2. RATINGS

Ratings: The Senior Non-Preferred Notes to be issued are expected to be rated:

S&P: BBB

As defined by S&P, a "BBB" rating means the Issuer has adequate capacity to meet its financial commitments, but the Notes are more subject to adverse economic conditions.

Moody's: Baa1

As defined by Moody's, a "Baa" rating means that the Notes are subject to moderate credit risk. They are considered medium-grade and as such may possess speculative characteristics. The modifier "1" appended to the rating indicates a ranking in the upper end of that generic rating category.

Fitch: A

As defined by Fitch, an "A" rating means that the Notes are judged to be of high credit quality and denotes expectation of low default risk. It indicates strong capacity for payment of financial commitments. This capacity may, nevertheless, be more vulnerable to adverse business or economic conditions than is the case for higher ratings.
