AAD Global Education Day Policies & Guidelines

AAD Global Education Day at the 2025 American Academy of Dermatology (AAD) Annual Meeting is an opportunity for international societies who are member organizations of the International League of Dermatological Societies (ILDS) to hold an independent educational session the day before the official start of the AAD Annual Meeting on Thursday, March 6, 2025. These unique sessions provide international societies the opportunity to highlight their members’ work and network with fellow dermatologists from around the world.

These sessions may or may not be eligible for continuing medical education credit; offering such is at the sole discretion of the sponsoring organization. NOTE: The AAD does not accredit any Global Education Day program for continuing medical education credit.
