

# What real friends do

Sometimes, people online might say nice things or act like they're your friend — but they don't really know you or care about you the way a real friend does. A real friend is kind, fair, and helps you feel safe and happy. In this word search, you'll find words that describe what real friends do.

Once you've finished the word search, pick three words you think are the most important for being a good friend.

Did any of these words remind you of a time someone was a great friend to you? Or a time someone pretended to be a friend but didn't act like one?
