# GOING VIRTUAL: VIRTUAL SHOWING, VIRTUAL OPEN HOUSE, VIRTUAL TOUR

While you are working to share information about listings virtually, it's important to provide a consistent experience for consumers taking part in these interactions.

## VIRTUAL TOURS:

- Recorded or 3-D walk-throughs of a property
- Watch anytime
- Enter the tour (up to 20) in the Virtual Tour field to display information on consumer websites

## VIRTUAL OPEN HOUSES:

- Live, interactive video stream
- Attend during set time of day
- Schedule through the Open House field

## VIRTUAL SHOWING:

- Personal walk-through of the property
- Attend during scheduled time
- Designate as the listing agent or request as a buyer's agent in ShowingTime
