Where a claim relating to information contained in this Base Prospectus is brought before a court in a Member State of the European Economic Area (an “EEA State”), the plaintiff may, under the national legislation of the EEA State where the claim is brought, be required to bear the costs of translating the Base Prospectus before the legal proceedings are initiated.

Principal Agent and Calculation Agent: ABN AMRO Bank N.V.

Listing and Admission to Trading: Application has been made for the Securities to be admitted to trading and listed on NYSE Euronext in Amsterdam up to the expiry of 12 months from the date of this Base Prospectus. In addition, Securities may be listed or admitted to trading, as the case may be, on any other stock exchange or market specified in the applicable Final Terms. The Issuer may also issue unlisted Securities.

Description of the Securities: A range of notes may be issued under this Base Prospectus. The Conditions applicable to such notes are contained in the General Conditions which are applicable to all notes, the Product Conditions applicable to the particular type of note being issued and the Final Terms applicable to the particular Series being issued.

The notes are investment instruments which may or may not bear interest and which, at maturity or earlier termination, either pay a cash amount which may or may not be equal to the nominal amount of the relevant note, less certain expenses (the “**Cash Amount**”) or, in the case of exchangeable notes, permit the Holder (as defined below) to exchange his note for, depending on the terms of the relevant note, a defined amount of the Underlying (as defined below) or an amount in cash calculated by reference to the value of the Underlying (the “**Conversion Amount**”). The amount of interest to be paid and/or the Cash Amount and/or the Conversion Amount may or may not be dependent upon the performance of an underlying reference rate, stock, index (including in the case of an index, the index and its constituent elements) or basket (together, the “**Underlying**”), in all cases, as provided in the terms of the relevant note. The types of note that may be issued under this Base Prospectus are described below.

Range Accrual Notes: Range accrual notes are interest bearing cash settled securities. Range accrual notes are redeemed at a percentage of their nominal amount. The amount of interest paid on a range accrual note depends on the performance of one or more underlying reference rates, as specified in the applicable Final

Terms. Typically, interest will accrue for each relevant day in an interest period on which the Underlying performs in the manner specified in the Final Terms but will not accrue in respect of other days. Interest on a range accrual note may also be paid at a pre-determined specified rate for certain interest periods specified in the applicable Final Terms.

Ladder Notes:

Ladder notes are interest bearing cash settled securities which may be called by the Issuer on specified dates. Ladder notes are redeemed at a percentage of their nominal amount. The amount of interest paid on a ladder note depends on the performance of an underlying reference rate, as specified in the applicable Final Terms. Typically, interest will be paid in respect of each interest period either at a pre-determined specified rate or at the difference between a pre-determined specified rate and an identified floating rate for the relevant interest period, subject in the latter case to any minimum rate specified for the relevant interest period, all as specified in the applicable Final Terms.

Target Coupon Notes:

Target coupon notes are interest bearing cash settled securities. Target coupon notes are redeemed at a percentage of their nominal amount. The amount of interest paid on a target coupon note depends on the performance of one or more underlying shares, as specified in the applicable Final Terms. Typically, a target interest amount will be set which, if reached prior to maturity, may result in early termination of the securities. In certain cases additional interest amounts may also be paid as specified in the applicable Final Terms.

Rate Notes:

Rate notes are cash settled securities which may or may not bear interest and are redeemed at their nominal amount or a stated percentage thereof. The amount of interest paid on a rate note may depend on the performance of one or more underlying reference rates and/or may be determined by reference to a fixed rate or rates, as specified in the applicable Final Terms.

Zero Coupon Notes

Zero coupon notes are cash settled securities which are issued at a percentage of the nominal amount and which do not bear any interest.

Currency Exchange Notes:

Currency exchange notes are cash settled securities which may or may not bear interest and are redeemed at their nominal amount or a stated percentage thereof. The amount of interest paid on a currency exchange note will depend on the performance of one or more underlying currency exchange rates, as specified in the applicable Final Terms.

Currency Linked Notes:

Currency linked notes are cash settled securities which may or may not bear interest and are either redeemed at their nominal amount in the base currency or redeemed at their nominal amount plus an amount depending on the performance of the underlying currency exchange rate, in the conversion

currency, as specified in the applicable Final Terms.

Yield Discovery Notes:

Yield discovery notes are capital protected interest bearing cash settled securities. Yield discovery notes are redeemed at their nominal amount. The amount of interest paid on a yield discovery note depends on the performance of an underlying basket of shares, as specified in the applicable Final Terms. The maximum rate of interest so determined may be capped at the level specified in the applicable Final Terms. Interest on a yield discovery note may also be paid at a pre-determined specified rate for certain interest periods as specified in the applicable Final Terms. The rate of interest for certain interest periods may be at least the level of the previous year.

Certificate Notes:

Certificate notes are cash settled securities which may or may not be interest bearing or capital protected. The Cash Amount payable at maturity of a certificate note will at least equal its nominal amount (if it is capital protected) plus a return (which may be zero) calculated by reference to the performance of one or more underlying certificates, as specified in the applicable Final Terms.

Index Notes:

Index notes are cash settled securities which may be partially or fully capital protected and may be interest bearing. If applicable, interest may be payable at a rate specified in the applicable Final Terms. The Cash Amount payable at maturity on an index note will at least equal a specified percentage of its nominal amount but may be higher than that amount and may be subject to a capped maximum gain depending on the performance of the Underlying, as specified in the applicable Final Terms.

Inflation Index Notes:

Inflation index notes are fixed-income securities that track a consumer price index (“CPI”) and offer a real rate of return; that is, they generate monthly interest payments that exceed the prevailing inflation rate by a specified amount.

Callable Index Notes:

Callable index notes are non-interest bearing cash settled securities. The Cash Amount payable on the note will depend on the performance of the underlying index specified in the applicable Final Terms. If during the life of the note the Issuer determines that an early redemption event has occurred, the note may be redeemed at an amount determined in the manner specified in the applicable Final Terms. If, by the maturity date, an early redemption event has not occurred, the Cash Amount paid in respect of the note will depend upon the performance of the Underlying at maturity and may be less than the nominal amount of the note.

Knock-in Index Notes:

Knock-in Index Notes are similar to Index Notes, the difference being that if a Knock-in Event has not occurred (such event occurs if the price of the relevant index specified in the applicable Final Terms is less than or equal to the Knock-in Level, being a predetermined level, during a

particular period) the securities will be redeemed by payment of the Cash Amount. If a Knock-in Event has occurred during the maturity of a Knock-in Index Note the amount payable at maturity will depend on the value of the underlying index, but will not be higher than the Cash Amount.

Autocallable Notes:

Autocallable Notes are cash settled or physically settled (if specified in the applicable Final Terms) securities which are not capital protected and may be interest bearing. The Cash Amount payable on, and the maturity date of, the note will depend on the performance of the Underlying specified in the applicable Final Terms. If on specified dates during the life of the note the level of the Underlying performs in a specified manner (an “**Early Termination Event**”), the note will be redeemed at its nominal amount plus an additional amount specified in the applicable Final Terms. If, by the maturity date, an Early Termination Event has not occurred, the Cash Amount paid in respect of the note will depend upon the performance of the Underlying at maturity and may be less than the nominal amount of the note.

Share Notes:

Share notes are cash settled securities and may be interest bearing. If applicable, interest may be payable on a share note at a rate specified in the applicable Final Terms. The Cash Amount payable at maturity of a share note may be at least equal to a specified percentage of its nominal amount, may be subject to a capped gain and/or may depend on the performance of the Underlying, as specified in the applicable Final Terms.

Exchangeable Notes:

Exchangeable notes may be cash settled or physically settled securities and may be interest bearing. If applicable, interest may be payable on an exchangeable note at a rate specified in the applicable Final Terms. The cash amount payable at maturity of a cash settled exchangeable note may be at least equal to a specified percentage of its nominal amount, may be subject to a capped gain and/or may depend on the performance of the Underlying, as specified in the applicable Final Terms. In the case of a physically settled exchangeable note, the share amount to be delivered will be determined by reference to the performance of the underlying share in the manner specified in the applicable Final Terms.

Fund Linked Notes:

Fund linked notes are cash settled securities which may be partially or fully capital protected and may be interest bearing. If applicable, interest may be payable at a rate specified in the applicable Final Terms.

Basket related Capital Protected Notes:

Basket related capital protected notes enable investors to participate in the performance of one or more baskets of different components relating to the relevant Series (including, without limitation and as specified in the applicable Final Terms, an index component, a real estate index component, a commodity component or a bond index component). In

addition to capital protection, an investor may, as specified in the applicable Final Terms, receive an additional amount depending on the performance of one or more baskets of different components. If specified in the applicable Final Terms, an Interim Cash Settlement Amount or Interest Amount (each as defined in the applicable Final Terms) will be payable (subject to any applicable conditions being met) on the Interim Cash Settlement Amount Payment Date or each Interest Payment Date, as the case may be.

Commodity Notes:

Commodity notes are cash settled securities which may be partially or fully capital protected and may or may not be interest bearing. The Cash Amount payable at maturity of a commodity note is calculated by reference to the performance of one or more underlying commodities, as specified in the applicable Final Terms.

Indicative Issue Price:

The notes will be issued at their nominal amount or a percentage thereof.

Maturity:

The notes have a fixed maturity date, as specified in the applicable Final Terms, but may be subject to early termination in the event that the level of the Underlying exceeds a level specified in the applicable Final Terms or if the Issuer has a call option.

Interest:

The notes may bear interest, as specified in the applicable Final Terms.

General Conditions

Set out below is a summary of certain significant provisions of the General Conditions applicable to all notes issued under this Base Prospectus.

Status of the Notes:

The Securities constitute unsecured and unsubordinated obligations of the Issuer and rank *pari passu* among themselves and with all other present and future unsecured and unsubordinated obligations of the Issuer save for those preferred by mandatory provisions of law.

Early Termination:

The Issuer may terminate any Securities if it shall have determined in its absolute discretion that its performance thereunder shall have become unlawful in whole or in part as a result of compliance in good faith by the Issuer with any applicable law. In such circumstances the Issuer will, to the extent permitted by law, pay to each Holder in respect of each Security held by such Holder an amount calculated by it as the fair market value of the Security immediately prior to such termination (ignoring such illegality) less the cost to the Issuer of unwinding any related hedging arrangements.

Hedging Disruption:

If a Hedging Disruption Event (as defined in General Condition 5) occurs, the Issuer will at its discretion (a) terminate the Securities and pay to each Holder in respect of each Security held by such Holder an amount calculated by

it as the fair market value of the Security immediately prior to such termination less the cost to the Issuer of unwinding any related hedging arrangements or (b) make a good faith adjustment to the relevant reference asset as described in General Condition 5(c) or (c) make any other adjustment to the Conditions as it considers appropriate in order to maintain the theoretical value of the Securities after adjusting for the relevant Hedging Disruption Event.

Substitution:

The Issuer may at any time, without the consent of the Holders substitute for itself as principal obligor under the Securities any company, being any subsidiary or affiliate of the Issuer, subject to certain conditions including the obligations of the substitute issuer under the Securities being guaranteed by ABN AMRO Group N.V. (unless ABN AMRO Group N.V. is the Substitute). In certain cases, substitution may be required to be effected in accordance with the rules of one or more clearing systems specified in the applicable Final Terms.

Taxation:

The Holder (and not the Issuer) shall be liable for and/or pay any tax, duty or charge in connection with the ownership of and/or any transfer, payment or delivery in respect of the Securities held by such Holder. The Issuer shall have the right, but shall not be obliged, to withhold or deduct from any amount payable to any Holder such amount as shall be necessary to account for or to pay any such tax, duty, charge, withholding or other payment.

Adjustments for European Monetary Union:

The Issuer may, without the consent of any Holder, on giving notice to the Holders elect that, with effect from the date specified in such notice, certain terms of the Securities shall be redenominated in euro, see General Condition 11.

Product Conditions:

Set out below is a summary of certain significant provisions of the Product Conditions applicable to the notes to be issued under this Base Prospectus.

Form of Notes:

Except in the case of notes issued in dematerialised form, the notes will be issued in global form.

Settlement of Notes:

Notes shall be cash settled or, in the case of exchangeable notes, either cash settled or physically settled, as specified in the applicable Final Terms.

Market Disruption Events:

If a Market Disruption Event occurs Holders of notes may experience a delay in settlement and the cash price paid on settlement may be adversely affected. Market Disruption Events are defined in Product Condition 4 for each type of note and vary depending on the type of note.

Emerging Market Disruption Events:

The Emerging Market Disruption Events reflect the substantial risks associated with investing in emerging markets in addition to those risks normally associated with making investments in other countries. Potential investors should note

that the securities markets in emerging market jurisdictions are generally substantially smaller and at times have been more volatile and illiquid than the major securities markets in more developed countries. If an Emerging Market Disruption Event occurs Holders of certificates may experience a delay in settlement of delivery and the cash price paid on settlement may be adversely affected. Emerging Market Disruption Events are defined in Product Conditions.

Governing Law:

The laws of The Netherlands.

Exclusive Jurisdiction:

The courts of The Netherlands have exclusive jurisdiction to settle any dispute (a **Dispute**) arising from or in connection with the warrants.

Final Terms:

Each Series will be the subject of Final Terms which will contain the final terms applicable to the Series. The form of the Final Terms applicable to each type of note is set out at the end of this Base Prospectus.

The Final Terms applicable to each Series may specify amendments to the General Conditions and/or the relevant Product Conditions as they apply to that Series.

RISK FACTORS

The Issuer believes that the following factors may affect its ability to fulfil its obligations under Securities issued. Most of these factors are contingencies which may or may not occur and the Issuer is not in a position to express a view on the likelihood of any such contingency occurring.

In addition, factors which are material for the purpose of assessing the market risks associated with Securities issued are also described below.

The Issuer believes that the factors described below represent the principal risks inherent in investing in Securities issued, but the inability of the Issuer to pay any amounts on or in connection with any Securities, or to perform any delivery obligations in relation to the Securities, may occur for other reasons and the Issuer does not represent that the statements below regarding the risks of holding any Securities are exhaustive. Prospective investors should also read the detailed information set out elsewhere in this Base Prospectus and reach their own views prior to making any investment decision.

Before making an investment decision with respect to any Securities, prospective investors should consult their own stockbroker, bank manager, lawyer, accountant or other financial, legal and tax advisers and carefully review the risks entailed by an investment in the Securities and consider such an investment decision in the light of the prospective investor's personal circumstances.

Words and expressions defined elsewhere in this Base Prospectus shall have the same meaning in this section.

Factors that may affect the Issuer's ability to fulfil its obligations under Securities issued

Each potential investor in the Securities should refer to the Risk Factors section of the Registration Document for a description of those factors which may affect the Issuer's ability to fulfil its obligations under the Securities issued.

Factors which are material for the purpose of assessing the market risks associated with Securities issued

The Securities are notes which entail particular risks

The notes to be issued are investment instruments which may or may not bear interest and which (except in the case of exchangeable notes) at maturity or earlier termination pay the Cash Amount which may or may not be equal to the nominal amount of the relevant note. In the case of exchangeable notes, the holder thereof (the "**Holder**") has the option at maturity or earlier termination to exchange the notes for a defined amount of the Underlying or the Conversion Amount, depending upon the terms of the exchangeable securities. As such, each note will entail particular risks. Notes which are not capital protected may result in the Holder losing some or, in certain limited cases, all of his initial investment. Repayments on Notes which are capital protected are subject to the Issuer being solvent at the time of payment (see further the risk factor *Factors that may affect the Issuer's ability to fulfil its obligations under Securities issued*). Notes where the interest amount paid is dependent upon the performance of the Underlying may result in the Holder receiving no or only a limited periodic return on his investment.

The price at which a Holder will be able to sell notes prior to their redemption may be at a potentially substantial discount to the market value of the notes at the issue date depending upon the performance of the Underlying at the time of sale.

The Securities may not be a suitable investment for all investors

Each potential investor in the Securities must determine the suitability of that investment in light of its own circumstances. In particular, each potential investor should:

- (a) have sufficient knowledge and experience to make a meaningful evaluation of the Securities, the merits and risks of investing in the Securities and the information contained or incorporated by reference in this Base Prospectus or any applicable Final Terms;
- (b) have access to, and knowledge of, appropriate analytical tools to evaluate, in the context of its particular financial situation, an investment in the Securities and the impact the Securities will have on its overall investment portfolio;
- (c) have sufficient financial resources and liquidity to bear all of the risks of an investment in the Securities, including Securities with principal or interest payable in one or more currencies, or where the currency for principal or interest payments is different from the potential investor's currency;
- (d) understand thoroughly the terms of the Securities and be familiar with the behaviour of any relevant indices and financial markets; and
- (e) be able to evaluate (either alone or with the help of a financial adviser) possible scenarios for economic, interest rate and other factors that may affect its investment and its ability to bear the applicable risks.

Some Securities are complex financial instruments. Sophisticated institutional investors generally do not purchase complex financial instruments as stand-alone investments. They purchase complex financial instruments as a way to reduce risk or enhance yield with an understood, measured, appropriate addition of risk to their overall portfolios. A potential investor should not invest in Securities which are complex financial instruments unless it has the expertise (either alone or with a financial adviser) to evaluate how the Securities will perform under changing conditions, the resulting effects on the value of the Securities and the impact this investment will have on the potential investor's overall investment portfolio.

The value of the Securities may fluctuate

The value of the Securities may move up and down between their date of purchase and their maturity date. Holders of Securities may sustain a total loss of their investment (unless the Securities are of a type in which capital is protected). Prospective purchasers should therefore ensure that they understand fully the nature of the Securities before they invest in the Securities.

Several factors, many of which are beyond the Issuer's control, will influence the value of the Securities at any time, including the following:

Prospective purchasers should review the Conditions to ascertain whether and how such provisions apply to the Securities.

- (a) *Valuation of the Underlying.* The market price of the Securities at any time is expected to be affected primarily by changes in the level of the Underlying to which such Securities are linked. It is impossible to predict how the level of the relevant Underlying will vary over time. Factors which may have an affect on the level of the Underlying include, in the case of a stock or index, the rate of return of the Underlying and the financial position and prospects of the issuer of the Underlying or any component thereof. In addition, the level of the Underlying may depend on a number of interrelated factors, including economic, financial and political events and their effect on the capital markets generally and relevant stock exchanges. Potential investors should also note that whilst the market value of the Securities is linked to the relevant Underlying and will be influenced (positively

or negatively) by it, any change may not be comparable and may be disproportionate. It is possible that while the Underlying is increasing in value, the value of the Securities may fall. Further, where no market value is available for an Underlying, the Calculation Agent may determine its value to be zero notwithstanding the fact that there may be no Market Disruption Event and/or no Potential Adjustment Events which apply.

- (b) *Interest Rates.* Investments in the Securities may involve interest rate risk with respect to the currency of denomination of the Underlying and/or the Securities. A variety of factors influence interest rates such as macro economic, governmental, speculative and market sentiment factors. Such fluctuations may have an impact on the value of the Securities at any time prior to valuation of the Underlying relating to the Securities.
- (c) *Volatility.* The term “volatility” refers to the actual and anticipated frequency and magnitude of changes of the market price with respect to an Underlying. Volatility is affected by a number of factors such as macro economic factors, speculative trading and supply and demand in the options, futures and other derivatives markets. Volatility of an Underlying will move up and down over time (sometimes more sharply than others) and different Underlyings will most likely have separate volatilities at any particular time.
- (d) *Exchange Rates.* Even where payments in respect of the Securities are not expressly linked to a rate or rates of exchange between currencies, the value of the Securities could, in certain circumstances, be affected by such factors as fluctuations in the rates of exchange between any currency in which any payment in respect of the Securities is to be made and any currency in which the Underlying is traded, appreciation or depreciation of any such currencies and any existing or future governmental or other restrictions on the exchangeability of such currencies. There can be no assurance that rates of exchange between any relevant currencies which are current rates at the date of issue of any Securities will be representative of the relevant rates of exchange used in computing the value of the relevant Securities at any time thereafter.
- (e) *Disruption.* If so indicated in the Conditions, the Calculation Agent may determine that a Market Disruption Event (which includes Emerging Market Disruption Events) has occurred or exists at a relevant time. Any such determination may affect the value of the Securities and/or may delay settlement in the respect of the Securities. In addition, if so indicated in the Conditions, a Calculation Agent may determine that a Settlement Disruption Event has occurred or exists at any relevant time in relation to a physically settled note. Any such determination may cause a delay in delivery of the Underlying and, where a cash price equivalent to the value of the Underlying is paid in lieu of delivery of the Underlying, the cash price paid may be adversely affected.
- (f) Prospective purchasers should review the Conditions to ascertain whether and how such provisions apply to the Securities.
- (g) *Creditworthiness.* Any person who purchases the Securities is relying upon the creditworthiness of the Issuer and has no rights against any other person. The Securities constitute general, unsecured, contractual obligations of the Issuer and of no other person. The Securities rank pari passu among themselves.

There may not be a secondary market in the Securities

Potential investors should be willing to hold the Securities through their life. The nature and extent of any secondary market in the Securities cannot be predicted. As a consequence any person intending to hold the Securities should consider liquidity in the Securities as a risk. If the Securities are listed or quoted on Euronext Amsterdam or any other exchange or quotation system this does not imply greater or lesser liquidity than if equivalent Securities were not so listed or quoted. However, if Securities are not listed or quoted there may be a lack of transparency with regard to pricing information. Liquidity may also be

affected by legal restrictions on offers for sale in certain jurisdictions. The Issuer may affect the liquidity of the Securities by purchasing and holding the Securities for its own account during trading in the secondary market. Any such Securities may be resold at any time into the market.

Purchasing the Securities as a hedge may not be effective

Any person intending to use the Securities as a hedge instrument should recognise the correlation risk. The Securities may not be a perfect hedge to an Underlying or portfolio of which the Underlying forms a part. In addition, it may not be possible to liquidate the Securities at a level which directly reflects the price of the Underlying or portfolio of which the Underlying forms a part.

Actions taken by the Issuer may affect the value of the Securities

The Issuer and/or any of its affiliates may carry out activities that minimise its and/or their risks related to the Securities, including effecting transactions for their own account or for the account of their customers and hold long or short positions in the Underlying whether for risk reduction purposes or otherwise. In addition, in connection with the offering of any Securities, the Issuer and/or any of its affiliates may enter into one or more hedging transactions with respect to the Underlying. In connection with such hedging or market-making activities or with respect to proprietary or other trading activities by the Issuer and/or any of its affiliates, the Issuer and/or any of its affiliates may enter into transactions in the Underlying which may affect the market price, liquidity or value of the Underlying and/or the Securities and which could be deemed to be adverse to the interests of the Holders. The Issuer and/or its affiliates are likely to modify their hedging positions throughout the life of the Securities whether by effecting transactions in the Underlying or in derivatives linked to the Underlying. Further, it is possible that the advisory services which the Issuer and/or its affiliates provide in the ordinary course of its/their business could lead to an adverse impact on the value of the Underlying.

Holders have no ownership interest in the Underlying

The Securities convey no interest in the Underlying. The Issuer may choose not to hold the Underlying or any derivatives contracts linked to the Underlying. There is no restriction through the issue of the Securities on the ability of the Issuer and/or its affiliates to sell, pledge or otherwise convey all right, title and interest in any Underlying or any derivatives contracts linked to the Underlying.

Actions taken by the Calculation Agent may affect the Underlying

The Calculation Agent is the agent of the Issuer and not the agent of the Holders or any of them. The Issuer may itself act as the Calculation Agent. The Calculation Agent will make such adjustments as it considers appropriate as a consequence of certain corporate actions affecting the Underlying. In making these adjustments the Calculation Agent is entitled to exercise substantial discretion and may be subject to conflicts of interest in exercising this discretion. The Calculation Agent is not required to make adjustments with respect to each and every corporate action.

Taxes may be payable by investors

Potential purchasers and sellers of the Securities should be aware that they may be required to pay stamp taxes or other documentary charges in accordance with the laws and practices of the country where the Securities are transferred. Holders are subject to the provisions of General Condition 8 and payment and/or delivery of any amount due in respect of the Securities will be conditional upon the payment of any Expenses as provided in the Product Conditions.

Potential purchasers who are in any doubt as to their tax position should consult their own independent tax advisers. In addition, potential purchasers should be aware that tax regulations and their application by the

relevant taxation authorities change from time to time. Accordingly, it is not possible to predict the precise tax treatment which will apply at any given time.

The Securities may be terminated prior to their stated date

If the Issuer determines that the performance of its obligations under the Securities has become illegal or impractical in whole or in part for any reason or the Issuer determines that it is no longer legal or practical for it to maintain its hedging arrangement with respect to the Securities for any reason, the Issuer may at its discretion and without obligation terminate early the Securities. If the Issuer terminates early the Securities, the Issuer will, if and to the extent permitted by applicable law, pay the holder of each such Security an amount determined by the Calculation Agent to be its fair market value less the cost to the Issuer of unwinding any underlying related hedging arrangements notwithstanding the illegality or impracticality.

Risks associated with Securities held in global form

The Securities will initially be held by or on behalf of one or more clearing systems specified in the applicable Final Terms (each a “**Relevant Clearing System**”), either in the form of a global Security which will be exchangeable for definitive Securities only in the event of the closure of all Relevant Clearing Systems or in dematerialised form depending on the rules of the Relevant Clearing System. For as long as any Securities are held by or on behalf of a Relevant Clearing System, payments of principal, interest and any other amounts will be made through the Relevant Clearing System, where required, against presentation or surrender (as the case may be) of the relevant global Security and, in the case of a temporary global Security, certification as to non-U.S. beneficial ownership. The risk is that the bearer of the relevant global Security, typically a depository for the Relevant Clearing System, or, in the case of Securities in dematerialised form, the Relevant Clearing System and not the Holder itself, shall be treated by the Issuer and any Paying Agent as the sole holder of the relevant Securities with respect to the payment of principal, interest (if any) and any other amounts payable in respect of the Securities or any securities deliverable in respect of the Securities.

Securities which are held by or on behalf of a Relevant Clearing System will be transferable only in accordance with the rules and procedures for the time being of the Relevant Clearing System.

Risk associated with nominee arrangements

Where a nominee service provider is used by an investor to hold Securities or such investor holds interests in any Security through accounts with a Relevant Clearing System, such investor will receive payments in respect of principal, interest, or any other amounts due, or securities deliverable, as applicable, solely on the basis of the arrangements entered into by the investor with the relevant nominee service provider or Relevant Clearing System, as the case may be. Furthermore, such investor must rely on the relevant nominee service provider or Relevant Clearing System to distribute all payments or securities attributable to the relevant Securities which are received from the Issuer. Accordingly, such an investor will be exposed to the credit risk of, and default risk in respect of, the relevant nominee service provider or Relevant Clearing System, as well as the Issuer.

In addition, such a Holder will only be able to sell any Securities held by it prior to their stated maturity date with the assistance of the relevant nominee service provider.

None of the Issuer or any Paying Agent shall be responsible for the acts or omissions of any relevant nominee service provider or Relevant Clearing System nor makes any representation or warranty, express or implied, as to the service provided by any relevant nominee service provider or Relevant Clearing System.

The return on an investment in Securities will be affected by charges incurred by investors

An investor's total return on an investment in any Securities will be affected by the level of fees charged by the nominee service provider and/or Relevant Clearing System used by the investor. Such a person or institution may charge fees for the opening and operation of an investment account, transfers of Securities, custody services and on payments of interest, principal and other amounts or delivery of securities. Potential investors are therefore advised to investigate the basis on which any such fees will be charged on the relevant Securities.

There may be a change of law which may affect the value of the Security

The Conditions are based on the laws of The Netherlands in effect as at the date of this Base Prospectus. No assurance can be given as to the impact of any possible change to the laws of The Netherlands or administrative practice after the date of this Base Prospectus.

Credit ratings may not reflect all risks

One or more independent credit rating agencies may assign credit ratings to the Issuer or the Securities. The ratings may not reflect the potential impact of all risks related to structure, market, additional factors discussed above, and other factors that may affect the value of the Securities. A credit rating is not a recommendation to buy, sell or hold securities and may be revised or withdrawn by the rating agency at any time.

The expected ratings of the Securities (if any) are set out in the applicable Final Terms. Any rating agency may lower or withdraw its rating if, in the sole judgement of that rating agency, the credit quality of the Securities has declined or is in question. If any rating assigned to the Securities is lowered or withdrawn, the market value of such Securities may be reduced.

Legal investment considerations may restrict certain investments

The investment activities of certain investors are subject to investment laws and regulations, or review or regulation by certain authorities. Each potential investor should consult its legal advisers to determine whether and to what extent (a) Securities are legal investments for it, (b) Securities can be used as collateral for various types of borrowing and (c) other restrictions apply to its purchase or pledge of any Securities. Financial institutions should consult their legal advisers or the appropriate regulators to determine the appropriate treatment of Securities under any applicable risk-based capital or similar rules.

Any consequential postponement of, or any alternative provisions for, valuation following a Market Disruption Event may have an adverse effect on the value of the Securities

If an issue of Securities includes provisions dealing with the occurrence of a Market Disruption Event, and the Calculation Agent determines that a Market Disruption Event has occurred or exists, any consequential postponement of, or any alternative provisions for, valuation provided in such Security may have an adverse effect on its value.

TAXATION

Potential purchasers who are in any doubt about their tax position on purchase, ownership, transfer, exercise or non-exercise of any Security should consult their professional tax advisers.

1. GENERAL

Purchasers of Securities may be required to pay stamp taxes and other charges in accordance with the laws of practices of the country of purchase in addition to the issue or purchase price of each Security.

The Issuer shall not be liable for or otherwise obliged to pay any tax, duty or other payment which may arise as a result of the ownership, transfer or exercise of any Securities.

The Purchasers should be aware that tax treatment depends on the individual circumstances of each client any may be subject to change in future.

2. THE NETHERLANDS

The following paragraph, which is intended as a general guide only, is based on current law and practice in The Netherlands. It summarises certain aspects of taxation in The Netherlands only which may be applicable to the Securities but do not purport to be a comprehensive description of all tax considerations which may be of relevance.

All payments by the Issuer in respect of the Securities will be made free of withholding or deduction for or on account of any taxes of whatsoever nature imposed, levied, withheld, or assessed by The Netherlands or any political subdivision or taxing authority thereof or therein, unless such withholding is, in the future, required by law.

3. EU SAVINGS DIRECTIVE

Under EC Council Directive 2003/48/EC on the taxation of savings income, each Member State is required, from 1 July 2005, to provide to the tax authorities of another Member State details of payments of interest or other similar income paid by a person within its jurisdiction to, or collected by such a person for, an individual resident in that other Member State or to certain limited types of entities established in that other Member State. However, for a transitional period, Luxembourg and Austria are instead required (unless during that period they elect otherwise) to operate a withholding system in relation to such payments (the ending of such transitional period being dependent upon the conclusion of certain other agreements relating to information exchange with certain other countries). A number of non-EU countries and territories including Switzerland have adopted similar measures (a withholding system in the case of Switzerland).

The European Commission has proposed certain amendments to the Directive which may, if implemented, amend or broaden the scope of the requirements described above.

SELLING RESTRICTIONS

The statements which follow are of a general nature. Potential purchasers in each jurisdiction must ensure that they are able validly to take delivery of the Securities and any assets into which they may convert or be settled. Additional certifications may be required by the Issuer and/or any clearance system at the time of exercise and/or settlement.

1. GENERAL

No action has been or will be taken by the Issuer that would permit a public offering of the Securities or possession or distribution of any offering material in relation to the Securities in any jurisdiction where action for that purpose is required. No offers, sales or deliveries of any Securities, or distribution of any offering material relating to the Securities, may be made in or from any jurisdiction except in circumstances which will result in compliance with any applicable laws and regulations and will not impose any obligation on the Issuer.

2. PUBLIC OFFER SELLING RESTRICTION UNDER THE PROSPECTUS DIRECTIVE

In relation to each Member State of the European Economic Area which has implemented the Prospectus Directive (each, a “**Relevant Member State**”), the Issuer represents and agrees that with effect from and including the date on which the Prospectus Directive is implemented in that Relevant Member State (the “**Relevant Implementation Date**”) it has not made and will not make an offer of Securities which are the subject of the offering contemplated by this Base Prospectus as completed by the final terms in relation thereto to the public in that Relevant Member State except that it may, with effect from and including the Relevant Implementation Date, make an offer of Securities to the public in that Relevant Member State:

- (a) if the final terms in relation to the Securities specify that an offer of those Securities may be made other than pursuant to Article 3(2) of the Prospectus Directive in that Relevant Member State (a “**Non-exempt Offer**”), following the date of publication of a prospectus in relation to such Securities which has been approved by the competent authority in that Relevant Member State or, where appropriate, approved in another Relevant Member State and notified to the competent authority in that Relevant Member State provided that any such prospectus has subsequently been completed by the final terms contemplating such Non-exempt Offer, in accordance with the Prospectus Directive, in the period beginning and ending on the dates specified in such prospectus or final terms, as applicable and the Issuer has consented in writing to its use for the purpose of that Non-exempt Offer;
- (b) at any time to any legal entity which is a qualified investor as defined in the Prospectus Directive;
- (c) at any time to fewer than 100 or, if the relevant Member State has implemented the relevant provision of the 2010 PD Amending Directive, 150 natural or legal persons (other than qualified investors as defined in the Prospectus Directive); or
- (d) at any time in any other circumstances falling within Article 3(2) of the Prospectus Directive.

provided that no such offer of Securities referred to in (b) to (d) above shall require the Issuer to publish a prospectus pursuant to Article 3 of the Prospectus Directive or supplement a prospectus pursuant to Article 16 of the Prospectus Directive.

For the purposes of this provision, the expression an “**offer of Securities to the public**” in relation to any Securities in any Relevant Member State means the communication in any form and by any means of sufficient information on the terms of the offer and the Securities to be offered so as to enable an investor to decide to purchase or subscribe the Securities, as the same may be varied in that Member State by any measure implementing the Prospectus Directive in that Member State and the expression “**Prospectus Directive**” means Directive 2003/71/EC (and amendments thereto, including the 2010 PD Amending Directive to the extent implemented in the Relevant Member State), and includes any relevant implementing measure in the Relevant Member State and the expression “**2010 PD Amending Directive**” means Directive 2010/73/EU.

Description of the Securities

The notes are investment instruments which may or may not bear interest and which, at maturity or earlier termination, either pay a cash amount which may or may not be equal to the nominal amount of the relevant note, less certain expenses (the “**Cash Amount**”) or, in the case of exchangeable notes, permit the holder thereof (the “**Holder**”) to exchange his note for, depending on the terms of the relevant note, a defined amount of the Underlying (as defined below) or an amount in cash calculated by reference to the value of the Underlying (the “**Conversion Amount**”). The amount of interest to be paid and/or the Cash Amount and/or the Conversion Amount may or may not be dependent upon the performance of an underlying reference rate, stock, index (including in the case of an index, the index and its constituent elements) or basket (together, the “**Underlying**”), in all cases, as provided in the terms of the relevant note. As such, each note will entail particular risks. Notes which are not capital protected may result in the Holder losing some or, in certain limited cases, all of his initial investment. Repayments on Notes which are capital protected are subject to the Issuer being solvent at the time of payment (see further the risk factor *Factors that may affect the Issuer’s ability to fulfil its obligations under Securities issued*). Notes where the interest amount paid is dependent upon the performance of the Underlying may result in the Holder receiving no or only a limited periodic return on his investment.

The price at which a Holder will be able to sell notes prior to their redemption may be at a potentially substantial discount to the market value of the notes at the issue date depending upon the performance of the Underlying at the time of sale.

The types of note that may be issued under this Base Prospectus are described below.

Range accrual notes are interest bearing cash settled securities. Range accrual notes are redeemed at a percentage of their nominal amount. The amount of interest paid on a range accrual note depends on the performance of one or more underlying reference rates, as specified in the applicable Final Terms. Typically, interest will accrue for each relevant day in an interest period on which the Underlying performs in the manner specified in the Final Terms but will not accrue in respect of other days. Interest on a range accrual note may also be paid at a pre-determined specified rate for certain interest periods specified in the applicable Final Terms.

Ladder notes are interest bearing cash settled securities which may be called by the Issuer on specified dates. Ladder notes are redeemed at a percentage of their nominal amount. The amount of interest paid on a ladder note depends on the performance of an underlying reference rate, as specified in the applicable Final Terms. Typically, interest will be paid in respect of each interest period either at a pre-determined specified rate or at

the difference between a pre-determined specified rate and an identified floating rate for the relevant interest period, subject in the latter case to any minimum rate specified for the relevant interest period, all as specified in the applicable Final Terms.

Target coupon notes are interest bearing cash settled securities. Target coupon notes are redeemed at a percentage of their nominal amount. The amount of interest paid on a target coupon note depends on the performance of one or more underlying shares, as specified in the applicable Final Terms. Typically, a target interest amount will be set which, if reached prior to maturity, may result in early termination of the securities. In certain cases additional interest amounts may also be paid as specified in the applicable Final Terms.

Rate notes are cash settled securities which may or may not bear interest and are redeemed at their nominal amount or a stated percentage thereof. The amount of interest paid on a rate note may depend on the performance of one or more underlying reference rates and/or may be determined by reference to a fixed rate or rates, as specified in the applicable Final Terms.

Zero coupon notes are cash settled securities which are issued at a percentage of the nominal amount and which do not bear any interest.

Currency exchange notes are cash settled securities which may or may not bear interest and are redeemed at their nominal amount or a stated percentage thereof. The amount of interest paid on a currency exchange note will depend on the performance of one or more underlying currency exchange rates, as specified in the applicable Final Terms.

Currency linked notes are cash settled securities which may or may not bear interest and are either redeemed at their nominal amount in the base currency or redeemed at their nominal amount plus an amount depending on the performance of the underlying currency exchange rate, in the conversion currency, as specified in the applicable Final Terms.

Yield discovery notes are capital protected interest bearing cash settled securities. Yield discovery notes are redeemed at their nominal amount. The amount of interest paid on a yield discovery note depends on the performance of an underlying basket of shares, as specified in the applicable Final Terms. The maximum rate of interest so determined may be capped at the level specified in the applicable Final Terms. Interest on a yield discovery note may also be paid at a pre-determined specified rate for certain interest periods as specified in the applicable Final Terms. The rate of interest for certain interest periods may be at least the level of the previous year.

Certificate notes are cash settled securities which may or may not be interest bearing or capital protected. The Cash Amount payable at maturity of a certificate note will at least equal its nominal amount (if it is capital protected) plus a return (which may be zero) calculated by reference to the performance of one or more underlying certificates, as specified in the applicable Final Terms.

Index notes are cash settled securities which may be partially or fully capital protected and may be interest bearing. If applicable, interest may be payable at a rate specified in the applicable Final Terms. The Cash Amount payable at maturity on an index note will at least equal a specified percentage of its nominal amount but may be higher than that amount and may be subject to a capped maximum gain depending on the performance of the Underlying, as specified in the applicable Final Terms.

Inflation index notes are fixed-income securities that track a consumer price index (“CPI”) and offer a real rate of return; that is, they generate monthly interest payments that exceed the prevailing inflation rate by a specified amount.

Callable index notes are non-interest bearing cash settled securities. The Cash Amount payable on the note will depend on the performance of the underlying index specified in the applicable Final Terms. If during

the life of the note the Issuer determines that an early redemption event has occurred, the note may be redeemed at an amount determined in the manner specified in the applicable Final Terms. If, by the maturity date, an early redemption event has not occurred, the Cash Amount paid in respect of the note will depend upon the performance of the Underlying at maturity and may be less than the nominal amount of the note.

Knock-in Index Notes are similar to Index Notes, the difference being that if a Knock-in Event has not occurred (such event occurs if the price of the relevant index specified in the applicable Final Terms is less than or equal to the Knock-in Level, being a predetermined level, during a particular period) the securities will be redeemed by payment of the Cash Amount. If a Knock-in Event has occurred during the maturity of a Knock-in Index Note the amount payable at maturity will depend on the value of the underlying index, but will not be higher than the Cash Amount.

Autocallable Notes are cash settled or physically settled (if specified in the applicable Final Terms) securities which are not capital protected and may be interest bearing. The Cash Amount payable on, and the maturity date of, the note will depend on the performance of the Underlying specified in the applicable Final Terms. If on specified dates during the life of the note the level of the Underlying performs in a specified manner (an “**Early Termination Event**”), the note will be redeemed at its nominal amount plus an additional amount specified in the applicable Final Terms. If, by the maturity date, an Early Termination Event has not occurred, the Cash Amount paid in respect of the note will depend upon the performance of the Underlying at maturity and may be less than the nominal amount of the note.

Share notes are cash settled securities and may be interest bearing. If applicable, interest may be payable on a share note at a rate specified in the applicable Final Terms. The Cash Amount payable at maturity of a share note may be at least equal to a specified percentage of its nominal amount, may be subject to a capped gain and/or may depend on the performance of the Underlying, as specified in the applicable Final Terms.

Exchangeable notes may be cash settled or physically settled securities and may be interest bearing. If applicable, interest may be payable on an exchangeable note at a rate specified in the applicable Final Terms. The cash amount payable at maturity of a cash settled exchangeable note may be at least equal to a specified percentage of its nominal amount, may be subject to a capped gain and/or may depend on the performance of the Underlying, as specified in the applicable Final Terms. In the case of a physically settled exchangeable note, the share amount to be delivered will be determined by reference to the performance of the underlying share in the manner specified in the applicable Final Terms.

Fund linked notes are cash settled securities which may be partially or fully capital protected and may be interest bearing. If applicable, interest may be payable at a rate specified in the applicable Final Terms.

Basket related capital protected notes enable investors to participate in the performance of one or more baskets of different components relating to the relevant Series (including, without limitation and as specified in the applicable Final Terms, an index component, a real estate index component, a commodity component or a bond index component). In addition to capital protection, an investor may, as specified in the applicable Final Terms, receive an additional amount depending on the performance of one or more baskets of different components. If specified in the applicable Final Terms, an Interim Cash Settlement Amount or Interest Amount (each as defined in the applicable Final Terms) will be payable (subject to any applicable conditions being met) on the Interim Cash Settlement Amount Payment Date or each Interest Payment Date, as the case may be.

Commodity notes are cash settled securities which may be partially or fully capital protected and may or may not be interest bearing. The Cash Amount payable at maturity of a commodity note is calculated by reference to the performance of one or more underlying commodities, as specified in the applicable Final Terms.

FORM OF THE SECURITIES

Each Tranche of Securities (unless otherwise indicated in the applicable Final Terms) can be represented by a temporary global security (the “**Temporary Global Security**”) or, if so specified in the applicable Final Terms, a permanent global security (the “**Permanent Global Security**”, together with the Temporary Global Securities, the “**Global Security**” and each a “**Global Security**”), without receipts, interest coupons or talons, which in either case, will be delivered to a common depository (the “**Common Depository**”) for Euroclear and Clearstream, Luxembourg and/or any other agreed clearing system or (ii) be deposited with Euroclear Netherlands.

Whilst any Security is represented by a Temporary Global Security and subject to TEFRA D selling restrictions, payments of principal and interest (if any) due prior to the Exchange Date (as defined below) will be made against presentation of the Temporary Global Security only to the extent that certification (in a form to be provided) to the effect that the beneficial owners of such Security are not U.S. persons or persons who have purchased for resale to any U.S. person, as required by U.S. Treasury regulations, has been received by the relevant clearing system(s) and the relevant clearing system(s) have given a like certification (based on the certifications they have received) to the Agent. Any reference in this section to the relevant clearing system(s) shall mean the clearing and/or settlement system(s) specified in the applicable Final Terms.

On and after the date (the “**Exchange Date**”) which is not less than 40 days nor (if the Temporary Global Security has been deposited with Euroclear Netherlands) more than 90 days after the date on which the Temporary Global Security is issued, interests in the Temporary Global Security will be exchangeable (free of charge), upon request as described therein, either for interests in a Permanent Global Security without receipts, interest coupons or talons or for definitive Securities (as indicated in the applicable Final Terms) in each case (if the Securities are subject to TEFRA D selling restrictions) against certification of beneficial ownership as described in the second sentence of the preceding paragraph. The holder of a Temporary Global Security will not be entitled to collect any payment of interest or principal due on or after the Exchange Date unless, upon due certification, exchange of the Temporary Global Security for an interest in a Permanent Global Security or for definitive Securities is improperly withheld or refused.

Where a Temporary Global Security representing a further Tranche of Securities is issued, the Securities of such Tranche shall be assigned an ISIN and a common code by Euroclear and Clearstream, Luxembourg which are different from the ISIN and common code assigned to Securities of any other Tranche of the same Series until at least the expiry of the distribution compliance period (as defined in Regulation S under the Securities Act) applicable to the Securities of such Tranche.

Payments of principal and interest (if any) on a Permanent Global Security will be made through the relevant clearing system(s) against presentation or surrender (as the case may be) of the relevant Permanent Global Security without any requirement for certification. Definitive Securities will be either in the standard euromarket form, in K-form (including *verzamelbewijs*) (with Coupons) and/or in CF-form (with Coupon sheets). Definitive Securities and Global Securities will be to bearer. Securities in K-form may, if applicable, have Talons for further Coupons attached but will not be issued with Receipts attached. Securities in CF-form will have neither Talons nor Receipts attached on issue and will be governed by the rules of the “*Algemeen Obligatiekantoor van het Centrum voor Fondsenadministratie B.V.*” in Amsterdam.

A Permanent Global Security will be exchangeable (free of charge), in whole in accordance with the applicable Final Terms, for security printed definitive Securities with, where applicable, receipts, interest coupons or coupon sheets and talons attached. Such exchange may be made only upon the occurrence of an Exchange Event. An “**Exchange Event**” means that the Issuer has been notified that both Euroclear and Clearstream, Luxembourg or, if applicable, Euroclear Netherlands has been closed for business for a

continuous period of 14 days (other than by reason of holiday, statutory or otherwise) or has announced an intention permanently to cease business or has in fact done so and no successor clearing system is available. The Issuer will promptly give notice to Security holders in accordance with General Condition 4 upon the occurrence of an Exchange Event. In the event of the occurrence of an Exchange Event any holder of an interest in the Global Security may give notice to the Clearing Agent requesting exchange. Any such exchange shall occur no later than 15 days after the date on which the relevant notice is received by the Clearing Agent.

In case of Securities represented by a Permanent Global Security deposited with Euroclear Netherlands, a Security holder shall not have the right to request delivery (“*uitlevering*”) of his Securities under the Dutch Securities Giro Transfer Act (“*Wet giraal effectenverkeer*”) other than on the occurrence of an Exchange Event as described above.

The following legend will appear on all Global Securities, definitive Securities, receipts and interest coupons (including talons) which are subject to TEFRA D selling restrictions:

“Any United States person who holds this obligation will be subject to limitations under the United States income tax laws, including the limitations provided in sections 165(j) and 1287(a) of the Internal Revenue Code of 1986.”

The sections referred to provide that United States holders, with certain exceptions, will not be entitled to deduct any loss on Securities, receipts or interest coupons and will not be entitled to capital gains treatment of any gain on any sale, disposition, redemption or payment of principal in respect of Securities, receipts or interest coupons.

The following legend will appear on all Global Securities held through Euroclear Netherlands:

“Notice: This Security is issued for deposit with Nederlands Centraal Instituut voor Giraal Effectenverkeer B.V. (“Euroclear Netherlands”) at Amsterdam, The Netherlands. Any person being offered this Security for transfer or any other purpose should be aware that theft or fraud is almost certain to be involved.”

GENERAL CONDITIONS

The General Conditions which follow relate to the Securities and must be read in conjunction with, and are subject to, the Product Conditions and the Final Terms. The Final Terms, the Product Conditions and the General Conditions together constitute the Conditions of the Securities and will be printed on any Definitive Securities or attached to any Global Security representing the Securities.

1. DEFINITIONS

Terms in capitals which are not defined in these General Conditions shall have the meanings ascribed to them in the Product Conditions or the applicable Final Terms. References in these General Conditions to interest and Coupons (and related expressions) shall be ignored in the case of Securities which do not bear interest. References in these General Conditions to the Conditions shall mean these General Conditions and, in relation to any Securities, the Product Conditions applicable to those Securities.

2. STATUS

The Securities constitute unsecured and unsubordinated obligations of the Issuer and rank *pari passu* among themselves and with all other present and future unsecured and unsubordinated obligations of the Issuer save for those preferred by mandatory provisions of law.

3. TERMINATION

The Issuer shall have the right to terminate the Securities if it shall have determined in its absolute discretion that its performance thereunder shall have become unlawful in whole or in part as a result of compliance in good faith by the Issuer with any applicable present or future law, rule, regulation, judgement, order or directive of any governmental, administrative, legislative or judicial authority or power (“**Applicable Law**”). In such circumstances the Issuer will, however, if and to the extent permitted by the Applicable Law, pay to each Holder in respect of each Security held by such Holder an amount calculated by it as the fair market value of the Security immediately prior to such termination (ignoring such illegality) less the cost to the Issuer of unwinding any related hedging arrangements. Payment will be made to the Holder in such manner as shall be notified to the Holder in accordance with General Condition 4.

4. NOTICES

- (a) **Validity.** Unless otherwise specified in the applicable Final Terms, announcements to Holders will be valid if delivered by the Issuer to the Clearing Agent(s) with an instruction from the Issuer to the Clearing Agent(s) to communicate such announcement to the Holders.
- (b) **Delivery.** Any such announcement issued pursuant to General Condition 4(a) shall be deemed to be effective on the day following its delivery to the Clearing Agent (and if delivered to more than one Clearing Agent on the day following the date first delivered to a Clearing Agent) or, if published as specified in the applicable Final Terms on the date of such publication (and if published in more than one country then on the date first published).

5. HEDGING DISRUPTION

- (a) **Notification.** The Issuer shall as soon as reasonably practicable give instructions to the Calculation Agent to notify the Holders in accordance with General Condition 4(a): (i) if it

determines that a Hedging Disruption Event has occurred; and (ii) of the consequence of such Hedging Disruption Event as determined by the Issuer pursuant to General Condition 5(c).

- (b) Hedging Disruption Event. A “**Hedging Disruption Event**” shall occur if the Issuer determines that it is or has become not reasonably practicable or it has otherwise become undesirable, for any reason, for the Issuer wholly or partially to establish, re-establish, substitute or maintain a relevant hedging transaction (a “**Relevant Hedging Transaction**”) which it deems necessary or desirable in order to hedge the Issuer’s obligations in respect of the Securities. The reasons for such determination by the Issuer may include, but are not limited to, the following:
- (i) any material illiquidity in the market for the relevant instruments (the “**Disrupted Instrument**”) which from time to time are included in the reference asset to which the Securities relate; or
 - (ii) a change in Applicable Law (including, without limitation, any tax law) or the promulgation of, or change in, the interpretation of any court, tribunal or regulatory authority with competent jurisdiction of any applicable law (including any action taken by a taxing authority); or
 - (iii) a material decline in the creditworthiness of a party with whom the Issuer has entered into any such Relevant Hedging Transaction; or
 - (iv) the general unavailability of: (A) market participants who will agree to enter into a Relevant Hedging Transaction; or (B) market participants who will so enter into a Relevant Hedging Transaction on commercially reasonable terms.
- (c) Consequences. The Issuer, in the event of a Hedging Disruption Event, may in its sole discretion determine to:
- (i) terminate the Securities. In such circumstances the Issuer will, however, if and to the extent permitted by the Applicable Law, pay to each Holder in respect of each Security held by such Holder an amount calculated by it as the fair market value of the Security immediately prior to such termination less the cost to the Issuer of unwinding any related hedging arrangements. Where the Securities contain provisions which provide a minimum assured return of principal, howsoever expressed, on the Settlement Date or Maturity Date as applicable, or a minimum assured return of interest or coupons, howsoever expressed, on a relevant Interest Payment Date (if applicable), any such amount to be paid under this General Condition shall not be less than the present value of such minimum assured return of principal and/or interest or coupons, such present value being determined by the Calculation Agent. Payment will be made to the Holder in such manner as shall be notified to the Holder in accordance with General Condition 4;
 - (ii) make an adjustment in good faith to the relevant reference asset by removing the Disrupted Instrument at its fair market value (which may be zero). Upon any such removal the Issuer may: (A) hold any notional proceeds (if any) arising as a consequence thereof and adjust the terms of payment and/or delivery in respect of the Securities; or (B) notionally reinvest such proceeds in other reference asset(s) if so permitted under the Conditions (including the reference asset(s) to which the Securities relate);

- (iii) make any other adjustment to the Conditions as it considers appropriate in order to maintain the theoretical value of the Securities after adjusting for the relevant Hedging Disruption Event. Where the Securities contain provisions which provide a minimum assured return of principal, howsoever expressed, on the Settlement Date or Maturity Date as applicable, or a minimum assured return of interest or coupons, howsoever expressed, on a relevant Interest Payment Date, any such adjustment will in no way affect the Issuer's obligations to make payment to the Holders not less than the minimum assured return of principal and/or interest or coupons on the relevant Settlement Date or Maturity Date, or Interest Payment Date, as applicable.

6. PURCHASES, FURTHER ISSUES BY THE ISSUER AND PRESCRIPTION

- (a) **Purchases.** The Issuer or any Affiliate may purchase Securities at any price in the open market or by tender or private treaty. Any Securities so purchased may be held, surrendered for cancellation or reissued or resold, and Securities so reissued or resold shall for all purposes be deemed to form part of the original Series of Securities.

In this General Condition 6(a) "**Affiliate**" means any entity controlled directly or indirectly, by the Issuer, any entity that controls, directly or indirectly, the Issuer, or any entity under common control with the Issuer. As used herein "**control**" means the ownership of a majority of the voting power of the entity and "**controlled by**" and "**controls**" shall be construed accordingly.

- (b) **Further Issues.** The Issuer shall be at liberty from time to time without the consent of the Holders or any of them to create and issue further securities so as to be consolidated with and form a single Series with the Securities.
- (c) **Prescription.** Any Security or Coupon which is capable of presentation and is not so presented by its due date for presentation shall be void, and its value reduced to zero, if not so presented within five years of such due date. For the avoidance of doubt, any Securities which are subject to provisions relating to their exercise shall be void, and their value shall be zero, if not exercised in accordance with their provisions.

If the Securities are represented by the Global Security, payment of the Cash Amount, any Issuer Call Cash Amount and each (if any) Interest Amount will be made against presentation and, in the case of payment of the Cash Amount or any Issuer Call Cash Amount, surrender of the Global Security by or on behalf of the Holder at the specified office of the Principal Agent. In all cases payment will be subject to any endorsement on the face of the Security or Coupon as applicable. In the case of any Global Security, the Issuer shall record all payments made by it to the relevant Clearing Agent and such record shall be *prima facie* evidence that the payment in question has been made. The bearer of a Security shall be the only person entitled to receive payments of any Cash Amount, any Issuer Call Cash Amount or the Interest Amount and the Issuer will be discharged by payment to, or to the order of, the Holder in respect of the amount so paid. The bearer of a Security, or (in the case of a Global Security) each of the persons shown in the records of a Clearing Agent as the holder of a particular nominal amount of the Securities, must look solely to the relevant Agent or Clearing Agent, as the case may be, for his share of each such payment so made by the Issuer to or to the order of the bearer of the Security.
- (g) Payment Day. - (h) General. In the absence of gross negligence or wilful misconduct on its part, none of the Issuer, the Calculation Agent or any Agent shall have any responsibility for any errors or omissions in the calculation of the Cash Amount, any Issuer Call Cash Amount or any Interest Amount.
- (i) Settlement Risk. Settlement of the Securities is subject to all applicable laws, regulations and practices in force at the relevant time and neither the Issuer nor any Agent shall incur any liability whatsoever if it is unable to effect the transactions contemplated as a result of any such laws, regulations or practices. Neither the Issuer nor any Agent shall under any circumstances be liable for any acts or defaults of any Clearing Agent in relation to the performance of its duties in relation to the Securities.

4. ADJUSTMENTS

A “**Market Disruption Event**” means the situation in which Rate 1 and/or Rate 2, if applicable, is not available on the relevant Reference Spread Screen Page, in which case the relevant rate shall be determined by the Calculation Agent, on the basis of quotations for the relevant rate or such other related rate as the Calculation Agent shall in its sole and absolute discretion specify provided by the Reference Banks at the Valuation Time for the relevant Business Day. The Issuer will request each Reference Bank to provide a quotation of the relevant rate. If at least three quotations are provided, the relevant rate will be the arithmetic mean of the quotations, eliminating the highest quotation

(or in the event of equality, one of the highest) and the lowest quotation (or, in the event of equality, one of the lowest). If it is not possible to obtain quotations of the relevant rate by at least three of the Reference Banks then the Calculation Agent will determine Rate 1 and/or Rate 2 (if applicable) and/or the Reference Spread, if applicable, at its sole and absolute discretion.

- (b) The Calculation Agent may make adjustments to the Conditions in order to account for any such event if it considers it appropriate to do so. The Calculation Agent shall, as soon as practicable after receipt of any written request to do so, advise a Holder of any determination made by it pursuant to this Product Condition 4 on or before the date of receipt of such request. The Calculation Agent shall make available for inspection by Holders copies of any such determination. In making any determinations and calculations in respect of the Securities, the Calculation Agent shall act at all times in good faith and a commercially reasonable manner.

5. EFFECT OF FINAL TERMS

The Final Terms applicable to any Series of Securities may specify amendments to these Product Conditions in so far as they apply to that Series. Notwithstanding the foregoing, consideration will be given as to whether such amendments constitute “significant new factors” and consequently trigger the need for a supplement to the Base Prospectus (as defined in the Final Terms) under Article 16 of Directive 2003/71/EC.

Each person (other than another Clearing Agent) who is for the time being shown in the records of the relevant Clearing Agent as the owner of a particular nominal amount of the Securities (in which regard any certificate or other document issued by the relevant Clearing Agent as to the nominal amount of the Securities standing to the credit of the account of any person shall be conclusive and binding for all purposes except in the case of manifest error) shall be treated by the Issuer and each Agent as the holder of such nominal amount of the Securities (and the term “**Holder**” shall be construed accordingly) for all purposes, other than with respect to any payment and/or delivery obligations, the right to which shall be vested as regards the Issuer and the Agents, solely in the bearer of the Global Security.
- (b) Dematerialised Form. Certain Securities will, where required by the rules and procedures of the Clearing Agent, be issued in dematerialised form and will be registered in the book-entry system of the Clearing Agent. For each issuance of Securities in the form of Dematerialised Securities, the Clearing Agent, acting as Custodian, will maintain the main register as defined in article 6 para. 2 FISA which is available to the public under <https://www.sec.sisclear.com/sec/cm/index/custody-settlement/mainregister.htm>.

- (e) Method of Payment. Subject as provided below, where the Cash Amount or any Interest Amount is in a currency other than euro, such payment will be made by an Agent on behalf of the Issuer in the Settlement Currency to an account (which, in the case of payment in Japanese yen to a non-resident of Japan, shall be a non-resident account) specified by the payee with, or by a cheque in such Settlement Currency drawn on, a bank in the principal financial centre of the country of such Settlement Currency; where the Cash Amount or any Interest Amount is in euro, such payment will be made by an Agent on behalf of the Issuer by credit or transfer to a euro account or any account to which euro may be credited or transferred specified by the payee or, at the option of the payee, by a euro cheque. Notwithstanding the previous two sentences, for as long as the Securities are represented by the Global Security, payments will be made through the Clearing Agents and will be made in accordance with the rules of each Clearing Agent. All payments will be subject to applicable fiscal and legal requirements applicable thereto.
- (f) Presentation and Surrender. If the Securities are in definitive form, payment of the Cash Amount and each (if any) Interest Amount will be made against surrender of the Security and each relative Coupon respectively, by or on behalf of the Holder at the specified office of the Principal Agent. If the Securities are represented by the Global Security, payment of the Cash Amount and each (if any) Interest Amount will be made against presentation and, in the case of payment of the Cash Amount or any Issuer Call Cash Amount, surrender of the Global Security by or on behalf of the Holder at the specified office of the Principal Agent. In all cases payment will be subject to any endorsement on the face of the Security or Coupon as applicable. In the case of any Global Security, the Issuer shall record all payments made by it to the relevant Clearing Agent and such record shall be *prima facie* evidence that the payment in question has been made. The bearer of a Security shall be the only person entitled to receive payments of the Cash Amount or any Interest Amount and the Issuer will be discharged by payment to, or to the order of, the Holder in respect of the amount so paid. The bearer of a Security, or (in the case of a Global Security) each of the persons shown in the records of a Clearing Agent as the holder of a particular nominal amount of the Securities, must look solely to the relevant Agent or Clearing Agent, as the

case may be, for his share of each such payment so made by the Issuer to or to the order of the bearer of the Security.

- (g) **Payment Day.** If the date for payment of any amount in respect of the Securities is not a Payment Day, the Holder shall not be entitled to payment until either (i) if “Modified Following” is specified in the definition of Business Day Convention for the relevant Series in the applicable Final Terms, the next following Payment Day unless such Payment Day falls in the next calendar month in which case the date for payment will be the first preceding Payment Day or (ii) if “Following” is specified in the definition of Business Day Convention for the relevant Series in the applicable Final Terms, the next following Payment Day and, in either case, the Holder shall not be entitled to any interest or other payment in respect of such delay or acceleration of payment.
- (h) **General.** In the absence of gross negligence or wilful misconduct on its part, none of the Issuer, the Calculation Agent or any Agent shall have any responsibility for any errors or omissions in the calculation of the Cash Amount or any Interest Amount.
- (i) **Settlement Risk.** Settlement of the Securities is subject to all applicable laws, regulations and practices in force at the relevant time and neither the Issuer nor any Agent shall incur any liability whatsoever if it is unable to effect the transactions contemplated as a result of any such laws, regulations or practices. Neither the Issuer nor any Agent shall under any circumstances be liable for any acts or defaults of any Clearing Agent in relation to the performance of its duties in relation to the Securities.

4. ADJUSTMENTS

A “**Market Disruption Event**” means the situation in which the Reference Rate is not available on the relevant Screen Page specified in the definition of Interest Rate of the relevant Series in the applicable Final Terms, in which case the relevant rate shall be determined by the Calculation Agent, on the basis of the quotations for the Reference Rate or such other related rate as the Calculation Agent shall in its sole and absolute discretion specify provided by the Reference Banks at the Valuation Time on the relevant Valuation Date. The Issuer will request each Reference Bank to provide a quotation of the relevant rate. If at least three quotations are provided, the relevant rate will be the arithmetic mean of the quotations, eliminating the highest quotation (or in the event of equality, one of the highest) and the lowest quotation (or, in the event of equality, one of the lowest). If it is not possible to obtain quotations of the relevant rate from at least three of the Reference Banks then the Calculation Agent will determine the Reference Rate at its sole and absolute discretion.
- (b) The Calculation Agent may make adjustments to the Conditions in order to account for any such event if it considers it appropriate to do so. The Calculation Agent shall, as soon as practicable after receipt of any written request to do so, advise a Holder of any determination made by it pursuant to this Product Condition 4 on or before the date of receipt of such request. The Calculation Agent shall make available for inspection by Holders copies of any such determination. In making any determinations and calculations in respect of the Securities, the Calculation Agent shall act at all times in good faith and a commercially reasonable manner.

5. EFFECT OF FINAL TERMS

Neither the Issuer nor any Agent shall under any circumstances be liable for any acts or defaults of any Clearing Agent in relation to the performance of its duties in relation to the Securities.

4. ADJUSTMENTS

- (a) Potential Adjustment Events. Following a declaration by the Share Company of the terms of any Potential Adjustment Event, the Calculation Agent will determine whether such Potential Adjustment Event has a diluting or concentrative effect on the theoretical value of the Share and, if so, will:
- (i) make the corresponding adjustment, if any, to any one or more of the Conditions as the Calculation Agent determines appropriate to account for that diluting or concentrative effect; and
 - (ii) determine the effective date of that adjustment.

The Calculation Agent may, but need not, determine the adjustment by reference to the adjustment in respect of such Potential Adjustment Event made by an options exchange to options on the Shares traded on that options exchange. “**Share Substitution**” means on or after the relevant Merger Date or the date of the Nationalisation, Insolvency or Delisting or the date of the Insolvency Filing or Hedging Disruption (as the case may be), the Calculation Agent will adjust the Basket to include a share selected by it in good faith in accordance with the criteria for share selection set out below (the “**Substitute Shares**”) in place of the Shares which are affected by the Merger Event, Nationalisation, Insolvency, Delisting, Insolvency Filing or Hedging Disruption, and the Substitute Shares and their respective issuers will be deemed “**Shares**” and a “**Share Company**”, respectively, and the Calculation Agent will adjust any relevant terms and conditions hereunder accordingly, provided that (for the avoidance of doubt) the Initial Reference Spot of each Substitute Share will be determined in accordance with the formula set out as below:

Where:

“A” is the official closing price of the relevant Substitute Share on the Substitution Date;

“B” is the Initial Reference Spot of the relevant affected Share; and

“C” is the official closing price of the relevant affected Share on the Substitution Date.

- (i) a share which is not already comprised in the Basket;
- (ii) a share which belongs to a similar economic sector as the affected Share; and

After selecting each Substitute Share, the Calculation Agent will, as soon as reasonably practicable, notify the Holders in accordance with General Condition 4 of the occurrence of the relevant events and the identity of each affected share and the relevant adjustment to the Basket will be deemed to be effective as of the date selected by the Calculation Agent in its absolute discretion acting in good faith and in a commercially reasonable manner and specified in such notice (the “**Substitution Date**”) which may, but need not, be the day upon which the relevant event occurred.

“**Tender Offer**” means a takeover offer, tender offer, exchange offer, solicitation, proposal or other event by any entity or person that results in such entity or person purchasing, or otherwise obtaining, by conversion or other means, greater than 10 per cent. and less than 100 per cent. of the outstanding voting shares of a Share Company, as determined by the Calculation Agent, based upon the making of filings with governmental or self-regulatory agencies or such other information as the Calculation Agent deems relevant.

- (c) In the event that any price quoted on the Exchange and which is utilised for any calculation or determination made hereunder is subsequently corrected and quoted or published by the Exchange within two Scheduled Trading Days of the previously published or quoted price, to the extent that the Calculation Agent is aware of the same, the Calculation Agent will take into account such correction when determining the relevant Coupon Amount and, to the extent necessary, the Calculation Agent will adjust the terms and conditions of the Securities to account for such correction.
- (d) The Calculation Agent may make adjustments to the Conditions in order to account for any such event if it consider it appropriate to do so. The Calculation Agent shall, as soon as practicable after receipt by it of any written request to do so, advise a Holder of any determination made by it pursuant to this Product Condition 4 on or before the date of receipt of such request. The Calculation Agent shall make available for inspection by Holders copies of any such determinations. So long as Euroclear Sweden AB is the Clearing Agent in respect of the Securities the following provisions shall apply and, notwithstanding any provisions to the contrary in the General Conditions or the Product Conditions, may not be amended, modified or set aside other than in such manner as may be acceptable under the Swedish Rules (as defined below), in the sole opinion of Euroclear Sweden AB.

- (b) Issuer Call. If “Issuer Call” is specified as being “Applicable” in the definition of the relevant Series in the applicable Final Terms, the Issuer may redeem the Securities in whole, but not in part, on any Issuer Call Date at the Issuer Call Cash Amount by giving Holders at least the Issuer Call Notice Period notice of its intention to redeem the Securities, such notice to be given at any time from (and including) the Issuer Call Commencement Date. Any such notice shall be given in accordance with the provisions of General Condition 4 and shall specify the Issuer Call Date.
- (c) Interest Amount. If “Interest” is specified as being “Applicable” in the definition of the relevant Series in the applicable Final Terms, each Security shall bear interest at the Interest Rate. The Interest Amount is calculated by reference to the relevant Interest Period, the Interest Rate, the Nominal Amount and the Interest Rate Day Count Fraction and is payable on each Interest Payment Date and the Issuer Call Date, as the case may be.
- (d) Interest Accrual. If “Interest” is specified as being “Applicable” in the definition of the relevant Series in the applicable Final Terms, each Security shall cease to accrue interest from and including the due date for redemption. No interest shall accrue after the Maturity Date or the Issuer Call Date, as the case may be, in the event that payment of any amount is postponed due to a Market Disruption Event.
- (e) Method of Payment. Subject as provided below, where the Cash Amount, any Issuer Call Cash Amount or any Interest Amount is in a currency other than euro, such payment will be made by an Agent on behalf of the Issuer in the Settlement Currency to an account (which, in the case of payment in Japanese yen to a non-resident of Japan, shall be a non-resident account) specified by the payee with, or by a cheque in such Settlement Currency drawn on, a bank in the principal financial centre of the country of such Settlement Currency; where the Cash Amount, any Issuer Call Cash Amount or any Interest Amount is in euro, such payment will be made by an Agent on behalf of the Issuer by credit or transfer to a euro account or any account to which euro may be credited or transferred specified by the payee or, at the option of the payee, by a euro cheque. Notwithstanding the previous two sentences, for as long as the Securities are represented by the Global Security, payments will be made through the Clearing Agents and will be made in accordance with the rules of each Clearing Agent. All payments will be subject to applicable fiscal and legal requirements applicable thereto.
- (f) Presentation and Surrender. If the Securities are in definitive form, payment of the Cash Amount, any Issuer Call Cash Amount and each (if any) Interest Amount will be made against surrender of the Security and each relative Coupon, respectively, by or on behalf of the Holder at the specified office of the Principal Agent. If the Securities are represented by the Global Security, payment of the Cash Amount, any Issuer Call Cash Amount and each (if any) Interest Amount will be made against presentation and, in the case of payment of the Cash Amount or any Issuer Call Cash Amount, surrender of the Global Security by or on behalf of the Holder at the specified office of the Principal Agent. In all cases payment will be subject to any endorsement on the face of the Security or Coupon as applicable. In the case of any Global Security, the Issuer shall record all payments made by it to the relevant Clearing Agent and such record shall be *prima facie* evidence that the payment in question has been made. The bearer of a Security shall be the only person entitled to receive payments of the Cash Amount, any Issuer Call Cash Amount or any Interest Amount and the

Issuer will be discharged by payment to, or to the order of, the Holder in respect of the amount so paid. The bearer of a Security, or (in the case of a Global Security) each of the persons shown in the records of a Clearing Agent as the holder of a particular nominal amount of the Securities, must look solely to the relevant Agent or Clearing Agent, as the case may be, for his share of each such payment so made by the Issuer to or to the order of the bearer of the Security.

- (g) **Payment Day.** If the date for payment of any amount in respect of the Securities is not a Payment Day, the Holder shall not be entitled to payment until either (i) if “Modified Following” is specified in the definition of Business Day Convention for the relevant Series in the applicable Final Terms, the next following Payment Day unless such Payment Day falls in the next calendar month in which case the date for payment will be the first preceding Payment Day or (ii) if “Following” is specified in the definition of Business Day Convention for the relevant Series in the applicable Final Terms, the next following Payment Day and, in either case, the Holder shall not be entitled to any interest or other payment in respect of such delay or acceleration of payment.
- (h) **General.** In the absence of gross negligence or wilful misconduct on its part, none of the Issuer, the Calculation Agent or any Agent shall have any responsibility for any errors or omissions in the calculation of the Cash Amount, any Issuer Call Cash Amount or any Interest Amount.
- (i) **Settlement Risk.** Settlement of the Securities is subject to all applicable laws, regulations and practices in force at the relevant time and neither the Issuer nor any Agent shall incur any liability whatsoever if it is unable to effect the transactions contemplated as a result of any such laws, regulations or practices. Neither the Issuer nor any Agent shall under any circumstances be liable for any acts or defaults of any Clearing Agent in relation to the performance of its duties in relation to the Securities.

4. ADJUSTMENTS

- (a) **Market Disruption.** The Calculation Agent shall as soon as reasonably practicable under the circumstances notify the Holders in accordance with General Condition 4 if it determines that a Market Disruption Event has occurred.

A “**Market Disruption Event**” means the situation in which an Underlying Rate is not available on the relevant Screen Page, in which case the relevant rate shall be determined by the Calculation Agent on the basis of quotations for the relevant rate, or such other related rate as the Calculation Agent shall in its sole and absolute discretion specify, provided by the Reference Banks at the Valuation Time for the relevant day. The Issuer will request the principal London office of each Reference Bank to provide a quotation of the relevant rate. The relevant rate will be the arithmetic mean of the quotations, eliminating the highest quotation (or in the event of equality, one of the highest) and the lowest quotation (or, in the event of equality, one of the lowest) if more than three quotations are provided. If it is not possible to obtain quotations of the relevant rate by at least three of the Reference Banks then the Calculation Agent will determine the relevant Underlying Rate at its sole and absolute discretion, which determination may be delayed for up to 180 days following the occurrence of an Emerging Market Disruption Event.

- (b) The Calculation Agent may make adjustments to the Conditions in order to account for any such event if it considers it appropriate to do so. The Calculation Agent shall, as soon as practicable after receipt of any written request to do so, advise a Holder of any determination made by it pursuant to this Product Condition 4 on or before the date of receipt of such request. The Calculation Agent shall make available for inspection by Holders copies of any

such determination. In making any determinations and calculations in respect of the Securities, the Calculation Agent shall act at all times in good faith and a commercially reasonable manner.

5. EFFECT OF FINAL TERMS

The Final Terms applicable to any Series of Securities may specify amendments to these Product Conditions in so far as they apply to that Series. Notwithstanding the foregoing, consideration will be given as to whether such amendments constitute “significant new factors” and consequently trigger the need for a supplement to the Base Prospectus (as defined in the Final Terms) under Article 16 of Directive 2003/71/EC.

Neither the Issuer nor any Agent shall under any circumstances be liable for any acts or defaults of any Clearing Agent in relation to the performance of its duties in relation to the Securities.

Subject as provided below, where the Cash Amount, any Issuer Call Cash Amount or any Interest Amount is in a currency other than euro, such payment will be made by an Agent on behalf of the Issuer in the Settlement Currency to an account (which, in the case of payment in Japanese yen to a non-resident of Japan, shall be a non-resident

account) specified by the payee with, or by a cheque in such Settlement Currency drawn on, a bank in the principal financial centre of the country of such Settlement Currency; where the Cash Amount, any Issuer Call Cash Amount or any Interest Amount is in euro, such payment will be made by an Agent on behalf of the Issuer by credit or transfer to a euro account or any account to which euro may be credited or transferred specified by the payee or, at the option of the payee, by a euro cheque. In all cases payment will be subject to any endorsement on the face of the Security or Coupon as applicable. In the case of any Global Security, the Issuer shall record all payments made by it to the relevant Clearing Agent and such record shall be *prima facie* evidence that the payment in question has been made. The bearer of a Security shall be the only person entitled to receive payments of the Cash Amount, any Issuer Call Cash Amount or any Interest Amount and the Issuer will be discharged by payment to, or to the order of, the Holder in respect of the amount so paid. The bearer of a Security, or (in the case of a Global Security) each of the persons shown in the records of a Clearing Agent as the holder of a particular nominal amount of the Securities, must look solely to the relevant Agent or Clearing Agent, as the case may be, for his share of each such payment so made by the Issuer to or to the order of the bearer of the Security.
- (g) **Payment Day.** If the date for payment of any amount in respect of the Securities is not a Payment Day, the Holder shall not be entitled to payment until either (a) if "Modified Following" is specified in the definition of Business Day Convention for the relevant Series in the applicable Final Terms, the next following Payment Day unless such Payment Day falls in the next calendar month in which case the date for payment will be the first preceding Payment Day or (b) if "Following" is specified in the definition of Business Day Convention for the relevant Series in the applicable Final Terms, the next following Payment Day and, in either case, the Holder shall not be entitled to any interest or other payment in respect of such delay or acceleration of payment.
- (h) **General.** In the absence of gross negligence or wilful misconduct on its part, none of the Issuer, the Calculation Agent or any Agent shall have any responsibility for any errors or omissions in the calculation of the Cash Amount, any Issuer Call Cash Amount or any Interest Amount.
- (i) **Settlement Risk.** Settlement of the Securities is subject to all applicable laws, regulations and practices in force at the relevant time and neither the Issuer nor any Agent shall incur any liability whatsoever if it is unable to effect the transactions contemplated as a result of any such laws, regulations or practices. Neither the Issuer nor any Agent shall under any circumstances be liable for any acts or defaults of any Clearing Agent in relation to the performance of its duties in relation to the Securities.

Each person (other than another Clearing Agent) who is for the time being shown in the records of the relevant Clearing Agent as the owner of a particular nominal amount of the Securities (in which regard any certificate or other document issued by the relevant Clearing Agent as to the nominal amount of the Securities standing to the credit of the account of any person shall be conclusive and binding for all purposes except in the case of manifest error) shall be treated by the Issuer and each Agent as the holder of such nominal amount of the Securities (and the term “**Holder**” shall be construed accordingly) for all purposes, other than with respect to any payment and/or delivery obligations, the right to which shall be vested as regards the Issuer and the Agents, solely in the bearer of the Global Security.

Title to the Intermediated Securities is construed and will pass in accordance with the legislation, in particular the FISA, rules and regulations applicable to and/or issued by the Clearing Agent, acting as Custodian, and any other custodian, if any, that are in force and effect from time to time (the “**Rules**”). Accordingly, in these Conditions, the term “**Holder**” means any person recognised as a holder of the Intermediated Securities pursuant to the Rules.

The Holders shall at no time have the right to effect or demand (i) the retransformation of the Intermediated Securities into, and the delivery of, Dematerialised Securities in the case of Dematerialised Securities being the basis for the creation of Intermediated Securities, or (ii) the conversion of the Dematerialised Securities or the Global Security into definitive Securities.

If “Issuer Call” is specified as being “Applicable” in the definition of the relevant Series in the applicable Final Terms, the Issuer may redeem the Securities in whole, but not in part, on any Issuer Call Date at the Issuer Call Cash Amount by giving Holders at least the Issuer Call Notice Period notice of its intention to redeem the Securities, such notice to be given at any time from (and including) the Issuer Call Commencement Date. Any such notice shall be given in accordance with the provisions of General Condition 4 and shall specify the Issuer Call Date.
- (c) Interest Amount. If “Interest” is specified as being applicable in the definition of the relevant Series in the applicable Final Terms, in respect of each Interest Period, each Security shall bear interest at the Interest Rate. - (d) Interest Accrual. If “Interest” is specified as being “Applicable” in the definition of the relevant Series in the applicable Final Terms, each Security shall cease to accrue interest from and including the due date for redemption. - (e) Method of Payment. Subject as provided below, where the Cash Amount, any Issuer Call Cash Amount or any Interest Amount is in a currency other than euro, such payment will be made by an Agent on behalf of the Issuer in the Settlement Currency to an account (which, in the case of payment in Japanese yen to a non-resident of Japan, shall be a non-resident account) specified by the payee with, or by a cheque in such Settlement Currency drawn on, a bank in the principal financial centre of the country of such Settlement Currency; where the Cash Amount, any Issuer Call Cash Amount or any Interest Amount is in euro, such payment will be made by an Agent on behalf of the Issuer by credit or transfer to a euro account or any account to which euro may be credited or transferred specified by the payee or, at the option of the payee, by a euro cheque. Notwithstanding the previous two sentences, for as long as the Securities are represented by the Global Security, payments will be made through the Clearing Agents and will be made in accordance with the rules of each Clearing Agent. All payments will be subject to applicable fiscal and legal requirements applicable thereto.
- (f) Presentation and Surrender. If the Securities are in definitive form, payment of the Cash Amount, any Issuer Call Cash Amount and each (if any) Interest Amount will be made against surrender of the Security and each relative Coupon respectively, by or on behalf of the Holder at the specified office of the Principal Agent. If the Securities are represented by the Global Security, payment of the Cash Amount, any Issuer Call Cash Amount and each (if any) Interest Amount will be made against presentation and, in the case of payment of the Cash Amount or any Issuer Call Cash Amount, surrender of the Global Security by or on behalf of the Holder at the specified office of the Principal Agent. In all cases payment will be subject to any endorsement on the face of the Security or Coupon as applicable. In the case of any Global Security, the Issuer shall record all payments made by it to the relevant Clearing Agent and such record shall be *prima facie* evidence that the payment in question has been made. The bearer of a Security shall be the only person entitled to receive payments of the Cash Amount, any Issuer Call Cash Amount or any Interest Amount and the Issuer will be discharged by payment to, or to the order of, the Holder in respect of the amount so paid. The bearer of a Security, or (in the case of a Global Security) each of the persons shown in the records of a Clearing Agent as the holder of a particular nominal amount of the Securities, must look solely to the Agent or Clearing Agent, as the case may be, for his share of each such payment so made by the Issuer to or to the order of the bearer of the Security.

- (g) Payment Day. If the date for payment of any amount in respect of the Securities is not a Payment Day, the Holder shall not be entitled to payment until either (i) if “Modified Following” is specified in the definition of Business Day Convention for the relevant Series in the applicable Final Terms, the next following Payment Day unless such Payment Day falls in the next calendar month in which case the date for payment will be the first preceding Payment Day or (ii) if “Following” is specified in the definition of Business Day Convention for the relevant Series in the applicable Final Terms, the next following Payment Day and, in either case, the Holder shall not be entitled to any interest or other payment in respect of such delay or acceleration of payment.
- (h) General. In the absence of gross negligence or wilful misconduct on its part, none of the Issuer, the Calculation Agent, or any Agent shall have any responsibility for any errors or omissions in the calculation of the Cash Amount, any Issuer Call Cash Amount or any Interest Amount.

The purchase of Securities does not confer on any holder of such Securities any rights (whether in respect of voting, distributions or otherwise) attached to the Shares.

- (i) Settlement Risk. Settlement of the Securities is subject to all applicable laws, regulations and practices in force at the relevant time and neither the Issuer nor any Agent shall incur any liability whatsoever if it is unable to effect the transactions contemplated as a result of any such laws, regulations or practices. Neither the Issuer nor any Agent shall under any circumstances be liable for any acts or defaults of any Clearing Agent in relation to the performance of its duties in relation to the Securities.

4. ADJUSTMENTS

- (a) Market Disruption. The Calculation Agent shall as soon as reasonably practicable under the circumstances notify the Holders in accordance with General Condition 4 if it determines that a Market Disruption Event has occurred.

“**Market Disruption Event**” means:

- (i) the occurrence or existence on any Trading Day during the one hour period that ends at the official close of trading on the Exchange or any Related Exchange of any suspension of or limitation imposed on trading or the disruption or impairment in the ability of market participants in general to effect transactions (by reason of movements in price reaching or exceeding limits permitted by the relevant exchange or otherwise):
 - (A) in the Shares on the Exchange or any other exchange on which the Shares are listed; or
 - (B) in any options contracts or futures contracts or other derivatives contracts relating to the Shares on any Related Exchange if, in the determination of the Calculation Agent, such suspension or limitation is material; or
- (ii) a general moratorium is declared in respect of banking activities in the country in which the Exchange or any Related Exchange is located.

For the purposes of this definition, a limitation on the hours and number of days of trading will not constitute a Market Disruption Event if it results from an announced change in the regular business hours of the Exchange or any Related Exchange, but a limitation on trading imposed during the course of the day by reason of movements in price otherwise exceeding

levels permitted by the Exchange or any Related Exchange may, if so determined by the Calculation Agent, constitute a Market Disruption Event.

- (b) Potential Adjustment Events. Following a declaration by the Share Company of the terms of any Potential Adjustment Event, the Calculation Agent will determine whether such Potential Adjustment Event has a diluting or concentrative effect on the theoretical value of the Share and, if so, will:
- (i) make the corresponding adjustment, if any, to any one or more of the Conditions as the Calculation Agent determines appropriate to account for that diluting or concentrative effect; and
 - (ii) determine the effective date of that adjustment.

The Calculation Agent may, but need not, determine the adjustment by reference to the adjustment in respect of such Potential Adjustment Event made by an options exchange to options on the Shares traded on that options exchange. Upon making any such adjustment, the Calculation Agent shall notify the Holders in accordance with General Condition 4, stating the adjustment to be made to the Conditions and giving brief details of the Potential Adjustment Event.

“Potential Adjustment Event” means any of the following: (i) a subdivision, consolidation or reclassification of relevant Shares (unless a Merger Event) or a free distribution or dividend of such Shares to existing holders by way of bonus, capitalisation, recapitalisation or similar issue; (ii) a distribution or dividend to existing holders of the relevant Shares of (A) such Shares, or (B) other share capital or securities granting the right to payment of dividends and/or the proceeds of liquidation of the Share Company equally or proportionately with such payments to holders of such Shares, or (C) any other type of securities, rights or warrants or other assets, in any case for payment (cash or other) at less than the prevailing market price as determined by the Calculation Agent; (iii) an extraordinary dividend; (iv) a distribution of cash dividends on the Shares equal to or greater than 8 per cent. per annum of the then current market value of the Shares; (v) a call by the Share Company in respect of relevant Shares that are not fully paid; (vi) a repurchase by the Share Company of relevant Shares whether out of profits or capital and whether the consideration for such repurchase is cash, securities or otherwise; or (vii) any other similar event that may have a diluting or concentrative effect on the theoretical value of the relevant Shares.

- (c) De-listing, Merger Event, Nationalisation and Insolvency. If a De-listing, Merger Event, Nationalisation or Insolvency occurs in relation to the Share Company, the Issuer in its sole and absolute discretion may take the action described in (i), (ii) or (iii) below:
- (i) require the Calculation Agent to determine in its sole and absolute discretion the appropriate adjustment, if any, to be made to any of the other terms of these Conditions to account for the De-listing, Merger Event, Nationalisation or Insolvency, as the case may be, and determine the effective date of that adjustment. The Calculation Agent may (but is under no obligation to) determine the appropriate adjustment by reference to the adjustment in respect of the De-listing, Merger Event, Nationalisation or Insolvency made by any Related Exchange to options contracts or futures contracts or other derivatives contracts on the Shares traded on such Related Exchange; or
 - (ii) cancel the Securities by giving notice to Holders in accordance with General Condition 4. If the Securities are to be cancelled the Issuer will pay an amount to

each Holder in respect of each Security held by him which amount shall be the fair market value of a Security (taking into account the De-listing, Merger Event, Nationalisation or Insolvency (as the case may be)) on the day selected for cancellation as shall be selected by the Issuer in its sole and absolute discretion adjusted to account fully for any losses, expenses and costs to the Issuer and/or any affiliate of the Issuer of unwinding or adjusting any underlying or related hedging arrangements (including but not limited to any equity options or selling or otherwise realising any Shares or other instruments of any type whatsoever which the Issuer and/or any of its affiliates may hold as part of such hedging arrangements), all as determined by the Calculation Agent in its sole and absolute discretion. Payment will be made in such manner as shall be notified to the Holders in accordance with General Condition 4; or

- (iii) following any adjustment to the settlement of terms of options contracts or futures contracts or any other derivatives contracts on the Shares traded on any Related Exchange, require the Calculation Agent to make a corresponding adjustment to any of the other terms of these Conditions, which adjustment will be effective as of the date determined by the Calculation Agent to be the effective date of the corresponding adjustment made by the Related Exchange. If options contracts or futures contracts or other derivatives contracts on the Shares are not traded on the Related Exchange, the Calculation Agent will make such adjustment, if any, to any of the other terms of these Conditions as the Calculation Agent in its sole and absolute discretion determines appropriate, with reference to the rules and precedents (if any) set by the Related Exchange to account for the De-listing, Merger Event, Nationalisation or Insolvency (as the case may be) that in the determination of the Calculation Agent would have given rise to an adjustment by the Related Exchange if such options contracts or futures contracts or other derivatives contracts were so traded.

Upon the occurrence of a De-listing, Merger Event, Nationalisation or Insolvency, the Calculation Agent shall notify the Holders in accordance with General Condition 4, stating the occurrence of such De-listing, Merger Event, Nationalisation or Insolvency (as the case may be) and action proposed to be taken in relation thereto.

“**De-listing**” means a Share for any reason ceases to be listed or is suspended from listing on the Exchange or any other exchange on which the Shares are listed (and such cessation or suspension is continuing and such Share is not subsequently listed or quoted on another stock exchange or quotation system acceptable to the Issuer).

- (d) The Calculation Agent may make adjustments to the Conditions in order to account for any such event if it considers it appropriate to do so. The Calculation Agent shall, as soon as practicable after receipt of any written request to do so, advise a Holder of any determination made by it pursuant to this Product Condition 4 on or before the date of receipt of such request. The Calculation Agent shall make available for inspection by Holders copies of any such determinations. In making any determinations and calculations in respect of the Securities, the Calculation Agent shall act at all times in good faith and a commercially reasonable manner.

- (d) Interest Accrual. If “Interest” is specified as being “Applicable” in the definition of the relevant Series in the applicable Final Terms, each security shall cease to accrue interest from and including the due date for redemption. No interest shall accrue after the Maturity Date or the Issuer Call Date, as the case may be, in the event that payment of any amount is postponed due to a Market Disruption Event.
- (e) Method of Payment. Subject as provided below, where the Cash Amount, any Issuer Call Cash Amount or any Interest Amount is in a currency other than euro, such payment will be made by an Agent on behalf of the Issuer in the Settlement Currency to an account (which, in the case of payment in Japanese yen to a non-resident of Japan, shall be a non-resident account) specified by the payee with, or by a cheque in such Settlement Currency drawn on, a bank in the principal financial centre of the country of such Settlement Currency; where the Cash Amount, any Issuer Call Cash Amount or any Interest Amount is in euro, such payment will be made by an Agent on behalf of the Issuer by credit or transfer to a euro account or any account to which euro may be credited or transferred specified by the payee or, at the option of the payee, by a euro cheque. Notwithstanding the previous two sentences, for as long as the Securities are represented by the Global Security, payments will be made through the Clearing Agents and will be made in accordance with the rules of each Clearing Agent. All payments will be subject to applicable fiscal and legal requirements applicable thereto.
- (f) Presentation and Surrender. If the Securities are in definitive form, payment of the Cash Amount, any Issuer Call Cash Amount and each (if any) Interest Amount will be made

In all cases payment will be subject to any endorsement on the face of the Security or Coupon as applicable. In the case of any Global Security, the Issuer shall record all payments made by it to the relevant Clearing Agent and such record shall be prima facie evidence that the payment in question has been made. The bearer of a Security shall be the only person entitled to receive payments of the Cash Amount, any Issuer Call Cash Amount or any Interest Amount and the Issuer will be discharged by payment to, or to the order of, the Holder in respect of the amount so paid. The bearer of a Security, or (in the case of a Global Security) each of the persons shown in the records of a Clearing Agent as the holder of a particular nominal amount of the Securities, must look solely to the relevant Agent or Clearing Agent, as the case may be, for his share of each such payment so made by the Issuer to or to the order of the bearer of the Security.

- (g) **Payment Day.** If the date for payment of any amount in respect of the Securities is not a Payment Day, the Holder shall not be entitled to payment until either (i) if “Modified Following” is specified in the definition of Business Day Convention for the relevant Series in the applicable Final Terms, the next following Payment Day unless such Payment Day falls in the next calendar month in which case the date for payment will be the first preceding Payment Day or (ii) if “Following” is specified in the definition of Business Day Convention for the relevant Series in the applicable Final Terms, the next following Payment Day and, in either case, the Holder shall not be entitled to any interest or other payment in respect of such delay or acceleration of payment.
- (h) **General.** In the absence of gross negligence or wilful misconduct on its part, none of the Issuer, the Calculation Agent, or any Agent shall have any responsibility for any errors or omissions in the calculation of the Cash Amount, any Issuer Call Cash Amount or any Interest Amount.
- (i) **Settlement Risk.** Settlement of the Securities is subject to all applicable laws, regulations and practices in force at the relevant time and neither the Issuer nor any Agent shall incur any liability whatsoever if it is unable to effect the transactions contemplated as a result of any such laws, regulations or practices. Neither the Issuer nor any Agent shall under any circumstances be liable for any acts or defaults of any Clearing Agent in relation to the performance of its duties in relation to the Securities.

4. ADJUSTMENTS

- (a) **Market Disruption.** The Calculation Agent shall as soon as reasonably practicable under the circumstances notify the Holders in accordance with General Condition 4 if it determines that a Market Disruption Event has occurred. A “**Market Disruption Event**” means:
 - (i) the occurrence or existence on any Trading Day during the one hour period that ends at the official close of trading on the Exchange or any Related Exchange of any suspension of or limitation imposed on trading or the disruption or impairment in the ability of market participants in general to effect transactions (by reason of movements in price reaching or exceeding limits permitted by the relevant exchange or otherwise):

- (A) in the Certificates on the Exchange or any other exchange on which the Certificates are traded; or
 - (B) in any options contracts or futures contracts or other derivatives contracts relating to the Certificates on any Related Exchange, if, in the determination of the Calculation Agent, such suspension or limitation is material; or
- (ii) a general moratorium is declared in respect of banking activities in the country in which the Exchange or any Related Exchange is located.

For the purposes of this definition, a limitation on the hours and number of days of trading will not constitute a Market Disruption Event if it results from an announced change in the regular business hours of the Exchange or any Related Exchange, but a limitation on trading imposed during the course of the day by reason of movements in price otherwise exceeding levels permitted by the Exchange or any Related Exchange may, if so determined by the Calculation Agent, constitute a Market Disruption Event.

- (b) Potential Adjustment Events. Following a declaration by the issuer of the Certificates of the terms of any Potential Adjustment Event, the Calculation Agent will determine whether such Potential Adjustment Event has a diluting or concentrative effect on the theoretical value of the Certificates and, if so, will:
- (i) make the corresponding adjustment, if any, to any one or more of the Conditions as the Calculation Agent determines appropriate to account for that diluting or concentrative effect; and
 - (ii) determine the effective date of that adjustment.

The Calculation Agent may, but need not, determine the adjustment by reference to the adjustment in respect of such Potential Adjustment Event made by an options exchange to options on the Certificates traded on that options exchange. Upon making any such adjustment, the Calculation Agent shall notify the Holders in accordance with General Condition 4, stating the adjustment to be made to the Conditions and giving brief details of the Potential Adjustment Event.

“Potential Adjustment Event” means any event that may have a diluting or concentrative effect on the theoretical value of the Certificates.

- (c) The Calculation Agent may make adjustments to the Conditions in order to account for any such event if it considers it appropriate to do so. The Calculation Agent shall, as soon as practicable after receipt of any written request to do so, advise a Holder of any determination made by it pursuant to this Product Condition 4 on or before the date of receipt of such request. The Calculation Agent shall make available for inspection by Holders copies of any such determinations. In making any determinations and calculations in respect of the Securities, the Calculation Agent shall act at all times in good faith and a commercially reasonable manner.

5. EFFECT OF FINAL TERMS

The Final Terms applicable to any Series of Securities may specify amendments to these Product Conditions in so far as they apply to that Series. Notwithstanding the foregoing, consideration will be given as to whether such amendments constitute “significant new factors” and consequently trigger the need for a supplement to the Base Prospectus (as defined in the Final Terms) under Article 16 of Directive 2003/71/EC.

- (b) Issuer Call. If “Issuer Call” is specified as being “Applicable” in the definition of the relevant Series in the applicable Final Terms, the Issuer may redeem the Securities in whole, but not in part, on any Issuer Call Date at the Issuer Call Cash Amount by giving Holders at least the Issuer Call Notice Period notice of its intention to redeem the Securities, such notice to be given at any time from (and including) the Issuer Call Commencement Date. Any such notice shall be given in accordance with the provisions of General Condition 4 and shall specify the Issuer Call Date.

If “Interest” is specified as being “Applicable” in the definition of the relevant Series in the applicable Final Terms, each security shall cease to accrue interest from and including the due date for redemption. - (e) Method of Payment. Subject as provided below, where the Cash Amount, any Issuer Call Cash Amount or any Interest Amount is in a currency other than euro, such payment will be made by an Agent on behalf of the Issuer in the Settlement Currency to an account (which, in the case of payment in Japanese yen to a non-resident of Japan, shall be a non-resident account) specified by the payee with, or by a cheque in such Settlement Currency drawn on, a bank in the principal financial centre of the country of such Settlement Currency; where the Cash Amount, any Issuer Call Cash Amount or any Interest Amount is in euro, such payment will be made by an Agent on behalf of the Issuer by credit or transfer to a euro account or any account to which euro may be credited or transferred specified by the payee or, at the option of the payee, by a euro cheque. Notwithstanding the previous two sentences, for as long as the Securities are represented by the Global Security, payments will be made through the Clearing Agents and will be made in accordance with the rules of each Clearing Agent. All payments will be subject to applicable fiscal and legal requirements applicable thereto.
- (f) Presentation and Surrender. If the Securities are in definitive form, payment of the Cash Amount, any Issuer Call Cash Amount and each (if any) Interest Amount will be made against surrender of the Security and each relative Coupon (if applicable) respectively, by or on behalf of the Holder at the specified office of the Principal Agent. If the Securities are represented by the Global Security, payment of the Cash Amount, any Issuer Call Cash Amount and each (if any) Interest Amount will be made against presentation and, in the case of payment of the Cash Amount or any Issuer Call Cash Amount, surrender of the Global Security by or on behalf of the Holder at the specified office of the Principal Agent. In all cases payment will be subject to any endorsement on the face of the Security or Coupon as applicable. In the case of any Global Security, the Issuer shall record all payments made by it to the relevant Clearing Agent and such record shall be *prima facie* evidence that the payment in question has been made. The bearer of a Security shall be the only person

entitled to receive payments of the Cash Amount, any Issuer Call Cash Amount or any Interest Amount and the Issuer will be discharged by payment to, or to the order of, the Holder in respect of the amount so paid. The bearer of a Security, or (in the case of a Global Security) each of the persons shown in the records of a Clearing Agent as the holder of a particular nominal amount of the Securities, must look solely to the relevant Agent or Clearing Agent, as the case may be, for his share of each such payment so made by the Issuer to or to the order of the bearer of the Security.

- (g) **Payment Day.** If the date for payment of any amount in respect of the Securities is not a Payment Day, the Holder shall not be entitled to payment until either (i) if “Modified Following” is specified in the definition of Business Day Convention for the relevant Series in the applicable Final Terms, the next following Payment Day unless such Payment Day falls in the next calendar month in which case the date for payment will be the first preceding Payment Day or (ii) if “Following” is specified in the definition of Business Day Convention for the relevant Series in the applicable Final Terms, the next following Payment Day and, in either case, the Holder shall not be entitled to any interest or other payment in respect of such delay or acceleration of payment.
- (h) **General.** In the absence of gross negligence or wilful misconduct on its part, none of the Issuer, the Calculation Agent or any Agent shall have any responsibility for any errors or omissions in the calculation of the Cash Amount, any Issuer Call Cash Amount or any Interest Amount.
- (i) **Settlement Risk.** Settlement of the Securities is subject to all applicable laws, regulations and practices in force at the relevant time and neither the Issuer nor any Agent shall incur any liability whatsoever if it is unable to effect the transactions contemplated as a result of any such laws, regulations or practices. Neither the Issuer nor any Agent shall under any circumstances be liable for any acts or defaults of any Clearing Agent in relation to the performance of its duties in relation to the Securities.

4. ADJUSTMENTS

- (a) **Market Disruption.** The Calculation Agent shall as soon as reasonably practicable under the circumstances notify the Holders in accordance with General Condition 4 if it determines that a Market Disruption Event has occurred. A “**Market Disruption Event**” means the occurrence or existence on any Trading Day during the one hour period that ends at the official close of trading on the Exchange or any Related Exchange of any suspension of or limitation imposed on trading or the disruption or impairment in the ability of market participants in general to effect transactions (by reason of movements in price reaching or exceeding limits permitted by the relevant exchange or otherwise):
 - (i) on any Exchange(s) in securities that comprise 20 per cent or more of the level of the relevant Index if, in the determination of the Calculation Agent, such suspension or limitation is material. For the purpose of determining whether such suspension or limitation is material, if trading in a security included in the Index is suspended or materially limited at that time, then the relevant percentage contribution of that security to the level of the Index shall be based on a comparison of (A) the portion of the level of the Index attributable to that security relative to (B) the overall level of the Index, in each case immediately before that suspension or limitation; or
 - (ii) on any Related Exchange in any options contracts or futures contracts or other derivatives contracts relating to the relevant Index. In any event, a limitation on the hours and number of days of trading will not constitute a Market Disruption Event if it results from an announced change in the regular business hours of the relevant

exchange, but a limitation on trading imposed during the course of the day by reason of movements in price otherwise exceeding levels permitted by the relevant exchange may, if so determined by the Calculation Agent, constitute a Market Disruption Event.

- (b) Adjustments to Index. The Calculation Agent shall give notice as soon as practicable to the Holders in accordance with General Condition 4 of any determination made by it pursuant to paragraphs (i), (ii), (iii) or (iv) below.
- (i) If any Index is (A) not calculated and announced by the Index Sponsor but is calculated and published by a successor to the Index Sponsor (the “**Successor Sponsor**”) acceptable to the Calculation Agent; or (B) replaced by a successor index using, in the determination of the Calculation Agent, the same or a substantially similar formula for and method of calculation as used in the calculation of the relevant Index, then (in either case) the relevant Index will be deemed to be the index so calculated and announced by such Successor Sponsor or that successor index, as the case may be.
- (ii) If (A) on or prior to the Valuation Date the Index Sponsor or, if applicable, the Successor Sponsor makes a material change in the formula for or the method of calculating any Index or in any other way materially modifies an Index (other than a modification prescribed in that formula or method to maintain the Index in the event of changes in constituent securities and other routine events); or (B) on the Valuation Date the Index Sponsor or, if applicable, the Successor Sponsor fails to calculate and/or publish any Index; then (in either case) the Calculation Agent shall determine the Final Reference Price using, in lieu of a published level for the relevant Index on the Valuation Date, the level for the relevant Index as determined by the Calculation Agent in accordance with the formula for and method of calculating the relevant Index last in effect prior to the change or failure, but using only those securities that comprised the relevant Index immediately prior to the change or failure (other than those securities that have since ceased to be listed on the Exchange or any other exchange on which the Shares are listed) or, in the case of a material modification of the Index only, shall deem such modified Index to be the Index so calculated and announced or shall terminate the Securities by giving notice in accordance with General Condition 4.
- (iii) If, at any time, any of the events specified in (A) to (H) below occurs and the Index Sponsor or, if applicable, the Successor Sponsor has not in the opinion of the Calculation Agent made an appropriate adjustment to the level of the relevant Index in order to account fully for such event, notwithstanding that the rules published or applied by the Index Sponsor or, if applicable, the Successor Sponsor pertaining to the Index have been applied, the Calculation Agent shall make such adjustment to the level of the relevant Index as it considers appropriate in order to so account: (A) a distribution or dividend to existing holders of (I) the Shares; or (II) other share capital or securities granting the right to payment of dividends and/or the proceeds of liquidation of the issuer of the Shares equally or proportionately with such payments to holders of Shares or (III) any other type of securities, rights or warrants or other assets, in any case for payment (in cash or otherwise) at less than the prevailing market price; (B) a free distribution or dividend of any Shares to existing holders by way of bonus, capitalisation or similar issue; (C) an extraordinary dividend; (D) any cash dividends declared on the Shares at a time when the relevant issuer has not previously declared or paid dividends on such Shares for the prior four quarterly periods; (E) any non-cash dividends declared on the Shares at a time when the relevant issuer has not previously declared or paid dividends on such Shares for

the prior four quarterly periods; (F) any other extraordinary cash or non-cash dividend on, or distribution with respect to, the Shares which is, by its terms or declared intent, declared and paid outside the normal operations or normal dividend procedures of the relevant issuer, provided that, in all cases, the related ex-dividend date occurs during the period from but including the Issue Date up to and excluding the Valuation Date; (G) a distribution of cash dividends on the Shares equal to or greater than 8 per cent. per annum of the then current market value of the Shares; and (H) any other similar event having a dilutive or concentrative effect on the theoretical value of the Shares.

- (iv) The Issuer reserves the right to issue further Securities, make adjustments or to distribute to the Holders any rights in connection with the Securities as it reasonably believes are appropriate in circumstances where an event or events occur which the Issuer (in its absolute discretion and notwithstanding any adjustments previously made to the Securities) believes should, in the context of the issue of Securities and its obligations hereunder, give rise to such adjustment or distribution, provided that such adjustment is considered by the Calculation Agent either to be appropriate generally (without considering the individual circumstances of any Holder or the tax or other consequences of such adjustment in any particular jurisdiction) or to be required to take account of provisions of the laws of the relevant jurisdiction or the practices of the Exchange.
- (c) The Calculation Agent may make adjustments to the Conditions in order to account for any such event if it considers it appropriate to do so. The Calculation Agent shall, as soon as practicable after receipt of any written request to do so, advise a Holder of any determination made by it pursuant to this Product Condition 4 on or before the date of receipt of such request. The Calculation Agent shall make available for inspection by Holders copies of any such determinations. In making any determinations and calculations in respect of the Securities, the Calculation Agent shall act at all times in good faith and a commercially reasonable manner.

2. FORM

- (a) Global Form. Except in the case of Securities issued in dematerialised form, the Securities will be issued in bearer form in the denomination of the Nominal Amount. The Securities can be represented by a temporary global security (the “**Temporary Global Security**”) or a permanent global security (the “**Permanent Global Security**”, together with the Temporary Global Securities, the “**Global Security**” and each a “**Global Security**”) which will be deposited with a Clearing Agent or the depositary for one or more Clearing Agents and will be transferable only in accordance with the applicable law and the rules and procedures of the relevant Clearing Agent through whose systems the Securities are transferred. Each

person (other than another Clearing Agent) who is for the time being shown in the records of the relevant Clearing Agent as the owner of a particular nominal amount of the Securities (in which regard any certificate or other document issued by the relevant Clearing Agent as to the nominal amount of the Securities standing to the credit of the account of any person shall be conclusive and binding for all purposes except in the case of manifest error) shall be treated by the Issuer and each Agent as the holder of such nominal amount of the Securities (and the term “**Holder**” shall be construed accordingly) for all purposes, other than with respect to any payment and/or delivery obligations, the right to which shall be vested as regards the Issuer and the Agents, solely in the bearer of the Global Security.

- (b) Dematerialised Form. Certain Securities will, where required by the rules and procedures of the Clearing Agent, be issued in dematerialised form and will be registered in the book-entry system of the Clearing Agent. Title to the Securities will pass by transfer between accountholders at the Clearing Agent perfected in accordance with the legislation, rules and regulations applicable to and/or issued by the Clearing Agent that are in force and effect from time to time (the “**Rules**”). Accordingly, in these Conditions, the term “**Holder**” means a person in whose name a Security is registered in the book-entry settlement system of the Clearing Agent or any other person recognised as a holder of Securities pursuant to the Rules.
- (c) SIX SIS Ltd as Clearing Agent. If SIX SIS Ltd is specified as the Clearing Agent, Securities will, as specified in the applicable Final Terms, be issued in the form of (i) dematerialised securities (the “**Dematerialised Securities**”) or (ii) a bearer permanent Global Security and, in either case, will be transformed into intermediated securities (the “**Intermediated Securities**”) in accordance with article 6 of the Swiss Federal Intermediated Securities Act (the “**FISA**”).

The Intermediated Securities will be created (i) by deposit of a Global Security with the Clearing Agent, acting as custodian as defined in article 4 FISA (the “**Custodian**”), or registration of Dematerialised Securities in the main register of the Clearing Agent, acting as Custodian, and (ii) the Clearing Agent, acting as Custodian, crediting the respective rights to securities accounts of one or more of its participants with the Clearing Agent in accordance with articles 4 and 6 FISA. For each issuance of Securities in the form of Dematerialised Securities, the Clearing Agent, acting as Custodian, will maintain the main register as defined in article 6 para. 2 FISA which is available to the public under <https://www.sec.sisclear.com/sec/cm/index/custody-settlement/mainregister.htm>.

Title to the Intermediated Securities is construed and will pass in accordance with the legislation, in particular the FISA, rules and regulations applicable to and/or issued by the Clearing Agent, acting as Custodian, and any other custodian, if any, that are in force and effect from time to time (the “**Rules**”). Accordingly, in these Conditions, the term “**Holder**” means any person recognised as a holder of the Intermediated Securities pursuant to the Rules.

The Holders shall at no time have the right to effect or demand (i) the retransformation of the Intermediated Securities into, and the delivery of, Dematerialised Securities in the case of Dematerialised Securities being the basis for the creation of Intermediated Securities, or (ii) the conversion of the Dematerialised Securities or the Global Security into definitive Securities.

- (d) Euroclear Sweden AB as Clearing Agent. If Euroclear Sweden AB is specified as the Clearing Agent, the Issuer has agreed with Euroclear Sweden AB that, so long as the Securities are accepted for clearance through Euroclear Sweden AB, any substitution of the

Issuer (as set forth in General Condition 8) will comply with the requirements of Euroclear Sweden AB and, in particular, any substitute will be acceptable to Euroclear Sweden AB.

So long as Euroclear Sweden AB is the Clearing Agent in respect of the Securities the following provisions shall apply and, notwithstanding any provisions to the contrary in the General Conditions or the Product Conditions, may not be amended, modified or set aside other than in such manner as may be acceptable under the Swedish Rules (as defined below), in the sole opinion of Euroclear Sweden AB.

Title to the Securities will pass by transfer between accountholders at Euroclear Sweden AB perfected in accordance with the legislation (including the Swedish Financial Instruments Accounts Act (SFS 1998:1479)), rules and regulations applicable to and/or issued by Euroclear Sweden AB that are in force and effect from time to time (the “**Swedish Rules**”). The “**Holder**” means in such case a person in whose name a Security is registered in a Euroclear Sweden AB account in the book entry system of Euroclear Sweden AB or any other person recognised as a holder of Securities pursuant to the Swedish Rules and accordingly, where Securities are held through a registered nominee, the nominee shall be deemed to be the holder under Article 16 of the Prospectus Directive.

The Issuer shall be entitled to obtain from Euroclear Sweden AB extracts from the book entry registers of Euroclear Sweden AB (Sw. *skuldbok*) relating to the Securities.

3. RIGHTS AND PROCEDURES

- (a) Redemption on the Settlement Date. Unless previously redeemed or purchased and cancelled and subject as provided by the Conditions, each Security will be redeemed by the Issuer at the Cash Amount, such redemption to occur on the Settlement Date.
- (b) Issuer Call. If “Issuer Call” is specified as being “Applicable” in the definition of the relevant Series in the applicable Final Terms, the Issuer may redeem the Securities in whole, but not in part, on any Issuer Call Date at the Issuer Call Cash Amount by giving Holders at least the Issuer Call Notice Period notice of its intention to redeem the Securities, such notice to be given at any time from (and including) the Issuer Call Commencement Date. Any such notice shall be given in accordance with the provisions of General Condition 4 and shall specify the Issuer Call Date.
- (c) Interest Amount. If “Interest” is specified as being applicable in the definition of the relevant Series in the applicable Final Terms, each Security shall bear interest at the Interest Rate. The Interest Amount is calculated by reference to the relevant Interest Period, the Interest Rate, the Nominal Amount and the Interest Rate Day Count Fraction, and is payable on each Interest Payment Date.
- (d) Interest Accrual. If “Interest” is specified as being “Applicable” in the definition of the relevant Series in the applicable Final Terms, each security shall cease to accrue interest from and including the due date for redemption. No interest shall accrue after the Maturity Date or the Issuer Call Date, as the case may be, in the event that payment of any amount is postponed due to a Market Disruption Event.
- (e) Method of Payment. Subject as provided below, where the Cash Amount, any Issuer Call Cash Amount or any Interest Amount is in a currency other than euro, such payment will be made by an Agent on behalf of the Issuer in the Settlement Currency to an account (which, in the case of payment in Japanese yen to a non-resident of Japan, shall be a non-resident account) specified by the payee with, or by a cheque in such Settlement Currency drawn on, a bank in the principal financial centre of the country of such Settlement Currency; where

the Cash Amount, any Issuer Call Cash Amount or any Interest Amount is in euro, such payment will be made by an Agent on behalf of the Issuer by credit or transfer to a euro account or any account to which euro may be credited or transferred specified by the payee or, at the option of the payee, by a euro cheque. Notwithstanding the previous two sentences, for as long as the Securities are represented by the Global Security, payments will be made through the Clearing Agents and will be made in accordance with the rules of each Clearing Agent. All payments will be subject to applicable fiscal and legal requirements applicable thereto.

- (f) **Presentation and Surrender.** If the Securities are in definitive form, payment of the Cash Amount, any Issuer Call Cash Amount and each (if any) Interest Amount will be made against surrender of the Security and each relative Coupon (if applicable) respectively, by or on behalf of the Holder at the specified office of the Principal Agent. If the Securities are represented by the Global Security, payment of the Cash Amount, any Issuer Call Cash Amount and each (if any) Interest Amount will be made against presentation and, in the case of payment of the Cash Amount or any Issuer Call Cash Amount, surrender of the Global Security by or on behalf of the Holder at the specified office of the Principal Agent. In all cases payment will be subject to any endorsement on the face of the Security or Coupon as applicable. In the case of any Global Security, the Issuer shall record all payments made by it to the relevant Clearing Agent and such record shall be *prima facie* evidence that the payment in question has been made. The bearer of a Security shall be the only person entitled to receive payments of the Cash Amount, any Issuer Call Cash Amount or any Interest Amount and the Issuer will be discharged by payment to, or to the order of, the Holder in respect of the amount so paid. The bearer of a Security, or (in the case of a Global Security) each of the persons shown in the records of a Clearing Agent as the holder of a particular nominal amount of the Securities, must look solely to the relevant Agent or Clearing Agent, as the case may be, for his share of each such payment so made by the Issuer to or to the order of the bearer of the Security.
- (g) **Payment Day.** If the date for payment of any amount in respect of the Securities is not a Payment Day, the Holder shall not be entitled to payment until either (i) if “Modified Following” is specified in the definition of Business Day Convention for the relevant Series in the applicable Final Terms, the next following Payment Day unless such Payment Day falls in the next calendar month in which case the date for payment will be the first preceding Payment Day or (ii) if “Following” is specified in the definition of Business Day Convention for the relevant Series in the applicable Final Terms, the next following Payment Day and, in either case, the Holder shall not be entitled to any interest or other payment in respect of such delay or acceleration of payment.
- (h) **General.** In the absence of gross negligence or wilful misconduct on its part, none of the Issuer, the Calculation Agent or any Agent shall have any responsibility for any errors or omissions in the calculation of the Cash Amount, any Issuer Call Cash Amount or any Interest Amount.
- (i) **Settlement Risk.** Settlement of the Securities is subject to all applicable laws, regulations and practices in force at the relevant time and neither the Issuer nor any Agent shall incur any liability whatsoever if it is unable to effect the transactions contemplated as a result of any such laws, regulations or practices. Neither the Issuer nor any Agent shall under any circumstances be liable for any acts or defaults of any Clearing Agent in relation to the performance of its duties in relation to the Securities.

4. ADJUSTMENTS

- (a) **Market Disruption.** The Calculation Agent shall as soon as reasonably practicable under the circumstances notify the Holders in accordance with General Condition 4 if it determines that a Market Disruption Event has occurred. A “**Market Disruption Event**” means the occurrence or existence during the one hour period that ends at the official close of trading on any relevant exchanges of any suspension of or limitation imposed on trading in relation to the relevant Inflation Index or the disruption or impairment in the ability of market participants in general to effect transactions (by reason of movements in price reaching or exceeding limits permitted by the relevant exchanges or otherwise):
- (i) on any relevant exchanges(s) in securities that comprise 20 per cent or more of the level of the relevant Inflation Index if, in the determination of the Calculation Agent, such suspension or limitation is material. For the purpose of determining whether such suspension or limitation is material, if trading in a security included in the Inflation Index is suspended or materially limited at that time, then the relevant percentage contribution of that security to the level of the Inflation Index shall be based on a comparison of (A) the portion of the level of the Inflation Index attributable to that security relative to (B) the overall level of the Inflation Index, in each case immediately before that suspension or limitation; or
 - (ii) on any relevant exchange in any options contracts or futures contracts or other derivatives contracts relating to the relevant Inflation Index. In any event, a limitation on the hours and number of days of trading will not constitute a Market Disruption Event if it results from an announced change in the regular business hours of the relevant exchange, but a limitation on trading imposed during the course of the day by reason of movements in price otherwise exceeding levels permitted by the relevant exchange may, if so determined by the Calculation Agent, constitute a Market Disruption Event.
- (b) **Adjustments to Inflation Index.** The Calculation Agent shall give notice as soon as practicable to the Holders in accordance with General Condition 4 of any determination made by it pursuant to paragraphs (i), (ii) or (iii) below.
- (i) If any Inflation Index is (A) not calculated and announced in its usual way but is calculated and published in a different way but a in a way acceptable to the Calculation Agent; or (B) replaced by a successor inflation index using, in the determination of the Calculation Agent, the same or a substantially similar formula for and method of calculation as used in the calculation of the relevant Inflation Index, then (in either case) the relevant Inflation Index will be deemed to be the inflation index so calculated and announced by that successor inflation index, as the case may be.
 - (ii) If (A) on or prior to the Interest Payment Date there is a material change in the formula for or the method of calculating any Inflation Index or in any other way an Inflation Index is materially modified (other than a modification prescribed in that formula or method to maintain the Inflation Index in the event of changes in constituent securities and other routine events); or (B) on the Interest Payment Date there is a failure to calculate and/or publish any Inflation Index; then (in either case) the Calculation Agent shall determine the Inflation Index Level using, in lieu of a published level for the relevant Inflation Index on the Interest Payment Date, the level for the relevant Inflation Index as determined by the Calculation Agent in accordance with the formula for and method of calculating the relevant Inflation

Index last in effect prior to the change or failure, but using only those securities that comprised the relevant Inflation Index immediately prior to the change or failure (other than those securities that have since ceased to be included in the Inflation Index) or, in the case of a material modification of the Inflation Index only, shall deem such modified Inflation Index to be the Inflation Index so calculated and announced or shall terminate the Securities by giving notice in accordance with General Condition 4.

- (iii) The Issuer reserves the right to issue further Securities, make adjustments or to distribute to the Holders any rights in connection with the Securities as it reasonably believes are appropriate in circumstances where an event or events occur which the Issuer (in its absolute discretion and notwithstanding any adjustments previously made to the Securities) believes should, in the context of the issue of Securities and its obligations hereunder, give rise to such adjustment or distribution, provided that such adjustment is considered by the Calculation Agent either to be appropriate generally (without considering the individual circumstances of any Holder or the tax or other consequences of such adjustment in any particular jurisdiction) or to be required to take account of provisions of the laws of the relevant jurisdiction or the practices of the relevant exchange.
- (c) The Calculation Agent may make adjustments to the Conditions in order to account for any such event if it considers it appropriate to do so. The Calculation Agent shall, as soon as practicable after receipt of any written request to do so, advise a Holder of any determination made by it pursuant to this Product Condition 4 on or before the date of receipt of such request. The Calculation Agent shall make available for inspection by Holders copies of any such determinations. In making any determinations and calculations in respect of the Securities, the Calculation Agent shall act at all times in good faith and a commercially reasonable manner.

5. EFFECT OF FINAL TERMS

The Final Terms applicable to any Series of Securities may specify amendments to these Product Conditions in so far as they apply to that Series. Notwithstanding the foregoing, consideration will be given as to whether such amendments constitute “significant new factors” and consequently trigger the need for a supplement to the Base Prospectus (as defined in the Final Terms) under Article 16 of Directive 2003/71/EC.

All payments will be subject to applicable fiscal and legal requirements applicable thereto.
- (e) Presentation and Surrender. If the Securities are in definitive form, payment of the Cash Amount and each (if any) Interest Amount will be made against surrender of the Security and each relative Coupon (if applicable) respectively, by or on behalf of the Holder at the specified office of the Principal Agent. If the Securities are represented by the Global Security, payment of the Cash Amount and each (if any) Interest Amount will be made against presentation and, in the case of payment of the Cash Amount, surrender of the

Global Security by or on behalf of the Holder at the specified office of the Principal Agent. In all cases payment will be subject to any endorsement on the face of the Security or Coupon as applicable. In the case of any Global Security, the Issuer shall record all payments made by it to the relevant Clearing Agent and such record shall be *prima facie* evidence that the payment in question has been made. The bearer of a Security shall be the only person entitled to receive payments of the Cash Amount or any Interest Amount and the Issuer will be discharged by payment to, or to the order of, the Holder in respect of the amount so paid. The bearer of a Security, or (in the case of a Global Security) each of the persons shown in the records of a Clearing Agent as the holder of a particular nominal amount of the Securities, must look solely to the relevant Agent or Clearing Agent, as the case may be, for his share of each such payment so made by the Issuer to or to the order of the bearer of the Security.

- (h) **Settlement Risk.** Settlement of the Securities is subject to all applicable laws, regulations and practices in force at the relevant time and neither the Issuer nor any Agent shall incur any liability whatsoever if it is unable to effect the transactions contemplated as a result of any such laws, regulations or practices. - (ii) If (A) on or prior to the Interest Payment Date there is a material change in the formula for or the method of calculating the Index or the Index Sponsor, in any other way, materially modifies the Index (other than a modification prescribed in that formula or method to maintain the Index in the event of changes in constituent securities and other routine events) then the Calculation Agent shall (I) determine the Final Reference Price using, in lieu of a published level for the Index, the level for the Index as determined by the Calculation Agent acting in good faith and in a commercially reasonable manner or, (II) shall deem such modified Index to be the Index so calculated and announced or (III) shall terminate the Securities by giving notice in accordance with General Condition 4.
 - (iii) The Issuer reserves the right to issue further Securities, make adjustments or to distribute to the Holders any rights in connection with the Securities as it reasonably believes are appropriate in circumstances where an event or events occur which the Issuer (in its absolute discretion and notwithstanding any adjustments previously made to the Securities) believes should, in the context of the issue of Securities and its obligations hereunder, give rise to such adjustment or distribution, provided that such adjustment is considered by the Calculation Agent either to be appropriate generally (without considering the individual circumstances of any Holder or the tax or other consequences of such adjustment in any particular jurisdiction) or to be required to take account of provisions of the laws of the relevant jurisdiction or the practices of the relevant exchange.
- (c) The Calculation Agent may make adjustments to the Conditions in order to account for any such event if it considers it appropriate to do so. The Calculation Agent shall, as soon as practicable after receipt of any written request to do so, advise a Holder of any determination made by it pursuant to this Product Condition 4 on or before the date of receipt of such request. The Calculation Agent shall make available for inspection by Holders copies of any such determinations. In making any determinations and calculations in respect of the Securities, the Calculation Agent shall act at all times in good faith and a commercially reasonable manner.

 - (ii) If an Early Redemption Event has occurred, the Early Redemption Amount,such redemption to occur on the Settlement Date.
- (b) Interest. The Securities bear no interest and no payment shall be made on account thereof.
- (c) Method of Payment. Subject as provided below, where the Cash Amount or the Early Redemption Amount is in a currency other than euro, such payment will be made by an Agent on behalf of the Issuer in the Settlement Currency to an account (which, in the case of payment in Japanese yen to a non-resident of Japan, shall be a non-resident account) specified by the payee with, or by a cheque in such Settlement Currency drawn on, a bank in the principal financial centre of the country of such Settlement Currency; where the Cash Amount or the Early Redemption Amount is in euro, such payment will be made by an Agent on behalf of the Issuer by credit or transfer to a euro account or any account to which euro may be credited or transferred specified by the payee or, at the option of the payee, by a euro cheque. Notwithstanding the previous two sentences, for as long as the Securities are represented by the Global Security, payments will be made through the Clearing Agents and will be made in accordance with the rules of each Clearing Agent. All payments will be subject to applicable fiscal and legal requirements applicable thereto.
- (d) Presentation and Surrender. If the Securities are in definitive form, payment of the Cash Amount or the Early Redemption Amount will be made against surrender of the Security by or on behalf of the Holder at the specified office of the Principal Agent. If the Securities are represented by the Global Security, payment of the Cash Amount or the Early Redemption Amount will be made against presentation and surrender of the Global Security by or on behalf of the Holder at the specified office of the Principal Agent. In all cases payment will be subject to any endorsement on the face of the Security. In the case of any Global Security, the Issuer shall record all payments made by it to the relevant Clearing Agent and such record shall be prima facie evidence that the payment in question has been made. The bearer of a Security shall be the only person entitled to receive payment of the Cash Amount or the Early Redemption Amount and the Issuer will be discharged by payment to, or to the order of, the Holder in respect of the amount so paid. The bearer of a Security, or (in the case of a Global Security) each of the persons shown in the records of a Clearing Agent as the holder of a particular nominal amount of the Securities, must look solely to the relevant Agent or Clearing Agent, as the case may be, for his share of each such payment so made by the Issuer to or to the order of the bearer of the Security.
- (e) Payment Day. If the date for payment of any amount in respect of the Securities is not a Payment Day, the Holder shall not be entitled to payment until either (i) if “Modified

Following” is specified in the definition of Business Day Convention for the relevant Series in the applicable Final Terms, the next following Payment Day unless such Payment Day falls in the next calendar month in which case the date for payment will be the first preceding Payment Day or (ii) if “Following” is specified in the definition of Business Day Convention for the relevant Series in the applicable Final Terms, the next following Payment Day and, in either case, the Holder shall not be entitled to any interest or other payment in respect of such delay or acceleration of payment.

- (f) General. In the absence of gross negligence or wilful misconduct on its part, none of the Issuer, the Calculation Agent or any Agent shall have any responsibility for any errors or omissions in the calculation of the Cash Amount or the Early Redemption Amount.
- (g) Settlement Risk. Settlement of the Securities is subject to all applicable laws, regulations and practices in force at the relevant time and neither the Issuer nor any Agent shall incur any liability whatsoever if it is unable to effect the transactions contemplated as a result of any such laws, regulations or practices. Neither the Issuer nor any Agent shall under any circumstances be liable for any acts or defaults of any Clearing Agent in relation to the performance of its duties in relation to the Securities.

4. ADJUSTMENTS

- (a) Market Disruption. The Calculation Agent shall as soon as reasonably practicable under the circumstances notify the Holders in accordance with General Condition 4 if it determines that a Market Disruption Event has occurred. A “**Market Disruption Event**” means the occurrence or existence on any Trading Day during the one hour period that ends at the official close of trading on the Exchange or any Related Exchange of any suspension of or limitation imposed on trading or the disruption or impairment in the ability of market participants in general to effect transactions (by reason of movements in price reaching or exceeding limits permitted by the relevant exchange or otherwise):
 - (i) on any Exchange(s) in securities that comprise 20 per cent or more of the level of the relevant Index if, in the determination of the Calculation Agent, such suspension or limitation is material. For the purpose of determining whether such suspension or limitation is material, if trading in a security included in the Index is suspended or materially limited at that time, then the relevant percentage contribution of that security to the level of the Index shall be based on a comparison of (A) the portion of the level of the Index attributable to that security relative to (B) the overall level of the Index, in each case immediately before that suspension or limitation; or
 - (ii) on any Related Exchange in any options contracts or futures contracts or other derivatives contracts relating to the relevant Index. In any event, a limitation on the hours and number of days of trading will not constitute a Market Disruption Event if it results from an announced change in the regular business hours of the relevant exchange, but a limitation on trading imposed during the course of the day by reason of movements in price otherwise exceeding levels permitted by the relevant exchange may, if so determined by the Calculation Agent, constitute a Market Disruption Event.
- (b) Adjustments to Index. The Calculation Agent shall give notice as soon as practicable to the Holders in accordance with General Condition 4 of any determination made by it pursuant to paragraphs (i), (ii), (iii) or (iv) below.
 - (i) If the Index is: (A) not calculated and announced by the Index Sponsor but is calculated and published by a successor to the Index Sponsor (the “**Successor**

Sponsor”) acceptable to the Calculation Agent; or (B) replaced by a successor index using in the determination of the Calculation Agent, the same or a substantially similar formula for and method of calculation as used in the calculation of the Index, then (in either case) the Index will be deemed to be the index so calculated and announced by such Successor Sponsor or that successor index, as the case may be.

- (ii) If (A) on or prior to the Valuation Date the Index Sponsor or, if applicable, the Successor Sponsor makes a material change in the formula for or the method of calculating the Index or in any other way materially modifies the Index (other than a modification prescribed in that formula or method to maintain the Index in the event of changes in constituent securities and other routine events); or (B) on the Valuation Date the Index Sponsor or, if applicable the Successor Sponsor fails to calculate and/or publish the Index; then (in either case) the Calculation Agent shall determine the Final Reference Price using, in lieu of a published level for the Index on the Valuation Date, the level for the Index as determined by the Calculation Agent in accordance with the formula for and method of calculating the Index last in effect prior to the change or failure, but using only those securities that comprised the Index immediately prior to the change or failure (other than those securities that have since ceased to be listed on the Exchange or any other exchange on which the Shares are listed) or, in the case of a material modification of the Index only, shall deem such modified Index to be the Index so calculated and announced or shall terminate the Securities by giving notice in accordance with General Condition 4.
- (iii) If, at any time, any of the events specified in (A) to (H) below occurs and the Index Sponsor or, if applicable, the Successor Sponsor has not in the opinion of the Calculation Agent made an appropriate adjustment to the level of the Index in order to account fully for such event, notwithstanding that the rules published or applied by the Index Sponsor or, if applicable, the Successor Sponsor pertaining to the Index have been applied, the Calculation Agent shall make such adjustment to the level of the Index as it considers appropriate in order to so account: (A) a distribution or dividend to existing holders of (I) the Shares; or (II) other share capital or securities granting the right to payment of dividends and/or the proceeds of liquidation of the issuer of the Shares equally or proportionately with such payments to holders of Shares or (III) any other type of securities, rights or warrants or other assets, in any case for payment (in cash or otherwise) at less than the prevailing market price; (B) a free distribution or dividend of any Shares to existing holders by way of bonus, capitalisation or similar issue; (C) an extraordinary dividend; (D) any cash dividends declared on the Shares at a time when the relevant issuer has not previously declared or paid dividends on such Shares for the prior four quarterly periods; (E) any non-cash dividends declared on the Shares at a time when the relevant issuer has not previously declared or paid dividends on such Shares for the prior four quarterly periods; (F) any other extraordinary cash or non-cash dividend on, or distribution with respect to, the Shares which is, by its terms or declared intent, declared and paid outside the normal operations or normal dividend procedures of the relevant issuer, provided that, in all cases, the related ex-dividend date occurs during the period from but including the Issue Date up to and excluding the Valuation Date; (G) a distribution of cash dividends on the Shares equal to or greater than 8 per cent. per annum of the then current market value of the Shares; and (H) any other similar event having a dilutive or concentrative effect on the theoretical value of the Shares.
- (iv) The Issuer reserves the right to issue further Securities, make adjustments or to distribute to the Holders any rights in connection with the Securities as it reasonably believes are appropriate in circumstances where an event or events occur which the

Issuer (in its absolute discretion and notwithstanding any adjustments previously made to the Securities) believes should in the context of the issue of Securities and its obligations hereunder, give rise to such adjustment or distribution, provided that such adjustment is considered by the Calculation Agent either to be appropriate generally (without considering the individual circumstances of any Holder or the tax or other consequences of such adjustment in any particular jurisdiction) or to be required to take account of provisions of the laws of the relevant jurisdiction or the practices of the Exchange.

- (c) The Calculation Agent may make adjustments to the Conditions in order to account for any such event if it considers it appropriate to do so. The Calculation Agent shall, as soon as practicable after receipt of any written request to do so, advise a Holder of any determination made by it pursuant to this Product Condition 4 on or before the date of receipt of such request. The Calculation Agent shall make available for inspection by Holders copies of any such determinations. In making any determinations and calculations in respect of the Securities, the Calculation Agent shall act at all times in good faith and a commercially reasonable manner.

5. EFFECT OF FINAL TERMS

The Final Terms applicable to any Series of Securities may specify amendments to these Product Conditions in so far as they apply to that Series. Notwithstanding the foregoing, consideration will be given as to whether such amendments constitute “significant new factors” and consequently trigger the need for a supplement to the Base Prospectus (as defined in the Final Terms) under Article 16 of Directive 2003/71/EC.

So long as Euroclear Sweden AB is the Clearing Agent in respect of the Securities the following provisions shall apply and, notwithstanding any provisions to the contrary in the General Conditions or the Product Conditions, may not be amended, modified or set aside other than in such manner as may be acceptable under the Swedish Rules (as defined below), in the sole opinion of Euroclear Sweden AB.

Title to the Securities will pass by transfer between accountholders at Euroclear Sweden AB perfected in accordance with the legislation (including the Swedish Financial Instruments Accounts Act (SFS 1998:1479)), rules and regulations applicable to and/or issued by Euroclear Sweden AB that are in force and effect from time to time (the “**Swedish Rules**”). The “**Holder**” means in such case a person in whose name a Security is registered in a Euroclear Sweden AB account in the book entry system of Euroclear Sweden AB or any other person recognised as a holder of Securities pursuant to the Swedish Rules and accordingly, where Securities are held through a registered nominee, the nominee shall be deemed to be the holder under Article 16 of the Prospectus Directive.

The Issuer shall be entitled to obtain from Euroclear Sweden AB extracts from the book entry registers of Euroclear Sweden AB (Sw. *skuldbok*) relating to the Securities.

3. RIGHTS AND PROCEDURES

- (a) Redemption on the Maturity Date. Unless previously redeemed or purchased and cancelled and subject as provided by the Conditions and provided that no Knock-in Event has occurred, each Security will be redeemed at the Cash Amount. Where a Knock-in Event has occurred, each Security will be redeemed, at the sole option of the Issuer, either, in respect of each Nominal Amount:
- (i) at the Cash Amount; or
 - (ii) at the Index Amount,

such redemption to occur, subject as provided below, on the Maturity Date or, if the Maturity Date is not a Business Day, then on the succeeding Business Day.

The Issuer will give notice to the Holders in accordance with General Condition 4 stating

whether it will redeem the Securities in accordance with Product Condition 3(a)(i) or 3(a)(ii) above. Where the Issuer has opted to redeem the Securities in accordance with Product Condition 3(a)(ii) above and the calculation of the Index Amount has been delayed due to a Market Disruption Event, then such amount will be payable three Business Days after the Valuation Date used for the purposes of calculating such amount.

- (b) Interest Amount. In respect of each Interest Period, each Security shall bear interest at the Interest Rate. The Interest Amount is calculated by reference to the relevant Interest Period, the Interest Rate, the Nominal Amount and the Interest Rate Day Count Fraction and is payable on each Interest Payment Date.
- (c) Interest Accrual. Each Security shall cease to accrue interest from and including the due date for redemption. No interest shall accrue after the Maturity Date in the event that payment of any Index Amount is postponed due to the occurrence of a Market Disruption Event.
- (d) Method of Payment. Subject as provided below, where the Cash Amount, Index Amount or the Interest Amount is in a currency other than euro, such payments will be made by an Agent on behalf of the Issuer in the Settlement Currency to an account (which, in the case of payment in Japanese yen to a non-resident of Japan, shall be a non-resident account) specified by the payee with, or by a cheque in such Settlement Currency drawn on, a bank in the principal financial centre of the country of such Settlement Currency; where the Cash Amount, Index Amount or Interest Amount is in euro, such payments will be made by an Agent on behalf of the Issuer by credit or transfer to a euro account or any account to which euro may be credited or transferred specified by the payee or, at the option of the payee, by a euro cheque. Notwithstanding the previous two sentences, where the Securities are represented by the Global Security, payments will be made through the Clearing Agents and will be made in accordance with the rules of each Clearing Agent. All payments will be subject to applicable fiscal and legal requirements applicable thereto.
- (e) Presentation and Surrender. If the Securities are in definitive form, payment of the Cash Amount, Index Amount and each Interest Amount will be made against surrender of the Security and each relative Coupon, respectively, by or on behalf of the Holder at the specified office of the Principal Agent. If the Securities are represented by the Global Security, payment of the Cash Amount, Index Amount and each Interest Amount will be made against presentation and, in the case of payment of the Cash Amount and the Index Amount, surrender of the Global Security by or on behalf of the Holder at the specified office of the Principal Agent. In all cases payment will be subject to any endorsement on the face of the Security or Coupon as applicable. In the case of any Global Security, the Issuer shall record all payments made by it to the relevant Clearing Agent and such record shall be *prima facie* evidence that the payment in question has been made. The bearer of a Security shall be the only person entitled to receive payments of the Cash Amount, Index Amount or the Interest Amount and the Issuer will be discharged by payment to, or to the order of, the Holder in respect of the amount so paid. The bearer of a Security, or (in the case of a Global Security) each of the persons shown in the records of a Clearing Agent as the holder of a particular nominal amount of the Securities, must look solely to the relevant Agent or Clearing Agent, as the case may be, for his share of each such payment so made by the Issuer to or to the order of the bearer of the Security.
- (f) Payment Day. If the date for payment of any amount in respect of the Securities is not a Payment Day, the Holder shall not be entitled to payment until the next following Payment Day and shall not be entitled to any interest or other payment in respect of such delay.
- (g) General. In the absence of gross negligence or wilful misconduct on its part, none of the

Issuer, the Calculation Agent or any Agent shall have any responsibility for any errors or omissions in the calculation of the Cash Amount, the Index Amount or the Interest Amount.

- (h) Settlement Risk. Settlement of the Securities is subject to all applicable laws, regulations and practices in force at the relevant time and neither the Issuer nor any Agent shall incur any liability whatsoever if it is unable to effect the transactions contemplated as a result of any such laws, regulations or practices. Neither the Issuer nor any Agent shall under any circumstances be liable for any acts or defaults of any Clearing Agent in relation to the performance of its duties in relation to the Securities.

4. ADJUSTMENTS

- (a) Market Disruption. The Calculation Agent shall as soon as reasonably practicable under the circumstances notify the Holders in accordance with General Condition 4 if it determines that a Market Disruption Event has occurred.

“**Market Disruption Event**” means the occurrence or existence on any Trading Day during the one hour period that ends at the official close of trading on an Exchange or any Related Exchange of any suspension of or limitation imposed on trading or the disruption or impairment in the ability of market participants in general to effect transactions (by reason of movements in price reaching or exceeding limits permitted by the relevant exchange or otherwise), (i) on any Exchange(s) in securities that comprise 20 per cent or more of the level of the relevant Index, if in the determination of the Calculation Agent, such suspension or limitation is material. For the purpose of determining whether such suspension or limitation is material, if trading in a security included in the Index is suspended or materially limited at that time, then the relevant percentage contribution of that security to the level of the Index shall be based on a comparison of (A) the portion of the level of the Index attributable to that security relative to (B) the overall level of the Index, in each case immediately before that suspension or limitation; or (ii) on any Related Exchange in any options contracts or futures contracts or other derivatives contracts relating to the relevant Index. In any event, a limitation on the hours and number of days of trading will not constitute a Market Disruption Event if it results from an announced change in the regular business hours of the relevant exchange, but a limitation on trading imposed during the course of the day by reason of movements in price otherwise exceeding levels permitted by the relevant exchange may, if so determined by the Calculation Agent, constitute a Market Disruption Event.

- (b) Adjustments to Index. The Calculation Agent shall give notice as soon as practicable to the Holders in accordance with General Condition 4 of any determination made by it pursuant to paragraphs (i), (ii), (iii) or (iv) below:
 - (i) If the Index is: (A) not calculated and announced by the Index Sponsor but is calculated and published by a successor to the Index Sponsor (the “**Successor Sponsor**”) acceptable to the Calculation Agent; or (B) replaced by a successor index using in the determination of the Calculation Agent, the same or a substantially similar formula for and method of calculation as used in the calculation of the Index, then (in either case) the Index will be deemed to be the index so calculated and announced by such Successor Sponsor or that successor index, as the case may be.
 - (ii) If: (A) on or prior to the Valuation Date the Index Sponsor or, if applicable, the Successor Sponsor makes a material change in the formula for or the method of calculating the Index or in any other way materially modifies the Index (other than a modification prescribed in that formula or method to maintain the Index in the event of changes in constituent securities and other routine events); or (B) on the

Valuation Date the Index Sponsor or, if applicable, the Successor Sponsor fails to calculate and/or publish the Index, then (in either case) the Calculation Agent shall determine the Final Reference Price using, in lieu of a published level for the Index on the Valuation Date, the level for the Index as determined by the Calculation Agent in accordance with the formula for and method of calculating the Index last in effect prior to the change or failure, but using only those securities that comprised the Index immediately prior to the change or failure (other than those securities that have since ceased to be listed on the Exchange or any other exchange on which the Shares are listed) or, in the case of a material modification of the Index only, shall deem such modified Index to be the Index so calculated and announced or shall terminate the Securities by giving notice in accordance with General Condition 4.

- (iii) If, at any time, any of the events specified in (A) to (H) below occurs and the Index Sponsor or, if applicable, the Successor Sponsor has not in the opinion of the Calculation Agent made an appropriate adjustment to the level of the Index in order to account fully for such event, notwithstanding that the rules published or applied by the Index Sponsor or, if applicable, the Successor Sponsor pertaining to the Index have been applied, the Calculation Agent shall make such adjustment to the level of the Index as it considers appropriate in order to so account: (A) a distribution or dividend to existing holders of the Shares of: (I) Shares; or (II) other share capital or securities granting the right to payment of dividends and/or the proceeds of liquidation of the issuer of the Shares equally or proportionately with such payments to holders of Shares or (III) any other type of securities, rights or warrants or other assets, in any case for payment (in cash or otherwise) at less than the prevailing market price; (B) a free distribution or dividend of any Shares to existing holders by way of bonus, capitalisation or similar issue; (C) an extraordinary dividend; (D) any cash dividends declared on the Shares at a time when the relevant issuer has not previously declared or paid dividends on such Shares for the prior four quarterly periods; (E) any non-cash dividends declared on the Shares at a time when the relevant issuer has not previously declared or paid dividends on such Shares for the prior four quarterly periods; (F) any other extraordinary cash or non-cash dividend on, or distribution with respect to, the Shares which is, by its terms or declared intent, declared and paid outside the normal operations or normal dividend procedures of the relevant issuer, provided that, in all cases, the related ex-dividend date occurs during the period from but including the Issue Date up to and excluding the Valuation Date; (G) a distribution of cash dividends on the Shares equal to or greater than 8 per cent. per annum of the then current market value of the Shares; or (H) any other similar event having a dilutive or concentrative effect on the theoretical value of the Shares.
 - (iv) The Issuer reserves the right to issue further notes, to make adjustments or to distribute to the Holders any rights in connection with the Securities as it reasonably believes are appropriate in circumstances where an event or events occur which the Issuer (in its absolute discretion and notwithstanding any adjustments previously made to the Securities) believes should, in the context of the issue of Securities and its obligations hereunder, give rise to such adjustment or distribution, provided that such adjustment is considered by the Calculation Agent either to be appropriate generally (without considering the individual circumstances of any Holder or the tax or other consequences of such adjustment in any particular jurisdiction) or to be required to take account of provisions of the laws of the relevant jurisdiction or the practices of the Exchange.
- (c) The Calculation Agent may make adjustments to the Conditions in order to account for any

such event if it considers it appropriate to do so. The Calculation Agent shall, as soon as practicable after receipt of any written request to do so, advise a Holder of any determination made by it pursuant to this Product Condition 4 on or before the date of receipt of such request. The Calculation Agent shall make available for inspection by Holders copies of any such determinations. In making any such determinations and calculations in respect of the Securities, the Calculation Agent shall act at all times in good faith and a commercially reasonable manner.

5. EFFECT OF FINAL TERMS

The Final Terms applicable to any Series of Securities may specify amendments to these Product Conditions in so far as they apply to that Series. Accordingly, in these Conditions, the term “**Holder**” means any person recognised as a holder of the Intermediated Securities pursuant to the Rules.

 - (ii) If an Early Redemption Event has occurred, the Early Redemption Amount,
- such redemption to occur on the Settlement Date.
- (b) Interest Amount. If “Interest” is specified as being “Applicable” in the definition of the relevant Series in the applicable Final Terms, each Security shall bear interest at the Interest Rate. The Interest Amount is calculated by reference to the relevant Interest Period, the Interest Rate, the Nominal Amount and the Interest Rate Day Count Fraction, and is payable on each Interest Payment Date.
- (c) Interest Accrual. If “Interest” is specified as being “Applicable” in the definition of the relevant Series in the applicable Final Terms, each security shall cease to accrue interest from and including the due date for redemption. No interest shall accrue after the Maturity Date or after the Valuation Date in respect of which an Early Redemption Event occurs, as

the case may be, in the event that payment of any amount is postponed due to a Market Disruption Event.

- (d) **Method of Payment.** Subject as provided below, where the Cash Amount, any Interest Amount or the Early Redemption Amount is in a currency other than euro, such payment will be made by an Agent on behalf of the Issuer in the Settlement Currency to an account (which, in the case of payment in Japanese yen to a non-resident of Japan, shall be a non-resident account) specified by the payee with, or by a cheque in such Settlement Currency drawn on, a bank in the principal financial centre of the country of such Settlement Currency; where the Cash Amount, any Interest Amount or the Early Redemption Amount is in euro, such payment will be made by an Agent on behalf of the Issuer by credit or transfer to a euro account or any account to which euro may be credited or transferred specified by the payee or, at the option of the payee, by a euro cheque. Notwithstanding the previous two sentences, for as long as the Securities are represented by the Global Security, payments will be made through the Clearing Agents and will be made in accordance with the rules of each Clearing Agent. All payments will be subject to applicable fiscal and legal requirements applicable thereto.
- (e) **Presentation and Surrender.** If the Securities are in definitive form, payment of the Cash Amount, any Interest Amount or the Early Redemption Amount will be made against surrender of the Security by or on behalf of the Holder at the specified office of the Principal Agent. If the Securities are represented by the Global Security, payment of the Cash Amount, any Interest Amount or the Early Redemption Amount will be made against presentation and surrender of the Global Security by or on behalf of the Holder at the specified office of the Principal Agent. In all cases payment will be subject to any endorsement on the face of the Security. In the case of any Global Security, the Issuer shall record all payments made by it to the relevant Clearing Agent and such record shall be prima facie evidence that the payment in question has been made. The bearer of a Security shall be the only person entitled to receive payment of the Cash Amount, any Interest Amount or the Early Redemption Amount and the Issuer will be discharged by payment to, or to the order of, the Holder in respect of the amount so paid. The bearer of a Security, or (in the case of a Global Security) each of the persons shown in the records of a Clearing Agent as the holder of a particular nominal amount of the Securities, must look solely to the relevant Agent or Clearing Agent, as the case may be, for his share of each such payment so made by the Issuer to or to the order of the bearer of the Security.
- (f) **Payment Day.** If the date for payment of any amount in respect of the Securities is not a Payment Day, the Holder shall not be entitled to payment until either (i) if “Modified Following” is specified in the definition of Business Day Convention for the relevant Series in the applicable Final Terms, the next following Payment Day unless such Payment Day falls in the next calendar month in which case the date for payment will be the first preceding Payment Day or (ii) if “Following” is specified in the definition of Business Day Convention for the relevant Series in the applicable Final Terms, the next following Payment Day and, in either case, the Holder shall not be entitled to any interest or other payment in respect of such delay or acceleration of payment.
- (g) **General.** In the absence of gross negligence or wilful misconduct on its part, none of the Issuer, the Calculation Agent or any Agent shall have any responsibility for any errors or omissions in the calculation of the Cash Amount, any Interest Amount or the Early Redemption Amount.
- (h) **Settlement Risk.** Settlement of the Securities is subject to all applicable laws, regulations and practices in force at the relevant time and neither the Issuer nor any Agent shall incur any liability whatsoever if it is unable to effect the transactions contemplated as a result of

any such laws, regulations or practices. Neither the Issuer nor any Agent shall under any circumstances be liable for any acts or defaults of any Clearing Agent in relation to the performance of its duties in relation to the Securities.

4. ADJUSTMENTS

- (a) **Market Disruption.** The Calculation Agent shall as soon as reasonably practicable under the circumstances notify the Holders in accordance with General Condition 4 if it determines that a Market Disruption Event has occurred. A “**Market Disruption Event**” means the occurrence or existence on any Trading Day during the one hour period that ends at the official close of trading on the Exchange or any Related Exchange of any suspension of or limitation imposed on trading or the disruption or impairment in the ability of market participants in general to effect transactions (by reason of movements in price reaching or exceeding limits permitted by the relevant exchange or otherwise):
- (i) on any Exchange(s) in securities that comprise 20 per cent or more of the level of the relevant Index if, in the determination of the Calculation Agent, such suspension or limitation is material. For the purpose of determining whether such suspension or limitation is material, if trading in a security included in the Index is suspended or materially limited at that time, then the relevant percentage contribution of that security to the level of the Index shall be based on a comparison of (A) the portion of the level of the Index attributable to that security relative to (B) the overall level of the Index, in each case immediately before that suspension or limitation; or
 - (ii) on any Related Exchange in any options contracts or futures contracts or other derivatives contracts relating to the relevant Index. In any event, a limitation on the hours and number of days of trading will not constitute a Market Disruption Event if it results from an announced change in the regular business hours of the relevant exchange, but a limitation on trading imposed during the course of the day by reason of movements in price otherwise exceeding levels permitted by the relevant exchange may, if so determined by the Calculation Agent, constitute a Market Disruption Event.
- (b) **Adjustments to Index.** The Calculation Agent shall give notice as soon as practicable to the Holders in accordance with General Condition 4 of any determination made by it pursuant to paragraphs (i), (ii), (iii) or (iv) below.
- (i) If the Index is: (A) not calculated and announced by the Index Sponsor but is calculated and published by a successor to the Index Sponsor (the “**Successor Sponsor**”) acceptable to the Calculation Agent; or (B) replaced by a successor index using in the determination of the Calculation Agent, the same or a substantially similar formula for and method of calculation as used in the calculation of the Index, then (in either case) the Index will be deemed to be the index so calculated and announced by such Successor Sponsor or that successor index, as the case may be.
 - (ii) If (A) on or prior to the Valuation Date the Index Sponsor or, if applicable, the Successor Sponsor makes a material change in the formula for or the method of calculating the Index or in any other way materially modifies the Index (other than a modification prescribed in that formula or method to maintain the Index in the event of changes in constituent securities and other routine events); or (B) on the Valuation Date the Index Sponsor or, if applicable the Successor Sponsor fails to calculate and/or publish the Index; then (in either case) the Calculation Agent shall determine the Final Reference Price using, in lieu of a published level for the Index on the Valuation Date, the level for the Index as determined by the Calculation

Agent in accordance with the formula for and method of calculating the Index last in effect prior to the change or failure, but using only those securities that comprised the Index immediately prior to the change or failure (other than those securities that have since ceased to be listed on the Exchange or any other exchange on which the Shares are listed) or, in the case of a material modification of the Index only, shall deem such modified Index to be the Index so calculated and announced or shall terminate the Securities by giving notice in accordance with General Condition 4.

- (iii) If, at any time, any of the events specified in (A) to (H) below occurs and the Index Sponsor or, if applicable, the Successor Sponsor has not in the opinion of the Calculation Agent made an appropriate adjustment to the level of the Index in order to account fully for such event, notwithstanding that the rules published or applied by the Index Sponsor or, if applicable, the Successor Sponsor pertaining to the Index have been applied, the Calculation Agent shall make such adjustment to the level of the Index as it considers appropriate in order to so account: (A) a distribution or dividend to existing holders of (I) the Shares; or (II) other share capital or securities granting the right to payment of dividends and/or the proceeds of liquidation of the issuer of the Shares equally or proportionately with such payments to holders of Shares or (III) any other type of securities, rights or warrants or other assets, in any case for payment (in cash or otherwise) at less than the prevailing market price; (B) a free distribution or dividend of any Shares to existing holders by way of bonus, capitalisation or similar issue; (C) an extraordinary dividend; (D) any cash dividends declared on the Shares at a time when the relevant issuer has not previously declared or paid dividends on such Shares for the prior four quarterly periods; (E) any non-cash dividends declared on the Shares at a time when the relevant issuer has not previously declared or paid dividends on such Shares for the prior four quarterly periods; (F) any other extraordinary cash or non-cash dividend on, or distribution with respect to, the Shares which is, by its terms or declared intent, declared and paid outside the normal operations or normal dividend procedures of the relevant issuer, provided that, in all cases, the related ex-dividend date occurs during the period from but including the Issue Date up to and excluding the Valuation Date; (G) a distribution of cash dividends on the Shares equal to or greater than 8 per cent. per annum of the then current market value of the Shares; and (H) any other similar event having a dilutive or concentrative effect on the theoretical value of the Shares.
 - (iv) The Issuer reserves the right to issue further Securities, make adjustments or to distribute to the Holders any rights in connection with the Securities as it reasonably believes are appropriate in circumstances where an event or events occur which the Issuer (in its absolute discretion and notwithstanding any adjustments previously made to the Securities) believes should in the context of the issue of Securities and its obligations hereunder, give rise to such adjustment or distribution, provided that such adjustment is considered by the Calculation Agent either to be appropriate generally (without considering the individual circumstances of any Holder or the tax or other consequences of such adjustment in any particular jurisdiction) or to be required to take account of provisions of the laws of the relevant jurisdiction or the practices of the Exchange.
- (c) The Calculation Agent may make adjustments to the Conditions in order to account for any such event if it considers it appropriate to do so. The Calculation Agent shall, as soon as practicable after receipt of any written request to do so, advise a Holder of any determination made by it pursuant to this Product Condition 4 on or before the date of receipt of such request. The Calculation Agent shall make available for inspection by Holders copies of any such determinations. In making any determinations and calculations in respect of the

Securities, the Calculation Agent shall act at all times in good faith and a commercially reasonable manner.

5. EFFECT OF FINAL TERMS

Notwithstanding the foregoing, consideration will be given as to whether such amendments constitute “significant new factors” and consequently trigger the need for a supplement to the Base Prospectus (as defined in the Final Terms) under Article 16 of Directive 2003/71/EC.

3. RIGHTS AND PROCEDURES

- (a) Redemption on the Settlement Date. Unless previously redeemed or purchased and cancelled and subject as provided by the Conditions, each Security will be redeemed by the Issuer at:
 - (i) If an Early Redemption Event has not occurred, the Cash Amount; or
 - (ii) If an Early Redemption Event has occurred, the Early Redemption Amount,such redemption to occur on the Settlement Date.
- (b) Interest Amount. If “Interest” is specified as being “Applicable” in the definition of the relevant Series in the applicable Final Terms, each Security shall bear interest at the Interest Rate. The Interest Amount is calculated by reference to the relevant Interest Period, the Interest Rate, the Nominal Amount and the Interest Rate Day Count Fraction, and is payable on each Interest Payment Date.
- (c) Interest Accrual. If “Interest” is specified as being “Applicable” in the definition of the relevant Series in the applicable Final Terms, each security shall cease to accrue interest from and including the due date for redemption. No interest shall accrue after the Maturity Date or after the Valuation Date in respect of which an Early Redemption Event occurs, as the case may be, in the event that payment of any amount is postponed due to a Market Disruption Event.
- (d) Method of Payment. Subject as provided below, where the Cash Amount, any Interest Amount or the Early Redemption Amount is in a currency other than euro, such payment will be made by an Agent on behalf of the Issuer in the Settlement Currency to an account (which, in the case of payment in Japanese yen to a non-resident of Japan, shall be a non-resident account) specified by the payee with, or by a cheque in such Settlement Currency drawn on, a bank in the principal financial centre of the country of such Settlement

Currency; where the Cash Amount, any Interest Amount or the Early Redemption Amount is in euro, such payment will be made by an Agent on behalf of the Issuer by credit or transfer to a euro account or any account to which euro may be credited or transferred specified by the payee or, at the option of the payee, by a euro cheque. Notwithstanding the previous two sentences, for as long as the Securities are represented by the Global Security, payments will be made through the Clearing Agents and will be made in accordance with the rules of each Clearing Agent. All payments will be subject to applicable fiscal and legal requirements applicable thereto.

- (e) **Presentation and Surrender.** If the Securities are in definitive form, payment of the Cash Amount, any Interest Amount or the Early Redemption Amount will be made against surrender of the Security by or on behalf of the Holder at the specified office of the Principal Agent. If the Securities are represented by the Global Security, payment of the Cash Amount, any Interest Amount or the Early Redemption Amount will be made against presentation and surrender of the Global Security by or on behalf of the Holder at the specified office of the Principal Agent. In all cases payment will be subject to any endorsement on the face of the Security. In the case of any Global Security, the Issuer shall record all payments made by it to the relevant Clearing Agent and such record shall be prima facie evidence that the payment in question has been made. The bearer of a Security shall be the only person entitled to receive payment of the Cash Amount, any Interest Amount or the Early Redemption Amount and the Issuer will be discharged by payment to, or to the order of, the Holder in respect of the amount so paid. The bearer of a Security, or (in the case of a Global Security) each of the persons shown in the records of a Clearing Agent as the holder of a particular nominal amount of the Securities, must look solely to the relevant Agent or Clearing Agent, as the case may be, for his share of each such payment so made by the Issuer to or to the order of the bearer of the Security.
- (f) **Payment Day.** If the date for payment of any amount in respect of the Securities is not a Payment Day, the Holder shall not be entitled to payment until either (i) if “Modified Following” is specified in the definition of Business Day Convention for the relevant Series in the applicable Final Terms, the next following Payment Day unless such Payment Day falls in the next calendar month in which case the date for payment will be the first preceding Payment Day or (ii) if “Following” is specified in the definition of Business Day Convention for the relevant Series in the applicable Final Terms, the next following Payment Day and, in either case, the Holder shall not be entitled to any interest or other payment in respect of such delay or acceleration of payment.
- (g) **General.** In the absence of gross negligence or wilful misconduct on its part, none of the Issuer, the Calculation Agent or any Agent shall have any responsibility for any errors or omissions in the calculation of the Cash Amount, any Interest Amount or the Early Redemption Amount.
- (h) **Settlement Risk.** Settlement of the Securities is subject to all applicable laws, regulations and practices in force at the relevant time and neither the Issuer nor any Agent shall incur any liability whatsoever if it is unable to effect the transactions contemplated as a result of any such laws, regulations or practices. Neither the Issuer nor any Agent shall under any circumstances be liable for any acts or defaults of any Clearing Agent in relation to the performance of its duties in relation to the Securities.

4. ADJUSTMENTS

- (a) **Market Disruption.** The Calculation Agent shall as soon as reasonably practicable under the circumstances notify the Holders in accordance with General Condition 4 if it determines that a Market Disruption Event has occurred. A “**Market Disruption Event**” means the

occurrence or existence on any Trading Day during the one hour period that ends at the official close of trading on the Exchange or any Related Exchange of any suspension of or limitation imposed on trading or the disruption or impairment in the ability of market participants in general to effect transactions (by reason of movements in price reaching or exceeding limits permitted by the relevant exchange or otherwise):

- (i) on any Exchange(s) in securities that comprise 20 per cent or more of the level of the relevant Index if, in the determination of the Calculation Agent, such suspension or limitation is material. For the purpose of determining whether such suspension or limitation is material, if trading in a security included in an Index is suspended or materially limited at that time, then the relevant percentage contribution of that security to the level of such Index shall be based on a comparison of (A) the portion of the level of the relevant Index attributable to that security relative to (B) the overall level of such Index, in each case immediately before that suspension or limitation; or
 - (ii) on any Related Exchange in any options contracts or futures contracts or other derivatives contracts relating to the relevant Index. In any event, a limitation on the hours and number of days of trading will not constitute a Market Disruption Event if it results from an announced change in the regular business hours of the relevant exchange, but a limitation on trading imposed during the course of the day by reason of movements in price otherwise exceeding levels permitted by the relevant exchange may, if so determined by the Calculation Agent, constitute a Market Disruption Event.
- (b) Adjustments to Index. The Calculation Agent shall give notice as soon as practicable to the Holders in accordance with General Condition 4 of any determination made by it pursuant to paragraphs (i), (ii), (iii) or (iv) above.
- (i) If an Index is: (A) not calculated and announced by the relevant Index Sponsor but is calculated and published by a successor to the relevant Index Sponsor (the “**Successor Sponsor**”) acceptable to the Calculation Agent; or (B) replaced by a successor index using in the determination of the Calculation Agent, the same or a substantially similar formula for and method of calculation as used in the calculation of the relevant Index, then (in either case) the Index will be deemed to be the index so calculated and announced by such Successor Sponsor or that successor index, as the case may be.
 - (ii) If (A) on or prior to the Valuation Date an Index Sponsor or, if applicable, the Successor Sponsor makes a material change in the formula for or the method of calculating the relevant Index or in any other way materially modifies the Index (other than a modification prescribed in that formula or method to maintain the Index in the event of changes in constituent securities and other routine events); or (B) on the Valuation Date an Index Sponsor or, if applicable the Successor Sponsor fails to calculate and/or publish the relevant Index; then (in either case) the Calculation Agent shall determine the Final Reference Price using, in lieu of a published level for the Index on the Valuation Date, the level for the Index as determined by the Calculation Agent in accordance with the formula for and method of calculating the Index last in effect prior to the change or failure, but using only those securities that comprised the Index immediately prior to the change or failure (other than those securities that have since ceased to be listed on the Exchange or any other exchange on which the Shares are listed) or, in the case of a material modification of the Index only, shall deem such modified Index to be the Index so

calculated and announced or shall terminate the Securities by giving notice in accordance with General Condition 4.

- (iii) If, at any time, any of the events specified in (A) to (H) below occurs and the relevant Index Sponsor or, if applicable, the Successor Sponsor has not in the opinion of the Calculation Agent made an appropriate adjustment to the level of the Index in order to account fully for such event, notwithstanding that the rules published or applied by the Index Sponsor or, if applicable, the Successor Sponsor pertaining to the Index have been applied, the Calculation Agent shall make such adjustment to the level of the Index as it considers appropriate in order to so account: (A) a distribution or dividend to existing holders of (I) the Shares; or (II) other share capital or securities granting the right to payment of dividends and/or the proceeds of liquidation of the issuer of the Shares equally or proportionately with such payments to holders of Shares or (III) any other type of securities, rights or warrants or other assets, in any case for payment (in cash or otherwise) at less than the prevailing market price; (B) a free distribution or dividend of any Shares to existing holders by way of bonus, capitalisation or similar issue; (C) an extraordinary dividend; (D) any cash dividends declared on the Shares at a time when the relevant issuer has not previously declared or paid dividends on such Shares for the prior four quarterly periods; (E) any non-cash dividends declared on the Shares at a time when the relevant issuer has not previously declared or paid dividends on such Shares for the prior four quarterly periods; (F) any other extraordinary cash or non-cash dividend on, or distribution with respect to, the Shares which is, by its terms or declared intent, declared and paid outside the normal operations or normal dividend procedures of the relevant issuer, provided that, in all cases, the related ex-dividend date occurs during the period from but including the Issue Date up to and excluding the Valuation Date; (G) a distribution of cash dividends on the Shares equal to or greater than 8 per cent. per annum of the then current market value of the Shares; and (H) any other similar event having a dilutive or concentrative effect on the theoretical value of the Shares.
 - (iv) The Issuer reserves the right to issue further Securities, make adjustments or to distribute to the Holders any rights in connection with the Securities as it reasonably believes are appropriate in circumstances where an event or events occur which the Issuer (in its absolute discretion and notwithstanding any adjustments previously made to the Securities) believes should in the context of the issue of Securities and its obligations hereunder, give rise to such adjustment or distribution, provided that such adjustment is considered by the Calculation Agent either to be appropriate generally (without considering the individual circumstances of any Holder or the tax or other consequences of such adjustment in any particular jurisdiction) or to be required to take account of provisions of the laws of the relevant jurisdiction or the practices of the Exchange.
- (c) The Calculation Agent may make adjustments to the Conditions in order to account for any such event if it considers it appropriate to do so. The Calculation Agent shall, as soon as practicable after receipt of any written request to do so, advise a Holder of any determination made by it pursuant to this Product Condition 4 on or before the date of receipt of such request. The Calculation Agent shall make available for inspection by Holders copies of any such determinations. In making any determinations and calculations in respect of the Securities, the Calculation Agent shall act at all times in good faith and a commercially reasonable manner.

- (b) **Dematerialised Form.** Certain Securities will, where required by the rules and procedures of the Clearing Agent, be issued in dematerialised form and will be registered in the book-entry system of the Clearing Agent. Title to the Securities will pass by transfer between accountholders at the Clearing Agent perfected in accordance with the legislation, rules and regulations applicable to and/or issued by the Clearing Agent that are in force and effect from time to time (the “**Rules**”). Accordingly, in these Conditions, the term “**Holder**” means a person in whose name a Security is registered in the book-entry settlement system of the Clearing Agent or any other person recognised as a holder of Securities pursuant to the Rules.

- (c) SIX SIS Ltd as Clearing Agent. If SIX SIS Ltd is specified as the Clearing Agent, Securities will, as specified in the applicable Final Terms, be issued in the form of (i) dematerialised securities (the “**Dematerialised Securities**”) or (ii) a bearer permanent Global Security and, in either case, will be transformed into intermediated securities (the “**Intermediated Securities**”) in accordance with article 6 of the Swiss Federal Intermediated Securities Act (the “**FISA**”).

The Intermediated Securities will be created (i) by deposit of a Global Security with the Clearing Agent, acting as custodian as defined in article 4 FISA (the “**Custodian**”), or registration of Dematerialised Securities in the main register of the Clearing Agent, acting as Custodian, and (ii) the Clearing Agent, acting as Custodian, crediting the respective rights to securities accounts of one or more of its participants with the Clearing Agent in accordance with articles 4 and 6 FISA. For each issuance of Securities in the form of Dematerialised Securities, the Clearing Agent, acting as Custodian, will maintain the main register as defined in article 6 para. 2 FISA which is available to the public under <https://www.sec.sisclear.com/sec/cm/index/custody-settlement/mainregister.htm>.

Title to the Intermediated Securities is construed and will pass in accordance with the legislation, in particular the FISA, rules and regulations applicable to and/or issued by the Clearing Agent, acting as Custodian, and any other custodian, if any, that are in force and effect from time to time (the “**Rules**”). Accordingly, in these Conditions, the term “**Holder**” means any person recognised as a holder of the Intermediated Securities pursuant to the Rules.

The Holders shall at no time have the right to effect or demand (i) the retransformation of the Intermediated Securities into, and the delivery of, Dematerialised Securities in the case of Dematerialised Securities being the basis for the creation of Intermediated Securities, or (ii) the conversion of the Dematerialised Securities or the Global Security into definitive Securities.

- (d) Euroclear Sweden AB as Clearing Agent. If Euroclear Sweden AB is specified as the Clearing Agent, the Issuer has agreed with Euroclear Sweden AB that, so long as the Securities are accepted for clearance through Euroclear Sweden AB, any substitution of the Issuer (as set forth in General Condition 8) will comply with the requirements of Euroclear Sweden AB and, in particular, any substitute will be acceptable to Euroclear Sweden AB.

So long as Euroclear Sweden AB is the Clearing Agent in respect of the Securities the following provisions shall apply and, notwithstanding any provisions to the contrary in the General Conditions or the Product Conditions, may not be amended, modified or set aside other than in such manner as may be acceptable under the Swedish Rules (as defined below), in the sole opinion of Euroclear Sweden AB.

Title to the Securities will pass by transfer between accountholders at Euroclear Sweden AB perfected in accordance with the legislation (including the Swedish Financial Instruments Accounts Act (SFS 1998:1479)), rules and regulations applicable to and/or issued by Euroclear Sweden AB that are in force and effect from time to time (the “**Swedish Rules**”). The “**Holder**” means in such case a person in whose name a Security is registered in a Euroclear Sweden AB account in the book entry system of Euroclear Sweden AB or any other person recognised as a holder of Securities pursuant to the Swedish Rules and accordingly, where Securities are held through a registered nominee, the nominee shall be deemed to be the holder under Article 16 of the Prospectus Directive.

The Issuer shall be entitled to obtain from Euroclear Sweden AB extracts from the book entry registers of Euroclear Sweden AB (Sw. *skuldbok*) relating to the Securities.

3. RIGHTS AND PROCEDURES

- (a) Redemption on the Settlement Date. Unless previously redeemed or purchased and cancelled and subject as provided by the Conditions, each Security will be redeemed by the Issuer at:
- (i) If an Early Redemption Event has not occurred, the Cash Amount otherwise if Physical Settlement is specified as being “Applicable” in the definition of the relevant Series in the applicable Final Terms, the Share Amount; or
 - (ii) If an Early Redemption Event has occurred, the Early Redemption Amount, such redemption to occur on the Settlement Date.
- (b) Interest Amount. If “Interest” is specified as being “Applicable” in the definition of the relevant Series in the applicable Final Terms, each Security shall bear interest at the Interest Rate. The Interest Amount is calculated by reference to the relevant Interest Period, the Interest Rate, the Nominal Amount and the Interest Rate Day Count Fraction, and is payable on each Interest Payment Date.
- (c) Interest Accrual. If “Interest” is specified as being “Applicable” in the definition of the relevant Series in the applicable Final Terms, each security shall cease to accrue interest from and including the due date for redemption. No interest shall accrue after the Maturity Date or after the Valuation Date in respect of which an Early Redemption Event occurs, as the case may be, in the event that payment of any amount is postponed due to a Market Disruption Event.
- (d) Method of Payment. Subject as provided below, where the Cash Amount, any Interest Amount or the Early Redemption Amount is in a currency other than euro, such payment will be made by an Agent on behalf of the Issuer in the Settlement Currency to an account (which, in the case of payment in Japanese yen to a non-resident of Japan, shall be a non-resident account) specified by the payee with, or by a cheque in such Settlement Currency drawn on, a bank in the principal financial centre of the country of such Settlement Currency; where the Cash Amount, any Interest Amount or the Early Redemption Amount is in euro, such payment will be made by an Agent on behalf of the Issuer by credit or transfer to a euro account or any account to which euro may be credited or transferred specified by the payee or, at the option of the payee, by a euro cheque. Notwithstanding the previous two sentences, for as long as the Securities are represented by the Global Security, payments will be made through the Clearing Agents and will be made in accordance with the rules of each Clearing Agent. All payments will be subject to applicable fiscal and legal requirements applicable thereto.
- (e) Presentation and Surrender. If the Securities are in definitive form, payment of the Cash Amount, any Interest Amount or the Early Redemption Amount will be made against surrender of the Security by or on behalf of the Holder at the specified office of the Principal Agent. If the Securities are represented by the Global Security, payment of the Cash Amount, any Interest Amount or the Early Redemption Amount will be made against presentation and surrender of the Global Security by or on behalf of the Holder at the specified office of the Principal Agent. In all cases payment will be subject to any endorsement on the face of the Security. In the case of any Global Security, the Issuer shall record all payments made by it to the relevant Clearing Agent and such record shall be prima facie evidence that the payment in question has been made. The bearer of a Security shall be the only person entitled to receive payment of the Cash Amount, any Interest Amount or the Early Redemption Amount and the Issuer will be discharged by payment to, or to the order

of, the Holder in respect of the amount so paid. The bearer of a Security, or (in the case of a Global Security) each of the persons shown in the records of a Clearing Agent as the holder of a particular nominal amount of the Securities, must look solely to the relevant Agent or Clearing Agent, as the case may be, for his share of each such payment so made by the Issuer to or to the order of the bearer of the Security.

(f) **Payment Day.** If the date for payment of any amount in respect of the Securities is not a Payment Day, the Holder shall not be entitled to payment until either (i) if “Modified Following” is specified in the definition of Business Day Convention for the relevant Series in the applicable Final Terms, the next following Payment Day unless such Payment Day falls in the next calendar month in which case the date for payment will be the first preceding Payment Day or (ii) if “Following” is specified in the definition of Business Day Convention for the relevant Series in the applicable Final Terms, the next following Payment Day and, in either case, the Holder shall not be entitled to any interest or other payment in respect of such delay or acceleration of payment.

(g) **General.** In the absence of gross negligence or wilful misconduct on its part, none of the Issuer, the Calculation Agent or any Agent shall have any responsibility for any errors or omissions in the calculation of the Cash Amount, Early Redemption Amount, any Interest Amount or the Share Amount, if applicable.

The purchase of Securities does not confer on any holder of such Securities any rights (whether in respect of voting, distributions or otherwise) attached to the Shares.

(h) **Notice.** If Physical Settlement is specified as being “Applicable” in the definition of the relevant Series in the applicable Final Terms and the Securities are to be redeemed by delivery of the Share Amount then, in order to obtain delivery of the Share Amount the relevant Holder must deliver to the Agent (if the Securities are expressed to be in Definitive form) or the Clearing Agent, (if the Securities are expressed to be in Global form) in each case with a copy to the Principal Agent a notice (the “**Notice**”) not later than close of business in the place of reception thereof on the Cut-Off Date. No Notice may be withdrawn after receipt of it by a Clearing Agent, Agent or Principal Agent. After delivery of a Notice, Securities which are the subject of such Notice may not be transferred.

The Notice shall:

- (i) specify the aggregate Nominal Amount of the Securities which are the subject of such Notice;
- (ii) attach with the specified aggregate Nominal Amount of the Securities (if in Definitive form) or specify the number of the account with the Clearing Agent to be debited with such Securities (if in Global form) and instruct the Clearing Agent to debit such account on such date;
- (iii) specify whether, if a Disruption Cash Settlement Price or any dividend is payable in a currency other than euro, it should be paid by or on behalf of the Issuer in the Settlement Currency (which, in the case of payment in Japanese yen to a non-resident of Japan, shall be a non-resident account) to an account maintained by the payee with, or by a cheque in such Settlement Currency drawn on, a bank in the principal financial centre of the country of such Settlement Currency; or if such amount is payable in euro, payments will be made by credit or transfer to a euro account or any account to which euro may be credited or transferred specified by the payee or, at the option of the payee, by a euro cheque and in any case specify the

number of the account and other relevant information or, as the case may be, the address for delivery of the cheque;

- (iv) include an undertaking to pay all Expenses and an authority to debit the account with the Clearing Agent in respect thereof or, as the case may be, to debit the account referred to in paragraph (iii) above or make a deduction from any cheque; and
 - (v) specify the Delivery Details.
- (i) Late Delivery of Notice. If Physical Settlement is specified as being “Applicable” in the definition of the relevant Series in the applicable Final Terms and the Notice is delivered to the relevant Clearing Agent or the copy is delivered to the Principal Agent after the close of business in the place of receipt on the Cut-off Date, then the Share Amount will be delivered as soon as practicable after the Maturity Date (the date of delivery in relation to a Share Amount whether on or after the Maturity Date being for the purposes of the Conditions the “**Delivery Date**”) in the manner provided below. For the avoidance of doubt, no holder of Securities or any other person shall be entitled to any payment, whether of interest or otherwise, by reason of the Delivery Date for such Securities occurring after the Maturity Date due to such Notice (or the copy thereof) being delivered after close of business on the Cut-off Date as provided above. In the event that a Holder does not, in respect of a Security which is to be redeemed by delivery of the Share Amount, deliver or procure delivery of a Notice as set out above, prior to the date that is 30 calendar days after the Maturity Date, the Issuer shall have the right but not the obligation to sell the Shares comprised in the Share Amount in respect of such Security in the open market or otherwise at a price determined by the Issuer, in its sole discretion, to be the fair market value of the Shares, and shall hold the proceeds (the “**Realised Share Amount**”) for the account of the relevant Holder, until presentation of the relevant Notice. Upon payment of the Realised Share Amount as aforesaid, the Issuer’s obligations in respect of such Security shall be discharged.
- (j) Verification. If Physical Settlement is specified as being “Applicable” in the definition of the relevant Series in the applicable Final Terms, in respect of any Notice, the relevant Holder must provide evidence reasonably satisfactory to the Principal Agent of its holding of such Securities.
- (k) Delivery of the Share Amount. Subject as provided in the Conditions, if Physical Settlement is specified as being “Applicable” in the definition of the relevant Series in the applicable Final Terms, the delivery of the Share Amount shall be made at the risk of the relevant Holder and shall be delivered and evidenced in such manner as the Issuer determines to be customary for the Shares or in such other commercially reasonable manner as the Issuer shall determine to be appropriate for such delivery. The Issuer shall be under no obligation to register or procure the registration of any Holder or any other person as the registered shareholder in respect of the Shares comprised in any Share Amount in the register of members of the Share Company. Where an amount equal to the value of the outstanding undelivered fraction of the Shares is payable but the Valuation Date for calculating such amount has been delayed due to a Market Disruption Event, then such amount will be payable three Business Days after the Valuation Date used for the purposes of calculating such amount.
- (l) Determinations. If Physical Settlement is specified as being “Applicable” in the definition of the relevant Series in the applicable Final Terms, failure properly to complete and deliver a Notice may result in such Notice being treated as null and void. Any determination as to whether any such Notice has been properly completed and delivered shall be made by the Principal Agent and shall be conclusive and binding on the Issuer and the relevant Holder.

Subject as set out below, any Notice so determined to be incomplete or not in proper form, or where applicable, which is not copied to the Principal Agent immediately after being delivered to a Clearing Agent as provided in the Conditions shall be void. If such Notice is subsequently corrected to the satisfaction of the Principal Agent it shall be deemed to be a new Notice submitted at the time such correction is delivered to such Clearing Agent and copied to the Principal Agent. The Principal Agent shall use its best efforts promptly to notify the Holder if it has determined that a Notice is incomplete or not in proper form. In the absence of gross negligence or wilful misconduct on its part, neither the Issuer nor the Principal Agent shall be liable to any person with respect to any action taken or omitted to be taken by it in connection with such determination or the notification of such determination to a Holder.

- (m) **Intervening Period.** If Physical Settlement is specified as being “Applicable” in the definition of the relevant Series in the applicable Final Terms and redemption of a Security is to be by delivery of the Share Amount, for such period of time after the Maturity Date as the Issuer or any person on behalf of the Issuer shall continue to be the legal owner of the Shares comprising the relevant Share Amount (the “**Intervening Period**”), neither the Issuer nor any other such person shall (i) be under any obligation to deliver or procure delivery to the relevant Holder or any subsequent beneficial owner of any document or payment whatsoever received by that person in its capacity as the holder of such Shares (ii) be under any obligation to exercise or procure exercise of any or all rights (including voting rights) attaching to such Shares during the Intervening Period or (iii) be under any liability to the relevant Holder or any subsequent beneficial owner of such Shares or any other person in respect of any loss or damage which the relevant Holder or subsequent beneficial owner or any other person may sustain or suffers as a result, whether directly or indirectly, of the Issuer or any other such persons being the legal owner of such Shares during such Intervening Period.
- (n) **Dividends.** If Physical Settlement is specified as being “Applicable” in the definition of the relevant Series in the applicable Final Terms, any dividend in respect of any Share Amount to be delivered will be payable to the party, as determined by the Issuer, that would receive such dividend in accordance with market practice for a sale of the Shares executed on the Maturity Date and to be delivered in the same manner as such Share Amount. Any such dividend to be paid to a Holder shall be paid to the account specified in the relevant Notice.
- (o) **Settlement Disruption.** If Physical Settlement is specified as being “Applicable” in the definition of the relevant Series in the applicable Final Terms and the Securities are to settle by delivery of the Share Amount and prior to delivery of the Share Amount in respect thereof in the opinion of the Calculation Agent, a Settlement Disruption Event is subsisting, then the Delivery Date for such Security shall be postponed to the first following Business Day on which no Settlement Disruption Event is subsisting. For so long as delivery of any Share Amount is not practicable by reason of a Settlement Disruption Event, then in lieu of physical settlement and notwithstanding any other provision hereof the Issuer may elect in its sole discretion to satisfy its obligations in respect of the relevant Security by payment of the Disruption Cash Settlement Price not later than on the third Business Day following the date that the notice of such election is given to the Holders in accordance with General Condition 4. The Calculation Agent shall give notice as soon as practicable to the Holders in accordance with General Condition 4 that a Settlement Disruption Event has occurred. No Holder or any other person shall be entitled to any payment (including but not limited to interest) in respect of a Security in the event of any delay in the delivery of any Share Amount relating thereto due to the occurrence of a Settlement Disruption Event and no liability in respect thereof shall attach to the Issuer.

- (p) Settlement Risk. Settlement of the Securities is subject to all applicable laws, regulations and practices in force at the relevant time and neither the Issuer nor any Agent shall incur any liability whatsoever if it is unable to effect the transactions contemplated as a result of any such laws, regulations or practices. Neither the Issuer nor any Agent shall under any circumstances be liable for any acts or defaults of any Clearing Agent in relation to the performance of its duties in relation to the Securities.

4. ADJUSTMENTS

- (a) Market Disruption. The Calculation Agent shall as soon as reasonably practicable under the circumstances notify the Holders in accordance with General Condition 4 if it determines that a Market Disruption Event has occurred.

“**Market Disruption Event**” means:

- (i) the occurrence or existence on any Trading Day during the one hour period that ends at the official close of trading on the Exchange or any Related Exchange of any suspension of or limitation imposed on trading or the disruption or impairment in the ability of market participants in general to effect transactions (by reason of movements in price reaching or exceeding limits permitted by the relevant exchange or otherwise):
 - (A) in the Shares on the Exchange or any other exchange on which the Shares are listed; or
 - (B) in any options contracts or futures contracts or other derivatives contracts relating to the Shares on any Related Exchange if, in the determination of the Calculation Agent, such suspension or limitation is material; or
- (ii) a general moratorium is declared in respect of banking activities in the country in which the Exchange or any Related Exchange is located.

For the purposes of this definition, a limitation on the hours and number of days of trading will not constitute a Market Disruption Event if it results from an announced change in the regular business hours of the Exchange or any Related Exchange, but a limitation on trading imposed during the course of the day by reason of movements in price otherwise exceeding levels permitted by the Exchange or any Related Exchange may, if so determined by the Calculation Agent, constitute a Market Disruption Event.

- (b) Potential Adjustment Events. Following a declaration by the Share Company of the terms of any Potential Adjustment Event, the Calculation Agent will determine whether such Potential Adjustment Event has a diluting or concentrative effect on the theoretical value of the Share and, if so, will:
 - (i) make the corresponding adjustment, if any, to any one or more of the Conditions as the Calculation Agent determines appropriate to account for that diluting or concentrative effect; and
 - (ii) determine the effective date of that adjustment.

The Calculation Agent may, but need not, determine the adjustment by reference to the adjustment in respect of such Potential Adjustment Event made by an options exchange to options on the Shares traded on that options exchange. Upon making any such adjustment, the Calculation Agent shall notify the Holders in accordance with General Condition 4,

stating the adjustment to be made to the Conditions and giving brief details of the Potential Adjustment Event.

“**Potential Adjustment Event**” means any of the following: (i) a subdivision, consolidation or reclassification of relevant Shares (unless a Merger Event) or a free distribution or dividend of such Shares to existing holders by way of bonus, capitalisation, recapitalisation or similar issue; (ii) a distribution or dividend to existing holders of the relevant Shares of (A) such Shares, or (B) other share capital or securities granting the right to payment of dividends and/or the proceeds of liquidation of the Share Company equally or proportionately with such payments to holders of such Shares, or (C) any other type of securities, rights or warrants or other assets, in any case for payment (cash or other) at less than the prevailing market price as determined by the Calculation Agent; (iii) an extraordinary dividend; (iv) a distribution of cash dividends on the Shares equal to or greater than 8 per cent. per annum of the then current market value of the Shares; (v) a call by the Share Company in respect of relevant Shares that are not fully paid; (vi) a repurchase by the Share Company of relevant Shares whether out of profits or capital and whether the consideration for such repurchase is cash, securities or otherwise; or (vii) any other similar event that may have a diluting or concentrative effect on the theoretical value of the relevant Shares.

- (c) De-listing, Merger Event, Nationalisation and Insolvency. If a De-listing, Merger Event, Nationalisation or Insolvency occurs in relation to the Share Company, the Issuer in its sole and absolute discretion may take the action described in (i), (ii) or (iii) below:
- (i) require the Calculation Agent to determine in its sole and absolute discretion the appropriate adjustment, if any, to be made to any of the other terms of these Conditions to account for the De-listing, Merger Event, Nationalisation or Insolvency, as the case may be, and determine the effective date of that adjustment. The Calculation Agent may (but is under no obligation to) determine the appropriate adjustment by reference to the adjustment in respect of the De-listing, Merger Event, Nationalisation or Insolvency made by any Related Exchange to options contracts or futures contracts or other derivatives contracts on the Shares traded on such Related Exchange; or
 - (ii) cancel the Securities by giving notice to Holders in accordance with General Condition 4. If the Securities are to be cancelled the Issuer will pay an amount to each Holder in respect of each Security held by him which amount shall be the fair market value of a Security (taking into account the De-listing, Merger Event, Nationalisation or Insolvency (as the case may be)) on the day selected for cancellation as shall be selected by the Issuer in its sole and absolute discretion adjusted to account fully for any losses, expenses and costs to the Issuer and/or any affiliate of the Issuer of unwinding or adjusting any underlying or related hedging arrangements (including but not limited to any equity options or selling or otherwise realising any Shares or other instruments of any type whatsoever which the Issuer and/or any of its affiliates may hold as part of such hedging arrangements), all as determined by the Calculation Agent in its sole and absolute discretion. Payment will be made in such manner as shall be notified to the Holders in accordance with General Condition 4; or
 - (iii) following any adjustment to the settlement of terms of options contracts or futures contracts or any other derivatives contracts on the Shares traded on any Related Exchange, require the Calculation Agent to make a corresponding adjustment to any of the other terms of these Conditions, which adjustment will be effective as of the date determined by the Calculation Agent to be the effective date of the

corresponding adjustment made by the Related Exchange. If options contracts or futures contracts or other derivatives contracts on the Shares are not traded on the Related Exchange, the Calculation Agent will make such adjustment, if any, to any of the other terms of these Conditions as the Calculation Agent in its sole and absolute discretion determines appropriate, with reference to the rules and precedents (if any) set by the Related Exchange to account for the De-listing, Merger Event, Nationalisation or Insolvency (as the case may be) that in the determination of the Calculation Agent would have given rise to an adjustment by the Related Exchange if such options contracts or futures contracts or other derivatives contracts were so traded.

Upon the occurrence of a De-listing, Merger Event, Nationalisation or Insolvency, the Calculation Agent shall notify the Holders in accordance with General Condition 4, stating the occurrence of such De-listing, Merger Event, Nationalisation or Insolvency (as the case may be) and the action proposed to be taken in relation thereto.

“**De-listing**” means a Share for any reason ceases to be listed or is suspended from listing on the Exchange or any other exchange on which the Shares are listed (and such cessation or suspension is continuing and such Share is not subsequently listed or quoted on another stock exchange or quotation system acceptable to the Issuer).

“**Merger Date**” means the date upon which all holders of the Shares of a Share Company (other than, in the case of a take-over offer, Shares owned or controlled by the offeror) have agreed or have irrevocably become obliged to transfer their Shares.

“**Merger Event**” means any (i) reclassification or change to the Shares of a Share Company that results in a transfer of or an irrevocable commitment to transfer all outstanding Shares of such Share Company; (ii) consolidation, amalgamation or merger of a Share Company with or into another entity (other than a consolidation, amalgamation or merger in which such Share Company is the continuing entity and which does not result in any such reclassification or change to all the outstanding Shares of a Share Company); or (iii) other take-over offer for the Shares of a Share Company that results in a transfer of, or an irrevocable commitment to transfer, the Shares of a Share Company (other than any such Shares owned or controlled by the offeror), in each case if the Merger Date is on or before the relevant Valuation Date.

“**Nationalisation**” means that all the Shares of a Share Company or all the assets or substantially all the assets of a Share Company are nationalised, expropriated or are otherwise required to be transferred to any governmental agency, authority or entity.

“**Insolvency**” means that by reason of the voluntary or involuntary liquidation, bankruptcy or insolvency of or any analogous proceeding affecting a Share Company (i) all the Shares are required to be transferred to a receiver, trustee, liquidator or other similar official or (ii) holders of the Shares of that Share Company become legally prohibited from transferring them.

- (d) The Calculation Agent may make adjustments to the Conditions in order to account for any such event if it considers it appropriate to do so. The Calculation Agent shall, as soon as practicable after receipt of any written request to do so, advise a Holder of any determination made by it pursuant to this Product Condition 4 on or before the date of receipt of such request. The Calculation Agent shall make available for inspection by Holders copies of any such determinations. In making any determinations and calculations in respect of the Securities, the Calculation Agent shall act at all times in good faith and a commercially reasonable manner.

5. EFFECT OF FINAL TERMS

The Final Terms applicable to any Series of Securities may specify amendments to these Product Conditions in so far as they apply to that Series. Notwithstanding the foregoing, consideration will be given as to whether such amendments constitute “significant new factors” and consequently trigger the need for a supplement to the Base Prospectus (as defined in the Final Terms) under Article 16 of Directive 2003/71/EC.

3. RIGHTS AND PROCEDURES

- (a) Redemption on the Settlement Date. Unless previously redeemed or purchased and cancelled and subject as provided by the Conditions, each Security will be redeemed by the Issuer at:
- (i) If an Early Redemption Event has not occurred, the Cash Amount; or
 - (ii) If an Early Redemption Event has occurred, the Early Redemption Amount,
- such redemption to occur on the Settlement Date.
- (b) Interest Amount. If “Interest” is specified as being “Applicable” in the definition of the relevant Series in the applicable Final Terms, each Security shall bear interest at the Interest Rate. The Interest Amount is calculated by reference to the relevant Interest Period, the Interest Rate, the Nominal Amount and the Interest Rate Day Count Fraction, and is payable on each Interest Payment Date.
- (c) Interest Accrual. If “Interest” is specified as being “Applicable” in the definition of the relevant Series in the applicable Final Terms, each security shall cease to accrue interest from and including the due date for redemption. No interest shall accrue after the Maturity Date or after the Valuation Date in respect of which an Early Redemption Event occurs, as the case may be, in the event that payment of any amount is postponed due to a Market Disruption Event.
- (d) Method of Payment. Subject as provided below, where the Cash Amount, any Interest Amount or the Early Redemption Amount is in a currency other than euro, such payment will be made by an Agent on behalf of the Issuer in the Settlement Currency to an account (which, in the case of payment in Japanese yen to a non-resident of Japan, shall be a non-

resident account) specified by the payee with, or by a cheque in such Settlement Currency drawn on, a bank in the principal financial centre of the country of such Settlement Currency; where the Cash Amount, any Interest Amount or the Early Redemption Amount is in euro, such payment will be made by an Agent on behalf of the Issuer by credit or transfer to a euro account or any account to which euro may be credited or transferred specified by the payee or, at the option of the payee, by a euro cheque. Notwithstanding the previous two sentences, for as long as the Securities are represented by the Global Security, payments will be made through the Clearing Agents and will be made in accordance with the rules of each Clearing Agent. All payments will be subject to applicable fiscal and legal requirements applicable thereto.

- (e) **Presentation and Surrender.** If the Securities are in definitive form, payment of the Cash Amount, any Interest Amount or the Early Redemption Amount will be made against surrender of the Security by or on behalf of the Holder at the specified office of the Principal Agent. If the Securities are represented by the Global Security, payment of the Cash Amount, any Interest Amount or the Early Redemption Amount will be made against presentation and surrender of the Global Security by or on behalf of the Holder at the specified office of the Principal Agent. In all cases payment will be subject to any endorsement on the face of the Security. In the case of any Global Security, the Issuer shall record all payments made by it to the relevant Clearing Agent and such record shall be prima facie evidence that the payment in question has been made. The bearer of a Security shall be the only person entitled to receive payment of the Cash Amount, any Interest Amount or the Early Redemption Amount and the Issuer will be discharged by payment to, or to the order of, the Holder in respect of the amount so paid. The bearer of a Security, or (in the case of a Global Security) each of the persons shown in the records of a Clearing Agent as the holder of a particular nominal amount of the Securities, must look solely to the relevant Agent or Clearing Agent, as the case may be, for his share of each such payment so made by the Issuer to or to the order of the bearer of the Security.
- (f) **Payment Day.** If the date for payment of any amount in respect of the Securities is not a Payment Day, the Holder shall not be entitled to payment until either (i) if “Modified Following” is specified in the definition of Business Day Convention for the relevant Series in the applicable Final Terms, the next following Payment Day unless such Payment Day falls in the next calendar month in which case the date for payment will be the first preceding Payment Day or (ii) if “Following” is specified in the definition of Business Day Convention for the relevant Series in the applicable Final Terms, the next following Payment Day and, in either case, the Holder shall not be entitled to any interest or other payment in respect of such delay or acceleration of payment.
- (g) **General.** In the absence of gross negligence or wilful misconduct on its part, none of the Issuer, the Calculation Agent or any Agent shall have any responsibility for any errors or omissions in the calculation of the Cash Amount, any Interest Amount or the Early Redemption Amount.
- (h) **Settlement Risk.** Settlement of the Securities is subject to all applicable laws, regulations and practices in force at the relevant time and neither the Issuer nor any Agent shall incur any liability whatsoever if it is unable to effect the transactions contemplated as a result of any such laws, regulations or practices. Neither the Issuer nor any Agent shall under any circumstances be liable for any acts or defaults of any Clearing Agent in relation to the performance of its duties in relation to the Securities.

4. ADJUSTMENTS

- (a) **Market Disruption.** The Calculation Agent shall as soon as reasonably practicable under the circumstances notify the Holders in accordance with General Condition 4 if it determines that a Market Disruption Event has occurred.

A “**Market Disruption Event**” means the situation in which the Reference Rate is not available on the Reference Rate Screen Page, in which case the relevant rate shall be determined by the Calculation Agent, on the basis of quotations for the relevant rate or such other related rate as the Calculation Agent shall in its sole and absolute discretion specify provided by the Reference Banks at the Valuation Time for the relevant Trading Day. The Issuer will request the principal London office of each of the Reference Banks to provide a quotation of the relevant rate. The relevant rate will be the arithmetic mean of the quotations, eliminating the highest quotation (or in the event of equality, one of the highest) and the lowest quotation (or, in the event of equality, one of the lowest) if more than three quotations are provided. If it is not possible to obtain quotations of the relevant rate by at least three of the Reference Banks then the Calculation Agent will determine the Reference Rate at its sole and absolute discretion.

- (b) The Calculation Agent may make adjustments to the Conditions in order to account for any such event if it considers it appropriate to do so. The Calculation Agent shall, as soon as practicable after receipt of any written request to do so, advise a Holder of any determination made by it pursuant to this Product Condition 4 on or before the date of receipt of such request. The Calculation Agent shall make available for inspection by Holders copies of any such determination. In making any determinations and calculations in respect of the Securities, the Calculation Agent shall act at all times in good faith and a commercially reasonable manner.

5. EFFECT OF FINAL TERMS

The Final Terms applicable to any Series of Securities may specify amendments to these Product Conditions in so far as they apply to that Series. Notwithstanding the foregoing, consideration will be given as to whether such amendments constitute “significant new factors” and consequently trigger the need for a supplement to the Base Prospectus (as defined in the Final Terms) under Article 16 of Directive 2003/71/EC.

2. FORM

- (a) Global Form. Except in the case of Securities issued in dematerialised form, the Securities will be issued in bearer form in the denomination of the Nominal Amount. The Securities can be represented by a temporary global security (the “**Temporary Global Security**”) or a permanent global security (the “**Permanent Global Security**”, together with the Temporary Global Securities, the “**Global Security**” and each a “**Global Security**”) which will be deposited with a Clearing Agent or the depository for one or more Clearing Agents and will be transferable only in accordance with the applicable law and the rules and procedures of the relevant Clearing Agent through whose systems the Securities are transferred. Each person (other than another Clearing Agent) who is for the time being shown in the records of the relevant Clearing Agent as the owner of a particular nominal amount of the Securities (in which regard any certificate or other document issued by the relevant Clearing Agent as to the nominal amount of the Securities standing to the credit of the account of any person shall be conclusive and binding for all purposes except in the case of manifest error) shall be treated by the Issuer and each Agent as the holder of such nominal amount of the Securities (and the term “**Holder**” shall be construed accordingly) for all purposes, other than with respect to any payment and/or delivery obligations, the right to which shall be vested as regards the Issuer and the Agents, solely in the bearer of the Global Security.
- (b) Dematerialised Form. Certain Securities will, where required by the rules and procedures of the Clearing Agent, be issued in dematerialised form and will be registered in the book-entry system of the Clearing Agent. Title to the Securities will pass by transfer between accountholders at the Clearing Agent perfected in accordance with the legislation, rules and regulations applicable to and/or issued by the Clearing Agent that are in force and effect from time to time (the “**Rules**”). Accordingly, in these Conditions, the term “**Holder**” means a person in whose name a Security is registered in the book-entry settlement system of the Clearing Agent or any other person recognised as a holder of Securities pursuant to the Rules.

Title to the Intermediated Securities is construed and will pass in accordance with the legislation, in particular the FISA, rules and regulations applicable to and/or issued by the Clearing Agent, acting as Custodian, and any other custodian, if any, that are in force and effect from time to time (the “**Rules**”). Accordingly, in these Conditions, the term “**Holder**” means any person recognised as a holder of the Intermediated Securities pursuant to the Rules.

The Holders shall at no time have the right to effect or demand (i) the retransformation of the Intermediated Securities into, and the delivery of, Dematerialised Securities in the case of Dematerialised Securities being the basis for the creation of Intermediated Securities, or (ii) the conversion of the Dematerialised Securities or the Global Security into definitive Securities.

- (d) Euroclear Sweden AB as Clearing Agent. If Euroclear Sweden AB is specified as the Clearing Agent, the Issuer has agreed with Euroclear Sweden AB that, so long as the Securities are accepted for clearance through Euroclear Sweden AB, any substitution of the Issuer (as set forth in General Condition 8) will comply with the requirements of Euroclear Sweden AB and, in particular, any substitute will be acceptable to Euroclear Sweden AB.

So long as Euroclear Sweden AB is the Clearing Agent in respect of the Securities the following provisions shall apply and, notwithstanding any provisions to the contrary in the General Conditions or the Product Conditions, may not be amended, modified or set aside other than in such manner as may be acceptable under the Swedish Rules (as defined below), in the sole opinion of Euroclear Sweden AB.

Title to the Securities will pass by transfer between accountholders at Euroclear Sweden AB perfected in accordance with the legislation (including the Swedish Financial Instruments Accounts Act (SFS 1998:1479)), rules and regulations applicable to and/or issued by Euroclear Sweden AB that are in force and effect from time to time (the “**Swedish Rules**”). The “**Holder**” means in such case a person in whose name a Security is registered in a Euroclear Sweden AB account in the book entry system of Euroclear Sweden AB or any other person recognised as a holder of Securities pursuant to the Swedish Rules and accordingly, where Securities are held through a registered nominee, the nominee shall be deemed to be the holder under Article 16 of the Prospectus Directive.

3. RIGHTS AND PROCEDURES

- (a) Redemption on the Settlement Date. Unless previously redeemed or purchased and cancelled and subject as provided by the Conditions, each Security will be redeemed by the Issuer at the Cash Amount, such redemption to occur, subject as provided below, on the Settlement Date.
- (b) Issuer Call. If “Issuer Call” is specified as being “Applicable” in the definition of the relevant Series in the applicable Final Terms, the Issuer may redeem the Securities in whole, but not in part, on any Issuer Call Date at the Issuer Call Cash Amount by giving Holders at least the Issuer Call Notice Period notice of its intention to redeem the Securities, such notice to be given at any time from (and including) the Issuer Call Commencement Date. Any such notice shall be given in accordance with the provisions of General Condition 4 and shall specify the Issuer Call Date.
- (c) Interest Amount. If “Interest” is specified as being “Applicable” in the definition of the relevant Series in the applicable Final Terms, in respect of each Interest Period, each Security shall bear interest at the Interest Rate. The Interest Amount is calculated by reference to the relevant Interest Period, the Interest Rate, the Nominal Amount and the Interest Rate Day Count Fraction, and is payable on each Interest Payment Date.
- (d) Interest Accrual. If “Interest” is specified as being “Applicable” in the definition of the relevant Series in the applicable Final Terms, each Security shall cease to accrue interest

from and including the due date for redemption. No interest shall accrue after the Maturity Date or the Issuer Call Date, as the case may be, in the event that payment of any amount is postponed due to a Market Disruption Event.

- (e) Method of Payment. Subject as provided below, where the Cash Amount, any Issuer Call Cash Amount or any Interest Amount is in a currency other than euro, such payments will be made by an Agent on behalf of the Issuer in the Settlement Currency to an account (which, in the case of payment in Japanese yen to a non-resident of Japan, shall be a non-resident account) specified by the payee with, or by a cheque in such Settlement Currency drawn on, a bank in the principal financial centre of the country of such Settlement Currency; where the Cash Amount, any Issuer Call Cash Amount or any Interest Amount is in euro, such payments will be made by an Agent on behalf of the Issuer by credit or transfer to a euro account or any account to which euro may be credited or transferred specified by the payee or, at the option of the payee, by a euro cheque. Notwithstanding the previous two sentences, for as long as the Securities are represented by the Global Security, payments will be made through the Clearing Agents and will be made in accordance with the rules of each Clearing Agent. All payments will be subject to applicable fiscal and legal requirements applicable thereto.
- (f) Presentation and Surrender. If the Securities are in definitive form, payment of the Cash Amount, any Issuer Call Cash Amount and each (if any) Interest Amount will be made against surrender of the Security and each relative Coupon (if applicable), respectively, by or on behalf of the Holder at the specified office of the Principal Agent. If the Securities are represented by the Global Security, payment of the Cash Amount, any Issuer Call Cash Amount and each (if any) Interest Amount will be made against presentation and, in the case of payment of the Cash Amount or any Issuer Call Cash Amount, surrender of the Global Security by or on behalf of the Holder at the specified office of the Principal Agent. In all cases payment will be subject to any endorsement on the face of the Security or Coupon as applicable. In the case of any Global Security, the Issuer shall record all payments made by it to the relevant Clearing Agent and such record shall be *prima facie* evidence that the payment in question has been made. The bearer of a Security shall be the only person entitled to receive payments of the Cash Amount, any Issuer Call Cash Amount or any Interest Amount and the Issuer will be discharged by payment to, or to the order of, the Holder in respect of the amount so paid. The bearer of a Security or (in the case of a Global Security) each of the persons shown in the records of a Clearing Agent as the holder of a particular nominal amount of the Securities, must look solely to the relevant Agent or Clearing Agent, as the case may be, for his share of each such payment so made by the Issuer to or to the order of the bearer of the Security.
- (g) Payment Day. If the date for payment of any amount in respect of the Securities is not a Payment Day, the Holder shall not be entitled to payment until either (i) if “Modified Following” is specified in the definition of Business Day Convention for the relevant Series in the applicable Final Terms, the next following Payment Day unless such Payment Day falls in the next calendar month in which case the date for payment will be the first preceding Payment Day or (ii) if “Following” is specified in the definition of Business Day Convention for the relevant Series in the applicable Final Terms, the next following Payment Day and, in either case, the Holder shall not be entitled to any interest or other payment in respect of such delay or acceleration of payment.
- (h) General. In the absence of gross negligence or wilful misconduct on its part, none of the Issuer, the Calculation Agent or any Agent shall have any responsibility for any errors or omissions in the calculation of the Cash Amount, any Issuer Call Cash Amount or any Interest Amount. The purchase of Securities does not confer on any holder of such

Securities any rights (whether in respect of voting, distributions or otherwise) attached to the Shares.

- (i) Settlement Risk. Settlement of the Securities is subject to all applicable laws, regulations and practices in force at the relevant time and neither the Issuer nor any Agent shall incur any liability whatsoever if it is unable to effect the transactions contemplated as a result of any such laws, regulations or practices. Neither the Issuer nor any Agent shall under any circumstances be liable for any acts or defaults of any Clearing Agent in relation to the performance of its duties in relation to the Securities.

4. ADJUSTMENTS

- (a) Market Disruption. The Calculation Agent shall as soon as reasonably practicable under the circumstances notify the Holders in accordance with General Condition 4 if it determines that a Market Disruption Event has occurred.

“**Market Disruption Event**” means:

- (i) the occurrence or existence on any Trading Day during the one hour period that ends at the official close of trading on the Exchange or any Related Exchange of any suspension of or limitation imposed on trading or the disruption or impairment in the ability of market participants in general to effect transactions (by reason of movements in price reaching or exceeding limits permitted by the relevant exchange or otherwise):
 - (A) in the Shares on the Exchange or any other exchange on which the Shares are listed; or
 - (B) in any options contracts or futures contracts or other derivatives contracts relating to the Shares on any Related Exchange if, in the determination of the Calculation Agent, such suspension or limitation is material; or
- (ii) a general moratorium is declared in respect of banking activities in the country in which the Exchange or any Related Exchange is located.

For the purposes of this definition, a limitation on the hours and number of days of trading will not constitute a Market Disruption Event if it results from an announced change in the regular business hours of the Exchange or any Related Exchange, but a limitation on trading imposed during the course of the day by reason of movements in price otherwise exceeding levels permitted by the Exchange or any Related Exchange may, if so determined by the Calculation Agent, constitute a Market Disruption Event.

- (b) Potential Adjustment Events. Following a declaration by the Share Company of the terms of any Potential Adjustment Event, the Calculation Agent will determine whether such Potential Adjustment Event has a diluting or concentrative effect on the theoretical value of the Share and, if so, will:
 - (i) make the corresponding adjustment, if any, to any one or more of the Conditions as the Calculation Agent determines appropriate to account for that diluting or concentrative effect; and
 - (ii) determine the effective date of that adjustment.

The Calculation Agent may, but need not, determine the adjustment by reference to the adjustment in respect of such Potential Adjustment Event made by an options exchange to options on the Shares traded on that options exchange. Upon making any such adjustment, the Calculation Agent shall notify the Holders in accordance with General Condition 4, stating the adjustment to be made to the Conditions and giving brief details of the Potential Adjustment Event.

“Potential Adjustment Event” means any of the following: (i) a subdivision, consolidation or reclassification of relevant Shares (unless a Merger Event) or a free distribution or dividend of such Shares to existing holders by way of bonus, capitalisation, recapitalisation or similar issue; (ii) a distribution or dividend to existing holders of the relevant Shares of (A) such Shares, or (B) other share capital or securities granting the right to payment of dividends and/or the proceeds of liquidation of the Share Company equally or proportionately with such payments to holders of such Shares, or (C) any other type of securities, rights or warrants or other assets, in any case for payment (cash or other) at less than the prevailing market price as determined by the Calculation Agent; (iii) an extraordinary dividend; (iv) a distribution of cash dividends on the Shares equal to or greater than 8 per cent. per annum of the then current market value of the Shares; (v) a call by the Share Company in respect of relevant Shares that are not fully paid; (vi) a repurchase by the Share Company of relevant Shares whether out of profits or capital and whether the consideration for such repurchase is cash, securities or otherwise; or (vii) any other similar event that may have a diluting or concentrative effect on the theoretical value of the relevant Shares.

- (c) De-listing, Merger Event, Nationalisation and Insolvency. If a De-listing, Merger Event, Nationalisation or Insolvency occurs in relation to the Share Company, the Issuer in its sole and absolute discretion may take the action described in (i), (ii) or (iii) below:
- (i) require the Calculation Agent to determine in its sole and absolute discretion the appropriate adjustment, if any, to be made to any of the other terms of these Conditions to account for the De-listing, Merger Event, Nationalisation or Insolvency, as the case may be, and determine the effective date of that adjustment. The Calculation Agent may (but is under no obligation to) determine the appropriate adjustment by reference to the adjustment in respect of the De-listing, Merger Event, Nationalisation or Insolvency made by any Related Exchange to options contracts or futures contracts or other derivatives contracts on the Shares traded on such Related Exchange; or
 - (ii) cancel the Securities by giving notice to Holders in accordance with General Condition 4. If the Securities are to be cancelled the Issuer will pay an amount to each Holder in respect of each Security held by him which amount shall be the fair market value of a Security (taking into account the De-listing, Merger Event, Nationalisation or Insolvency (as the case may be)) on the day selected for cancellation as shall be selected by the Issuer in its sole and absolute discretion adjusted to account fully for any losses, expenses and costs to the Issuer and/or any affiliate of the Issuer of unwinding or adjusting any underlying or related hedging arrangements (including but not limited to any equity options or selling or otherwise realising any Shares or other instruments of any type whatsoever which the Issuer and/or any of its affiliates may hold as part of such hedging arrangements), all as determined by the Calculation Agent in its sole and absolute discretion. Payment will be made in such manner as shall be notified to the Holders in accordance with General Condition 4; or

- (iii) following any adjustment to the settlement of terms of options contracts or futures contracts or any other derivatives contracts on the Shares traded on any Related Exchange, require the Calculation Agent to make a corresponding adjustment to any of the other terms of these Conditions, which adjustment will be effective as of the date determined by the Calculation Agent to be the effective date of the corresponding adjustment made by the Related Exchange. If options contracts or futures contracts or other derivatives contracts on the Shares are not traded on the Related Exchange, the Calculation Agent will make such adjustment, if any, to any of the other terms of these Conditions as the Calculation Agent in its sole and absolute discretion determines appropriate, with reference to the rules and precedents (if any) set by the Related Exchange to account for the De-listing, Merger Event, Nationalisation or Insolvency (as the case may be) that in the determination of the Calculation Agent would have given rise to an adjustment by the Related Exchange if such options contracts or futures contracts or other derivatives contracts were so traded.

Upon the occurrence of a De-listing, Merger Event, Nationalisation or Insolvency, the Calculation Agent shall notify the Holders in accordance with General Condition 4, stating the occurrence of such De-listing, Merger Event, Nationalisation or Insolvency (as the case may be) and the action proposed to be taken in relation thereto.

“De-listing” means a Share for any reason ceases to be listed or is suspended from listing on the Exchange (and such cessation or suspension is continuing and such Share is not subsequently listed or quoted on another stock exchange or quotation system acceptable to the Issuer).

“Merger Date” means the date upon which all holders of the Shares of a Share Company (other than, in the case of a take-over offer, Shares owned or controlled by the offeror) have agreed or have irrevocably become obliged to transfer their Shares.

“Merger Event” means any (i) reclassification or change to the Shares of a Share Company that results in a transfer of or an irrevocable commitment to transfer all outstanding Shares of such Share Company; (ii) consolidation, amalgamation or merger of a Share Company with or into another entity (other than a consolidation, amalgamation or merger in which such Share Company is the continuing entity and which does not result in any such reclassification or change to all the outstanding Shares of a Share Company); or (iii) other take-over offer for the Shares of a Share Company that results in a transfer of, or an irrevocable commitment to transfer, the Shares of a Share Company (other than any such Shares owned or controlled by the offeror), in each case if the Merger Date is on or before the Determination Date.

“Nationalisation” means that all the Shares of a Share Company or all the assets or substantially all the assets of a Share Company are nationalised, expropriated or are otherwise required to be transferred to any governmental agency, authority or entity.

“Insolvency” means that by reason of the voluntary or involuntary liquidation, bankruptcy or insolvency of or any analogous proceeding affecting a Share Company, (i) all the Shares are required to be transferred to a receiver, trustee, liquidator or other similar official or (ii) holders of the Shares of that Share Company become legally prohibited from transferring them.

- (d) The Calculation Agent may make adjustments to the Conditions in order to account for any such event if it considers it appropriate to do so. The Calculation Agent shall, as soon as practicable after receipt of any written request to do so, advise a Holder of any determination

made by it pursuant to this Product Condition 4 on or before the date of receipt of such request. The Calculation Agent shall make available for inspection by Holders copies of any such determinations. In making any determinations and calculations in respect of the Securities, the Calculation Agent shall act at all times in good faith and a commercially reasonable manner.

5. EFFECT OF FINAL TERMS

The Final Terms applicable to any Series of Securities may specify amendments to these Product Conditions in so far as they apply to that Series. Notwithstanding the foregoing, consideration will be given as to whether such amendments constitute “significant new factors” and consequently trigger the need for a supplement to the Base Prospectus (as defined in the Final Terms) under Article 16 of Directive 2003/71/EC.

2. FORM

- (a) **Global Form.** Except in the case of Securities issued in dematerialised form, the Securities will be issued in bearer form in the denomination of the Nominal Amount. The Securities can be represented by a temporary global security (the “**Temporary Global Security**”) or a permanent global security (the “**Permanent Global Security**”, together with the Temporary Global Securities, the “**Global Security**” and each a “**Global Security**”) which will be deposited with a Clearing Agent or the depository for one or more Clearing Agents and will be transferable only in accordance with the applicable law and the rules and procedures of the relevant Clearing Agent through whose systems the Securities are transferred. Each person (other than another Clearing Agent) who is for the time being shown in the records of the relevant Clearing Agent as the owner of a particular nominal amount of the Securities (in which regard any certificate or other document issued by the relevant Clearing Agent as to the nominal amount of the Securities standing to the credit of the account of any person shall be conclusive and binding for all purposes except in the case of manifest error) shall be treated by the Issuer and each Agent as the holder of such nominal amount of the Securities (and the term “**Holder**” shall be construed accordingly) for all purposes, other than with respect to any payment and/or delivery obligations, the right to which shall be vested as regards the Issuer and the Agents, solely in the bearer of the Global Security.
- (b) **Dematerialised Form.** Certain Securities will, where required by the rules and procedures of the Clearing Agent, be issued in dematerialised form and will be registered in the book-entry system of the Clearing Agent. Securities”) in accordance with article 6 of the Swiss Federal Intermediated Securities Act (the “**FISA**”).

For each issuance of Securities in the form of Dematerialised Securities, the Clearing Agent, acting as Custodian, will maintain the main register as defined in article 6 para. 2 FISA which is available to the public under <https://www.sec.sisclear.com/sec/cm/index/custody-settlement/mainregister.htm>.

Title to the Intermediated Securities is construed and will pass in accordance with the legislation, in particular the FISA, rules and regulations applicable to and/or issued by the Clearing Agent, acting as Custodian, and any other custodian, if any, that are in force and effect from time to time (the “**Rules**”). Accordingly, in these Conditions, the term “**Holder**” means any person recognised as a holder of the Intermediated Securities pursuant to the Rules.

The Holders shall at no time have the right to effect or demand (i) the retransformation of the Intermediated Securities into, and the delivery of, Dematerialised Securities in the case of Dematerialised Securities being the basis for the creation of Intermediated Securities, or (ii) the conversion of the Dematerialised Securities or the Global Security into definitive Securities.

- (d) Euroclear Sweden AB as Clearing Agent. If Euroclear Sweden AB is specified as the Clearing Agent, the Issuer has agreed with Euroclear Sweden AB that, so long as the Securities are accepted for clearance through Euroclear Sweden AB, any substitution of the Issuer (as set forth in General Condition 8) will comply with the requirements of Euroclear Sweden AB and, in particular, any substitute will be acceptable to Euroclear Sweden AB.

So long as Euroclear Sweden AB is the Clearing Agent in respect of the Securities the following provisions shall apply and, notwithstanding any provisions to the contrary in the General Conditions or the Product Conditions, may not be amended, modified or set aside other than in such manner as may be acceptable under the Swedish Rules (as defined below), in the sole opinion of Euroclear Sweden AB.

Title to the Securities will pass by transfer between accountholders at Euroclear Sweden AB perfected in accordance with the legislation (including the Swedish Financial Instruments Accounts Act (SFS 1998:1479)), rules and regulations applicable to and/or issued by Euroclear Sweden AB that are in force and effect from time to time (the “**Swedish Rules**”). The “**Holder**” means in such case a person in whose name a Security is registered in a Euroclear Sweden AB account in the book entry system of Euroclear Sweden AB or any other person recognised as a holder of Securities pursuant to the Swedish Rules and accordingly, where Securities are held through a registered nominee, the nominee shall be deemed to be the holder under Article 16 of the Prospectus Directive.

The Issuer shall be entitled to obtain from Euroclear Sweden AB extracts from the book entry registers of Euroclear Sweden AB (Sw. *skuldbok*) relating to the Securities.

3. RIGHTS AND PROCEDURES

- (a) Redemption on the Settlement Date. Unless previously exchanged, redeemed or purchased and cancelled and subject as provided by the Conditions and in the case of an Issuer Call (if applicable), each Security will be redeemed in respect of each Nominal Amount at:
- (i) the Cash Amount, on the Maturity Date;
 - (ii) by delivery of the Share Amount, in the event of there being an Optional Exchange Right;
 - (iii) if “Issuer Call” is specified as being “Applicable” in the definition of the relevant Series in the applicable Final Terms, the Issuer Call Cash Amount in the event of there being an Issuer Call and the Issuer Call Cash Amount Condition specified in the definition of the relevant Series in the applicable Final Terms is satisfied; or
 - (iv) if “Issuer Call” is specified as being “Applicable” in the definition of the relevant Series in the applicable Final Terms, by delivery of the Share Amount in the event of there being an Issuer Call and the Issuer Call Share Amount Condition specified in the definition of the relevant Series in the applicable Final Terms is satisfied,

such redemption to occur, subject as provided below, on the Settlement Date.

- (b) Interest Amount. If “Interest” is specified as being “Applicable” in the definition of the relevant Series in the applicable Final Terms, in respect of each Interest Period, each Security shall bear interest at the Interest Rate. The Interest Amount is calculated by reference to the relevant Interest Period, the Interest Rate, the Nominal Amount and the Interest Rate Day Count Fraction and is payable on each Interest Payment Date. In respect of each Security, in the event that a Notice is delivered by the relevant Holder during an Interest Period then, in respect of that Interest Period and each subsequent Interest Period to the Maturity Date, no further Interest Amount shall be paid and any accrued unpaid Interest Amount shall be exchanged as provided in Product Condition 3(e).
- (c) Interest Accrual. If “Interest” is specified as being “Applicable” in the definition of the relevant Series in the applicable Final Terms, each Security shall cease to accrue interest (i) from and including the due date for redemption, or (ii) if a Notice is delivered, from and including the last day of the immediately preceding Interest Period. No interest shall accrue after the Maturity Date or any earlier date, as the case may be, in the event that payment of any amount, or delivery of any Share Amount or payment of any fraction of a Share, is postponed due to the occurrence of a Settlement Disruption Event or a Market Disruption Event. Further, no Interest Amount will be paid in respect of the Interest Period in which the Exchange Date or, if applicable, the Issuer Call Date falls.
- (d) Issuer Call. If “Issuer Call” is specified as being “Applicable” in the definition of the relevant Series in the applicable Final Terms, the Issuer may terminate the Securities, in whole or in part, on any Business Day by giving Holders at least the Issuer Call Notice Period notice of its intention to terminate the Securities, such notice to be given at any time from (and including) the Issuer Call Commencement Date. Any such notice shall be given in accordance with the provisions of General Condition 4 and shall specify the Issuer Call Date.
- (e) Optional Exchange Right. Subject to an Issuer Call (if applicable), the Holder is entitled to exercise the Optional Exchange Right on any Business Day during the Exchange Period by giving at least the Optional Exchange Right Notice Period notice and by delivery of a valid

Notice by the Exchange Time in accordance with Product Condition 3(j) at the specified office of any Agent. Upon any such valid exchange, the right of the relevant Holder to receive the Cash Amount and any Interest Amount not yet paid shall be extinguished and in consideration and exchange thereof the Issuer shall, except as otherwise provided in these Conditions, deliver the Share Amount on the Settlement Date.

In the event that the Holder does not hold an account with the Exchange on the Settlement Date, the Issuer shall use reasonable endeavours to sell the Share Amount on behalf of the Holder and pay the resultant proceeds of sale less Expenses to the Holder in such manner as it shall determine in its sole discretion.

- (f) **Method of Payment.** Subject as provided below, where the Cash Amount, the Issuer Call Cash Amount or any Interest Amount is in a currency other than euro, such payments will be made by an Agent on behalf of the Issuer in the Settlement Currency to an account (which, in the case of payment in Japanese yen to a non-resident of Japan, shall be a non-resident account) specified by the payee with, or by a cheque in such Settlement Currency drawn on, a bank in the principal financial centre of the country of such Settlement Currency; where the Cash Amount, the Issuer Call Cash Amount or any Interest Amount is in euro, such payments will be made by an Agent on behalf of the Issuer by credit or transfer to a euro account or any account to which euro may be credited or transferred specified by the payee or, at the option of the payee, by a euro cheque. Notwithstanding the previous two sentences, for as long as the Securities are represented by a Global Security, payments will be made through the Clearing Agents and will be made in accordance with the rules of each Clearing Agent. All payments will be subject to applicable fiscal and legal requirements applicable thereto.
- (g) **Presentation and Surrender.** If the Securities are in definitive form, payment of the Cash Amount, any Issuer Call Amount and each (if any) Interest Amount will be made against surrender of the Security and each relative Coupon (if applicable), respectively, by or on behalf of the Holder at the specified office of the Principal Agent. If the Securities are represented by a Global Security, payment of the Cash Amount, any Issuer Call Cash Amount and each (if any) Interest Amount will be made against presentation and, in the case of payment of the Cash Amount or any Issuer Call Cash Amount, surrender of the Global Security by or on behalf of the Holder at the specified office of the Principal Agent. In all cases payment will be subject to any endorsement on the face of the Security or Coupon as applicable. In the case of any Global Security, the Issuer shall record all payments made by it to the relevant Clearing Agent and such record shall be *prima facie* evidence that the payment in question has been made. The bearer of a Security shall be the only person entitled to receive payments of the Cash Amount, any Issuer Call Amount or any Interest Amount and the Issuer will be discharged by payment to, or to the order of, the Holder in respect of the amount so paid. The bearer of a Security or (in the case of a Global Security) each of the persons shown in the records of a Clearing Agent as the holder of a particular nominal amount of the Securities, must look solely to the relevant Agent or Clearing Agent, as the case may be, for his share of each such payment so made by the Issuer to or to the order of the bearer of the Security.
- (h) **Payment Day.** If the date for payment of any amount in respect of the Securities is not a Payment Day, the Holder shall not be entitled to payment until either (i) if “Modified Following” is specified in the definition of Business Day Convention for the relevant Series in the applicable Final Terms, the next following Payment Day unless such Payment Day falls in the next calendar month in which case the date for payment will be the first preceding Payment Day or (ii) if “Following” is specified in the definition of Business Day Convention for the relevant Series in the applicable Final Terms, the next following

Payment Day and, in either case, the Holder shall not be entitled to any interest or other payment in respect of such delay or acceleration of payment.

- (i) General. In the absence of gross negligence or wilful misconduct on its part, none of the Issuer, the Calculation Agent or any Agent shall have any responsibility for any errors or omissions in the calculation of the Cash Amount, any Issuer Call Amount, any Interest Amount, the Share Amount or the Disruption Cash Settlement Price. The purchase of Securities does not confer on any holder of such Securities any rights (whether in respect of voting, distributions or otherwise) attached to the Shares.
- (j) Notice. Pursuant to Condition 3(e), to exercise the Optional Exchange Right, the relevant Holder must deliver to the Clearing Agent with a copy to the Principal Agent, a notice in the form obtainable from the Agents (the “**Notice**”). No Notice may be withdrawn after receipt of it by a Clearing Agent or the Principal Agent. After delivery of a Notice, Securities which are the subject of such Notice may not be transferred.

The Notice shall:

- (i) be dated and shall specify the aggregate Nominal Amount of the Securities which are the subject of such Notice;
- (ii) specify the number of the account with the Clearing Agent to be debited with such Securities and instruct the Clearing Agent to debit such account on such date;
- (iii) specify the number of the account with the Clearing Agent to be credited with any Disruption Cash Settlement Price;
- (iv) certify that neither the person delivering the Notice nor any person on whose behalf the Notice is being delivered is a U.S. person or a person within the United States. As used herein, “**U.S. person**” means (A) an individual who is a resident or a citizen of the United States; (B) a corporation, partnership or other entity organised in or under the laws of the United States or any political subdivision thereof or which has its principal place of business in the United States; (C) any estate or trust which is subject to United States federal income taxation regardless of the source of its income; (D) any trust if a court within the United States is able to exercise primary supervision over the administration of the trust and if one or more United States trustees have the authority to control all substantial decisions of the trust; (E) a pension plan for the employees, officers or principals of a corporation, partnership or other entity described in (B) above; (F) any entity organised principally for passive investment, 10 per cent. or more of the beneficial interests in which are held by persons described in (A) to (E) above if such entity was formed principally for the purpose of investment by such persons in a commodity pool the operator of which is exempt from certain requirements of Part 4 of the United States Commodity Futures Trading Commission’s regulations by virtue of its participants being non-U.S. persons; or (G) any other “U.S. person” as such term may be defined in Regulation S under the United States Securities Act of 1933, as amended, or in regulations adopted under the United States Commodity Exchange Act;
- (v) include an undertaking to pay all Expenses and an irrevocable authority to the Clearing Agent to debit a specified account with the Clearing Agent in respect thereof or, as the case may be, to make a deduction from any amount payable; and
- (vi) specify the Delivery Details.

- (k) Late Delivery of Notice. Any Notice to exercise the Optional Exchange Right delivered after the Exchange Time in the place of receipt on any Trading Day during the Exchange Period or on a day which is not a Trading Day will be deemed exercised on the following Trading Day during the Exchange Period. Any Notice delivered outside the Exchange Period shall be null and void. For the avoidance of doubt, no holder of Securities or any other person shall be entitled to any payment, whether of interest or otherwise, by reason of such Notice (or the copy thereof) being delivered late.
- (l) Verification. In respect of any Notice, the relevant Holder must provide evidence reasonably satisfactory to the Principal Agent of its holding of such Securities.
- (m) Delivery of the Share Amount. Subject as provided in the Conditions, the delivery of the Share Amount shall be made at the risk of the relevant Holder and shall be delivered and evidenced in such manner as the Issuer determines to be customary for the Share or in such other commercially reasonable manner as the Issuer shall determine to be appropriate for such delivery. The Issuer shall be under no obligation to register or procure the registration of any Holder or any other person as the registered holder in respect of the Shares comprised in any Share Amount in the register of members of the Share Company.
- (n) Determinations. Failure properly to complete and deliver a Notice may result in such Notice being treated as null and void. Any determination as to whether any such Notice has been properly completed and delivered shall be made by the Principal Agent and shall be conclusive and binding on the Issuer and the relevant Holder. Subject as set out below, any Notice so determined to be incomplete or not in proper form or, where applicable, which is not copied to the Principal Agent immediately after being delivered to a Clearing Agent as provided in the Conditions shall be void. If such Notice is subsequently corrected to the satisfaction of the Principal Agent it shall be deemed to be a new Notice submitted at the time such correction is delivered to such Clearing Agent and copied to the Principal Agent. The Principal Agent shall use its best efforts promptly to notify the Holder if it has determined that a Notice is incomplete or not in proper form. In the absence of gross negligence or wilful misconduct on its part, neither the Issuer nor the Principal Agent shall be liable to any person with respect to any action taken or omitted to be taken by it in connection with such determination or the notification of such determination to a Holder.
- (o) Intervening Period. If redemption of a Security is to be by delivery of the Share Amount, for such period of time after the Maturity Date as the Issuer or any person on behalf of the Issuer shall continue to be the legal owner of the Share comprising the relevant Share Amount (the “**Intervening Period**”), neither the Issuer nor any other such person shall (i) be under any obligation to deliver or procure delivery to the relevant Holder or any subsequent beneficial owner of any document or payment whatsoever received by that person in its capacity as the holder of such Share, (ii) be under any obligation to exercise or procure exercise of any or all rights (including voting rights) attaching to such Shares during the Intervening Period or (iii) be under any liability to the relevant Holder or any subsequent beneficial owner of such Share or any other person in respect of any loss or damage which the relevant Holder or subsequent beneficial owner or any other person may sustain or suffers as a result, whether directly or indirectly, of the Issuer or any other such persons being the legal owner of such Share during such Intervening Period.
- (p) Dividends. Any dividend in respect of any Share Amount to be delivered will be payable to the party that would receive such dividend according to market practice for a sale of the Shares executed on the Exchange Date or Issuer Call Date, as applicable, and to be delivered in the same manner as such Share Amount. Any such dividend to be paid to a Holder shall be paid to the account specified in the relevant Notice.

- (q) **Settlement Disruption.** If the Securities are to settle by delivery of the Share Amount and prior to the delivery of the Share Amount in respect thereof, in the opinion of the Calculation Agent, a Settlement Disruption Event is subsisting, then the delivery date for such Security shall be postponed to the first following Business Day on which no Settlement Disruption Event is subsisting. For so long as delivery of any Share Amount is not practicable by reason of a Settlement Disruption Event, then in lieu of physical settlement and notwithstanding any other provision hereof the Issuer may elect in its sole discretion to satisfy its obligations in respect of the relevant Security by payment of the Disruption Cash Settlement Price not later than on the third Business Day following the date that the notice of such election is given to the Holders in accordance with General Condition 4. The Calculation Agent shall give notice as soon as practicable to the Holders in accordance with General Condition 4 that a Settlement Disruption Event has occurred. No Holder or any other person shall be entitled to any payment (including but not limited to interest) in respect of a Security in the event of any delay in the delivery of any Share Amount relating thereto due to the occurrence of a Settlement Disruption Event and no liability in respect thereof shall attach to the Issuer.
- (r) **Settlement Risk.** Settlement of the Securities is subject to all applicable laws, regulations and practices in force at the relevant time and neither the Issuer nor any Agent shall incur any liability whatsoever if it is unable to effect the transactions contemplated as a result of any such laws, regulations or practices. Neither the Issuer nor any Agent shall under any circumstances be liable for any acts or defaults of any Clearing Agent in relation to the performance of its duties in relation to the Securities.

4. ADJUSTMENTS

- (a) **Market Disruption.** The Calculation Agent shall as soon as reasonably practicable under the circumstances notify the Holders in accordance with General Condition 4 if it determines that a Market Disruption Event has occurred.

“**Market Disruption Event**” means:

- (i) the occurrence or existence on any Trading Day during the one hour period that ends at the official close of trading on the Exchange or any Related Exchange of any suspension of or limitation imposed on trading or the disruption or impairment in the ability of market participants in general to effect transactions (by reason of movements in price reaching or exceeding limits permitted by the relevant exchange or otherwise):
- (A) in the Shares on the Exchange or any other exchange on which the Shares are listed; or
 - (B) in any options contracts or futures contracts or other derivatives contracts relating to the Share on any Related Exchange, if, in the determination of the Calculation Agent, such suspension or limitation is material; or
- (ii) a general moratorium is declared in respect of banking activities in the country in which the Exchange or any Related Exchange is located.

For the purposes of this definition, a limitation on the hours and number of days of trading will not constitute a Market Disruption Event if it results from an announced change in the regular business hours of the Exchange or any Related Exchange, but a limitation on trading imposed during the course of the day by reason of movements in price otherwise exceeding

levels permitted by the Exchange or any Related Exchange may, if so determined by the Calculation Agent, constitute a Market Disruption Event.

- (b) Potential Adjustment Events. Following a declaration by the Share Company of the terms of any Potential Adjustment Event, the Calculation Agent will determine whether such Potential Adjustment Event has a diluting or concentrative effect on the theoretical value of the Share and, if so, will:
- (i) make the corresponding adjustment, if any, to any one or more of the Conditions as the Calculation Agent determines appropriate to account for that diluting or concentrative effect; and
 - (ii) determine the effective date of that adjustment.

The Calculation Agent may, but need not, determine the adjustment by reference to the adjustment in respect of such Potential Adjustment Event made by an options exchange to options on the Shares traded on that options exchange. Upon making any such adjustment, the Calculation Agent shall notify the Holders in accordance with General Condition 4, stating the adjustment to be made to the Conditions and giving brief details of the Potential Adjustment Event.

- (c) De-listing, Merger Event, Nationalisation and Insolvency. If a De-listing, Merger Event, Nationalisation or Insolvency occurs in relation to the Share Company, the Issuer in its sole and absolute discretion may take the action described in (i), (ii) or (iii) below:
- (i) require the Calculation Agent to determine in its sole and absolute discretion the appropriate adjustment, if any, to be made to any of the other terms of these Conditions to account for the De-listing, Merger Event, Nationalisation or Insolvency, as the case may be, and determine the effective date of that adjustment. The Calculation Agent may (but is under no obligation to) determine the appropriate adjustment by reference to the adjustment in respect of the De-listing, Merger Event, Nationalisation or Insolvency made by any Related Exchange to options contracts or futures contracts or other derivatives contracts on the Shares traded on such Related Exchange; or
 - (ii) cancel the Securities by giving notice to Holders in accordance with General Condition 4. If the Securities are to be cancelled the Issuer will pay an amount to

each Holder in respect of each Security held by him which amount shall be the fair market value of a Security (taking into account the De-listing, Merger Event, Nationalisation or Insolvency (as the case may be)) on the day selected for cancellation as shall be selected by the Issuer in its sole and absolute discretion adjusted to account fully for any losses, expenses and costs to the Issuer and/or any affiliate of the Issuer of unwinding or adjusting any underlying or related hedging arrangements (including but not limited to any equity options or selling or otherwise realising any Shares or other instruments of any type whatsoever which the Issuer and/or any of its affiliates may hold as part of such hedging arrangements), all as determined by the Calculation Agent in its sole and absolute discretion. Payment will be made in such manner as shall be notified to the Holders in accordance with General Condition 4; or

- (iii) following any adjustment to the settlement of terms of options contracts or futures contracts or any other derivatives contracts on the Shares traded on any Related Exchange, require the Calculation Agent to make a corresponding adjustment to any of the other terms of these Conditions, which adjustment will be effective as of the date determined by the Calculation Agent to be the effective date of the corresponding adjustment made by the Related Exchange. If options contracts or futures contracts or other derivatives contracts on the Shares are not traded on the Related Exchange, the Calculation Agent will make such adjustment, if any, to any of the other terms of these Conditions as the Calculation Agent in its sole and absolute discretion determines appropriate, with reference to the rules and precedents (if any) set by the Related Exchange to account for the De-listing, Merger Event, Nationalisation or Insolvency (as the case may be) that in the determination of the Calculation Agent would have given rise to an adjustment by the Related Exchange if such options contracts or futures contracts or other derivatives contracts were so traded.

Upon the occurrence of a De-listing, Merger Event, Nationalisation or Insolvency, the Calculation Agent shall notify the Holders in accordance with General Condition 4, stating the occurrence of such De-listing, Merger Event, Nationalisation or Insolvency (as the case may be) and action proposed to be taken in relation thereto.

- (d) The Calculation Agent may make adjustments to the Conditions in order to account for any such event if it considers it appropriate to do so. The Calculation Agent shall, as soon as practicable after receipt of any written request to do so, advise a Holder of any determination made by it pursuant to this Product Condition 4 on or before the date of receipt of such request. - (k) **Late Delivery of Notice.** Any Notice to effect a Holder Early Termination delivered after the Conversion Time in the place of receipt on any Trading Day during the Exchange Period or on a day which is not a Trading Day will be deemed exercised on the following Trading Day during the Exchange Period. Any Notice delivered outside the Exchange Period shall be null and void. For the avoidance of doubt, no holder of Securities or any other period shall be entitled to any payment, whether of interest or otherwise, by reason of such Notice (or the copy thereof) being delivered late.
- (l) **Verification.** In respect of any Notice, the relevant Holder must provide evidence reasonably satisfactory to the Principal Agent of its holding of such Securities.

In the absence of gross negligence or wilful misconduct on its part, neither the Issuer nor the Principal Agent shall be liable to any person with respect to any action taken or omitted to be taken by it in connection with such determination or the notification of such determination to a Holder.
- (n) **Settlement Risk.** Settlement of the Securities is subject to all applicable laws, regulations and practices in force at the relevant time and neither the Issuer nor any Agent shall incur any liability whatsoever if it is unable to effect the transactions contemplated as a result of any such laws, regulations or practices. Neither the Issuer nor any Agent shall under any circumstances be liable for any acts or defaults of any Clearing Agent in relation to the performance of its duties in relation to the Securities.

4. ADJUSTMENTS

- (a) **Market Disruption.** The Calculation Agent shall as soon as reasonably practicable under the circumstances notify the Holders in accordance with General Condition 4 if it determines that a Market Disruption Event has occurred.

"Market Disruption Event" means:

- (i) the occurrence or existence on any Trading Day during the one hour period that ends at the official close of trading on the Exchange or any Related Exchange of any suspension of or limitation imposed on trading or the disruption or impairment in the ability of market participants in general to effect transactions (by reason of movements in price reaching or exceeding limits permitted by the relevant exchange or otherwise):
 - (A) in the Shares on the Exchange or any other exchange on which the Shares are listed; or
 - (B) in any options contracts or futures contracts or other derivatives contracts relating to the Share on any Related Exchange, if, in the determination of the Calculation Agent, such suspension or limitation is material; or
- (ii) a general moratorium is declared in respect of banking activities in the country in which the Exchange or any Related Exchange is located.

For the purposes of this definition, a limitation on the hours and number of days of trading will not constitute a Market Disruption Event if it results from an announced change in the regular business hours of the Exchange or any Related Exchange, but a limitation on trading imposed during the course of the day by reason of movements in price otherwise exceeding levels permitted by the Exchange or any Related Exchange may, if so determined by the Calculation Agent, constitute a Market Disruption Event.

- (b) Potential Adjustment Events. Following a declaration by the Share Company of the terms of any Potential Adjustment Event, the Calculation Agent will determine whether such Potential Adjustment Event has a diluting or concentrative effect on the theoretical value of the Share and, if so, will:
 - (i) make the corresponding adjustment, if any, to any one or more of the Conditions as the Calculation Agent determines appropriate to account for that diluting or concentrative effect; and
 - (ii) determine the effective date of that adjustment.

The Calculation Agent may, but need not, determine the adjustment by reference to the adjustment in respect of such Potential Adjustment Event made by an options exchange to options on the Shares traded on that options exchange. Upon making any such adjustment, the Calculation Agent shall notify the Holders in accordance with General Condition 4, stating the adjustment to be made to the Conditions and giving brief details of the Potential Adjustment Event.

“Potential Adjustment Event” means any of the following: (i) a subdivision, consolidation or reclassification of relevant Shares (unless a Merger Event), or, a free distribution or dividend of such Shares to existing holders by way of bonus, capitalisation, recapitalisation or similar issue; (ii) a distribution or dividend to existing holders of the relevant Shares of (A) such Shares, or (B) other share capital or securities granting the right to payment of dividends and/or the proceeds of liquidation of the Share Company equally or proportionately with such payments to holders of such Shares, or (C) any other type of securities, rights or warrants or other assets, in any case for payment (cash or other) at less than the prevailing market price as determined by the Calculation Agent; (iii) an extraordinary dividend; (iv) a distribution of cash dividends on the Shares equal to or greater than 8 per cent. per annum of the then current market value of the Shares; (v) a call by the Share Company in respect of relevant Shares that are not fully paid; (vi) a repurchase by the

Share Company of relevant Shares whether out of profits or capital and whether the consideration for such repurchase is cash, securities or otherwise; or (vii) any other similar event that may have a diluting or concentrative effect on the theoretical value of the relevant Shares.

- (c) De-listing, Merger Event, Nationalisation and Insolvency. If a De-listing, Merger Event, Nationalisation or Insolvency occurs in relation to the Share Company, the Issuer in its sole and absolute discretion may take the action described in (i), (ii) or (iii) below:
- (i) require the Calculation Agent to determine in its sole and absolute discretion the appropriate adjustment, if any, to be made to any of the other terms of these Conditions to account for the De-listing, Merger Event, Nationalisation or Insolvency, as the case may be, and determine the effective date of that adjustment. The Calculation Agent may (but is under no obligation to) determine the appropriate adjustment by reference to the adjustment in respect of the De-listing, Merger Event, Nationalisation or Insolvency made by any Related Exchange to options contracts or futures contracts or other derivatives contracts on the Shares traded on such Related Exchange; or
 - (ii) cancel the Securities by giving notice to Holders in accordance with General Condition 4. If the Securities are to be cancelled the Issuer will pay an amount to each Holder in respect of each Security held by him which amount shall be the fair market value of a Security (taking into account the De-listing, Merger Event, Nationalisation or Insolvency (as the case may be)) on the day selected for cancellation as shall be selected by the Issuer in its sole and absolute discretion adjusted to account fully for any losses, expenses and costs to the Issuer and/or any affiliate of the Issuer of unwinding or adjusting any underlying or related hedging arrangements (including but not limited to any equity options or selling or otherwise realising any Shares or other instruments of any type whatsoever which the Issuer and/or any of its affiliates may hold as part of such hedging arrangements), all as determined by the Calculation Agent in its sole and absolute discretion. Payment will be made in such manner as shall be notified to the Holders in accordance with General Condition 4; or
 - (iii) following any adjustment to the settlement of terms of options contracts or futures contracts or any other derivatives contracts on the Shares traded on any Related Exchange, require the Calculation Agent to make a corresponding adjustment to any of the other terms of these Conditions, which adjustment will be effective as of the date determined by the Calculation Agent to be the effective date of the corresponding adjustment made by the Related Exchange. If options contracts or futures contracts or other derivatives contracts on the Shares are not traded on the Related Exchange, the Calculation Agent will make such adjustment, if any, to any of the other terms of these Conditions as the Calculation Agent in its sole and absolute discretion determines appropriate, with reference to the rules and precedents (if any) set by the Related Exchange to account for the De-listing, Merger Event, Nationalisation or Insolvency (as the case may be) that in the determination of the Calculation Agent would have given rise to an adjustment by the Related Exchange if such options contracts or futures contracts or other derivatives contracts were so traded.

Upon the occurrence of a De-listing, Merger Event, Nationalisation or Insolvency, the Calculation Agent shall notify the Holders in accordance with General Condition 4, stating the occurrence of such De-listing, Merger Event, Nationalisation or Insolvency (as the case may be) and action proposed to be taken in relation thereto.

“**De-listing**” means a Share for any reason ceases to be listed or is suspended from listing on the Exchange (and such cessation or suspension is continuing and such Share is not subsequently listed or quoted on another stock exchange or quotation system acceptable to the Issuer).

“**Merger Date**” means the date upon which all holders of the Shares of a Share Company (other than, in the case of a take-over offer, Shares owned or controlled by the offeror) have agreed or have irrevocably become obliged to transfer their Shares.

“**Merger Event**” means any (i) reclassification or change to the Shares of a Share Company that results in a transfer of or an irrevocable commitment to transfer all outstanding Shares of such Share Company; (ii) consolidation, amalgamation or merger of a Share Company with or into another entity (other than a consolidation, amalgamation or merger in which such Share Company is the continuing entity and which does not result in any such reclassification or change to all the outstanding Shares of a Share Company); or (iii) other take-over offer for the Shares of a Share Company that results in a transfer of, or an irrevocable commitment to transfer, the Shares of a Share Company (other than any such Shares owned or controlled by the offeror), in each case if the Merger Date is on or before the Valuation Date.

“**Nationalisation**” means that all the Shares of a Share Company or all the assets or substantially all the assets of a Share Company are nationalised, expropriated or are otherwise required to be transferred to any governmental agency, authority or entity.

“**Insolvency**” means that by reason of the voluntary or involuntary liquidation, bankruptcy or insolvency of or any analogous proceeding affecting a Share Company, (i) all the Shares are required to be transferred to a receiver, trustee, liquidator or other similar official or (ii) holders of the Shares of that Share Company become legally prohibited from transferring them.

- (d) The Calculation Agent may make adjustments to the Conditions in order to account for any such event if it considers it appropriate to do so. The Calculation Agent shall, as soon as practicable after receipt of any written request to do so, advise a Holder of any determination made by it pursuant to this Product Condition 4 on or before the date of receipt of such request. The Calculation Agent shall make available for inspection by Holders copies of any such determinations. In making any determinations and calculations in respect of the Securities, the Calculation Agent shall act at all times in good faith and a commercially reasonable manner.

2. FORM

- (a) Global Form. Except in the case of Securities issued in dematerialised form, the Securities will be issued in bearer form in the denomination of the Nominal Amount. The Securities can be represented by a temporary global security (the “**Temporary Global Security**”) or a permanent global security (the “**Permanent Global Security**”, together with the Temporary Global Securities, the “**Global Security**” and each a “**Global Security**”) which will be deposited with a Clearing Agent or the depository for one or more Clearing Agents and will be transferable only in accordance with the applicable law and the rules and procedures of the relevant Clearing Agent through whose systems the Securities are transferred. Each person (other than another Clearing Agent) who is for the time being shown in the records of the relevant Clearing Agent as the owner of a particular nominal amount of the Securities (in which regard any certificate or other document issued by the relevant Clearing Agent as to the nominal amount of the Securities standing to the credit of the account of any person shall be conclusive and binding for all purposes except in the case of manifest error) shall be treated by the Issuer and each Agent as the holder of such nominal amount of the Securities (and the term “**Holder**” shall be construed accordingly) for all purposes, other than with respect to any payment and/or delivery obligations, the right to which shall be vested as regards the Issuer and the Agents, solely in the bearer of the Global Security.
- (b) Dematerialised Form. Certain Securities will, where required by the rules and procedures of the Clearing Agent, be issued in dematerialised form and will be registered in the book-entry system of the Clearing Agent. Title to the Securities will pass by transfer between accountholders at the Clearing Agent perfected in accordance with the legislation, rules and regulations applicable to and/or issued by the Clearing Agent that are in force and effect from time to time (the “**Rules**”). - (c) SIX SIS Ltd as Clearing Agent. If SIX SIS Ltd is specified as the Clearing Agent, Securities will, as specified in the applicable Final Terms, be issued in the form of (i) dematerialised securities (the “**Dematerialised Securities**”) or (ii) a bearer permanent Global Security and, in either case, will be transformed into intermediated securities (the “**Intermediated Securities**”) in accordance with article 6 of the Swiss Federal Intermediated Securities Act (the “**FISA**”).

The Intermediated Securities will be created (i) by deposit of a Global Security with the Clearing Agent, acting as custodian as defined in article 4 FISA (the “**Custodian**”), or registration of Dematerialised Securities in the main register of the Clearing Agent, acting as Custodian, and (ii) the Clearing Agent, acting as Custodian, crediting the respective rights to securities accounts of one or more of its participants with the Clearing Agent in accordance with articles 4 and 6 FISA. For each issuance of Securities in the form of Dematerialised Securities, the Clearing Agent, acting as Custodian, will maintain the main register as defined in article 6 para. 2 FISA which is available to the public under <https://www.sec.sisclear.com/sec/cm/index/custody-settlement/mainregister.htm>.

Title to the Intermediated Securities is construed and will pass in accordance with the legislation, in particular the FISA, rules and regulations applicable to and/or issued by the Clearing Agent, acting as Custodian, and any other custodian, if any, that are in force and effect from time to time (the “**Rules**”). Accordingly, in these Conditions, the term “**Holder**” means any person recognised as a holder of the Intermediated Securities pursuant to the Rules.

The Holders shall at no time have the right to effect or demand (i) the retransformation of the Intermediated Securities into, and the delivery of, Dematerialised Securities in the case of Dematerialised Securities being the basis for the creation of Intermediated Securities, or (ii) the conversion of the Dematerialised Securities or the Global Security into definitive Securities.

- (d) Euroclear Sweden AB as Clearing Agent. If Euroclear Sweden AB is specified as the Clearing Agent, the Issuer has agreed with Euroclear Sweden AB that, so long as the Securities are accepted for clearance through Euroclear Sweden AB, any substitution of the Issuer (as set forth in General Condition 8) will comply with the requirements of Euroclear Sweden AB and, in particular, any substitute will be acceptable to Euroclear Sweden AB.

So long as Euroclear Sweden AB is the Clearing Agent in respect of the Securities the following provisions shall apply and, notwithstanding any provisions to the contrary in the General Conditions or the Product Conditions, may not be amended, modified or set aside other than in such manner as may be acceptable under the Swedish Rules (as defined below), in the sole opinion of Euroclear Sweden AB.

Title to the Securities will pass by transfer between accountholders at Euroclear Sweden AB perfected in accordance with the legislation (including the Swedish Financial Instruments Accounts Act (SFS 1998:1479)), rules and regulations applicable to and/or issued by Euroclear Sweden AB that are in force and effect from time to time (the “**Swedish Rules**”). The “**Holder**” means in such case a person in whose name a Security is registered in a Euroclear Sweden AB account in the book entry system of Euroclear Sweden AB or any other person recognised as a holder of Securities pursuant to the Swedish Rules and accordingly, where Securities are held through a registered nominee, the nominee shall be deemed to be the holder under Article 16 of the Prospectus Directive.

The Issuer shall be entitled to obtain from Euroclear Sweden AB extracts from the book entry registers of Euroclear Sweden AB (Sw. *skuldbok*) relating to the Securities.

3. RIGHTS AND PROCEDURES

- (a) Redemption on the Settlement Date. Unless previously exchanged, redeemed or purchased and cancelled and subject as provided by the Conditions and in the case of an Issuer Call (if applicable), each Security will be redeemed in respect of each Nominal Amount at:
- (i) the Conversion Amount in the event of there being a Holder Early Termination;
 - (ii) if “Issuer Call” is specified as being “Applicable” in the definition of the relevant Series in the applicable Final Terms, the Issuer Call Cash Amount in the event of there being an Issuer Call; or
 - (iii) otherwise the Cash Amount,

such redemption to occur, subject as provided below, on the Settlement Date.

- (b) Interest Amount. If “Interest” is specified as being “Applicable” in the definition of the relevant Series in the applicable Final Terms, in respect of each Interest Period, each Security shall bear interest at the Interest Rate. The Interest Amount is calculated by reference to the relevant Interest Period, the Interest Rate, the Nominal Amount and the Interest Rate Day Count Fraction and is payable on each Interest Payment Date. In respect of each Security, in the event that a Notice is delivered by the relevant Holder during an

Interest Period then, in respect of that Interest Period and each subsequent Interest Period to the Maturity Date, no further Interest Amount shall be paid.

- (c) Interest Accrual. If “Interest” is specified as being “Applicable” in the definition of the relevant Series in the applicable Final Terms, each Security shall cease to accrue interest (i) from and including the due date for redemption or (ii) if a Notice is delivered, from and including the last day of the immediately preceding Interest Period. No interest shall accrue after the Maturity Date or any earlier date, as the case may be, in the event that payment of any amount is postponed due to the occurrence of a Market Disruption Event. Further, no Interest Amount will be paid in respect of the Interest Period in which the Early Termination Date or, if applicable, the Issuer Call Date falls.
- (d) Issuer Call. If “Issuer Call” is specified as being “Applicable” in the definition of the relevant Series in the applicable Final Terms, the Issuer may terminate the Securities, in whole or in part, on any Business Day by giving Holders at least the Issuer Call Notice Period notice of its intention to terminate the Securities, such notice to be given at any time from (and including) the Issuer Call Commencement Date. Any such notice shall be given in accordance with the provisions of General Condition 4 and shall specify the Issuer Call Date.
- (e) Holder Early Termination. Subject to an Issuer Call (if applicable) and pursuant to Condition 3(j), the Holder may terminate the Securities held by it in whole or in part at any time on any Trading Day during the Exchange Period by giving at least the Optional Exchange Right Notice Period notice and delivery of a valid Notice by the Conversion Time in accordance with Product Condition 3(j) at the specified office of any Agent. Upon any such Holder Early Termination, the right of the Holder to receive the Cash Amount and any Interest Amount not yet paid shall be extinguished and the Issuer shall, except as otherwise provided in these Conditions, deliver the Conversion Amount on the Settlement Date.
- (f) Method of Payment. Subject as provided below, where the Cash Amount, the Conversion Amount, the Issuer Call Cash Amount or any Interest Amount is in a currency other than euro, such payments will be made by an Agent on behalf of the Issuer in the Settlement Currency to an account (which, in the case of payment in Japanese yen to a non-resident of Japan, shall be a non-resident account) specified by the payee with, or by a cheque in such Settlement Currency drawn on, a bank in the principal financial centre of the country of such Settlement Currency; where the Cash Amount, the Conversion Amount, the Issuer Call Cash Amount or any Interest Amount is in euro, such payments will be made by an Agent on behalf of the Issuer by credit or transfer to a euro account or any account to which euro may be credited or transferred specified by the payee or, at the option of the payee, by a euro cheque. Notwithstanding the previous two sentences, for as long as the Securities are represented by a Global Security, payments will be made through the Clearing Agents and will be made in accordance with the rules of each Clearing Agent. All payments will be subject to applicable fiscal and legal requirements applicable thereto.
- (g) Presentation and Surrender. If the Securities are in definitive form, payment of the Cash Amount, the Conversion Amount, any Issuer Call Amount and each (if any) Interest Amount will be made against surrender of the Security and each relative Coupon (if applicable), respectively, by or on behalf of the Holder at the specified office of the Principal Agent. If the Securities are represented by a Global Security, payment of the Cash Amount, the Conversion Amount, any Issuer Call Cash Amount and each (if any) Interest Amount will be made against presentation and, in the case of payment of the Cash Amount the Conversion Amount or any Issuer Call Cash Amount, surrender of the Global Security by or on behalf of the Holder at the specified office of the Principal Agent. In all cases payment will be subject to any endorsement on the face of the Security or Coupon as applicable. In the case of any

Global Security, the Issuer shall record all payments made by it to the relevant Clearing Agent and such record shall be *prima facie* evidence that the payment in question has been made. The bearer of a Security shall be the only person entitled to receive payments of the Cash Amount, the Conversion Amount, any Issuer Call Amount or any Interest Amount and the Issuer will be discharged by payment to, or to the order of, the Holder in respect of the amount so paid. The bearer of a Security or (in the case of a global Security) each of the persons shown in the records of a Clearing Agent as the holder of a particular nominal amount of the Securities, must look solely to the relevant Agent or Clearing Agent, as the case may be, for his share of each such payment so made by the Issuer to or to the order of the bearer of the Security.

- (h) **Payment Day.** If the date for payment of any amount in respect of the Securities is not a Payment Day, the Holder shall not be entitled to payment until either (i) if “Modified Following” is specified in the definition of Business Day Convention for the relevant Series in the applicable Final Terms, the next following Payment Day unless such Payment Day falls in the next calendar month in which case the date for payment will be the first preceding Payment Day or (ii) if “Following” is specified in the definition of Business Day Convention for the relevant Series in the applicable Final Terms, the next following Payment Day and, in either case, the Holder shall not be entitled to any interest or other payment in respect of such delay or acceleration of payment.
- (i) **General.** In the absence of gross negligence or wilful misconduct on its part, none of the Issuer, the Calculation Agent or any Agent shall have any responsibility for any errors or omissions in the calculation of the Cash Amount, the Conversion Amount, the Issuer Call Cash Amount or any Interest Amount.
- (j) **Notice.** Pursuant to Product Condition 3(e), to effect a Holder Early Termination, the relevant Holder must deliver to the Clearing Agent with a copy to the Principal Agent, a notice in the form obtainable from the Agents (the “**Notice**”). No Notice may be withdrawn after receipt of it by a Clearing Agent or the Principal Agent. After delivery of a Notice, Securities which are the subject of such Notice may not be transferred.

The Notice shall:

- (i) be dated and shall specify the aggregate Nominal Amount of the Securities which are the subject of such Notice;
- (ii) specify the number of the account with the Clearing Agent to be debited with such Securities and instruct the Clearing Agent to debit such account on such date;
- (iii) specify the number of the account with the Clearing Agent to be credited with the Conversion Amount of such Securities;
- (iv) certify that neither the person delivering the Notice nor any person on whose behalf the Notice is being delivered is a U.S. person or a person within the United States. As used herein, “**U.S. person**” means (A) an individual who is a resident or a citizen of the United States; (B) a corporation, partnership or other entity organised in or under the laws of the United States or any political subdivision thereof or which has its principal place of business in the United States; (C) any estate or trust which is subject to United States federal income taxation regardless of the source of its income; (D) any trust if a court within the United States is able to exercise primary supervision over the administration of the trust and if one or more United States trustees have the authority to control all substantial decisions of the trust; (E) a pension plan for the employees, officers or principals of a corporation, partnership

or other entity described in (B) above; (F) any entity organised principally for passive investment, 10 per cent. or more of the beneficial interests in which are held by persons described in (A) to (E) above if such entity was formed principally for the purpose of investment by such persons in a commodity pool the operator of which is exempt from certain requirements of Part 4 of the United States Commodity Futures Trading Commission's regulations by virtue of its participants being non-U.S. persons; or (G) any other "U.S. person" as such term may be defined in Regulation S under the United States Securities Act of 1933, as amended, or in regulations adopted under the United States Commodity Exchange Act; and

- (v) include an undertaking to pay all Expenses and irrevocable authority to the Clearing Agent to debit a specified account with the Clearing Agent in respect thereof or, as the case may be, to make a deduction from any amount payable.
- (k) **Late Delivery of Notice.** Any Notice to effect a Holder Early Termination delivered after the Conversion Time in the place of receipt on any Trading Day during the Exchange Period or on a day which is not a Trading Day will be deemed exercised on the following Trading Day during the Exchange Period. Any Notice delivered outside the Exchange Period shall be null and void. For the avoidance of doubt, no holder of Securities or any other period shall be entitled to any payment, whether of interest or otherwise, by reason of such Notice (or the copy thereof) being delivered late.
- (l) **Verification.** In respect of any Notice, the relevant Holder must provide evidence reasonably satisfactory to the Principal Agent of its holding of such Securities.
- (m) **Determinations.** Failure properly to complete and deliver a Notice may result in such Notice being treated as null and void. Any determination as to whether any such Notice has been properly completed and delivered shall be made by the Principal Agent and shall be conclusive and binding on the Issuer and the relevant Holder. Subject as set out below, any Notice so determined to be incomplete or not in proper form or, where applicable, which is not copied to the Principal Agent immediately after being delivered to a Clearing Agent as provided in the Conditions shall be void. If such Notice is subsequently corrected to the satisfaction of the Principal Agent it shall be deemed to be a new Notice submitted at the time such correction is delivered to such Clearing Agent and copied to the Principal Agent. The Principal Agent shall use its best efforts promptly to notify the Holder if it has determined that a Notice is incomplete or not in proper form. In the absence of gross negligence or wilful misconduct on its part, neither the Issuer nor the Principal Agent shall be liable to any person with respect to any action taken or omitted to be taken by it in connection with such determination or the notification of such determination to a Holder.
- (n) **Settlement Risk.** Settlement of the Securities is subject to all applicable laws, regulations and practices in force at the relevant time and neither the Issuer nor any Agent shall incur any liability whatsoever if it is unable to effect the transactions contemplated as a result of any such laws, regulations or practices. Neither the Issuer nor any Agent shall under any circumstances be liable for any acts or defaults of any Clearing Agent in relation to the performance of its duties in relation to the Securities.

4. ADJUSTMENTS

- (a) **Market Disruption.** The Calculation Agent shall as soon as reasonably practicable under the circumstances notify the Holders in accordance with General Condition 4 if it determines that a Market Disruption Event has occurred. "**Market Disruption Event**" means (i) a general moratorium is declared in respect of banking activities in the country in which the Exchange or any Related Exchange is located or (ii) the occurrence or existence on any

Trading Day during the one hour period that ends at the official close of trading on any Exchange or any Related Exchange of any suspension of or limitation imposed on trading or the disruption or impairment in the ability of market participants in general to effect transactions (by reason of movements in price reaching or exceeding limits permitted by the relevant exchange or otherwise):

- (i) on any Exchange(s) in securities that comprise 20 per cent or more of the level of the relevant Index if, in the determination of the Calculation Agent, such suspension or limitation is material. For the purpose of determining whether such suspension or limitation is material, if trading in a security included in the Index is suspended or materially limited at that time, then the relevant percentage contribution of that security to the level of the Index shall be based on a comparison of (A) the portion of the level of the Index attributable to that security relative to (B) the overall level of the Index, in each case immediately before that suspension or limitation; or
 - (ii) on any Related Exchange in any options contracts or futures contracts or other derivatives contracts relating to the relevant Index. In any event, a limitation on the hours and number of days of trading will not constitute a Market Disruption Event if it results from an announced change in the regular business hours of the relevant exchange, but a limitation on trading imposed during the course of the day by reason of movements in price otherwise exceeding levels permitted by the relevant exchange may, if so determined by the Calculation Agent, constitute a Market Disruption Event.
- (b) Adjustments to Index. The Calculation Agent shall give notice as soon as practicable to the Holders in accordance with General Condition 4 of any determination made by it pursuant to paragraphs (i), (ii), (iii) or (iv) below:
- (i) If the Index is (A) not calculated and announced by the Index Sponsor but is calculated and published by a successor to the Index Sponsor (the “**Successor Sponsor**”) acceptable to the Calculation Agent; or (B) replaced by a successor index using, in the determination of the Calculation Agent, the same or a substantially similar formula for and method of calculation as used in the calculation of the Index, then (in either case) the Index will be deemed to be the index so calculated and announced by such Successor Sponsor or that successor index, as the case may be.
 - (ii) If (A) on or prior to the Valuation Date the Index Sponsor or, if applicable, the Successor Sponsor makes a material change in the formula for or the method of calculating the Index or in any other way materially modifies the Index (other than a modification prescribed in that formula or method to maintain the Index in the event of changes in constituent securities and other routine events); or (B) on the Valuation Date the Index Sponsor or, if applicable, the Successor Sponsor fails to calculate and/or publish the Index, then (in either case) the Calculation Agent shall determine the Final Index Level using, in lieu of a published level for the Index on the Valuation Date, the level for the Index as determined by the Calculation Agent in accordance with the formula for and method of calculating the Index last in effect prior to the change or failure, but using only those securities that comprised the Index immediately prior to the change or failure (other than those securities that have since ceased to be listed on the Exchange or any other exchange on which the Shares are listed) or, in the case of a material modification of the Index only, shall deem such modified Index to be the Index so calculated and announced or shall terminate the Securities by giving notice in accordance with General Condition 4.

- (iii) If, at any time, any of the events specified in (A) to (H) below occurs and the Index Sponsor or, if applicable, the Successor Sponsor has not in the opinion of the Calculation Agent made an appropriate adjustment to the level of the Index in order to account fully for such event, notwithstanding that the rules published or applied by the Index Sponsor or, if applicable, the Successor Sponsor pertaining to the Index have been applied, the Calculation Agent shall make such adjustment to the level of the Index as it considers appropriate in order to so account: (A) a distribution or dividend to existing holders of the Shares of (I) Shares; or (II) other share capital or securities granting the right to payment of dividends and/or the proceeds of liquidation of the issuer of the Shares equally or proportionately with such payments to holders of Shares or (III) any other type of securities, rights or warrants or other assets, in any case for payment (in cash or otherwise) at less than the prevailing market price; (B) a free distribution or dividend of any Shares to existing holders by way of bonus, capitalisation or similar issue; (C) an extraordinary dividend; (D) any cash dividends declared on the Shares at a time when the relevant issuer has not previously declared or paid dividends on such Shares for the prior four quarterly periods; (E) any non-cash dividends declared on the Shares at a time when the relevant issuer has not previously declared or paid dividends on such Shares for the prior four quarterly periods; (F) any other extraordinary cash or non-cash dividend on, or distribution with respect to, the Shares which is, by its terms or declared intent, declared and paid outside the normal operations or normal dividend procedures of the relevant issuer, provided that, in all cases, the related ex-dividend date occurs during the period from but including the Issue Date up to and excluding the Valuation Date; (G) a distribution of cash dividends on the Shares equal to or greater than 8 per cent. per annum of the then current market value of the Shares; and (H) any other similar event having dilutive or concentrative effect on the theoretical value of the Shares.
 - (iv) The Issuer reserves the right to issue further Securities, make adjustments or to distribute to the Holders any rights in connection with the Securities as it reasonably believes are appropriate in circumstances where an event or events occur which the Issuer (in its absolute discretion and notwithstanding any adjustments previously made to the Securities) believes should, in the context of the issue of Securities and its obligations hereunder, give rise to such adjustment or distribution, provided that such adjustment is considered by the Calculation Agent either to be appropriate generally (without considering the individual circumstances of any Holder or the tax or other consequences of such adjustment in any particular jurisdiction) or to be required to take account of provisions of the laws of the relevant jurisdiction or the practices of the Exchange.
- (c) The Calculation Agent may make adjustments to the Conditions in order to account for any such event if it considers it appropriate to do so. The Calculation Agent shall, as soon as practicable after receipt of any written request to do so, advise a Holder of any determination made by it pursuant to this Product Condition 4 on or before the date of receipt of such request. The Calculation Agent shall make available for inspection by Holders copies of any such determinations. In making any determinations and calculations in respect of the Securities, the Calculation Agent shall act at all times in good faith and a commercially reasonable manner.

5. EFFECT OF FINAL TERMS

The Final Terms applicable to any Series of Securities may specify amendments to these Product Conditions in so far as they apply to that Series. Notwithstanding the foregoing, consideration will be given as to whether such amendments constitute “significant new factors” and consequently

trigger the need for a supplement to the Base Prospectus (as defined in the Final Terms) under Article 16 of Directive 2003/71/EC.

- (b) Issuer Call. If “Issuer Call” is specified as being “Applicable” in the definition of the relevant Series in the applicable Final Terms, the Issuer may redeem the Securities in whole, but not in part, on any Issuer Call Date at the Issuer Call Cash Amount by giving Holders at least the Issuer Call Notice Period notice of its intention to redeem the Securities, such notice to be given at any time from (and including) the Issuer Call Commencement Date. Any such notice shall be given in accordance with the provisions of General Condition 4 and shall specify the Issuer Call Date.
- (c) Interest Amount. If “Interest” is specified as being applicable in the definition of the relevant Series in the applicable Final Terms, in respect of each Interest Period, each Security shall bear interest at the Interest Rate. The Interest Amount is calculated by reference to the relevant Interest Period, the Interest Rate, the Nominal Amount and the Interest Rate Day Count Fraction and is payable on each Interest Payment Date or the Issuer Call Date, as the case may be.
- (d) Interest Accrual. If “Interest” is specified as being “Applicable” in the definition of the relevant Series in the applicable Final Terms, each Security shall cease to accrue interest from and including the due date for redemption. No interest shall accrue after the Maturity Date or the Issuer Call Date, as the case may be, in the event that payment of any amount is postponed due to a Market Disruption Event.
- (e) Method of Payment. Subject as provided below, where the Cash Amount and, if applicable, any Interest Amount, Issuer Call Cash Amount or Interim Cash Settlement Amount is in a currency other than euro, such payment will be made by an Agent on behalf of the Issuer in the Settlement Currency to an account (which, in the case of payment in Japanese yen to a non-resident of Japan, shall be a non-resident account) specified by the payee with, or by a cheque in such Settlement Currency drawn on, a bank in the principal financial centre of the country of such Settlement Currency; where the Cash Amount and, if applicable, any Interest Amount, Issuer Call Cash Amount or Interim Cash Settlement Amount is in euro, such payment will be made by an Agent on behalf of the Issuer by credit or transfer to a euro account or any account to which euro may be credited or transferred specified by the payee or, at the option of the payee, by a euro cheque. Notwithstanding the previous two sentences, for as long as the Securities are represented by the Global Security, payments will be made via a Clearing Agent(s) and will be made in accordance with the rules of such Clearing Agent(s). All payments will be subject to applicable fiscal and legal requirements applicable thereto.
- (f) Presentation and Surrender. If the Securities are in definitive form, payment of the Cash Amount, the Issuer Call Cash Amount and any Interest Amount or Interim Cash Settlement Amount will be made against surrender of the Security and each relative Coupon (if applicable) respectively by or on behalf of the Holder at the specified office of the Principal Agent. If the Securities are represented by a Global Security payment of the Cash Amount, the Issuer Call Cash Amount and any Interest Amount or Interim Cash Settlement Amount will be made against presentation and, in the case of payment of the Cash Amount or any Issuer Call Cash Amount, surrender of the Global Security by or on behalf of the Holder at the specified office of the Principal Agent. In all cases payment will be subject to any endorsement on the face of the Security or Coupon as applicable. In the case of any Global

Security, the Issuer shall record all payments made by it to the relevant Clearing Agent and such record shall be *prima facie* evidence that the payment in question has been made. The bearer of a Security shall be the only person entitled to receive payments of the Cash Amount, the Issuer Call Cash Amount and any Interest Amount or Interim Cash Settlement Amount and the Issuer will be discharged by payment to, or to the order of, the Holder in respect of the amount so paid. The bearer of a Security, or (in the case of a Global Security) each of the persons shown in the records of a Clearing Agent as the holder of a particular nominal amount of the Securities, must look solely to the relevant Agent or Clearing Agent, as the case may be, for his share of each such payment so made by the Issuer to or to the order of the bearer of the Security.

- (g) **Payment Day.** If the date for payment of any amount in respect of the Securities is not a Payment Day, the Holder shall not be entitled to payment until either (i) if “Modified Following” is specified in the definition of Business Day Convention for the relevant Series in the applicable Final Terms, the next following Payment Day unless such Payment Day falls in the next calendar month in which case the date for payment will be the first preceding Payment Day or (ii) if “Following” is specified in the definition of Business Day Convention for the relevant Series in the applicable Final Terms, the next following Payment Day and, in either case, shall not be entitled to any interest or other payment in respect of such delay or acceleration of payment.
- (h) **General.** In the absence of gross negligence or wilful misconduct on its part, none of the Issuer, the Calculation Agent, or any Agent shall have any responsibility for any errors or omissions in the calculation of the Cash Amount, any Interest Amount, Issuer Call Cash Amount or any Interim Cash Settlement Amount.
- (i) **Settlement Risk.** Settlement of the Securities is subject to all applicable laws, regulations and practices in force at the relevant time and neither the Issuer nor any Agent shall incur any liability whatsoever if it is unable to effect the transactions contemplated as a result of any such laws, regulations or practices. Neither the Issuer nor any Agent shall under any circumstances be liable for any acts or defaults of any Clearing Agent in relation to the performance of its duties in relation to the Securities.

4. ADJUSTMENTS

- (a) **Market Disruption.** The Calculation Agent shall as soon as reasonably practicable under the circumstances notify the Holders in accordance with General Condition 4 if it determines that a Market Disruption Event has occurred.

A “**Market Disruption Event**” relating to a Commodity (if applicable) means:

- (i) **Price Source Disruption.** The failure by the Exchange to announce or publish the price for the Commodity (or the information necessary for determining such price), or the temporary or permanent discontinuance or unavailability of such price by the Exchange; or
- (ii) **Trading Suspension.** The material suspension of trading on the Exchange or any Related Exchange; or
- (iii) **Disappearance of Price.** The failure of trading to commence, or the permanent discontinuation of trading of the Commodity on the Exchange; or

- (iv) **Material Change in Formula.** The occurrence, since the Issue Date, of a material change in the basis for (including but not limited to the quantity, quality or currency), or method of calculating the price of the Commodity; or
- (v) **Material Change in Content.** The occurrence, since the Issue Date, of a material change in the content or composition of the Commodity; or
- (vi) **De Minimis Trading.** The number of contracts traded on the Exchange with respect to the Commodity is such that the Issuer declares that its ability to enter into hedging transactions with respect to the Commodity has been impaired due to a lack of, or, a material reduction in, trading in the Commodity on the Exchange; or
- (vii) **Tax Disruption.** The imposition of, change in, or removal of an excise, severance, sales, use, value-added, transfer, stamp, documentary, recording or similar tax on, or measured by reference to, the Commodity (other than a tax on, or measured by reference to, overall gross or net income) by any government or taxation authority after the Issue Date if the direct effect of such imposition, change or removal is to raise or lower the price of the Commodity on the Interim Cash Settlement Amount Valuation Date, the relevant Valuation Date or the Final Valuation Date as the case may be and/or on each of the three Trading Days following the Interim Cash Settlement Amount Valuation Date, the relevant Valuation Date or the Final Valuation Date as the case may be from what it would have been without that imposition, change or removal; or
- (viii) **Trading Limitation.** The material limitation imposed on trading in the Commodity with respect to it or any contract with respect thereto on any exchange or principal trading market; or
- (ix) **Moratorium.** A general moratorium is declared in respect of banking activities in the country in which the Exchange or Related Exchange is located; or
- (x) Any other event similar to any of the above, which could make it impracticable or impossible for the Issuer to perform its obligations in relation to the Securities.

A “**Market Disruption Event**” relating to an Index (if applicable) means:

- (i) the occurrence or existence on any Trading Day during the one hour period that ends at the official close of trading on the Exchange or any Related Exchange of any suspension of or limitation imposed on trading or the disruption or impairment in the ability of market participants in general to effect transactions (by reason of movements in price reaching or exceeding limits permitted by the relevant exchange or otherwise);
- (ii) on any Exchange(s) in securities that comprise 20 per cent or more of the level of the relevant Index if, in the determination of the Calculation Agent, such suspension or limitation is material. For the purpose of determining whether such suspension or limitation is material, if trading in a security included in the Index is suspended or materially limited at that time, then the relevant percentage contribution of that security to the level of the Index shall be based on a comparison of (A) the portion of the level of the Index attributable to that security relative to (B) the overall level of the Index, in each case immediately before that suspension or limitation; or
- (iii) on any Related Exchange in any options contracts or futures contracts or other derivatives contracts relating to the relevant Index. In any event, a limitation on the

hours and number of days of trading will not constitute a Market Disruption Event if it results from an announced change in the regular business hours of the relevant exchange, but a limitation on trading imposed during the course of the day by reason of movements in price otherwise exceeding levels permitted by the relevant exchange may, if so determined by the Calculation Agent, constitute a Market Disruption Event.

- (b) Adjustments to the Commodity (if applicable) and the Index (if applicable)
- (i) If a Commodity (an “**Affected Commodity**”) for any reason ceases to exist, the Calculation Agent may determine in its sole discretion to either (A) replace that Affected Commodity by a successor commodity which has in the determination of the Calculation Agent the same or substantially similar structure and a substantially similar economic impact as such Affected Commodity and is of a similar type to such Affected Commodity or (B) remove the Affected Commodity from the Basket and allocate the price of such Affected Commodity, pro rata to the remaining Commodities in the Basket.
- (ii) Adjustments to the Index. The Calculation Agent shall give notice as soon as practicable to the Holders in accordance with General Condition 4 of any determination made by it pursuant to paragraphs (A), (B), (C) or (D) below.
- (A) If any Index is (A) not calculated and announced by the Index Sponsor but is calculated and published by a successor to the Index Sponsor (the “**Successor Sponsor**”) acceptable to the Calculation Agent; or (B) replaced by a successor index using, in the determination of the Calculation Agent, the same or a substantially similar formula for and method of calculation as used in the calculation of the relevant Index, then (in either case) the relevant Index will be deemed to be the index so calculated and announced by such Successor Sponsor or that successor index, as the case may be.
- (B) If (A) on or prior to the Interim Cash Settlement Amount Valuation Date, the relevant Valuation Date or the Issuer Call Date as the case may be the Index Sponsor or, if applicable, the Successor Sponsor makes a material change in the formula for or the method of calculating any Index or in any other way materially modifies an Index (other than a modification prescribed in that formula or method to maintain the Index in the event of changes in constituent securities and other routine events); or (B) on the Interim Cash Settlement Amount Valuation Date, the relevant Valuation Date or the Issuer Call Date as the case may be the Index Sponsor or, if applicable, the Successor Sponsor fails to calculate and/or publish any Index; then (in either case) the Calculation Agent shall determine the level of the Index using, in lieu of a published level for the relevant Index on the Interim Cash Settlement Amount Valuation Date, the relevant Valuation Date or the Issuer Call Date as the case may be, the level for the relevant Index as determined by the Calculation Agent in accordance with the formula for and method of calculating the relevant Index last in effect prior to the change or failure, but using only those securities that comprised the relevant Index immediately prior to the change or failure (other than those securities that have since ceased to be listed on the Exchange or any other exchange on which the Shares are listed) or, in the case of a material modification of the Index only, shall deem such modified Index to be the

Index so calculated and announced or shall terminate the Securities by giving notice in accordance with General Condition 4.

- (C) If, at any time, any of the events specified in (A) to (H) below occurs and the Index Sponsor or, if applicable, the Successor Sponsor has not in the opinion of the Calculation Agent made an appropriate adjustment to the level of the relevant Index in order to account fully for such event, notwithstanding that the rules published or applied by the Index Sponsor or, if applicable, the Successor Sponsor pertaining to the Index have been applied, the Calculation Agent shall make such adjustment to the level of the relevant Index as it considers appropriate in order to so account: (A) a distribution or dividend to existing holders of (I) the Shares; or (II) other share capital or securities granting the right to payment of dividends and/or the proceeds of liquidation of the issuer of the Shares equally or proportionately with such payments to holders of Shares or (III) any other type of securities, rights or warrants or other assets, in any case for payment (in cash or otherwise) at less than the prevailing market price; (B) a free distribution or dividend of any Shares to existing holders by way of bonus, capitalisation or similar issue; (C) an extraordinary dividend; (D) any cash dividends declared on the Shares at a time when the relevant issuer has not previously declared or paid dividends on such Shares for the prior four quarterly periods; (E) any non-cash dividends declared on the Shares at a time when the relevant issuer has not previously declared or paid dividends on such Shares for the prior four quarterly periods; (F) any other extraordinary cash or non-cash dividend on, or distribution with respect to, the Shares which is, by its terms or declared intent, declared and paid outside the normal operations or normal dividend procedures of the relevant issuer, provided that, in all cases, the related ex-dividend date occurs during the period from but including the Issue Date up to and excluding the Interim Cash Settlement Amount Valuation Date, the relevant Valuation Date or the Issuer Call Date as the case may be; (G) a distribution of cash dividends on the Shares equal to or greater than 8 per cent. per annum of the then current market value of the Shares; and (H) any other similar event having a dilutive or concentrative effect on the theoretical value of the Shares.
- (D) The Issuer reserves the right to issue further Securities, make adjustments or to distribute to the Holders any rights in connection with the Securities as it reasonably believes are appropriate in circumstances where an event or events occur which the Issuer (in its absolute discretion and notwithstanding any adjustments previously made to the Securities) believes should, in the context of the issue of Securities and its obligations hereunder, give rise to such adjustment or distribution, provided that such adjustment is considered by the Calculation Agent either to be appropriate generally (without considering the individual circumstances of any Holder or the tax or other consequences of such adjustment in any particular jurisdiction) or to be required to take account of provisions of the laws of the relevant jurisdiction or the practices of the Exchange.

The Calculation Agent may make adjustments to the Conditions in order to account for any such event if it considers it appropriate to do so. The Calculation Agent shall, as soon as practicable after receipt of any written request to do so, advise a Holder of any determination made by it pursuant to this Product Condition 4 on or before the date of receipt of such request. The Calculation Agent shall make available for inspection by Holders copies of any

- (a) Redemption on the Settlement Date. Unless previously redeemed or purchased and cancelled and subject as provided by the Conditions, each Security will be redeemed by the Issuer, in respect of each Nominal Amount, at the Cash Amount, such redemption to occur on the Settlement Date.
- (b) Issuer Call. If “Issuer Call” is specified as being “Applicable” in the definition of the relevant Series in the applicable Final Terms, the Issuer may redeem the Securities in whole, but not in part, on any Issuer Call Date at the Issuer Call Cash Amount by giving Holders at least the Issuer Call Notice Period notice of its intention to redeem the Securities, such notice to be given at any time from (and including) the Issuer Call Commencement Date. Any such notice shall be given in accordance with the provisions of General Condition 4 and shall specify the Issuer Call Date.

- (c) Interest Amount. If “Interest” is specified as being “Applicable” in the definition of the relevant Series in the applicable Final Terms, each Security shall bear interest at the Interest Rate. The Interest Amount is calculated by reference to the relevant Interest Period, the Interest Rate, the Nominal Amount and the Interest Rate Day Count Fraction, and is payable on each Interest Payment Date.
- (d) Interest Accrual. If “Interest” is specified as being “Applicable” in the definition of the relevant Series in the applicable Final Terms, each security shall cease to accrue interest from and including the due date for redemption. No interest shall accrue after the Maturity Date or the Issuer Call Date, as the case may be, in the event that payment of any amount is postponed due to a Market Disruption Event.
- (e) Method of Payment. Subject as provided below, where the Cash Amount, any Issuer Call Cash Amount or any Interest Amount is in a currency other than euro, such payment will be made by an Agent on behalf of the Issuer in the Settlement Currency to an account (which, in the case of payment in Japanese yen to a non-resident of Japan, shall be a non-resident account) specified by the payee with, or by a cheque in such Settlement Currency drawn on, a bank in the principal financial centre of the country of such Settlement Currency; where the Cash Amount, any Issuer Call Cash Amount or any Interest Amount is in euro, such payment will be made by an Agent on behalf of the Issuer by credit or transfer to a euro account or any account to which euro may be credited or transferred specified by the payee or, at the option of the payee, by a euro cheque. Notwithstanding the previous two sentences, for as long as the Securities are represented by the Global Security, payments will be made through the Clearing Agents and will be made in accordance with the rules of each Clearing Agent. All payments will be subject to applicable fiscal and legal requirements applicable thereto.
- (f) Presentation and Surrender. If the Securities are in definitive form, payment of the Cash Amount, any Issuer Call Cash Amount and each (if any) Interest Amount will be made against surrender of the Security and each relative Coupon (if applicable) respectively, by or on behalf of the Holder at the specified office of the Principal Agent. If the Securities are represented by the Global Security, payment of the Cash Amount, any Issuer Call Cash Amount and each (if any) Interest Amount will be made against presentation and, in the case of payment of the Cash Amount or any Issuer Call Cash Amount, surrender of the Global Security by or on behalf of the Holder at the specified office of the Principal Agent. In all cases payment will be subject to any endorsement on the face of the Security or Coupon as applicable. In the case of any Global Security, the Issuer shall record all payments made by it to the relevant Clearing Agent and such record shall be prima facie evidence that the payment in question has been made. The bearer of a Security shall be the only person entitled to receive payments of the Cash Amount, any Issuer Call Cash Amount or any Interest Amount and the Issuer will be discharged by payment to, or to the order of, the Holder in respect of the amount so paid. The bearer of a Security, or (in the case of a Global Security) each of the persons shown in the records of a Clearing Agent as the holder of a particular nominal amount of the Securities, must look solely to the relevant Agent or Clearing Agent, as the case may be, for his share of each such payment so made by the Issuer to or to the order of the bearer of the Security.
- (g) Payment Day. If the date for payment of any amount in respect of the Securities is not a Payment Day, the Holder shall not be entitled to payment until either (i) if “Modified Following” is specified in the definition of Business Day Convention for the relevant Series in the applicable Final Terms, the next following Payment Day unless such Payment Day falls in the next calendar month in which case the date for payment will be the first preceding Payment Day or (ii) if “Following” is specified in the definition of Business Day Convention for the relevant Series in the applicable Final Terms, the next following

Payment Day and, in either case, the Holder shall not be entitled to any interest or other payment in respect of such delay or acceleration of payment.

- (h) General. In the absence of gross negligence or wilful misconduct on its part, none of the Issuer, the Calculation Agent, or any Agent shall have any responsibility for any errors or omissions in the calculation of the Cash Amount, any Issuer Call Cash Amount or any Interest Amount.
- (i) Settlement Risk. Settlement of the Securities is subject to all applicable laws, regulations and practices in force at the relevant time and neither the Issuer nor any Agent shall incur any liability whatsoever if it is unable to effect the transactions contemplated as a result of any such laws, regulations or practices. Neither the Issuer nor any Agent shall under any circumstances be liable for any acts or defaults of any Clearing Agent in relation to the performance of its duties in relation to the Securities.

- (d) Euroclear Sweden AB as Clearing Agent. If Euroclear Sweden AB is specified as the Clearing Agent, the Issuer has agreed with Euroclear Sweden AB that, so long as the Securities are accepted for clearance through Euroclear Sweden AB, any substitution of the Issuer (as set forth in General Condition 8) will comply with the requirements of Euroclear Sweden AB and, in particular, any substitute will be acceptable to Euroclear Sweden AB.

So long as Euroclear Sweden AB is the Clearing Agent in respect of the Securities the following provisions shall apply and, notwithstanding any provisions to the contrary in the General Conditions or the Product Conditions, may not be amended, modified or set aside other than in such manner as may be acceptable under the Swedish Rules (as defined below), in the sole opinion of Euroclear Sweden AB.

Title to the Securities will pass by transfer between accountholders at Euroclear Sweden AB perfected in accordance with the legislation (including the Swedish Financial Instruments Accounts Act (SFS 1998:1479)), rules and regulations applicable to and/or issued by Euroclear Sweden AB that are in force and effect from time to time (the “**Swedish Rules**”). 3. RIGHTS AND PROCEDURES

- (a) Redemption on the Settlement Date. Unless previously redeemed or purchased and cancelled and subject as provided by the Conditions, each Security will be redeemed by the Issuer at the Cash Amount, such redemption to occur on the Settlement Date.

The Interest Amount is calculated by reference to the relevant Interest Period, the Interest Rate, the Nominal Amount and the Interest Rate Day Count Fraction, and is payable on each Interest Payment Date.
- (c) Interest Accrual. If “Interest” is specified as being “Applicable” in the definition of the relevant Series in the applicable Final Terms, each security shall cease to accrue interest from and including the due date for redemption. No interest shall accrue after the Maturity Date in the event that payment of any amount is postponed due to a Market Disruption Event.
- (d) Method of Payment. Subject as provided below, where the Cash Amount or any Interest Amount is in a currency other than euro, such payment will be made by an Agent on behalf of the Issuer in the Settlement Currency to an account (which, in the case of payment in Japanese yen to a non-resident of Japan, shall be a non-resident account) specified by the payee with, or by a cheque in such Settlement Currency drawn on, a bank in the principal financial centre of the country of such Settlement Currency; where the Cash Amount or any Interest Amount is in euro, such payment will be made by an Agent on behalf of the Issuer by credit or transfer to a euro account or any account to which euro may be credited or transferred specified by the payee or, at the option of the payee, by a euro cheque. Notwithstanding the previous two sentences, for as long as the Securities are represented by the Global Security, payments will be made through the Clearing Agents and will be made in accordance with the rules of each Clearing Agent. All payments will be subject to applicable fiscal and legal requirements applicable thereto.
- (e) Presentation and Surrender. If the Securities are in definitive form, payment of the Cash Amount and each (if any) Interest Amount will be made against surrender of the Security and each relative Coupon (if applicable) respectively, by or on behalf of the Holder at the specified office of the Principal Agent. If the Securities are represented by the Global Security, payment of the Cash Amount and each (if any) Interest Amount will be made against presentation and, in the case of payment of the Cash Amount, surrender of the Global Security by or on behalf of the Holder at the specified office of the Principal Agent. In all cases payment will be subject to any endorsement on the face of the Security or Coupon as applicable. In the case of any Global Security, the Issuer shall record all payments made by it to the relevant Clearing Agent and such record shall be *prima facie* evidence that the payment in question has been made. The bearer of a Security shall be the only person entitled to receive payments of the Cash Amount or any Interest Amount and the Issuer will be discharged by payment to, or to the order of, the Holder in respect of the amount so paid. The bearer of a Security, or (in the case of a Global Security) each of the persons shown in the records of a Clearing Agent as the holder of a particular nominal

amount of the Securities, must look solely to the relevant Agent or Clearing Agent, as the case may be, for his share of each such payment so made by the Issuer to or to the order of the bearer of the Security.

- (f) **Payment Day.** If the date for payment of any amount in respect of the Securities is not a Payment Day, the Holder shall not be entitled to payment until either (i) if “Modified Following” is specified in the definition of Business Day Convention for the relevant Series in the applicable Final Terms, the next following Payment Day unless such Payment Day falls in the next calendar month in which case the date for payment will be the first preceding Payment Day or (ii) if “Following” is specified in the definition of Business Day Convention for the relevant Series in the applicable Final Terms, the next following Payment Day and in either case, the Holder shall not be entitled to any interest or other payment in respect of such delay or acceleration of payment.
- (g) **General.** In the absence of gross negligence or wilful misconduct on its part, none of the Issuer, the Calculation Agent or any Agent shall have any responsibility for any errors or omissions in the calculation of the Cash Amount or any Interest Amount.
- (h) **Settlement Risk.** Settlement of the Securities is subject to all applicable laws, regulations and practices in force at the relevant time and neither the Issuer nor any Agent shall incur any liability whatsoever if it is unable to effect the transactions contemplated as a result of any such laws, regulations or practices. Neither the Issuer nor any Agent shall under any circumstances be liable for any acts or defaults of any Clearing Agent in relation to the performance of its duties in relation to the Securities.

4. ADJUSTMENTS

- (a) **Market Disruption.** The Calculation Agent shall as soon as reasonably practicable under the circumstances notify the Holders in accordance with General Condition 4 if it determines that a Market Disruption Event has occurred.

“**Market Disruption Event**”, in relation to an Index, means the occurrence or existence on any Trading Day during the one hour period that ends at the official close of trading on the Exchange or any Related Exchange of any suspension of or limitation imposed on trading or the disruption or impairment in the ability of market participants in general to effect transactions (by reason of movements in price reaching or exceeding limits permitted by the relevant exchange or otherwise):

- (i) on any Exchange(s) in securities that comprise 20 per cent or more of the level of the relevant Index if, in the determination of the Calculation Agent, such suspension or limitation is material. For the purpose of determining whether such suspension or limitation is material, if trading in a security included in the Index is suspended or materially limited at that time, then the relevant percentage contribution of that security to the level of the Index shall be based on a comparison of (A) the portion of the level of the Index attributable to that security relative to (B) the overall level of the Index, in each case immediately before that suspension or limitation; or
- (ii) on any Related Exchange in any options contracts or futures contracts or other derivatives contracts relating to the relevant Index.

In any event, a limitation on the hours and number of days of trading will not constitute a Market Disruption Event if it results from an announced change in the regular business hours of the relevant exchange, but a limitation on trading imposed during the course of the day by reason of movements in price otherwise exceeding levels permitted by the relevant

exchange may, if so determined by the Calculation Agent, constitute a Market Disruption Event.

“**Market Disruption Event**”, in relation to an Inflation Index, means the Index Sponsor fails to calculate and announce the level of the Inflation Index.

- (i) Adjustments to Index. The Calculation Agent shall give notice as soon as practicable to the Holders in accordance with General Condition 4 of any determination made by it pursuant to paragraphs (A), (B), (C) or (D) below.
 - (A) If a relevant Index is (I) not calculated and announced by the Index Sponsor but is calculated and announced by a successor to the Index Sponsor (the “**Successor Sponsor**”) acceptable to the Calculation Agent; or (II) replaced by a successor index using, in the determination of the Calculation Agent, the same or a substantially similar formula for and method of calculation as used in the calculation of the Index, then (in either case) the Index will be deemed to be the index so calculated and announced by such Successor Sponsor or that successor index, as the case may be.
 - (B) If (I) on or prior to the Valuation Date, the Index Sponsor or, if applicable, the Successor Sponsor, makes a material change in the formula for or the method of calculating a relevant Index or in any other way materially modifies the Index (other than a modification prescribed in that formula or method to maintain the Index in the event of changes in constituent securities and other routine events); or (II) on the Valuation Date the Index Sponsor or, if applicable, the Successor Sponsor fails to calculate and/or publish a relevant Index; then (in either case) the Calculation Agent shall determine the Index Final Reference Price using, in lieu of a published level(s) for the Index on the Valuation Date the level for the Index as determined by the Calculation Agent in accordance with the formula for and method of calculating the Index last in effect prior to the change or failure, but using only those securities that comprised the Index immediately prior to the change or failure (other than those securities that have since ceased to be listed on the Exchange or any other exchange on which the Shares are listed) or, in the case of a material modification of the Index only, the Calculation Agent shall deem such modified Index to be the Index so calculated and announced or shall terminate the Securities by giving notice in accordance with General Condition 4.
 - (C) If, at any time, any of the events specified in (I) to (VIII) below occurs and the Index Sponsor or, if applicable, the Successor Sponsor has not in the opinion of the Calculation Agent made an appropriate adjustment to the level of the relevant Index in order to account fully for such event, notwithstanding that the rules published or applied by the Index Sponsor or, if applicable, the Successor Sponsor pertaining to the Index have been applied, the Calculation Agent shall make such adjustment to the level of the Index as it considers appropriate in order to so account: (I) a distribution or dividend to existing holders of the Shares of (a) Shares; or (b) other share capital or securities granting the right to payment of dividends and/or the proceeds of liquidation of the issuer of the Shares equally or proportionately with such payments to holders of Shares or (c) any other type of securities, rights or warrants or other assets, in any case for payment (in cash or otherwise) at less than the prevailing market price; (II) a free distribution or dividend of any Shares to existing holders by way of bonus, capitalisation or

similar issue; (III) an extraordinary dividend; (IV) any cash dividends declared on the Shares at a time when the relevant issuer has not previously declared or paid dividends on such Shares for the prior four quarterly periods; (V) any non-cash dividends declared on the Shares at a time when the relevant issuer has not previously declared or paid dividends on such Shares for the prior four quarterly periods; (VI) any other extraordinary cash or non-cash dividend on, or distribution with respect to, the Shares which is, by its terms or declared intent, declared and paid outside the normal operations or normal dividend procedures of the relevant issuer, provided that, in all cases, the related ex-dividend date occurs during the period from and including the Issue Date up to but excluding the Valuation Date; (VII) a distribution of cash dividends on the Shares equal to or greater than 8 per cent. per annum of the then current market value of the Shares; (VIII) any other similar event having dilutive or concentrative effect on the theoretical value of the Shares.

- (ii) Adjustments to the Inflation Index. The Calculation Agent shall give notice as soon as practicable to the Holders in accordance with General Condition 4 of any determination made by it pursuant to paragraphs (A), (B) or (C) below.
 - (A) If the Inflation Index is (I) not calculated and announced in its usual way but is calculated and published in a different way but in a way acceptable to the Calculation Agent; or (II) replaced by a successor inflation index using, in the determination of the Calculation Agent, the same or a substantially similar formula for and method of calculation as used in the calculation of the relevant Inflation Index, then (in either case) the relevant Inflation Index will be deemed to be the Inflation Index so calculated and announced by that successor index, as the case may be.
 - (B) If (I) on or prior to any calculation of the level of the Inflation Index there is a material change in the formula for or the method of calculating the Inflation Index or the Index Sponsor, in any other way, materially modifies the Inflation Index (other than a modification prescribed in that formula or method to maintain the Inflation Index in the event of changes in constituent securities and other routine events) then the Calculation Agent shall (a) determine the Inflation Index level using, in lieu of a published level for the Inflation Index, the level for the Inflation Index as determined by the Calculation Agent acting in good faith and in a commercially reasonable manner or, (b) shall deem such modified Inflation Index to be the Inflation Index so calculated and announced or (c) shall terminate the Securities by giving notice in accordance with General Condition 4.
- (iii) (A) The Issuer reserves the right to issue further Securities, make adjustments or to distribute to the Holders any rights in connection with the Securities as it reasonably believes are appropriate in circumstances where an event or events occur which the Issuer (in its absolute discretion and notwithstanding any adjustments previously made to the Securities) believes should, in the context of the issue of Securities and its obligations hereunder, give rise to such adjustment or distribution, provided that such adjustment is considered by the Calculation Agent either to be appropriate generally (without considering the individual circumstances of any Holder or the tax or other consequences of such adjustment in any particular jurisdiction) or to be required to take account of provisions of the laws of the relevant jurisdiction or the practices of the relevant exchange.

- (B) The Calculation Agent may make adjustments to the Conditions in order to account for any such event if it considers it appropriate to do so. The Calculation Agent shall, as soon as practicable after receipt of any written request to do so, advise a Holder of any determination made by it pursuant to this Product Condition 4 on or before the date of receipt of such request. The Calculation Agent shall make available for inspection by Holders copies of any such determinations. In making any determinations and calculations in respect of the Securities, the Calculation Agent shall act at all times in good faith and a commercially reasonable manner.
