

Be kind online

When you're online you have a lot of power and your actions can have an impact on other people and how they feel. Draw a happy emoji beside the actions that can make someone happy online, and a sad emoji beside the actions that can make someone upset.

- Sending a nice message
- Sharing a funny video
- Posting a picture of a friend who has fallen down
- Sending someone an electronic birthday invitation
- Liking a mean post about someone
- Helping a friend in an online game
- Downloading an app without asking for your parents' permission

Wise Tip:

Always remember that you have a lot of power when you're online. What you say, do, like and post can have an impact on how other people feel. Always choose kindness online.
