The Natura Water System eliminates impurities while retaining healthy minerals – producing great-tasting and thirst quenching sparkling and still water that is guaranteed to please even the most discerning palate. Using the latest filtration technology jointly developed with NASA it combines nano-filtration and electro-adhesion technologies to eliminate heavy metals, bacteria and viruses, as well as pesticides, agro-chemical, medical and pharmaceutical residues, including penicillin G and antibiotics serving the very best and most refreshing water, not to mention reducing our carbon footprint from our overseas imports, and the amount of bottle disposals every day!
