

Endocrinology VBR: New Sites

Value based reimbursement for endocrinologists will begin at the same time as other specialist value-based reimbursement - 3/1/2024. Endocrinologists who participate in MCT2D and meet the below requirements will receive 5% VBR. Considering the start date of the VBR, the below will be a mix of retrospective and prospective measures. Unless there is a specific deadline listed, the activities will need to be completed prior to 1/15/2025. All items must be completed to continue earning VBR.

Requirement	Responsibility	Due Date
Submit name of clinical champion and practice liaison. Clinical champion must be an endocrinologist	Clinical Champion	3/1/2024
Attend the MCT2D medication and CGM training session (1 hours total, virtual)	Clinical Champion	6/1/2024
