# INTEGRATED ENERGY SOLUTIONS FOR CHAIN RESTAURANTS

Shell Energy helps chain restaurants reduce energy and maintenance costs, protect inventory, and improve customer experience with minimal investment of time and capital.

**Maximize energy and O&M savings. Minimize risk.**

## FULLY OUTSOURCED SOLUTION IMPLEMENTATION

We manage solution design, vendor selection, procurement, and installation.

## NO UPFRONT COSTS

Pay for your energy equipment just like you pay for your gas and electricity - out of your operating budget.

## GUARANTEED FUNCTION

If the systems we install don't perform as promised, you don't pay.

## MAINTENANCE AND REPLACEMENT INCLUDED

Preventative and reactive maintenance is included for the entire contract term.

## Our Integrated solutions Include:

### ENERGY EFFICIENCY

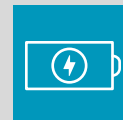

- Lighting
- HVAC
- Refrigeration

### METERING & CONTROLS

- Main load and asset metering
- Optimization and control
- Monitoring and analytics

### RESILIENCY & EV

- Battery storage
- Backup generation
- EV charging
