Promoting Interoperability Category

(PI category is for practices utilizing 2015 Certified EHR. If you do not have an EHR, you will need to apply and be approved for the PI Hardship for 2021 in order to report with the registry)

I can attest my practice has been approved for the PI hardship for 2021.

(Please provide copy of PI Hardship approval letter)

DataDerm team confirms the approval letter has been received (for DataDerm staff to complete).

My practice has an EHR and will be reporting the PI category through DataDerm.

Improvement Activity Category

The maximum number of points for the IA category is 15. If you report additional IAs than the recommended below, your IA category will be capped at 15 points.

My practice will be attesting to the following IA(s) for a minimum of 90 consecutive days:

(Small practice—15 or less providers: One high-weighted IA or two medium-weighted to fulfil the maximum points for IA category. Large practice—16 or more providers: two-high weighted IAs or four medium-weighted IAs to fulfil the maximum points for IA category)
