Capital ambitions

Pending regulations require close monitoring and capital planning

Based on current understanding of applicable and/or pending regulations and respective implementation dates, the following ambitions apply:

We aim for a Leverage Ratio $\geq 4\%$ by 2018

- ▶ Retained earnings
- ▶ Manage the Exposure Measure
- ▶ AT1 issuance up to $\sim 1.5\%$ of RWA

We aim for MREL $\geq 8\%$ by 2018 and pre-position for TLAC

- ▶ MREL $\geq 8\%$ through subordinated debt and capital retention
- ▶ Finalisation of regulation (including TLAC) will determine exact route to meet target

For now, continue to further build out the buffer of loss absorbing instruments

Notwithstanding changes in rules and regulations, additional issuance of AT1 and T2 are a no-regret option, while keeping an eye on regulatory developments

* Solely based on equity and loss absorbing instruments
