FRENZY

53 HOURS OF

CRAZY DEALS

CAMPAIGN IDENTITY

Blink and you'll miss it.

Our creative brings the Zip Frenzy concept to life in a fun, bright and dynamic way.

There are **two lockups** in the set, both designed in Zip purple and electric green brand colours.

The primary lockup contains the full event descriptor, while the secondary lockup is used as an imperative to alert and alarm. This is a frenzy, after all.

LOCKUP

Campaign identity.

This is how the logo has been provided to you. Simply move the asset to position the 'Zip Frenzy' logo in your preferred placement.

These guidelines will further show examples of how to use the logo and background for both text based and image based assets.

There are two lockup options to choose from.

OFFERS AND COLOUR

Make it stick.

Showcase your Zip Frenzy offers in style with our tailored purple and green stickers.

The small sticker is optimised for short and sharp deals that catch the eye and get the clicks. Use the large sticker for longer offers that break over two lines (maximum).

The font is **Work Sans Extra Bold** set in **ALL CAPS** and the copy colour is **Confidence** (see below). You may modify the point size if need be but always be conscious of 'mobile first' screen legibility.
