

New iPLEDGE Functionality to Expedite Patient Access

Prescribers and Designees,

Patients categorized as “Patients Who Can Become Pregnant” are required to complete monthly tasks in the iPLEDGE REMS. However, many patients have not yet accessed the system since the transition of the iPLEDGE REMS.

Follow the below steps to utilize a new feature that will allow you to help ensure your patient(s) have access to the iPLEDGE REMS website.

1. Once you have verified your patient’s category, your patient will appear in the appropriate tab under Manage Patients.
2. A new column entitled “Action” has been added to the Current Patients listing. To assist your patient(s) who **may not** have accessed the iPLEDGE REMS website, a green button will be displayed in the last column entitled “SEND LOGIN LINK”.

3. Click the “SEND LOGIN LINK” button to confirm your patient’s email address on file and select the SUBMIT button to have an e-mail automatically sent to the patient to facilitate their access to the REMS system.

NOTE: If the patient’s e-mail is unknown, you will need to obtain it from the patient and fill it in for this message to be sent.

Please enter/verify following information before submitting:

Patient First Name: Test1

Patient Last Name: Lav1

* Patient Email Address

ubcpledge+testlav11@gmail.com

If you believe this patient is having difficulty accessing their iPLEDGE account, please enter or verify the patient's email address and click submit. Once you select submit, the system will send this patient an email which will allow the patient access to their iPLEDGE account.

The patient's profile will be updated to reflect this email address.

4. Patients can then proceed with their login and complete their tasks.

NOTE: The link sent to the patient will direct them to a screen with the following instructions:

"Welcome to iPLEDGE! If you are an existing user, and you have not created a new iPLEDGE password after December 13, 2021, please create one below using your username. If you are a new user, please create your username and password below."

5. This link will remain available even after the patient has logged into the system in case their email address needs to be updated in the future.
6. This same functionality is available for prescribers on the "Designees" tab in order to send a link to your designees to enable their log-in:
