2022 MIPS Reporting Options

Practice Management Center: aad.org/practicecenter

Use the chart below to determine what you must report in each MIPS category to get the score needed to avoid the penalty or get an incentive.

NOTE, MACRA includes all payers, not only Medicare if you are reporting via registry or EHR.

SMALL PRACTICE (15 PROVIDERS OR FEWER)

MIPS CATEGORIES		QUALITY (30%) *Note, 6 bonus points are automatically added to the quality category score for small practice*	IMPROVEMENT ACTIVITY (15%) *Note, must be engaged in activity for minimum 90 consecutive days: last day to begin is Oct 3, 2022.*	PROMOTING INTEROPERABILITY (PI) (25%) *Note must be engaged in activity for minimum 90 consecutive days; last day to begin is Oct 3, 2022.* **Note, can claim an exclusion if appropriate.**	COST (30%) *Dermatologists may be exempt from this category. If so, 20% will be re-weighted to quality.*	Total Points Achieved
		Report via claims	**Report via DataDerm**	**Report via DataDerm**	**N/A**	
AVOID 9% PENALTY: (75 POINTS MINIMUM) *Note, if you achieve between 76 – 88 points, you may receive a small incentive.*	**EHR**	Report 6 quality measures that can achieve a maximum of 10 points each for all eligible encounters between Jan. 1 – Dec. 31, 2022. **(36 points)**	Attest to 1 high-weighted improvement activity such as reporting through DataDerm for a minimum of 90-consecutive days between Jan. 1-Dec. 31, 2022 **(15 points)**	Report 5 or 6 PI measures from each of the 4 objectives for **all** eligible encounters between Jan 1 – Dec 31, 2022. **(25 points)**	CMS will automatically assess and add up to 30 points to final MIPS score. If you are exempt from the cost category, the 30% weight of this category will be distributed between quality and PI making quality 55% and PI 30%. See next.	76 points
	No EHR (Automatic PI exemption applied)	Quality category reweighted to 40% Report 6 measures that can achieve a maximum of 10 points for all eligible encounters for the full year between Jan. 1 – Dec. 31, 2022. **(46 points)**	IA category reweighted to 30%. Attest to 1 high-weighted improvement activity such as reporting through DataDerm (for a minimum of 90-consecutive days between Jan. 1-Dec. 31, 2022) **(30 points)**	N/A CMS automatically applies exemption and reweights PI category weight to Quality category.	CMS will automatically assess and add to final MIPS score. If you are exempt from cost (in addition to PI exemption) this weight will be redistributed to quality and IA making each of them 50%. See next.	76 points
	No EHR (Automatic PI & Cost exemptions applied)	PI and cost category exemptions to quality (making the quality category 50% of the overall MIPS score) then report 3 measures that can achieve a maximum of 10 points for all eligible encounters for the full year between Jan. 1 – Dec. 31, 2022. **(31 points)**	PI and cost category exemptions making IA category 50%. Attest to 1 high-weighted improvement activity such as reporting through DataDerm (for a minimum of 90-consecutive days between Jan. 1-Dec. 31, 2022). **(50 points)**	N/A CMS automatically applies exemption and reweights PI category weight to Quality category.	N/A Exempt from cost category	81 points
ACHIEVE 9% MAX INCENTIVE: (89+ POINTS) *Note, if you achieve between 76 – 88 points, you may receive a small incentive.*	**EHR**	Report 6 quality measures that can achieve a maximum of 10 points each for all eligible encounters between Jan. 1 – Dec. 31, 2022. **(36 points)**	Attest to 1 high-weighted improvement activity such as reporting through DataDerm (for a minimum of 90-consecutive days between Jan. 1-Dec. 31, 2022) **(15 points)**	Report 5 or 6 PI measures from each of the 4 objectives for **all** eligible encounters between Jan 1 – Dec 31, 2022 **(25 points)**	CMS will automatically assess and add up to 30 points to final MIPS score. If you are exempt from cost, this weight will be distributed between quality and PI making quality 55% and PI 30%. See next.	100 points (*If max 30 points for cost added*)
	No EHR (Automatic PI exemption applied)	Quality category reweighted to 40% Report 6 measures that can achieve a maximum of 10 points for all eligible encounters for the full year between Jan. 1 – Dec. 31, 2022. **(46 points)**	IA category reweighted to 30%. Attest to 1 high-weighted improvement activity such as reporting through DataDerm (for a minimum of 90-consecutive days between Jan. 1-Dec. 31, 2022) **(30 points)**	N/A CMS automatically applies exemption and reweights PI category weight to Quality category.	CMS will automatically assess and add up to 30 points to final MIPS score. If you are exempt from cost (in addition to PI exemption) this weight will be redistributed to quality and IA making each of them 50%. See next.	
	No EHR (Automatic PI & Cost exemptions applied)	PI and cost category exemptions to quality (making the quality category 50% of the overall MIPS score) then report 6 measures that can achieve a maximum of 10 points for all eligible encounters for the full year between Jan. 1 – Dec. 31, 2022. **(56 points)**	PI and cost category exemptions making IA category 50%. Attest to 1 high-weighted improvement activity such as reporting through DataDerm for a minimum of 90-consecutive days between Jan. 1-Dec. 31, 2022. **(50 points)**	N/A CMS automatically applies exemption and reweights PI category weight to Quality category.	N/A Exempt from cost category	100 points (*106 points total but capped at 100 points*)

2022 MIPS Reporting Options

Practice Management Center: aad.org/practicecenter

Use the chart below to determine what you must report in each MIPS category to get the score needed to avoid the penalty or get an incentive.

NOTE, MACRA includes all payers, not only Medicare if you are reporting via registry or EHR.

LARGE PRACTICE (16 PROVIDERS OR MORE)

MIPS CATEGORIES		QUALITY (30%)	IMPROVEMENT ACTIVITY (IA) (15%) *Minimum engagement 90-consecutive days; last day to begin is Oct 3, 2022.*	PROMOTING INTEROPERABILITY (PI) (25%) *Minimum engagement 90-consecutive days; last day to begin is Oct 3, 2022.* **Can claim an exclusion if appropriate.*	COST (30%) *Dermatologists may be exempt from this category. If so, 20% will be re-weighted to quality.*	Total Points Achieved
		Report via claims	Report via DataDerm	Report via DataDerm	N/A	
AVOID 9% PENALTY: (75 POINTS MINIMUM) *Note, if you achieve between 76 – 88 points, you may receive a small incentive.*	**EHR**	Report 6 quality measures that can achieve a maximum of 10 points each for all eligible encounters between Jan. 1 – Dec. 31, 2022. **(30 points)**	Attest to 2 high-weighted improvement activity such as reporting through DataDerm for a minimum of 90-consecutive days between Jan. 1 – Dec. 31, 2022. **(15 points)**	Report 5 or 6 PI measures from each of the 4 objectives for **all** eligible encounters between Jan 1 – Dec 31, 2022. *Note, additional bonus points also available.* **(25 points)**	CMS will automatically assess and add up to 30 points maximum to final MIPS score. If exempt from cost category, 30% weight applied to PI category. See next.	70 points + up to 30 points for cost *(if max points added)*
	Cost category exemption applied	Cost category exemption applied making quality category 55%. Report 4 measures that can achieve a maximum of 10 points for all eligible encounters for the full year between Jan. 1 – Dec. 31, 2022. **(36.6 points)**	Attest to 2 high-weighted improvement activity such as reporting through DataDerm for a minimum of 90-consecutive days between Jan. 1 – Dec. 31, 2022. **(15 points)**	Report 5 or 6 PI measures from each of the 4 objectives for **all** eligible encounters between Jan 1 – Dec 31, 2022. *Note additional bonus points also available.* **(30 points)**	N/A Exempt from cost category.	81.6 points
	NO EHR PI category exemption applied	PI category exemption applied making quality category 55%. Report 6 measures that can achieve a maximum of 10 points for all eligible encounters for the full year between Jan. 1 – Dec. 31, 2022. **(55 points)**	Attest to 2 high-weighted improvement activity such as reporting through DataDerm for a minimum of 90-consecutive days between Jan. 1 – Dec. 31, 2022. **(15 points)**	N/A PI exemption approved, and this category weight re-distributed to quality category	CMS will automatically assess and add up to 30 points to final MIPS score. If exempt, this weight will be redistributed to the Quality (85%). See next.	70 points + up to 30 points for cost *(if max points added)*
	PI & Cost exemptions applied	PI category and cost category exemptions applied making quality category 85%. Report 6 measures that can achieve a maximum of 10 points for **all** eligible encounters for the full year between Jan. 1 – Dec. 31, 2022. **(85 points)**	Attest to 2 high-weighted improvement activity such as reporting through DataDerm for a minimum of 90-consecutive days between Jan. 1 – Dec. 31, 2022. **(15 points)**	N/A *CMS automatically applies exemption and reweights PI category weight to Quality category.*	N/A Exempt from cost category.	100 points
ACHEIVE 9% MAX INCENTIVE: (89+ POINTS) *Note, if you achieve between 76 – 88 points, you may receive a small incentive.*	**EHR**	Report 6 quality measures that can achieve a maximum of 10 points each for **all** eligible encounters between Jan. 1 – Dec. 31, 2022. **(30 points)**	Attest to 2 high-weighted improvement activity such as reporting through DataDerm for a minimum of 90-consecutive days between Jan. 1 – Dec. 31, 2022. **(15 points)**	Report 5 or 6 PI measures from each of the 4 objectives for **all** eligible encounters between Jan 1 – Dec 31, 2022. *Note, additional bonus points also available.* **(25 points)**	CMS will automatically assess and add up to 30 points to final MIPS score. If exempt, the 30% weight will be distributed between Quality (55%) and PI (30%). See next.	70 points + up to 30 points for cost *(if max points added)*
	Cost category exemption applied	Cost category exemption applied making quality category 55%. Report 5 measures that can achieve a maximum of 10 points for all eligible encounters for the full year between Jan. 1 – Dec. 31, 2022. **(45.8 points)**	Attest to 2 high-weighted improvement activity such as reporting through DataDerm for a minimum of 90-consecutive days between Jan. 1 – Dec. 31, 2022. **(15 points)**	Report 5 or 6 PI measures from each of the 4 objectives for **all** eligible encounters between Jan 1 – Dec 31, 2022. *Note, additional bonus points also available.* **(30 points)**	N/A exempt from cost category.	90.83 points
	PI category exemption applied	PI category exemption applied making quality category 55%. Report 6 measures that can achieve a maximum of 10 points for all eligible encounters for the full year between Jan. 1 – Dec. 31, 2022. **(55 points)**	Attest to 2 high-weighted improvement activity such as reporting through DataDerm for a minimum of 90-consecutive days between Jan. 1 – Dec. 31, 2022. **(15 points)**	N/A PI exemption approved, and this category weight re-distributed to quality category	CMS will automatically assess and add to final MIPS score. If exempt from cost, this weight will be redistributed to Quality making it 85%. See next. **(Up to 30 points)**	100 points *(If max points added)*
	PI & Cost exemptions applied	PI category and cost category exemptions applied making quality category 85%. Report 6 measures that can achieve a maximum of 10 points for all eligible encounters for the full year between Jan. 1 – Dec. 31, 2022. **(85 points)**	Attest to 2 high-weighted improvement activity such as reporting through DataDerm for a minimum of 90-consecutive days between Jan. 1 – Dec. 31, 2022. **(15 points)**	N/A CMS automatically applies exemption and reweights PI category weight to Quality category.	N/A Exempt from cost category.	100 points
