

Whether you're fresh out of residency, and still getting the hang of this whole coding thing, or you've been a dermatologist for years, and have coded hundreds — if not thousands — of biopsies, coding can always be a little tricky. Use the following reference to find the biopsy codes you need.

Code	Description
	<b>Other Sites (Integumentary)</b>
11102	Tangential biopsy of skin, single lesion
11103	each separate/additional lesion
11104	Punch biopsy of skin, single lesion
11105	each separate/additional lesion
11106	Incisional biopsy of skin, single lesion
11107	each separate/additional lesion
Code	<b>Anatomic Site Specific</b>
11755	Nail unit
40490	Lip
54100	Penis
56605	Vulva or perineum, single lesion
56606	each separate additional lesion
67810	Incisional biopsy of eyelid skin including lid margin
69100	External ear

Revised 10/17/2024
