- Reminder: Your PO scorecard ensuring registration by your clinical champions three weeks prior to their meeting date is associated with 10 points. The first regional meeting takes place in Livonia on April 9th.

RECRUITMENT

- **You will be able to nominate eligible PCP practices in the administrative portal later this month.**
- Reminder: MCT2D is able to bring on 75 additional primary care practices. If we receive more nominees than that we will use the criteria shared in the January PO monthly call to determine how to prioritize onboarding. *Recruitment will be open through April 19th, 2024.*
- MCT2D is planning on hosting a practice level introduction to MCT2D. We would encourage you to share [the link to register](#) with any sites that may be considering joining. We will also discuss other recruitment resources at the upcoming February PO calls.

REMINDERS & FYI

- In January, we distributed a list with contact information for other PO leadership working on the same QI focus initiative. Please feel free to reach out to others to discuss their process changes or if you think you can share something helpful with them.
- Quarterly data reports were distributed to each PO on January 19th.
- The next MCT2D dashboard refresh will take place on 2/6/2024 and will have paid clinical and claims data through 11/30/2023.
