. You are also responsible for using the Licensed Software in accordance with the limitations of this EULA.

8. TERMINATION: This EULA is affective from the first date You upload BACnet Field Panel Web Client Application or otherwise install, copy or use the Licensed Software. Without prejudice to any other rights, Licensor or Siemens shall be entitled to terminate this EULA without notice if You fail to comply with any provision of this EULA. In such a case You will be obliged to destroy all copies, all related materials of the Licensed Software and all its components.

9. WARRANTY DISCLAIMER. Siemens shall be only liable for defects and any violation of property rights, as set forth in this Clause:

(a) EXCEPT AS EXPRESSLY WARRANTED, THE LICENSOR DOES NOT WARRANT THAT (i) THE LICENSED SOFTWARE SHALL OPERATE WITH ANY HARDWARE OTHER THAN THE FIELD PANEL IN WHICH THE LICENSED SOFTWARE WAS PROVIDED BY SIEMENS AND SOFTWARE OTHER THAN THE FIRMWARE PROVIDED BY SIEMENS IN SUCH FIELD PANEL OR AS SPECIFIED IN THE APPROPRIATE LICENSED SOFTWARE REFERENCE MANUAL SUPPLIED BY SIEMENS; (ii) THE LICENSED SOFTWARE SHALL SATISFY THE CUSTOMER'S OWN SPECIFIC REQUIREMENTS, (iii) COPIES OF THE LICENSED SOFTWARE OTHER THAN THOSE PROVIDED OR AUTHORIZED BY LICENSOR SHALL POSSESS FUNCTIONAL INTEGRITY, OR (iv) THAT THE OPERATION OF THE LICENSED SOFTWARE WILL BE UNINTERRUPTED OR ERROR-FREE.

(b) NEITHER SIEMENS NOR ANY OF ITS LICENSORS (IF ANY) MAKES ANY REPRESENTATIONS OR WARRANTIES, EXPRESSED OR IMPLIED, WITH RESPECT TO THE MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE, OPERABILITY OF MODIFICATIONS TO THE LICENSED SOFTWARE NOT MADE BY THE SIEMENS, OR THAT THE LICENSED SOFTWARE WILL NOT INFRINGE ANY THIRD PARTY PATENTS, COPYRIGHTS, TRADEMARKS OR OTHER RIGHTS. SIEMENS DISCLAIMS ALL OBLIGATIONS AND LIABILITIES ON THE PART OF SIEMENS FOR DAMAGES TO THE FIELD PANEL OR THE COMPUTER, INCLUDING BUT NOT LIMITED TO SPECIAL, INDIRECT, AND CONSEQUENTIAL DAMAGES (EVEN IF SIEMENS HAD BEEN ADVISED OF THE POSSIBILITY OF SUCH DAMAGES), AND WITH RESPECT TO ATTORNEY'S AND EXPERTS' FEES AND COURT COSTS IN AN ACTION WITH A THIRD PARTY, ARISING OUT OF OR IN CONNECTION WITH THE USE OF THE LICENSED SOFTWARE BY LICENSEE, OR ANY THIRD PARTY.

(c) Any further rights and remedies than those as per this Clause 9 (in particular Your right to claim damages) based on a defect or a violation of property rights shall be excluded. This

exclusion shall not apply in the event of gross negligence, unlawful intent or insofar as mandatory law provides otherwise.

10. LIMITATION OF LIABILITY. UNLESS OTHERWISE AGREED IN CLAUSE 9, IN NO EVENT SHALL SIEMENS, ITS EMPLOYEES, LICENSORS, AFFILIATES, AGENTS OR SIEMENS AG AND THEIR AFFILIATES BE LIABLE FOR ANY LOST PROFITS OR COSTS OF PROCUREMENT OF SUBSTITUTE GOODS OR SERVICES, PROPERTY DAMAGE, LOSS OF PROFITS, INTERRUPTION OF BUSINESS OR FOR ANY SPECIAL, INDIRECT, INCIDENTAL, ECONOMIC, PUNITIVE OR CONSEQUENTIAL DAMAGES, HOWEVER CAUSED, AND WHETHER ARISING UNDER CONTRACT, TORT, NEGLIGENCE, OR OTHER THEORY OF LIABILITY, OR ARISING OUT OF THE USE OF OR INABILITY TO USE THE LICENSED SOFTWARE, EVEN IF SIEMENS IS ADVISED OF THE POSSIBILITY OF SUCH DAMAGES. THE LIMITATION OF LIABILITY SHALL NOT APPLY IF AND TO THE EXTENT SIEMENS' LIABILITY IS MANDATORY UNDER THE APPLICABLE LAW (e.g., PRODUCT LIABILITY LAW OR INTENTIONAL MISCONDUCT).

11. DEBUGGING / TECHNICAL SUPPORT. Unless otherwise agreed in writing, Siemens or Siemens AG and their affiliates have no obligation to furnish You with technical support or to debug the Licensed Software ("Support Services"). Siemens may at its sole discretion offer You such support services concerning the Licensed Software. Siemens reserves the right to improve the Licensed Software described here and to carry out modifications at any time without any prior notice. Siemens and where applicable their licensors in the Licensed Software shall be entitled to freely use any feedback and/or technical data received from You resulting from your access to and use of the Licensed Software and/or from Siemens' Support Services for any business purposes, including (without limitation) product development, manufacture, marketing, product ordering, and maintenance or support of products and services. Siemens does not guarantee that Support Services shall cure any technical problem caused by the use of the Licensed Software.

12. EXPORT CONTROL. The Licensed Software, including technical data / cryptographic software, may be subject to Swiss, German, European Union and U.S. export controls and may be subject to import or export controls in other countries. You agree to strictly comply with all applicable import and export laws and regulations. Specifically, You agree, to the extent required by U.S. Export Administration Regulations, that You shall not disclose or otherwise export, re-export, transship, or transmit the Licensed Software or any part thereof delivered under this EULA to any country (including a national or resident of such country) to which the U.S. has restricted or prohibited the export of goods or services. You represent and warrant that You are not (i) located in any country that is subject to a U.S. Government embargo, or that has been designated by the U.S. Government as a "terrorist sponsoring" country, or (ii) listed on any U.S. Government list of prohibited or restricted parties including the Treasury Department's list of Specially Designated Nationals or the U.S. Department of Commerce Denied Person's List or Entity List.

13. FOR U.S. GOVERNMENT END USERS: The Licensed Software was developed at private expense and each component thereof is a "commercial item" as that term is defined at 48 C.F.R. 2.101, consisting of "commercial computer software" and "commercial computer software documentation" as such terms are used in 48 C.F.R. 12.212 and FAR 52.227-19 Commercial Computer Software License Consistent with 48 C.F.R. 12.212 and 48 C.F.R. 227.7202-1 through

227.7202-4, all U.S. Government end users acquire the Licensed Software with only those limited rights set forth therein. Publisher is Siemens Industry, Inc., 1000 Deerfield Parkway, Buffalo Grove, Illinois, 60089, USA.

14. GOVERNING LAW. This EULA shall be governed by and construed and interpreted by the laws of the State of Illinois, without regard to any conflict of laws provisions therein.

15. Miscellaneous. This EULA represents the entire agreement between You and Licensor or Siemens relating to the Licensed Software and (i) supersedes all prior or contemporaneous oral or written communications, proposals, and representations with respect to its subject matter; and (ii) prevails over any conflicting or additional terms of any acknowledgement or similar communication between the parties during the term of this License. If any provision of this EULA is held invalid, all other provisions shall remain valid unless such validity would frustrate the purpose of this EULA, and this EULA shall be enforced to the full extent allowable under applicable law. No modification to this EULA is binding, unless in writing and signed by a duly authorized representative of each party. This EULA shall be binding on and shall inure to the benefit of the heirs, successors, and assigns of the parties hereto. The failure of either party to enforce any right resulting from the breach of any provision of this EULA by the other party will not be deemed a waiver of any right related to a subsequent breach of such provision or any other right hereunder.

1. Definitions

- a. "Collective Work" means a work, such as a periodical issue, anthology or encyclopedia, in which the Work in its entirety in unmodified form, along with one or more other contributions, constituting separate and independent works in themselves, are assembled into a collective whole. A work that constitutes a Collective Work will not be considered a Derivative Work (as defined below) for the purposes of this License.
- b. "Derivative Work" means a work based upon the Work or upon the Work and other pre-existing works, such as a translation, musical arrangement, dramatization, fictionalization, motion picture version, sound recording, art reproduction, abridgment, condensation, or any other form in which the Work may be recast, transformed, or adapted, except that a work that constitutes a Collective Work will not be considered a Derivative Work for the purpose of this License. For the avoidance of doubt, where the Work is a musical composition or sound recording, the synchronization of the Work in timed-relation with a moving image ("synching") will be considered a Derivative Work for the purpose of this License.
- c. "Licensor" means the individual, individuals, entity or entities that offers the Work under the terms of this License.
- d. "Original Author" means the individual, individuals, entity or entities who created the Work.
- e. "Work" means the copyrightable work of authorship offered under the terms of this License.

f. "You" means an individual or entity exercising rights under this License who has not previously violated the terms of this License with respect to the Work, or who has received express permission from the Licensor to exercise rights under this License despite a previous violation.

2. Fair Use Rights. Nothing in this license is intended to reduce, limit, or restrict any rights arising from fair use, first sale or other limitations on the exclusive rights of the copyright owner under copyright law or other applicable laws.

3. License Grant. Subject to the terms and conditions of this License, Licensor hereby grants You a worldwide, royalty- free, non-exclusive, perpetual (for the duration of the applicable copyright) license to exercise the rights in the Work as stated below:

a. to reproduce the Work, to incorporate the Work into one or more Collective Works, and to reproduce the Work as incorporated in the Collective Works;

b. to create and reproduce Derivative Works provided that any such Derivative Work, including any translation in any medium, takes reasonable steps to clearly label, demarcate or otherwise identify that changes were made to the original Work. For example, a translation could be marked "The original work was translated from English to Spanish," or a modification could indicate "The original work has been modified.";

c. to distribute copies or phonorecords of, display publicly, perform publicly, and perform publicly by means of a digital audio transmission the Work including as incorporated in Collective Works;

d. to distribute copies or phonorecords of, display publicly, perform publicly, and perform publicly by means of a digital audio transmission Derivative Works.

e. For the avoidance of doubt, where the Work is a musical composition:

i. Performance Royalties Under Blanket Licenses. Licensor waives the exclusive right to collect, whether individually or, in the event that Licensor is a member of a performance rights society (e.g. ASCAP, BMI, SESAC), via that society, royalties for the public performance or public digital performance (e.g. webcast) of the Work.

ii. Mechanical Rights and Statutory Royalties. Licensor waives the exclusive right to collect, whether individually or via a music rights agency or designated agent (e.g. Harry Fox Agency), royalties for any phonorecord You create from the Work ("cover version") and distribute, subject to the compulsory license created by 17 USC Section 115 of the US Copyright Act (or the equivalent in other jurisdictions).

f. Webcasting Rights and Statutory Royalties. For the avoidance of doubt, where the Work is a sound recording, Licensor waives the exclusive right to collect, whether individually or via a performance-rights society (e.g. SoundExchange), royalties for the public digital performance (e.g. webcast) of the Work, subject to the compulsory license created by 17 USC Section 114 of the US Copyright Act (or the equivalent in other jurisdictions).

The above rights may be exercised in all media and formats whether now known or hereafter devised. The above rights include the right to make such modifications as are technically necessary to exercise the rights in other media and formats. All rights not expressly granted by Licensor are hereby reserved.

4. Restrictions. The license granted in Section 3 above is expressly made subject to and limited by the following restrictions:

a. You may distribute, publicly display, publicly perform, or publicly digitally perform the Work only under the terms of this License, and You must include a copy of, or the Uniform Resource Identifier for, this License with every copy or phonorecord of the Work You distribute, publicly display, publicly perform, or publicly digitally perform. You may not offer or impose any terms on the Work that restrict the terms of this License or the ability of a recipient of the Work to exercise the rights granted to that recipient under the terms of the License. You may not sublicense the Work. You must keep intact all notices that refer to this License and to the disclaimer of warranties. When You distribute, publicly display, publicly perform, or publicly digitally perform the Work, You may not impose any technological measures on the Work that restrict the ability of a recipient of the Work from You to exercise the rights granted to that recipient under the terms of the License. This Section 4(a) applies to the Work as incorporated in a Collective Work, but this does not require the Collective Work apart from the Work itself to be made subject to the terms of this License. If You create a Collective Work, upon notice from any Licensor You must, to the extent practicable, remove from the Collective Work any credit as required by Section

4(b), as requested. If You create a Derivative Work, upon notice from any Licensor You must, to the extent practicable, remove from the Derivative Work any credit as required by Section 4(b), as requested.

b. If You distribute, publicly display, publicly perform, or publicly digitally perform the Work (as defined in Section 1 above) or any Derivative Works (as defined in Section 1 above) or Collective Works (as defined in Section 1 above), You must, unless a request has been made pursuant to Section 4(a), keep intact all copyright notices for the Work and provide, reasonable to the medium or means You are utilizing: (i) the name of the Original Author (or pseudonym, if applicable) if supplied, and/or (ii) if the Original Author and/or Licensor designate another party or parties (e.g. a sponsor institute, publishing entity, journal) for attribution ("Attribution Parties") in Licensor's copyright notice, terms of service or by other reasonable means, the name of such party or parties; the title of the Work if supplied; to the extent reasonably practicable, the Uniform Resource Identifier, if any, that Licensor specifies to be associated with the Work, unless such URI does not refer to the copyright notice or licensing information for the Work; and, consistent with Section 3(b) in the case of a Derivative Work, a credit identifying the use of the Work in the Derivative Work (e.g., "French translation of the Work by Original Author," or "Screenplay based on original Work by Original Author"). The credit required by this Section 4(b) may be implemented in any reasonable manner; provided, however, that in the case of a Derivative Work or Collective Work, at a minimum such credit will appear, if a credit for all contributing authors of the Derivative Work or Collective Work appears, then as part of these credits and in a manner at least as prominent as the credits for the other contributing authors. For the avoidance of doubt, You may only use the credit required by this Section for the purpose of attribution in the manner set out above and, by exercising Your rights under this License, You may not implicitly or explicitly assert or imply any connection with, sponsorship or endorsement by the Original Author, Licensor and/or Attribution Parties, as appropriate, of You or Your use of the Work, without the separate, express prior written permission of the Original Author, Licensor and/or Attribution Parties.

5. Representations, Warranties and Disclaimer

UNLESS OTHERWISE MUTUALLY AGREED TO BY THE PARTIES IN WRITING,

LICENSOR OFFERS THE WORK AS-IS AND ONLY TO THE EXTENT OF ANY RIGHTS HELD IN THE LICENSED WORK BY THE LICENSOR. THE LICENSOR MAKES NO REPRESENTATIONS OR WARRANTIES OF ANY KIND CONCERNING THE WORK, EXPRESS, IMPLIED, STATUTORY OR OTHERWISE, INCLUDING, WITHOUT LIMITATION, WARRANTIES OF TITLE, MARKETABILITY, MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE, NONINFRINGEMENT, OR THE ABSENCE OF LATENT OR OTHER DEFECTS, ACCURACY, OR THE PRESENCE OF ABSENCE OF ERRORS, WHETHER OR NOT DISCOVERABLE. SOME JURISDICTIONS DO NOT ALLOW THE EXCLUSION OF IMPLIED WARRANTIES, SO SUCH EXCLUSION MAY NOT APPLY TO YOU.

6. Limitation on Liability. EXCEPT TO THE EXTENT REQUIRED BY APPLICABLE LAW, IN NO EVENT WILL LICENSOR BE LIABLE TO YOU ON ANY LEGAL THEORY FOR ANY SPECIAL, INCIDENTAL, CONSEQUENTIAL, PUNITIVE OR EXEMPLARY DAMAGES ARISING OUT OF THIS LICENSE OR THE USE OF THE WORK, EVEN IF LICENSOR HAS BEEN ADVISED OF THE POSSIBILITY OF SUCH DAMAGES.

7. Termination

a. This License and the rights granted hereunder will terminate automatically upon any breach by You of the terms of this License. Individuals or entities who have received Derivative Works (as defined in Section 1 above) or Collective Works (as defined in Section 1 above) from You under this License, however, will not have their licenses terminated provided such individuals or entities remain in full compliance with those licenses. Sections 1, 2, 5, 6, 7, and 8 will survive any termination of this License.

b. Subject to the above terms and conditions, the license granted here is perpetual (for the duration of the applicable copyright in the Work). Notwithstanding the above, Licensor reserves the right to release the Work under different license terms or to stop distributing the Work at any time; provided, however that any such election will not serve to withdraw this License (or any other license that has been, or is required to be, granted under the terms of this License), and this License will continue in full force and effect unless terminated as stated above.

8. Miscellaneous

a. Each time You distribute or publicly digitally perform the Work (as defined in Section 1 above) or a Collective Work (as defined in Section 1 above), the Licensor offers to the recipient a license to the Work on the same terms and conditions as the license granted to You under this License.

b. Each time You distribute or publicly digitally perform a Derivative Work, Licensor offers to the recipient a license to the original Work on the same terms and conditions as the license granted to You under this License.

c. If any provision of this License is invalid or unenforceable under applicable law, it shall not affect the validity or enforceability of the remainder of the terms of this License, and without further action by the parties to this agreement, such provision shall be reformed to the minimum extent necessary to make such provision valid and enforceable.

d. No term or provision of this License shall be deemed waived and no breach consented to unless such waiver or consent shall be in writing and signed by the party to be charged with such waiver or consent.

e. This License constitutes the entire agreement between the parties with respect to the Work licensed here. There are no understandings, agreements or representations with respect to the Work not specified here. Licensor shall not be bound by any additional provisions that may appear in any communication from You. This License may not be modified without the mutual written agreement of the Licensor and You.

SIL OPEN FONT LICENSE Version 1.1 - 26 February 2007

PREAMBLE

The goals of the Open Font License (OFL) are to stimulate worldwide development of collaborative font projects, to support the font creation efforts of academic and linguistic communities, and to provide a free and open framework in which fonts may be shared and improved in partnership with others.

The OFL allows the licensed fonts to be used, studied, modified and redistributed freely as long as they are not sold by themselves. The fonts, including any derivative works, can be bundled, embedded, redistributed and/or sold with any software provided that any reserved names are not used by derivative works. The fonts and derivatives, however, cannot be released under any other type of license. The requirement for fonts to remain under this license does not apply to any document created using the fonts or their derivatives.

DEFINITIONS

"Font Software" refers to the set of files released by the Copyright Holder(s) under this license and clearly marked as such. This may include source files, build scripts and documentation.

"Reserved Font Name" refers to any names specified as such after the copyright statement(s).

"Original Version" refers to the collection of Font Software components as distributed by the Copyright Holder(s).

"Modified Version" refers to any derivative made by adding to, deleting, or substituting -- in part or in whole -- any of the components of the Original Version, by changing formats or by porting the Font Software to a new environment.

"Author" refers to any designer, engineer, programmer, technical writer or other person who contributed to the Font Software.

PERMISSION & CONDITIONS

Permission is hereby granted, free of charge, to any person obtaining a copy of the Font Software, to use, study, copy, merge, embed, modify, redistribute, and sell modified and unmodified copies of the Font Software, subject to the following conditions:

- 1) Neither the Font Software nor any of its individual components, in Original or Modified Versions, may be sold by itself.
- 2) Original or Modified Versions of the Font Software may be bundled, redistributed and/or sold with any software, provided that each copy contains the above copyright notice and this license. These can be included either as stand-alone text files, human-readable headers or in the appropriate machine-readable metadata fields within text or binary files as long as those fields can be easily viewed by the user.
- 3) No Modified Version of the Font Software may use the Reserved Font Name(s) unless explicit written permission is granted by the corresponding Copyright Holder. This restriction only applies to the primary font name as presented to the users.
- 4) The name(s) of the Copyright Holder(s) or the Author(s) of the Font Software shall not be

used to promote, endorse or advertise any Modified Version, except to acknowledge the contribution(s) of the Copyright Holder(s) and the Author(s) or with their explicit written permission.

5) The Font Software, modified or unmodified, in part or in whole, must be distributed entirely under this license, and must not be distributed under any other license. The requirement for fonts to remain under this license does not apply to any document created using the Font Software.

TERMINATION

This license becomes null and void if any of the above conditions are not met.

DISCLAIMER

THE FONT SOFTWARE IS PROVIDED "AS IS", WITHOUT WARRANTY OF ANY KIND, EXPRESS OR IMPLIED, INCLUDING BUT NOT LIMITED TO ANY WARRANTIES OF MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE AND NONINFRINGEMENT OF COPYRIGHT, PATENT, TRADEMARK, OR OTHER RIGHT. IN NO EVENT SHALL THE COPYRIGHT HOLDER BE LIABLE FOR ANY CLAIM, DAMAGES OR OTHER LIABILITY, INCLUDING ANY GENERAL, SPECIAL, INDIRECT, INCIDENTAL, OR CONSEQUENTIAL DAMAGES, WHETHER IN AN ACTION OF CONTRACT, TORT OR OTHERWISE, ARISING FROM, OUT OF THE USE OR INABILITY TO USE THE FONT SOFTWARE OR FROM OTHER DEALINGS IN THE FONT SOFTWARE.

Microsoft Reciprocal License (MS-RL):

This license governs use of the accompanying software. If you use the software, you accept this license. If you do not accept the license, do not use the software.

1. Definitions

The terms "reproduce," "reproduction," "derivative works," and "distribution" have the same meaning here as under U.S. copyright law.

A "contribution" is the original software, or any additions or changes to the software.

A "contributor" is any person that distributes its contribution under this license.

"Licensed patents" are a contributor's patent claims that read directly on its contribution.

2. Grant of Rights

(A) Copyright Grant- Subject to the terms of this license, including the license conditions and

limitations in section 3, each contributor grants you a non-exclusive, worldwide, royalty-free copyright license to reproduce its contribution, prepare derivative works of its contribution, and distribute its contribution or any derivative works that you create.

(B) Patent Grant- Subject to the terms of this license, including the license conditions and limitations in section 3, each contributor grants you a non-exclusive, worldwide, royalty-free license under its licensed patents to make, have made, use, sell, offer for sale, import, and/or otherwise dispose of its contribution in the software or derivative works of the contribution in the software.

3. Conditions and Limitations

(A) Reciprocal Grants- For any file you distribute that contains code from the software (in source code or binary format), you must provide recipients the source code to that file along with a copy of this license, which license will govern that file. You may license other files that are entirely your own work and do not contain code from the software under any terms you choose.

(B) No Trademark License- This license does not grant you rights to use any contributors' name, logo, or trademarks.

(C) If you bring a patent claim against any contributor over patents that you claim are infringed by the software, your patent license from such contributor to the software ends automatically.

(D) If you distribute any portion of the software, you must retain all copyright, patent, trademark, and attribution notices that are present in the software.

(E) If you distribute any portion of the software in source code form, you may do so only under this license by including a complete copy of this license with your distribution. If you distribute any portion of the software in compiled or object code form, you may only do so under a license that complies with this license.

(F) The software is licensed "as-is." You bear the risk of using it. The contributors give no express warranties, guarantees or conditions. You may have additional consumer rights under your local laws which this license cannot change. To the extent permitted under your local laws, the contributors exclude the implied warranties of merchantability, fitness for a particular purpose and non-infringement.

Common Public License Version 1.0:

THE ACCOMPANYING PROGRAM IS PROVIDED UNDER THE TERMS OF THIS COMMON PUBLIC LICENSE ("AGREEMENT"). ANY USE, REPRODUCTION OR DISTRIBUTION OF THE PROGRAM CONSTITUTES RECIPIENT'S ACCEPTANCE OF THIS AGREEMENT.

1. DEFINITIONS

"Contribution" means:

a) in the case of the initial Contributor, the initial code and documentation distributed under this Agreement, and

b) in the case of each subsequent Contributor:

i) changes to the Program, and

ii) additions to the Program;

where such changes and/or additions to the Program originate from and are distributed by that particular Contributor. A Contribution 'originates' from a Contributor if it was added to the Program by such Contributor itself or anyone acting on such Contributor's behalf. Contributions

do not include additions to the Program which: (i) are separate modules of software distributed in conjunction with the Program under their own license agreement, and (ii) are not derivative works of the Program.

"Contributor" means any person or entity that distributes the Program.

"Licensed Patents " mean patent claims licensable by a Contributor which are necessarily infringed by the use or sale of its Contribution alone or when combined with the Program.

"Program" means the Contributions distributed in accordance with this Agreement.

"Recipient" means anyone who receives the Program under this Agreement, including all Contributors.

2. GRANT OF RIGHTS

a) Subject to the terms of this Agreement, each Contributor hereby grants Recipient a non-exclusive, worldwide, royalty-free copyright license to reproduce, prepare derivative works of, publicly display, publicly perform, distribute and sublicense the Contribution of such Contributor, if any, and such derivative works, in source code and object code form.

b) Subject to the terms of this Agreement, each Contributor hereby grants Recipient a non-exclusive, worldwide, royalty-free patent license under Licensed Patents to make, use, sell, offer to sell, import and otherwise transfer the Contribution of such Contributor, if any, in source code and object code form. This patent license shall apply to the combination of the Contribution and the Program if, at the time the Contribution is added by the Contributor, such addition of the Contribution causes such combination to be covered by the Licensed Patents. The patent license shall not apply to any other combinations which include the Contribution. No hardware per se is licensed hereunder.

c) Recipient understands that although each Contributor grants the licenses to its Contributions set forth herein, no assurances are provided by any Contributor that the Program does not infringe the patent or other intellectual property rights of any other entity. Each Contributor disclaims any liability to Recipient for claims brought by any other entity based on infringement of intellectual property rights or otherwise. As a condition to exercising the rights and licenses granted hereunder, each Recipient hereby assumes sole responsibility to secure any other intellectual property rights needed, if any. For example, if a third party patent license is required to allow Recipient to distribute the Program, it is Recipient's responsibility to acquire that license before distributing the Program.

d) Each Contributor represents that to its knowledge it has sufficient copyright rights in its Contribution, if any, to grant the copyright license set forth in this Agreement.

3. REQUIREMENTS

A Contributor may choose to distribute the Program in object code form under its own license agreement, provided that:

a) it complies with the terms and conditions of this Agreement; and

b) its license agreement:

i) effectively disclaims on behalf of all Contributors all warranties and conditions, express and implied, including warranties or conditions of title and non-infringement, and implied warranties or conditions of merchantability and fitness for a particular purpose;

ii) effectively excludes on behalf of all Contributors all liability for damages, including direct, indirect, special, incidental and consequential damages, such as lost profits;

iii) states that any provisions which differ from this Agreement are offered by that Contributor

alone and not by any other party; and

iv) states that source code for the Program is available from such Contributor, and informs licensees how to obtain it in a reasonable manner on or through a medium customarily used for software exchange.

When the Program is made available in source code form:

a) it must be made available under this Agreement; and

b) a copy of this Agreement must be included with each copy of the Program.

Contributors may not remove or alter any copyright notices contained within the Program.

Each Contributor must identify itself as the originator of its Contribution, if any, in a manner that reasonably allows subsequent Recipients to identify the originator of the Contribution.

4. COMMERCIAL DISTRIBUTION

Commercial distributors of software may accept certain responsibilities with respect to end users, business partners and the like. While this license is intended to facilitate the commercial use of the Program, the Contributor who includes the Program in a commercial product offering should do so in a manner which does not create potential liability for other Contributors. Therefore, if a Contributor includes the Program in a commercial product offering, such Contributor ("Commercial Contributor") hereby agrees to defend and indemnify every other Contributor ("Indemnified Contributor") against any losses, damages and costs (collectively "Losses") arising from claims, lawsuits and other legal actions brought by a third party against the Indemnified Contributor to the extent caused by the acts or omissions of such Commercial Contributor in connection with its distribution of the Program in a commercial product offering. The obligations in this section do not apply to any claims or Losses relating to any actual or alleged intellectual property infringement. In order to qualify, an Indemnified Contributor must: a) promptly notify the Commercial Contributor in writing of such claim, and b) allow the Commercial Contributor to control, and cooperate with the Commercial Contributor in, the defense and any related settlement negotiations. The Indemnified Contributor may participate in any such claim at its own expense.

For example, a Contributor might include the Program in a commercial product offering, Product X. That Contributor is then a Commercial Contributor. If that Commercial Contributor then makes performance claims, or offers warranties related to Product X, those performance claims and warranties are such Commercial Contributor's responsibility alone. Under this section, the Commercial Contributor would have to defend claims against the other Contributors related to those performance claims and warranties, and if a court requires any other Contributor to pay any damages as a result, the Commercial Contributor must pay those damages.

5. NO WARRANTY

EXCEPT AS EXPRESSLY SET FORTH IN THIS AGREEMENT, THE PROGRAM IS PROVIDED ON AN "AS IS" BASIS, WITHOUT WARRANTIES OR CONDITIONS OF ANY KIND, EITHER EXPRESS OR IMPLIED INCLUDING, WITHOUT LIMITATION, ANY WARRANTIES OR CONDITIONS OF TITLE, NON-INFRINGEMENT, MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE. Each Recipient is solely responsible for determining the appropriateness of using and distributing the Program and assumes all risks associated with its exercise of rights under this Agreement, including but not limited to the risks and costs of program errors, compliance with applicable laws, damage to or

loss of data, programs or equipment, and unavailability or interruption of operations.

6. DISCLAIMER OF LIABILITY

EXCEPT AS EXPRESSLY SET FORTH IN THIS AGREEMENT, NEITHER RECIPIENT NOR ANY CONTRIBUTORS SHALL HAVE ANY LIABILITY FOR ANY DIRECT, INDIRECT, INCIDENTAL, SPECIAL, EXEMPLARY, OR CONSEQUENTIAL DAMAGES (INCLUDING WITHOUT LIMITATION LOST PROFITS), HOWEVER CAUSED AND ON ANY THEORY OF LIABILITY, WHETHER IN CONTRACT, STRICT LIABILITY, OR TORT (INCLUDING NEGLIGENCE OR OTHERWISE) ARISING IN ANY WAY OUT OF THE USE OR DISTRIBUTION OF THE PROGRAM OR THE EXERCISE OF ANY RIGHTS GRANTED HEREUNDER, EVEN IF ADVISED OF THE POSSIBILITY OF SUCH DAMAGES.

7. GENERAL

If any provision of this Agreement is invalid or unenforceable under applicable law, it shall not affect the validity or enforceability of the remainder of the terms of this Agreement, and without further action by the parties hereto, such provision shall be reformed to the minimum extent necessary to make such provision valid and enforceable.

If Recipient institutes patent litigation against a Contributor with respect to a patent applicable to software (including a cross-claim or counterclaim in a lawsuit), then any patent licenses granted by that Contributor to such Recipient under this Agreement shall terminate as of the date such litigation is filed. In addition, if Recipient institutes patent litigation against any entity (including a cross-claim or counterclaim in a lawsuit) alleging that the Program itself (excluding combinations of the Program with other software or hardware) infringes such Recipient's patent(s), then such Recipient's rights granted under Section 2(b) shall terminate as of the date such litigation is filed.

All Recipient's rights under this Agreement shall terminate if it fails to comply with any of the material terms or conditions of this Agreement and does not cure such failure in a reasonable period of time after becoming aware of such noncompliance. If all Recipient's rights under this Agreement terminate, Recipient agrees to cease use and distribution of the Program as soon as reasonably practicable. However, Recipient's obligations under this Agreement and any licenses granted by Recipient relating to the Program shall continue and survive.

Everyone is permitted to copy and distribute copies of this Agreement, but in order to avoid inconsistency the Agreement is copyrighted and may only be modified in the following manner. The Agreement Steward reserves the right to publish new versions (including revisions) of this Agreement from time to time. No one other than the Agreement Steward has the right to modify this Agreement. IBM is the initial Agreement Steward. IBM may assign the responsibility to serve as the Agreement Steward to a suitable separate entity. Each new version of the Agreement will be given a distinguishing version number. The Program (including Contributions) may always be distributed subject to the version of the Agreement under which it was received. In addition, after a new version of the Agreement is published, Contributor may elect to distribute the Program (including its Contributions) under the new version. Except as expressly stated in Sections 2(a) and 2(b) above, Recipient receives no rights or licenses to the intellectual property of any Contributor under this Agreement, whether expressly, by implication, estoppel or otherwise. All rights in the Program not expressly granted under this Agreement are reserved. This Agreement is governed by the laws of the State of New York and the intellectual property

laws of the United States of America. No party to this Agreement will bring a legal action under this Agreement more than one year after the cause of action arose. Each party waives its rights to a jury trial in any resulting litigation.
