college of UCD

Who we are

IOB

IOB is a professional community of over 32,900 members who work in banking and the international financial services sector. Professional development of our members through education is at the heart of what we do. IOB provides university level programmes to enable our members achieve and sustain their professional qualifications and Continuing Professional Development (CPD) – essential in meeting customer and regulatory expectations.

Excellence in education – a recognised college of UCD

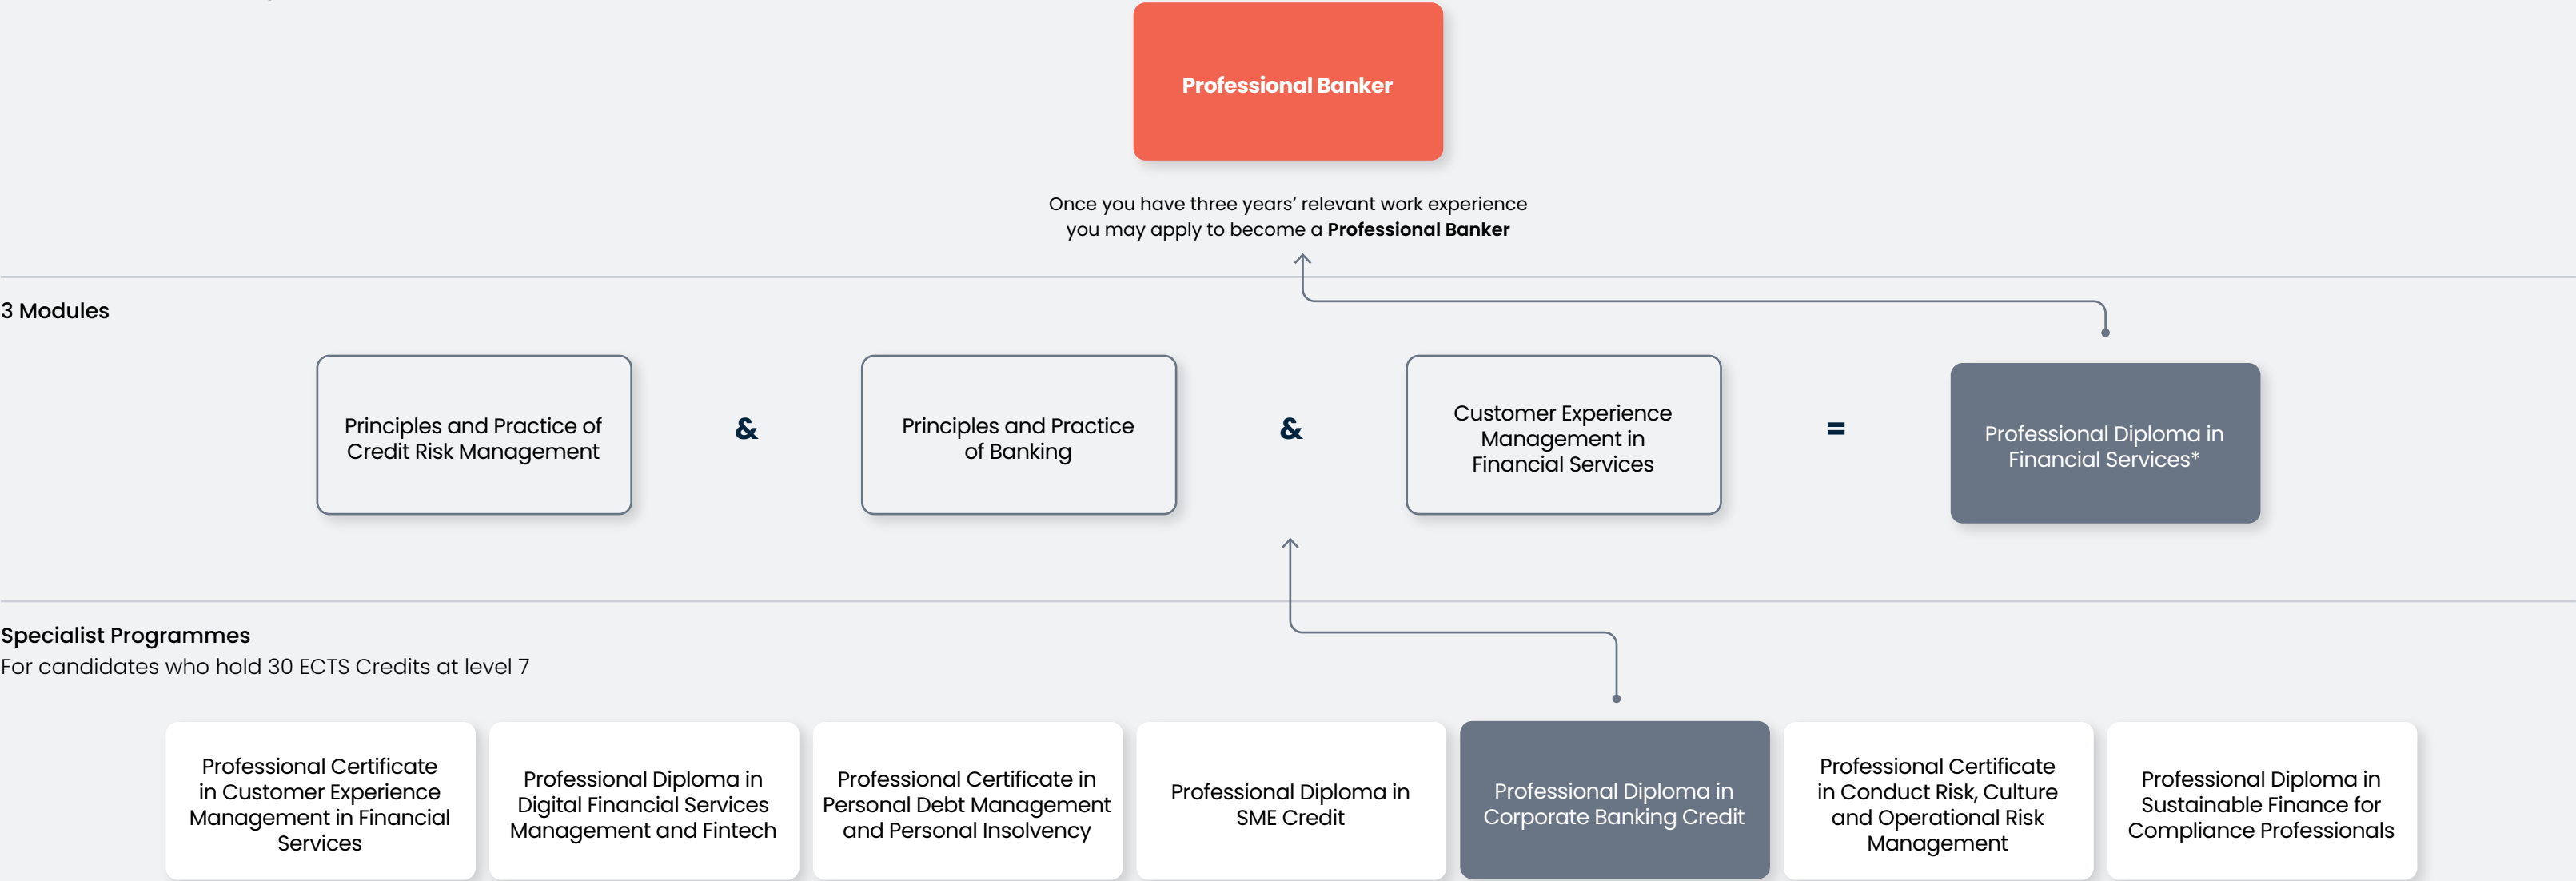

As a recognised college of University College Dublin (UCD) and the standout financial services educator, we offer qualifications of the highest standard. We currently have more than 40 programmes ranging from Professional Certificates (level 7) on the National Framework of Qualifications (NFQ) to Masters Degrees (level 9). We design our programmes to be practical and relevant, and grounded in academic rigour.

Pathway to Professional Banker designation for Professional Diploma in Corporate Banking Credit holders

THIS PROGRAMME IS ON THE PATHWAY TO PROFESSIONAL BANKER DESIGNATION

Professional Banker Designation

Introduction

Who is this programme for?

The Professional Diploma in Corporate Banking Credit is a practical corporate banking lending skills and corporate products programme for people working or seeking to work in corporate banking and the corporate markets area.

The programme has been designed in conjunction with corporate banking and corporate markets professionals and is the benchmark qualification for corporate bankers in Ireland.

The programme is an important building block in developing the specialist knowledge and lending skills of people working in corporate banking, the markets area and other professional advisors engaged with corporate entities.

This programme is designed to meet the needs of:

- Corporate banking relationship managers and their portfolio support staff
- Corporate banking staff who are working in property-based corporate lending
- Markets staff who support the Corporate banking teams
- International Trade and Cash Management Services staff
- Corporate banking and SME credit underwriters
- Graduates of the Professional Diploma in SME Credit who are moving into corporate banking roles
- Loan administration and credit policy officers
- Credit review staff who are responsible for ensuring that lending and credit delivery standards are complied with
- Internal audit staff who assess whether the credit management standards are fit for purpose and are being complied with
- Credit portfolio managers who are responsible for identifying and managing excessive credit concentrations in the loan book, forecasting loan losses and estimating impairment provisions
- Accountants, lawyers and other professionals who provide corporate banking advisory services.

How you will benefit

Each module is supported by online practical workshops which are delivered by leading bankers who are corporate banking lending and corporate markets experts.

The syllabus of this practical specialist programme has been designed to enable participants to:

- Credit assess the credit worthiness of corporate borrowers both trading and property borrowers
- Conduct corporate financial statement analysis including financial ratios, financial projection sensitivity analysis, preparation of cashflow statements and working capital analysis
- Calculate and analyse repayment capacity and conduct sensitivity analysis
- Risk assess corporate strategy, industry risk, economic risk and management team risk
- Structure corporate lending transactions in a manner which meets the needs of the corporate borrower and complies with credit policies
- Understand the different types of debt instruments which can be used when structuring a corporate lending transaction
- Evaluate the commercial viability and sustainability of a corporate borrower business plan and the management team's ability to deliver the plan
- Describe and explain the different interest rate risk hedging, currency risk hedging and international trade products and services which can be offered to corporate customers
- Understand the different types of corporate security

- Explain covenants and conditions precedent
- Explain the key components of term sheet
- Understand the role of external credit agencies
- Understand the components of the credit risk management framework, including credit risk appetite statements, and how it links to the profit and loss and the balance sheet
- Understand the regulation of published financial accounts
- Understand ethics in banking
- Understand the key components of credit risk relating to property transactions
- Understand the key components of security documentation relating to property transactions
- Understand the key market indicators which highlight early warning signals.

Recognised Prior Learning (RPL)

The structure of the programme allows for accreditation of RPL. Therefore, those participants who have completed relevant internal training, and can provide evidence for the other experiential learning, may be eligible for admission to and/or exemption from specific units of the programme. However, where participants have gaps between their demonstrated prior experiential learning and the module outcomes, they may be required to complete some units to bridge these gaps.

Full details of the RPL process for this programme are available from the Programme Manager.
