

## Why Linesight

### Career pathways

This 12-week internship program aims to give you the confidence, experience and knowledge to get you started on your career journey. You'll get hands-on learning, soft skills development, and the chance to work with our experienced teams in a real, dynamic, collaborative workplace setting.

### Career progression

At Linesight, learning and development take place throughout every stage of your career, both personally and professionally. We invest in our people to help them excel in their roles and chosen fields.

### Meaningful impact

We're serious about ESG —whether for our clients, the planet, community, or ourselves. Discover our efforts in sustainability and social responsibility by downloading our ESG report from our QR code overleaf.

### Flexibility and mobility

We offer flexible work options to support work-life balance and global mobility for enriching, cross-cultural experiences.

Our specialist project teams, each with specific skills and experience, provide better predictability of project outcomes, faster project delivery, greater cost efficiency, and maximum monetary value for our clients.
