

2020 AAD ELECTION BALLOT BOOK

VOTING OPENS: Saturday, March 21 at 12:01 A.M. (ET)

DEADLINE TO VOTE: Saturday, April 4 by 11:59 P.M. (ET)

**View Election Materials and Vote for
Officers, Directors of the Board of Directors &
Nominating Committee Member Representative**

AAD ELECTION CONNECTION: [AAD.org/election](https://www.aad.org/election)
DIRECT VOTING LINK: <https://www.esc-vote.com/aad>

ACCESS CODE OR PERSONALIZED VOTING LINK

ACCESS CODES will be mailed to eligible voting members without email on file with the AAD on February 26 and March 21. Use the Access Code along with your AAD Member ID Number to login and vote.

PERSONALIZED VOTING LINKS will be emailed to eligible voting members with email on file with the AAD on March 21, 23, 25, 27, 31, April 1, 3 and 4. Click on the personalized voting link embedded in the email to access the direct voting site. Your personalized voting link is only accessible via the email notifications.

NEED ASSISTANCE

Please call Election Services Corporation (ESC) toll-free (866) 720-4357 during business hours Monday thru Friday 9 a.m. – 5 p.m. (ET) or send an email to aadhelp@electionservicescorp.com

NOTE: ESC staff will be available at the above toll-free number and by email on Saturday, March 21 and Sunday, March 22 from 7 a.m. until 3 p.m. (Mountain Time) to assist members with their access code.

VOTING BY MAIL

Members are encouraged to vote via the AAD Election Connection at www.aad.org/election to ensure your vote is electronically posted by Saturday, April 4 at 11:59 PM (ET). If you prefer to vote by mail, please refer to the mailing instructions at the top of the ballot.

PRESIDENT-ELECT CANDIDATES HAVE AGREED TO ABIDE BY THE FOLLOWING EXCERPT FROM THE ADMINISTRATIVE REGULATION ON CODE FOR INTERACTIONS WITH COMPANIES

Direct Financial Relationship⁸: A Direct Financial Relationship is a relationship held by an individual that results in wages, consulting fees, honoraria, or other compensation (in cash, in stock options, or in kind), whether paid to the individual or to another entity at the direction of the individual, for the individual's services or expertise. As used in this Code, the term Direct Financial Relationship does not mean stock ownership or intellectual property licensing arrangements. See Principle 1.4 for additional clarification of the meaning of Direct Financial Relationship.

⁸ **Definition:** A Direct Financial Relationship is a compensated relationship held by an individual that should generate an IRS Form W-2, 1099 or equivalent income report. Key Society Leaders (including the President, President-Elect, Immediate Past President, the Secretary-Treasurer, Assistant Secretary-Treasurer, the chief executive officer of a Society's membership organization, and the Editor(s)-in-Chief of Society Journal(s)) may provide uncompensated service to for-profit health care products companies ("Companies") and accept reasonable travel reimbursement in connection with those services. Key Society Leaders may accept research support as long as grant money is paid to the institution (e.g., academic medical center) or practice where the research is conducted, not to the individual. Exception may be made in certain circumstances for provision of consultant or investigator expertise related to protocol development and/or safety monitoring or any other consulting work related to one's own past, current or potential research studies as long as the activities are not related to marketing or promotional efforts. In this event, the Secretary-Treasurer must be provided with background information and approval must be provided in advance for an exception to the policy. In these circumstances, compensation to the individual may not exceed \$10,000/company/year. Verifying 1099 forms must be submitted to the Secretary-Treasurer when received. **This exception may not be applied to the President, who shall remain free from any and all direct financial relationships during his/her term of office.**

***The views and opinions expressed by the candidates are their own and do not necessarily
reflect those of the Academy or its policies.***

March 2020

Dear Academy Colleague:

The AAD election opens on March 21. Your vote is your chance to help shape the future of the Academy and ensure it remains an effective organization that makes dermatologists proud. This is your opportunity to select leaders who reflect what's important to you, whether it be your career goals or concerns impacting the specialty and our patients.

Join me by voting online at aad.org/election during the two-week voting period, March 21 to April 4. Ballots must be received **Saturday, April 4 at 11:59 p.m. (ET)**.

Please take a few minutes to visit the AAD Election Connection, aad.org/election to:

- Watch 2020 election coverage with Correspondents Dr. Terry Cronin and Dr. Caroline Robinson, and hear interviews with officer candidates and AAD leaders;
- Learn about the candidates;
- Submit questions to the "Ask the Candidate" forum;
- Easily cast your vote; and
- Get information about the Officer Candidate Town Hall and topics of discussion with the candidates and other special guests.

The nationally respected firm, Election Services Corporation (ESC), will handle management and oversight of the election process.

Thank you for your ongoing commitment to the Academy and for your participation in the 2020 election.

Sincerely,

A handwritten signature in black ink that reads "George J. Hruza, MD FAAD". The signature is written in a cursive, flowing style.

George J. Hruza, MD, MBA, FAAD
President

2020 AAD PROPOSED BYLAWS AMENDMENT AND STATEMENTS IN SUPPORT OF OR OPPOSITION TO

Additions shown as **bold** and underlined
Deletions shown as ~~stricken~~

Recommendation by the AAD Board of Directors: Approve

ARTICLE VI Board of Directors

Section 3. Nomination and Election

- (a) The Nominating Committee shall consist of six (6) members and a Chair **who shall be voting members, and one (1) former president¹ who shall be a non-**~~all seven (7) of whom shall be voting members of the Committee. **All shall be**~~ and Fellows of the Academy (or Life or Honorary Members who have been Fellows) in good standing. Two (2) members of the Nominating Committee shall be elected by the Board of Directors; two (2) shall be elected by the Advisory Board; and two (2) shall be elected by the membership by electronic and/or other written ballot. Each member of the Nominating Committee except the Chair shall serve a term of two (2) consecutive election cycles, provided, however, that the terms of these members shall be staggered so that in each year the Board of Directors and the Advisory Board shall each elect one (1) member for a term of two (2) election cycles, and the membership shall elect one (1) member for a term of two (2) election cycles from two (2) candidates presented by the Nominating Committee. At the conclusion of each election cycle, the Nominating Committee shall elect one (1) member who has completed two (2) election cycles on the Committee to serve as Chair of the Committee for the next election cycle. Candidates for membership on the Nominating Committee shall be selected with due regard for geographic representation. No incumbent member of the Board of Directors may serve on the Nominating Committee. No person may serve consecutive terms on the Nominating Committee. Members of the Nominating Committee shall not be eligible for election to office or to the Board of Directors in the election following any election for which they have served on the Nominating Committee. **The former president shall serve an automatic one-year appointment on the Nominating Committee upon completion of his/her appointment on the Ad Hoc Task Force on Election Oversight. No other former president shall, through election or appointment, serve on the Nominating Committee.**

Board Statement Regarding the Proposed Nominating Committee Composition Bylaws Amendment

In 2006, the Academy members approved a bylaws amendment that changed the Nominating Committee composition to seven (7) members; two (2) members are elected by the Board of Directors; two (2) are elected by the Advisory Board; two (2) are elected by the membership; and a member who has completed a two (2) year term on the Nominating Committee is elected by the current Committee members to serve a third year as Chair.

In recent years, concerns have been expressed about the number of former presidents that put their name forward and win a seat on the Nominating Committee. To address this concern, the Board is presenting the proposed bylaws amendment to increase the composition of the Nominating Committee from seven (7) to eight (8). The eighth position would be filled by a former president who would serve as a non-voting member on the Nominating Committee. This would be an automatic one-year term that would begin after the former president has completed his/her one-year term on the Ad Hoc Task Force on Election Oversight. This proposed bylaws amendment prohibits additional former presidents from putting their names forward for consideration and serving on the Nominating Committee.

The Board is asking for your **yes** vote to limit the number of former presidents serving on the Nominating Committee to one non-voting member. The non-voting former president would serve a one-year term as the eighth Nominating Committee member.

¹ **Any former president who is serving or nominated to serve on the Nominating Committee prior to the effective date of this amendment shall be eligible to serve on the Nominating Committee in addition to the one former president allowed under this amendment.**

AAD PROPOSED BYLAWS AMENDMENT AND STATEMENTS IN SUPPORT OF OR OPPOSITION TO

STATEMENT IN SUPPORT OF THE PROPOSED BYLAWS AMENDMENT

The Nominating Committee is an important committee of the Academy as it proposes the slate of candidates for officers and board of directors. Recent former presidents of the Academy have great familiarity with leaders and potential leaders of our specialty; therefore, a recent former president as a member of the Committee would provide very valuable input in the deliberation. As a former president, I enthusiastically support this bylaws amendment.

Henry W. Lim, MD, FAAD
Grosse Pointe, MI

STATEMENT IN OPPOSITION TO THE PROPOSED BYLAWS AMENDMENT

I oppose the amendment of article 6, section 3 Nomination and Election of the AAD bylaws. This amendment to the bylaws would automatically install the outgoing AAD president as a nonvoting member of the nominating committee. This would ensure the nominating committee always have an immediate former president on the nominating committee in a nonvoting position.

The current bylaws allow any member run for a contested position on the nominating committee. Past presidents occasionally run for this position. A former president, who is several years out, has the advantage of having seen fellow members perform on many more committees and assignments, and has a much better idea of who will serve well in any given position.

Finally, not allowing any AAD fellow in good standing to run for an office simply because they are a former president seems unfair. The intention of this amendment is unclear. If it is to eliminate cronyism, why not exclude former vice presidents, secretary treasurers and board members as well? Much of the organizational strength and knowledge of the AAD is concentrated in your group of former officers, including presidents, and excluding them from a chance to serve on the nominating committee will hurt the AAD, not help it.

Sincerely,
Brett M. Coldiron, MD, FAAD
Cincinnati, OH

STATEMENT IN SUPPORT OF THE PROPOSED BYLAWS AMENDMENT

I am in favor of the new format. There has been growing concern over who gets to run for what committee and before the issue gets larger, it's best to address it. The proposed format is a compromise of allowing different viewpoints to come together in the best interest of the Academy.

Dhaval G. Bhanusali, MD FAAD
New York, NY

STATEMENT IN SUPPORT OF THE PROPOSED BYLAWS AMENDMENT

This amendment appears reasonable to me.

RESPONSE TO THE QUESTION POSED BY THE NOMINATING COMMITTEE

What strategies do you plan to implement for enhancing public awareness of Board-certified dermatologists?

As nurse practitioners and other providers attempt to expand their scope of practice, open free-standing clinics, and even replace physicians in the hospital setting, it is critical that we increase public awareness of the extensive training, high-quality care, and cost effectiveness of Board-certified dermatologists. The AAD Communications Department is already doing exceptional work promoting our specialty. In 2019, the Academy garnered more than *13 billion* print, broadcast, and online media impressions aimed at positioning dermatologists as the experts in the diagnosis and treatment of skin, hair, and nail diseases. This was a *47% increase* from 2018.

We must not rest on our existing achievements. Just as a successful media campaign has made us think of "Kona" whenever we hear the word "coffee," we need "Board-certified dermatologist" to be tightly associated with *all* aspects of skin care from cancer to cosmetics. Whenever someone hears "skin", "hair" or "nails" we want them to *immediately* think "Board-certified dermatologist."

We should promote Board-certified dermatologists to our internal audience – our patients. Each day, Board-certified dermatologists see literally hundreds of thousands of patients, each of whom has relatives, neighbors, and friends. Without denigrating other practitioners, we should create a pamphlet emphasizing *not only* our extensive training, *but also* our expertise, quality of care, and cost-effectiveness. This pamphlet should be made available for distribution in our offices as a download from the internet, thus keeping expenses minimal, as well as be a featured part of all of our online efforts.

We must also address our external audience. The reach of social, streaming, and broadcast media is striking. Dr. Sandra Lee, known as "Dr. Pimple Popper", has close to 3 million unique viewers per television episode and her YouTube channel has over 6 million subscribers. Imagine the impact she would have if she mentioned, even casually, "Board-certified dermatologist" or "see your Board-certified dermatologist" once per episode! Whenever one of our members is interviewed by the media, he or she should mention the importance of seeing a Board-certified dermatologist. It is **not** enough to be better trained and more cost effective – the *public* must know it.

Furthermore, whenever we refer to other Board-certified dermatologists orally or in writing, whether to patients or other physicians, we should say "Board-certified dermatologist." These words should be prominently displayed on our websites. The logo of the American Board of Dermatology should be enhanced and, with permission of the ABD, also appear on our websites. It should be recognizable by the public as the highest level of achievement in our specialty. In *all* of its efforts, our Communications Department should refer to us as "Board-certified dermatologists," *not* "dermatologists." If we do not use the words "Board-certified dermatologist" ourselves, why should we expect anyone else to use them?

As we individually and the AAD's Communications Department consistently and repeatedly use the phrase "Board-certified dermatologist" it will become part of our lexicon and that of the public. It is up to us to make it happen.

Respectfully,

Clifford W. Lober, M.D., J.D., F.A.A.D.
Board-certified dermatologist

RESPONSE TO THE QUESTION POSED BY THE NOMINATING COMMITTEE

What strategies do you plan to implement for enhancing public awareness of Board-certified dermatologists?

One of the most complicated and concerning issues that we face as a specialty is that of scope of practice.

Many dermatologists utilize the skills of nurse practitioners and physician assistants with appropriate supervision, as the AAD endorses, in a team based approach.

On the other hand, we are all aware of the risks to patients posed by individuals claiming to be a dermatologist, who are not, thanks to the regulations that allow them to spread like viruses.

The mission of the American Board of Dermatology (not the AAD) is: "To serve the public and profession by setting high standards for dermatologists to earn and maintain Board certification."

In my opinion, if serving the public is their primary charge, then the ABD should be spending significant resources on educating the public on the importance of being cared for by a board-certified dermatologist for one's skin condition.

As AAD/A President, one of my first meetings would be with the leadership of the ABD. If unable to convince leadership of their responsibility in educating the public, then I would propose a joint effort between ABD and AAD in promoting the primacy of board-certified dermatologists.

If unable to get the ABD on board in this effort, I would then direct the Academy to start a public awareness campaign that would emphasize, to potential patients, that if they are seeking the highest quality dermatologic care for their skin disease, that they should look for the FAAD following their physician's name.

After all, one becomes a fellow of the AAD only after initial board certification. In addition, a designation of "FAAD" does not change depending on a member's maintenance of certification status. As far as the AAD is concerned, one only needs initial certification to remain a fellow of the Academy.

In concert with this, I would continue to aggressively send out public messages that point out the differences in training between board certified dermatologists, and other clinicians.

The public, our patients, deserve to know the truth. If elected President, I will make sure the truth gets out there.

RESPONSE TO THE QUESTION POSED BY THE NOMINATING COMMITTEE

What strategies do you plan to implement for enhancing public awareness of Board-certified dermatologists?

Ultimately, we want to help people better understand the role of a dermatologist in treating, preventing and managing skin/hair conditions. We also want to empower doctors, so they deliver high-quality patient care. I am a firm believer that focus increases engagement, attracts attention, builds momentum and leads to successful campaigns. Thus, I plan to consolidate uniform messaging around a few basic principles: disease prevention, improving access to and uptake of treatments, tackling stigma/discrimination, and promoting research. Mass media, advertising and PR efforts need to be centralized around this standard set of ideas, providing a vehicle for repeating successful messaging. Some strategies I consider implementing:

- An annual event such as a fashion show sponsored by industry stakeholders. This can lead to a season finale of a month-long online auction of sports, entertainment, and luxury experiences to help raise money to fund dermatologic research and empower patients
- Engagement of celebrities in social media campaigns to speak personally about hair/skin issues and bring compelling authenticity to public discourse
- Advertising campaigns utilizing the full range of mass media (print, radio, TV, web, social media) that take into account different ages, genders, ethnicities (e.g. minorities and LGBT groups) to enhance treatment access and reduce stigma
- Viral fundraising campaigns (similar to the ALS ice bucket campaign) for research, increase access/uptake of treatments to individuals that qualify, and for free skincare screenings
- Enhancement of multidisciplinary approach to medicine by participation and representation of board-certified dermatologists in congresses in the field of primary care, immunology, endocrinology etc.

RESPONSE TO THE QUESTION POSED BY THE NOMINATING COMMITTEE

What strategies do you plan to implement for enhancing public awareness of Board-certified dermatologists?

Many patients do not understand the different educational levels of their dermatological care team. We need to educate patients about this issue because they should know the licensure and qualifications of their health care providers and they deserve a board-certified dermatologist as the leader of the team. To achieve this goal, I would propose a strategy that includes the following measures:

1. Make the board-certified dermatologist definition more easily accessible and visible on the AAD website and in other AAD messaging
2. Incorporate our message into public service announcements on general skin health
3. Create pamphlets, posters, and other public relations materials for medical offices and other locations, on "Why choose a board-certified Dermatologist?"
4. Position our messaging on social media search engines to be a first line item for searches of "dermatology" and similar terms
5. Consider creating a "Board-Certified Dermatologist" logo to use on websites and business cards that immediately identify those who qualify to use the term. Patients will grow accustomed to looking for the seal.

HONORS AND AWARDS

- Dermatology Foundation Career Development Award
- NIH K12
- AHRQ K08
- NIH R01
- Young Dermatologist International Achievement Award
- AAD President's Citation for Scholarly Contributions in Psoriasis
- American Skin Association Research Achievement Award

PUBLICATIONS

- My research has been focused on evaluating comorbidities associated with inflammatory diseases; treatment patterns and healthcare access; technology-enabled healthcare delivery models to increase access to dermatological care.
- With over 200 peer-reviewed publications

RESPONSE TO THE QUESTIONS POSED BY THE NOMINATING COMMITTEE

1. What is your primary reason for running for the Board?

Dermatologists spend extensive amount of time obtaining prior authorizations and appealing denials for medically necessary treatments. I am running for the Board to substantially reduce this exhausting burden on dermatologists in seeking plan approval for appropriate prescriptions. I will advocate for increased transparency and efficiency of the prior authorization process such that dermatologist can focus on treating patients, not paperwork.

2. What qualities and experiences would you bring to the Board?

As a dermatologist with extensive research experience, I have used my unique skills in evaluating research evidence to help develop evidence-based clinical guidelines. These guidelines have included evidence-based off-label use of medications in dermatology and helped increase medication access. I have also advocated at state and national levels for mandatory payer disclosure of prior authorizations requirements and setting time limits for determination.

RESPONSE TO THE QUESTIONS POSED BY THE NOMINATING COMMITTEE

1. What is your primary reason for running for the Board?

My goal is to contribute to the leadership and direction of dermatology in several areas. These include assurance that the AAD continues to provide high quality educational meetings and materials, strongly supports direct access to care by dermatologists, and remains active in the legislative arena with a consistently strong and visible position.

2. What qualities and experiences would you bring to the Board?

My professional background is diverse, encompassing thirty-three years of medical dermatology and dermatologic surgery practice including Mohs surgery, strong academic involvement as a teacher, lecturer and author since early in my career, twenty-five years of clinical research experience, and three decades of administrative leadership in several major dermatology societies. I am a team player who has vision, is innovative, highly reliable, hard-working, approachable, a clear communicator, and enjoyable to work with.

RESPONSE TO THE QUESTIONS POSED BY THE NOMINATING COMMITTEE

1. What is your primary reason for running for the Board?

I am running because I am confident that I can make an impact. Our specialty currently faces several threats, including external pressures that threaten our autonomy and ability to deliver safe and appropriate care. I have the experience, ability, and passion to provide value to the Board at this important time.

2. What qualities and experiences would you bring to the Board?

I am driven, passionate, trustworthy, and devoted to the AAD. I have served our specialty in numerous leadership roles, including extensive AAD involvement and recently a WDS Board Directorship. I also have multispecialty leadership experience, serving in regional hospital administration at the Cleveland Clinic focusing on quality and patient safety. As a young female, I can add diversity to the Board by providing a currently absent perspective of a growing demographic of our specialty.

RESPONSE TO THE QUESTIONS POSED BY THE NOMINATING COMMITTEE

1. What is your primary reason for running for the Board?

I have benefitted from the AAD and its support throughout my education, training, and practice since 1995 and feel it is my time to serve the Academy and its membership to further our mission of providing awareness of and access to the best skin health and wellness for our patients.

2. What qualities and experiences would you bring to the Board?

I would offer leadership, energy, and insight based on my career experiences in practice, clinical research, education, research and business. I have worked in and seen many practice arenas during my 22 years since residency including solo private practice, small group practice, and large group practice along with an academic and clinical research component. This background will allow me to relate to our membership and its needs and have awareness from many perspectives.

medical dermatology, education, and neurodermatology.

RESPONSE TO THE QUESTIONS POSED BY THE NOMINATING COMMITTEE

1. What is your primary reason for running for the Board?

My primary reason for running for the Board is to further the goals in the mission statement of the AAD - "Promoting leadership in dermatology and excellence in patient care through education, research and advocacy." Dermatology is a respected and wonderful specialty. In collaboration with the AAD, we need to stay ahead of emerging issues both locally and nationally and must continue to set and maintain high standards in the diagnosis and medical, surgical, and cosmetic treatment of skin, hair, and nail conditions.

2. What qualities and experiences would you bring to the Board?

I would bring to the Board experiences in education, research, patient care, and advocacy. Some of my experiences include leadership positions in clinic operations, leading a Department and its 2 training programs (Categorical Dermatology and Internal Medicine/Dermatology), and research expertise.

Publications: > 60 peer reviewed publications, 10 book chapters, and 2 books.

RESPONSE TO THE QUESTIONS POSED BY THE NOMINATING COMMITTEE

1. What is your primary reason for running for the Board?

I am passionate about patients' access to dermatology and protecting and enhancing the public's and non-dermatologist physicians' understanding of the scope and complexity of diseases that dermatologists diagnose and manage. After 15 years committed to clinical practice, research, teaching and mentorship, I want to use my knowledge, experience, and leadership skills to effect change on a larger scale.

2. What qualities and experiences would you bring to the Board?

I strive to embody the leadership values of integrity, diplomacy, democracy, creativity, and humility. My pioneering spirit helped me build an inpatient dermatology division at UCSF. My focus on complex medical and inpatient dermatology informs my roles as President of organizations like the MDS and SDH, facilitates my work in improving access to inpatient care, and demonstrates the critical role dermatology plays within the House of Medicine.

RESPONSE TO THE QUESTIONS POSED BY THE NOMINATING COMMITTEE

1. What is your primary reason for running for the Board?

Dermatology faces unprecedented challenges from technological innovations, private equity, pharmaceutical costs, federal regulations, impediments to patient care imposed by third-party payers and inadequate research funding. I seek to use my skills to help the AAD respond to these challenges in order to protect and advance the interests of dermatologists in providing the best possible patient care and maintaining fair compensation for their services.

2. What qualities and experiences would you bring to the Board?

As a clinician, I share the joys and frustrations of working to best serve our patients. As someone who also participates in research and education, I appreciate the seamless interconnectedness of dermatology practice, research and teaching. I would bring an important perspective to our challenges and opportunities and be a strong voice for actions to support all communities represented in our profession.

RESPONSE TO THE QUESTIONS POSED BY THE NOMINATING COMMITTEE

1. What is your primary reason for running for the Board?

To address the current challenges:

- 1) Regaining “joy of practice” by reducing bureaucratic burden and allowing clinicians to focus on advocating for our patients
- 2) Keeping our specialty a leader in the ever-changing regulatory landscape through thoughtful strategies
- 3) Fostering innovation to remain at the cutting edge while increasing engagement of our diverse membership

2. What qualities and experiences would you bring to the Board?

As Director of Mohs and Dermatologic surgery program at a cancer center for the past 22 years, I am experienced in developing and leading a large skin cancer team in a multispecialty setting. I have a nuanced understanding of the complexities and challenges of clinical, academic, and teaching endeavors while facing daily bureaucratic hurdles. I have served on multiple national committees that require collaborative skills and consensus building to achieve success.

RESPONSE TO THE QUESTIONS POSED BY THE NOMINATING COMMITTEE

1. What is your primary reason for running for the Board?

I care about our specialty. The AAD is a critical caretaker and advocate for our members, patients, and our place in the house of medicine. The AAD's mission is to promote excellence in patient care through "education, research, and advocacy." I believe in this mission. I am running for the Board because I feel a responsibility to give back to the specialty that has given me so much, and my experiences will help serve our diverse membership.

2. What qualities and experiences would you bring to the Board?

The most important qualities I would bring to the Board are: 1) a collaborative spirit 2) a willingness to listen. My experience as clinician, teacher, and clinical investigator give me insight into the issues faced by the broad range of AAD members.

RESPONSE TO THE QUESTIONS POSED BY THE NOMINATING COMMITTEE

1. What is your primary reason for running for the Board?

Representing our membership against external forces with one unified voice in the house of medicine, in public relations and in legislative advocacy and effecting change that will benefit all are my sole motivations to join the Board.

2. What qualities and experiences would you bring to the Board?

My experience as a young man immigrating to the USA and graduating from NYU with English acquired watching "General Hospital" and adapting to a new culture made me flexible, practical and a problem solver.

My diverse dermatology experience from caring for AIDS patients and inmates in NYC to underserved Appalachian folks and inner-city Louisville patients helped me to understand and treat all patients.

Therefore, I will successfully represent and advocate for all different groups of Academy membership with one unified voice and achieve favorable results for everyone involved.

RESPONSE TO THE BALLOT QUESTION

What leadership qualities are most important for officers of the American Academy of Dermatology to possess?

The leadership styles of our AAD officers are as diverse as our membership. **Integrity is a must.** Our officers represent us all and members must trust that their leaders speak and act with honesty and sincerity, both within, as well as when representing us outside, the organization. **Courage**, and strength are critically important. The practice of medicine is under siege from many different sides and our leaders will need courage to successfully fight battles that may arise, and to help members understand those that cannot be won. A **positive, inclusive attitude** will help ensure continued growth of diversity within our specialty. Finally, a leader with **equanimity**, possessing the ability to remain calm even under adverse conditions, will serve our organization well.

RESPONSE TO THE BALLOT QUESTION

What leadership qualities are most important for officers of the American Academy of Dermatology to possess?

- 1) To be a service leader. To lead by helping others organize their thoughts, and express themselves; and help them grow as leaders.
- 2) Lead by example. Be free of conflicts of interest and hidden agendas.
- 3) Be an open-minded able listener and enabler. Organize a group to reach a consensus with input from all. The officers' job is to focus thoughts and move things along.
- 4) To never take offense, to recognize aggressiveness is usually masked fear.
- 5) To be patient. Never threaten or bully. Leadership is a team sport.
- 6) Let your board or committee own their decisions.
- 7) Keep your group focused on the key goals of the organization. Big goals take years to accomplish.

EXCERPT — NOMINATION AND ELECTION PROCEDURES

9. Election Period

The term “Election Period” as used in this administrative regulation is defined as that time between the date of identification of slated candidates by the Nominating Committee and the deadline date for receipt of ballots. This term is distinct from the term “election cycle” used in the Academy bylaws. (Article VI, Section 3 (a)).

10. Ballot and Ballot Book

- The ballot and ballot book shall be sent or otherwise be made available to all eligible voters.
- The ballot book shall be posted to the Academy Website, as soon as practicable after the announcement of the slate of candidates, but no later than the next business day after the Annual Business Meeting. Subject to the terms of Paragraph 6 of this administrative regulation, the ballot book shall be accompanied by each candidate’s photograph, curriculum vitae, and answers to questions formulated by the Nominating Committee.
- The ballot and ballot book will be mailed to eligible voters who do not have an email address on file with the Academy. Eligible voters with an email address on file with the Academy will receive an email with an embedded link to the online ballot, ballot book and Academy Election webpage. These members will be able to vote online without their member ID and secure access code. Members may also access the online ballot and ballot book through the Academy Election Webpage.
- Upon request, eligible voters will be sent a PDF of the ballot book via email. Eligible voters also have the option to print the online ballot, complete it and mail it to the election vendor. Eligible voters may also ask to receive a mailed ballot and ballot book for future elections.

11. Election Open Date

The Academy election shall open to the membership not more than two (2) days prior to or not more than one (1) business day after the Annual Business Meeting.

12. Annual Meeting and Other Academy Election Activities

- The following election activities shall occur during the Annual Meeting:
 - slated candidates shall be acknowledged at the Annual Business Meeting
 - slated candidates for President-Elect shall be given the opportunity to make a five-minute presentation at the Annual Business Meeting (See 13. i.)
 - slated candidates shall be given the opportunity to videotape a statement
 - slated candidate videotaped statements will be posted to the Academy Website for viewing by the membership throughout the Election Period
 - slated candidate electronic Disclosure Statements of Potential Conflict of Interest will be posted to the Academy Website for viewing by the membership
 - slated candidates shall receive a ribbon identifying them as a candidate for election
 - slated candidate poster boards shall be displayed
 - voting members shall be given the opportunity to vote, on their personal devices, electronically onsite
 - all candidates are encouraged to attend the young physician’s reception and the Advisory Board General Meeting at the Annual Meeting
- The Academy will make every effort to assure that candidates for office do not receive inadvertent additional publicity through the reporting of Academy activities in official publications or through the day-to-day program or administrative functions in which a candidate may be involved. This rule does not preclude sitting officers and directors from performing their official duties. Notwithstanding the foregoing, candidate images may appear on non-electioneering promotional materials and videos for Academy events or programs or those produced by external parties. In addition, the names of candidates who:
 - are recipients of Academy awards may be published in Academy Annual Meeting publications and such candidates may receive their awards at ceremonies held during the Annual meeting (as long as no mention is made of the individual’s candidacy or the election);
 - are speakers at the AAD/A programs may have their names listed along with the other speakers for that session and any promotional materials disseminated for that session without reference to their candidacy, but also without special mention (unless they are the featured speaker); and
 - appear in Academy materials having educational content i.e., interviews, articles and publications (including *Dermatology World* and the *Journal of the American Academy of Dermatology*), which will be disseminated to the membership, even if such distribution occurs during the “Election Period”. (See 9)
- The Academy will inform the membership of the official authorized and recommended election activities identified herein by publishing an excerpt of this administrative regulation on election activities in *Dermatology World* in the earliest issue after the date that candidates are announced, in any issue which includes candidate position statements, in the issue that is mailed closest to

the date on which the ballots are mailed, and by including the summary in the election voting packets.

13. Authorized Election Activities by Slated Candidates Following Slate Announcement

- The two (2) president-elect candidates will record a three (3) minute interview via video chat.
- Optional Letter
Each candidate may submit to the Academy one optional letter authored by the candidate in support of his/her candidacy in the below specified format. Once all letters for a specific position have been received and approved, (by or before the deadline), they will be posted collectively to the Academy’s election website and will remain there throughout the election period. Membership will be notified via e-mail and fax alerts of such posting. These alerts will have a link that will take members directly to the candidate election materials. Candidates may disseminate their approved optional letter by email or post it to social media sites and may include a link to the AAD election website. Candidates who wish to disseminate their optional letter by mail to Academy members who have not provided e-mail or fax numbers are personally responsible for doing so and for all associated expenses. The Academy will provide the names and addresses of those Academy members who do not have e-mail addresses or fax numbers to candidates for a one-time use upon request.

Candidates may disseminate the official Academy announcement with links to the Academy election website in their authorized communications to Academy members under this administrative regulation.

The optional letter:

- must be formatted on the candidate’s letterhead or plain paper, which shall be 8 ½” x 11” page must be typewritten in a 12-point font
- may include one photograph in black and white or color that shall be no larger than 2” (wide) x 3” (high)
- must not include hyperlink(s)
- Candidates must forward a copy of their optional letter to the Academy office for review by the Chair of the AHTF on Election Oversight and/or the Secretary-Treasurer, no later than the Friday prior to the opening of the Academy’s Annual Meeting to be disseminated to the membership.

The version of the optional letter submitted by the candidate to the Academy for posting on the Website and dissemination must be in final form. No changes to the optional letter will be allowed after it is submitted to the Academy by the candidate. The Academy will not be responsible for errors in the final version of the optional letter submitted by the candidate.

- Once the official slate of candidates is announced, candidates, and other individual members, but not groups or organizations, are permitted to engage in the dissemination of letters, emails, or other forms of written or electronic communications, including the slated candidate approved optional letter, in support of their candidacies or the candidates. Such communications must be authored by individuals and not groups or organizations. These individuals may not be current or incoming AAD officers or directors, or members of the Nominating Committee or Ad Hoc Task Force on Election Oversight. Candidate(s) who are also current sitting AAD officers or directors may disseminate written communications in support of their own candidacy in addition to their one optional letter. They may not send communications in support of other candidates. Such communications may not criticize, defame, or denigrate other candidates and must be consistent with the Academy’s Code of Medical Ethics for Dermatologists, including the responsibility that Academy members treat each other with mutual respect in their communications with each other. Candidates cannot fund communications by others or request others to finance the cost of such communications.

Slated candidates may include links in their communications to the Academy election webpage containing their optional letter (see Section 13. b) or video (see Section 13. i - j).

Current and incoming AAD officers and directors may socially introduce¹ an individual candidate while attending the AAD Annual meeting but may not actively campaign for² them.

During the nomination period, potential nominees and candidates may not engage in any such election-related communications other than direct, one-on-one, personal communications with friends and colleagues until the official slate of candidates is announced by the Academy.

- Candidates may give presentations in support of their candidacy at local, state, regional and sub-specialty dermatologic meetings if all other slated candidates for the position have been invited to present. To ensure all candidates for the same position are invited, these invitations should be directed to the Academy’s Executive Office at candidates@aad.org. At these sessions, candidates’ presentations should focus on their views regarding relevant Academy policy.
- Candidates may participate in social media discussions. However, when responding to questions on issues that are of relevance to their candidacy, candidates are strongly encouraged to refer their responses back to the Academy’s social media election site. In no circumstances may candidates criticize, defame or denigrate other candidates in their social media discussions.
- Candidates may give educational, scientific, or clinical presentations or interviews at dermatologic meetings or in related publications. However, presentations in these circumstances may not contain any political or electioneering content, and the candidates must refrain from mentioning their candidacy, other candidates, or the election. Other similar presentations or

interviews may also be permitted as long as they contain no reference to the current election.

- g. Distribution by candidates of flyers, gifts, trinkets, pins, ribbons, balloons, and other similar items in support of the candidate is prohibited.
- h. Members and other groups or organizations are encouraged to submit questions to the Nominating Committee for possible selection for response from candidates in the ballot book. Groups or organizations may encourage their members to vote in the Academy election and may publish or otherwise disseminate the official list of slated candidates to their members and provide links to the candidates' materials on the Academy election website, but are discouraged from endorsing, campaigning for, or otherwise supporting particular candidates or identifying them as members of their groups or organizations.
- i. **President-Elect Candidates Presentation**
President-Elect candidates have the option of giving a (5) five-minute presentation at the Annual Business Meeting. This presentation must be submitted in final written format to the Executive Office no later than (5) five days prior to the Annual Meeting. Candidates should indicate the format they will use to give their presentation i.e., PowerPoint, teleprompter. The final version of each President-Elect Candidate's presentation will be posted to the Academy Website as submitted. President-elect Candidates are encouraged to participate in a rehearsal that is held at the Annual Meeting. During rehearsal, speeches will be timed to ensure they are within the five-minute time limit. There will be a warning light at the podium to notify the candidates during their live speeches when they have thirty seconds remaining in their five-minute time limit. In fairness to both candidates, the microphone will be shut off at or very shortly after the time limit has elapsed. Each President-elect candidate's five-minute videotaped speech will be posted to the Academy's election Website together.
- j. **Slated Candidate Videotaped Statement**
Slated Candidates for the position of Vice President-elect, Director and Nominating Committee member representative are encouraged to participate in a videotaped statement to be recorded no later than the Friday prior to the opening of the Annual Meeting. The Academy will post the videotape and corresponding written Candidate Statements to the Academy election website for viewing by the membership throughout the Election Period. This is in addition to, and not in place of the optional candidate letter.

The content of the videotaped statement will be the decision of the individual candidate. Candidates are responsible for assuring that the statement is done in a professional manner, i.e., no dancing, music, dogs doing tricks, etc. and will fit into the time limits listed below. Candidates are encouraged to rehearse their statements.

The time that has been allotted for the candidate videotaped statement is as follows:

Vice President-Elect	One Minute
Director	45 Seconds
Nominating Committee	30 Seconds
Member Representative	

- k. Candidates will be asked to complete a questionnaire on the election process prior to the announcement of the final results of the election.

14. Authorized Election Activities by Director Write-in Candidates following Slate Announcement

- a. Unsuccessful nominees who wish to be a Director write-in candidate, have been vetted by the Nominating Committee, and are a Fellow in good standing with the Academy, are required to submit their name in writing to the American Academy of Dermatology, attention Secretary-Treasurer, by a designated date that is ten (10) days prior to the opening of the election. Such individuals will be eligible to run as a Director write-in candidate, subject to the same background checks as conducted for short-listed Director candidates. Based on the results of such additional vetting, written approval by the Secretary-Treasurer will be granted after the Academy's official slate of candidates is announced.
- b. Director Write-in candidates are also subject to the rules outlined in Paragraph 13. c through 13. h and k, including without limitation the restriction on any election-related communications in support of their candidacy prior to the announcement of the official slate of candidates.
- c. Director Write-in candidates' electronic Disclosure Statements of Potential Conflict of Interest, photograph, curriculum vitae and the answer to the Nominating Committee question will be posted to the Academy Website for viewing by the membership on a webpage linked off of the Academy's official slated candidate's webpage.
- d. Director Write-in candidates will be invited to participate on the candidate briefing call; their names will not appear in the ballot book.
- e. Director write-in candidates shall receive a distinctive ribbon identifying them as such to wear at the Annual meeting.

15. Ballot Return Date

To be valid and in accordance with Paragraph 17 of this administrative regulation, ballots:

- a. must be submitted online or sent directly to the independent election service designated therein.
- b. must be received or electronically posted by a date designated therein, which date shall be within two weeks of the opening date of the election.

- c. must not contain write-in votes for Officers and Nominating Committee member representative positions.
- d. may contain a vote for one (1) eligible Director write-in candidate.
- e. may not exceed four (4) votes for Directors inclusive of one (1) Director write-in candidate.

16. Announcement of Election Results

Successful candidates shall be announced as soon as practicable after the ballot return date.

17. Official Election Candidate Results

The official results of each election certified by the independent election service are kept on file at the Academy office. Each candidate may verbally receive their numerical results of the election in which the individual was a candidate by contacting the Secretary-Treasurer or Assistant Secretary-Treasurer. An unsuccessful Director candidate, from the current election period, may verbally request the numerical result of the Director elected to the fourth seat. The Secretary-Treasurer or Assistant Secretary-Treasurer may verbally provide the numerical result without identifying the elected Director by name.

18. Assumption of Office³

Successful candidates shall assume office at the conclusion of the Annual Meeting following the election.

19. Manner of Notice and Announcement

Notice(s) and Announcement(s) required by this administrative regulation shall be in writing and, unless otherwise specified by the Academy Bylaws or this administrative regulation, may be affected by publication in an official Academy or Association publication, by United States mail, or by facsimile, or electronic transmission.

20. Ad Hoc Task Force on Election Oversight

An ad hoc task force will be appointed each year prior to the Call for Nominations, to monitor the Academy's election process and election activities. The ad hoc task force will be chaired by the Immediate Past President holding office when slated candidates are announced, and will be further comprised of the President, Secretary-Treasurer or Assistant Secretary-Treasurer, and the following individuals appointed by the President: a past member of the Board of Directors, a recent past member of the Nominating Committee, a member of the Advisory Board, and a recent unsuccessful candidate. The president may appoint up to two (2) additional members at his/her discretion. Members asked to serve on the AHTF on Election Oversight should not accept the appointment if they anticipate becoming a candidate in the upcoming election. Upon acceptance of the AHTF appointment, the member must remain neutral throughout their term, which includes, but is not limited to, the nominating process and Election Period. The AHTF members are restricted from submitting nominations, supporting nominees, writing letters or speaking in support of any nominee, potential candidate, slated candidate or write-in candidate running for office.

The Ad Hoc Task Force on Election Oversight will report any recommendations for sanctions to the Board of Directors. At the end of the election process, the Ad Hoc Task Force will present a formal report to the Board of Directors and include any recommendations that it may have for revisions to existing regulations.

21. Member and Candidate Sanctions for Failure to Comply with Regulations

The Ad Hoc Task Force on Election Oversight is responsible for addressing inappropriate communications and works with the member, individual, slated or write-in candidate(s) to resolve the issue. The Ad Hoc Task Force has the authority to block a member's or candidate's access to the *AAD Election Connection!* Should further review or sanctions be required, the Ad Hoc Task Force will refer the issue to the Board of Directors or the Professionalism and Ethics Committee.

Slated and write-in candidate(s), who are found, by a majority vote of the Board of Directors, to be in violation of the above regulations may, at the Board's discretion, be subject to sanctions, including but not limited to, removal from the ballot and/or nullification of votes received.

The Board of Directors retains discretion to alter the dates within this administrative regulation to accommodate special circumstances.

The following are examples of what constitutes a social introduction and of possible campaign activities. ¹ **Socially introduce** – A member encounters a candidate while attending a function (social or otherwise) at the annual meeting. The encounter happens at unpredictable times and locations i.e., before/after a session or meeting, dinners, receptions, etc. The member is allowed to casually introduce the candidate. ² **Campaign for** – When a candidate and member prepare a plan of action so they can attend as many of the same functions together. The member would then introduce the candidate to many colleagues (at each function) and ask for their vote or remind them to vote. A candidate could also stand by an elevator/escalator or in a busy area of the convention center for an extended period-of-time with a member who introduces him/her while asking for their vote or reminding them to vote. ³ **The fiduciary obligations** of elected officers and directors generally apply when they officially take office at the end of the Annual Meeting following their election. However, these individuals must abide by the fiduciary obligations of officers and directors during the year following their election and before they formally take office to the extent that they are involved in any Board of Directors meetings, activities, or decisions, particularly with respect to confidential information.
