RESPONSE TO THE QUESTION POSED BY THE NOMINATING COMMITTEE

What is your primary reason for running for the Academy Board?

I care about our specialty. The AAD is a critical caretaker and advocate for our members, patients, and our place in the house of medicine. The AAD's mission is to promote excellence in patient care through "education, research, and advocacy." I believe in this mission. I am running for the Board because I feel a responsibility to give back to the specialty that has given me so much, and my experiences will help serve our diverse membership. The global pandemic has amplified the need for clearheaded leadership, and I would relish the opportunity to give back to dermatology.
