2024 Learning Community Events

Hosting 10 Learning Community Events in 2024.

Will continue to offer CE for physicians, nurses, pharmacists, and dietitians for the live sessions.

Recorded sessions will be available for learning community credit, but not for CME.

Event registration information will be disseminated by early next week.

Diabetes Prevention and Remission	11/18/24	TBD

QI Focused Meetings

- **CGM Meeting:** February 15th, 11am-12pm
- **Medication Meeting:** February 20th, 2pm - 3pm
- **Low Carb Diet Meeting:** February 23rd, 11am-12pm

Attendance at this meeting is part of your PO Scorecard.

We have received a few requests to share the information of the POs who are working on the same QI so that you have the ability to reach out to one another.

 **Would you be comfortable with your PO name, your name and email, and proposed process changes being shared amongst others working on same goal?**

Quarterly Reports

- First report will be at the end of January, and will combine graphs and information from the previous two reports, with data current through 9/30/23
- Additional reports will be at the end of March, July, and October.
- Plan to have the design team work with the reports later in the year and to continue to seek and incorporate requests and suggestions from you on making the reports the most useful.

MDC Release Schedule- 2024

Enhancement	MCT2D Publish Date	Type	Paid Claims and Clinical Data Through
	2/6/2024	Data Refresh	11/30/2023
1	4/8/2024	Feature Enhancement and Data Refresh	1/31/2024
	4/30/2024	Data Refresh	2/28/2024
2	6/25/2024	Feature Enhancement and Data Refresh	3/31/2024
	8/7/2024	Data Refresh	5/31/2024
3	10/1/2024	Feature Enhancement and Data Refresh	6/30/2024
	10/30/2024	Data Refresh	8/31/2024
4	12/20/2024	Feature Enhancement and Data Refresh	9/30/2024

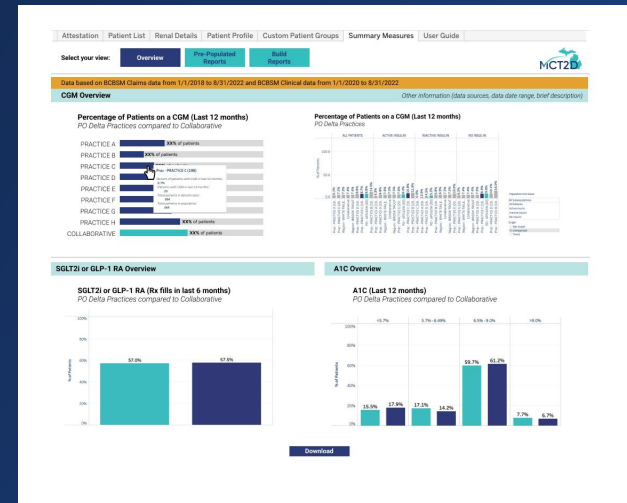

MCT2D Publish Date = Date refresh will be pushed to Tableau and announced to users

Paid Claims Data Through = Last paid date included in in the claims; service dates will include dates in prior months also.

Clinical Data Through = Last clinical service date in the monthly file

Dashboard 2.0

- MCT2D is taking the feedback that we received from the dashboard user feedback sessions and partnering with MDC to launch an updated dashboard in 2024
- Improved user experience and features including:
 - Redesigned interface
 - Pre-built reports and new data visualizations
 - Improved patient profile page
- Estimated Date: Q3

Spring 2024 Regional Meetings

- Spring regional meetings currently scheduled and holds sent to calendars. Registration will open late January/early February.
 - Tuesday, 4/9/2024 – Livonia
 - Thursday, 4/11/2024 – Ann Arbor
 - Tuesday, 4/16/2024 – Troy
 - Tuesday, 4/23/2024 – Kalamazoo
 - Wednesday, 4/24/2024 – Grand Rapids
 - Wednesday, 5/8/2024 – Saginaw- **note: new location**
 - Thursday, 5/9/2024 – Gaylord - **note: new location**
- PCP practices, endocrinology practices, and nephrology practices required to attend

Regional Meeting Focus

- Meds and CGM update, including updates from the 2024 ADA Standards of Care
- Clinical Updates from MCT2D Endocrinology and Nephrology program leads
- QI Discussions at Table- small group discussions about the QI focus goal
- Looking Ahead for MCT2D

Also want to build in time during the break for primary care sites to meet briefly with their partnering specialist site

Reminder: Specialist VBR Primary Care Partnership

The 2024 VBR for specialists in the collaborative includes the following measure:

<p>Work with your physician organization to choose at least one primary care practice within your PO that is participating in MCT2D. Work together to identify one aspect of care coordination that can be improved, and develop a plan for process improvement, for example, partnering to develop an improved referral/hand off process.</p>	<p>Partner defined: April 1, 2024 Plan submitted: June 2024 Feedback: November 2024</p>
--	---

Partners are due on April 1st, prior to the regional meetings. Please begin thinking about each of your specialist and primary care site partnerships for this measure.

2024 Recruitment

- Recruitment for MCT2D kicks off on January 22nd with an informational session for new POs. We have capacity to bring on up to 4 new POs.
- Practice recruitment will officially open on the portal on February 22nd. We are limited in the number of practices we can recruit. We will be enrolling up to 75 new sites. (Details on next slide).
- Intro to MCT2D for Practices webinar hosted live on February 22nd at 10am, available on our YouTube channel after. Will distribute registration in late January.
- Nominate eligible and interested primary care sites by April 19, 2024.
- Participation will kick off on September 1, 2024.

PRACTICE ELIGIBILITY REQUIREMENTS

In order to participate in MCT2D, practices must meet the following eligibility criteria:

Have an EMR

AND

Be a Provider Delivered Care Management (PDCM) practice with 20+ Total T2 Diabetes Blue Cross Patients

OR

Be a Physician Group Incentive Program (PGIP) practice with 75+ Total T2 Diabetes Blue Cross Patients

Practice Recruitment Considerations

If we receive over 75 practices nominated to join MCT2D, we will be looking at the following criteria to determine who to enroll:

- Geographic location- state location and underserved areas (information from PGIP list)
- Safety Net Practice/FQHC (information from PGIP list)
- Independent practices (information from PGIP list)
- PDCM practices (information from PGIP list)
- Practices that have an embedded pharmacist (information provided by PO in the portal)
- Percentage of Medicaid patients (information provided by PO in the portal)
- Other considerations (information provided by PO in the portal)

Reminder: Data Focused Meeting

We have reached out to select POs to request to schedule a meeting reviewing your data submission.

If you have not scheduled this meeting yet, please do so via the Calendly link that you were sent in mid-December.

Note: This does not apply to all POs, just a subset.

February PO Calls:

Monday, February 12th at 11am

OR

Wednesday, February 14th, at 2pm
