

MCT2D Cohort 2 PCP VBR

Year 1

Value based reimbursement for primary care physicians recruited in 2022 will begin on September 1, 2022. Primary care physicians who participate in MCT2D and meet the below requirements will receive 5% VBR. Considering the start date of the VBR, the payments will be prospective, as VBR recipients will be completing these requirements following the initial payments. Unless there is a specific deadline listed, the activities will need to be completed prior to 7/15/2023. All items must be completed to continue earning VBR.

Requirement	Responsibility
Submit name of clinical champion and practice liaison (Due 8/15)	Practice
Attend and complete all MCT2D training sessions (virtual, six one-hour on demand sessions with CME) by December 31 st , 2022.	Clinical Champion
